307 Kent Associates (the applicant), proposes the construction of a mixed-use office, community facility, and retail building (the Proposed Project) at 307 Kent Avenue (Block 2415, Lot 1, Projected Development Site 1), a site controlled by the applicant in the Williamsburg neighborhood of Brooklyn, Community District 1. To facilitate the Proposed Project, the applicant is requesting a zoning map amendment to rezone the western portion of Block 2415 around the Proposed Project, including Block 2415, Lots 1, 6, 10, 7501, 7502, and a portion of (p/o) Lots 16 and 38 (the Rezoning Area), from M3-1 to M1-5 and MX-8 (M1-4/R6A), as well as a text amendment to Map 2 for Community District 1, Brooklyn within Appendix F of the Zoning Resolution to remove a portion of the Rezoning Area from the “Excluded Area” shown on this map in order to establish a Mandatory Inclusionary Housing (MIH) area and to make MIH regulations applicable (the Proposed Actions). The Proposed Actions would facilitate the development of a nine-story mixed-use building on Projected Development Site 1. The Proposed Project would require the demolition of the existing single-story warehouse building located on the site, to be followed by the construction of the new mixed-use building. The Proposed Project on Projected Development Site 1 would contain up to approximately 101,000 gross square feet (gsf), including up to 70,000 gsf of office uses, up to 22,000 gsf of community facility uses, and up to 9,000 gsf of retail uses.

In order to assess the possible impacts of the components of the Proposed Actions, a reasonable worst-case development scenario (RWCDS) was established for both the current (No-Action) and proposed zoning (With-Action) conditions by the build year of 2023. The incremental difference between the No-Action and With-Action conditions will serve as the basis for the impact analyses of the Environmental Impact Statement (EIS). As described above, in the With Action condition, Projected Development Site 1 would be redeveloped with the Proposed Project, a new, approximately 101,000-gsf, nine-story mixed-use building containing office, community facility,

and retail uses. The building would include 70,000 gsf of office uses, 22,000 gsf of community facility (medical office) uses, and 9,000 gsf of retail uses. The Proposed Project would be approximately 151 feet tall (163 feet tall to the top of the mechanical bulkhead), with a FAR of up to 6.5 (including up to 1.5 FAR of UG 4A community facility uses). Based on the proposed rezoning, market and site conditions, and consultation with the Department of City Planning (DCP), Block 2415, Lot 6, which is neither owned nor controlled by the applicant, could also be redeveloped by the proposed analysis year, and therefore this site is analyzed in the EIS as Projected Development Site 2. It is assumed that Projected Development Site 2 would be redeveloped as a new, approximately 80,500-gsf, nine-story mixed-use building containing office, community facility, and retail uses. The building would include 55,000 gsf of office uses, 17,500 gsf of community facility (medical office) uses, and 8,000 gsf of retail uses. No parking or loading berths are required or proposed. The anticipated building on Projected Development Site 2 would be approximately 125 feet tall with a total FAR of up to 6.5 (including up to 1.5 FAR of UG 4A community facility space). Based on the comparison between the No Action and With Action conditions, the RWCDS includes an incremental increase of 68,693 gsf of commercial uses, 46,667 gsf of light manufacturing and manufacturing uses, and 39,500 gsf of community facility uses. The Proposed Actions would result in an additional 523 workers within the Project Area.

The DEIS identifies potential significant adverse transportation impacts related to traffic, transit (bus), and pedestrian elements. Mitigation measures have been identified and will be further evaluated in the FEIS. Three of the identified impacted traffic intersections could be fully mitigated with the implementation of standard traffic mitigation measures (e.g., signal timing changes and lane restripings); feasible and practicable mitigation measures were not identified for six intersections. Significant adverse transit (bus) impacts could be fully mitigated by an increase in service frequency of one bus an hour for the northbound B32 during the weekday AM peak hour and the northbound B62 during the weekday PM peak hour. Significant adverse pedestrian impacts could be fully mitigated by relocating existing sidewalk obstructions. If any mitigation measures are determined to be infeasible, the impacts would remain unmitigated. In addition, two potential alternatives to the Proposed Actions were studied: a No-Action Alternative and a No Unmitigated Significant Adverse Impact Alternative. Neither alternative would meet the primary objectives of the Proposed Actions, and no feasible alternatives are available that would result in no unmitigated impacts and meet the goals of the Proposed Actions.

 - (1) the #development# of a #transient hotel#;
 - (2) a change of #use# or #conversion# to a #transient hotel#, or an #enlargement#, containing a #transient hotel#, of a #building# that, as of [date of adoption], did not contain such #use#; or
 - (3) an #enlargement# or #extension# of a #transient hotel# that existed prior to [date of adoption], that increases the #floor area# of such #use# by 20 percent or more.
- (b) **Exclusions**
Notwithstanding the above, the provisions of this Section shall not apply to the following:
 - (1) a #transient hotel# operated exclusively for the public purpose of temporary housing assistance by the City or State of New York, or operated by a non-governmental entity pursuant to an active contract or other written agreement with an agency of the City or State specifying such public purpose;
 - (2) where an application for a project containing a #transient hotel# has been filed at the Board of Standards and Appeals before [date of adoption] and such application has been approved after January 1, 2018, provided that:
 - (i) such #transient hotel# was considered in such application, as evidenced by its description or assessment at a specified location in a land use application or in environmental review documents; and
 - (ii) in the event that a temporary or final certificate of occupancy has not been issued by [six years after date of adoption], the building permit shall automatically lapse and the right to continue construction shall terminate. For such applications where a special permit for a #transient hotel# has been certified by the Commission pursuant to a #Special Purpose District#, such application may continue pursuant to the regulations and term of years proposed or in effect at the time such special permit was certified by the Commission.

(c) Existing hotels

- (1) Any #transient hotel# existing on [date of adoption] shall be considered a conforming #use# and may be continued, structurally altered, #extended# or #enlarged# subject to the limitations set forth in this Section and subject to the applicable #bulk# regulations. However, if for a continuous period of two years such #transient hotel# is discontinued, the space allocated to such #transient hotel# shall thereafter be used only for a conforming #use# other than a #transient hotel#, or may be utilized for a #transient hotel# only if the Commission grants a special permit for such #use# in accordance with the provisions of Section 74-802 or other applicable section of this Resolution.

The application may be revised and retain vested status, provided that the #floor area# for the #transient hotel# is not increased beyond the amount approved.
 - (2) However, in the case of an application for a #development#, #enlargement# or #conversion# to a #transient hotel# that has been filed with the Department of Buildings prior to January 1, 2018 and has not received a permit contingent on zoning approval on or before [date of adoption], the provisions of paragraph (d)(1) of this Section shall not apply. In lieu thereof, the provisions of this paragraph shall apply. For such applications, if, on or before [date of adoption] a permit contingent on zoning approval was lawfully issued by the Department of Buildings, such construction may be started or continued.

In the event that a temporary or final certificate of occupancy has not been issued by [six years after date of adoption], the building permit shall automatically lapse and the right to continue construction shall terminate. An application to renew the building permit may be made to the Board of Standards and Appeals not more than 30 days after the lapse of such building permit pursuant to the applicable provisions of Section 11-332 (Extension of period to complete construction).

42-111

Special provisions for hotels in M1 Districts

In M1 Districts, #transient hotels# shall be permitted only as set forth in this Section. The City Planning Commission may permit #transient hotels# in an M1 District pursuant to a special permit set forth in another Section of this Resolution, or pursuant to Section 74-803 (Transient hotels within M1 Districts), as applicable.

(a) Applicability

Such special permit for #transient hotels# pursuant to Section 74-803 shall be applicable to:

- (1) #development# of a #transient hotel#;
(2) a change of #use# or #conversion# to a #transient hotel#, or an #enlargement#, containing a #transient hotel#, of a #building# that, as of December 20, 2018, did not contain such #use#; or
(3) #enlargement# or #extension# of a #transient hotel# that existed prior to December 20, 2018, that increases the #floor area# of such #use# by 20 percent or more.

(b) Exclusions

The provisions of this Section shall not apply to the following:

- (1) A special permit shall not be required for a #transient hotel# operated exclusively for the public purpose of temporary housing assistance by the City or State of New York, or operated by a non-governmental entity pursuant to an active contract or other written agreement with an agency of the City or State specifying such public purpose.
(1) In addition, a special permit pursuant to the provisions of Section 74-803 shall not be required for #developments#, #enlargements#, #extensions# or changes of #use# of #transient hotels# in:
(i)(2) a #transient hotel# located within John F. Kennedy International Airport and LaGuardia Airport, which shall include property under the jurisdiction of the Port Authority of New York and New Jersey for airport use;
(ii)(3) a #transient hotel# in an M1-6D District, a #Special Mixed Use District# or any other #Special Purpose District# where any M1 District is paired with a #Residence District#, all of which shall instead be subject to the provisions of Section 32-02 (Special Provisions for Hotels); or
(iii) an M1 District where another special permit in this Resolution permitting such #use# is applicable, subject to approval by the City Planning Commission, including, but not limited to, a special permit for a #transient hotel# applicable within a Special Purpose District or in a Historic District designated by the Landmarks Preservation Commission.
(4)(2) A special permit pursuant to the provisions of Section 74-803 shall also not be required in an M1-2 District for a change of #use# to a #transient hotel# that occupies no more than 30 percent of the #floor area# on the #zoning lot# and where such #zoning lot# contains a minimum #lot area# of 100,000 square feet, comprises an entire #block#, and contains #buildings# with a minimum total of 500,000 square feet of #floor area# on December 20, 2018.

(c) Within M1-5A and M1-5B Districts

Within an M1-5A or M1-5B District, a special permit pursuant to Section 74-803 shall be required in conjunction with a special permit pursuant to Section 74-781 (Modifications by special permit of the City Planning Commission of uses in M1-5A and M1-5B Districts) except that a permit pursuant to Section 74-781 shall not be required for a #transient hotel# located above the ground floor level, where the #floor area# used for such #use# on the ground floor does not exceed an amount minimally necessary to access and service such #transient hotel#.

(d) Existing hotels

- (1) Any #transient hotel# existing prior to December 20, 2018, within an M1 District shall be considered a conforming #use# and may be continued, structurally altered, #extended# or #enlarged# subject to the limitations set forth in this Section and subject to the applicable #bulk# regulations. However, if for a continuous period of two years such #transient hotel# is discontinued, or the active operation of substantially all the #uses# in the #building or other structure# is discontinued, the space allocated

to such #transient hotel# shall thereafter be used only for a conforming #use#, or may be utilized #used# for a #transient hotel# only if the Commission grants a special permit for such #use# in accordance with the provisions of Section 74-803 or other applicable section of this Resolution.

- (2) The provisions of paragraph (d)(1) of this Section shall be modified up to [six years after date of adoption] to allow a #transient hotel# existing on [date of adoption] to be restored to such #use# regardless of more than two years of discontinuance of the #use#, and regardless of any change of #use# between [date of adoption] and [six years after date of adoption].
(3) In addition, in the event a casualty damages or destroys a #transient hotel# within an M1 District that was in such #use# as of December 20, 2018, such #building# may be reconstructed and used as a #transient hotel# without obtaining a special permit. A #non-complying building# may be reconstructed pursuant to Section 54-40 (DAMAGE OR DESTRUCTION IN NON-COMPLYING BUILDINGS).

(e) Vesting

The provisions of Section 11-30 (BUILDING PERMITS ISSUED BEFORE EFFECTIVE DATE OF AMENDMENT) regarding the right to continue construction shall apply. As an alternative, if on or before April 23, 2018, a building permit for a #development#, #enlargement# or #conversion# to a #transient hotel#, or a partial permit for a #development# of a #transient hotel# was lawfully issued by the Department of Buildings, such construction may be started or continued. In the event that construction has not been completed and a certificate of occupancy including a temporary certificate of occupancy, has not been issued by December 20, 2021, the building permit shall automatically lapse and the right to continue construction shall terminate. An application to renew the building permit may be made to the Board of Standards and Appeals not more than 30 days after the lapse of such building permit pursuant to the applicable provisions of Section 11-332 (Extension of period to complete construction).

Any special permit approved by the City Council for a #transient hotel# prior to December 20, 2018, shall be permitted and this Section shall not apply to such #transient hotel#, subject to the provisions of Section 11-42 (Lapse of Authorization or Special Permit Granted by the City Planning Commission Pursuant to the 1961 Zoning Resolution).

In M1-6D Districts

In M1-6D Districts, in areas that have not met the residential development goal set forth in paragraph (a) of Section 42-483 (Commercial uses), the City Planning Commission may permit #developments# or #enlargements# of #transient hotels# with greater than 100 sleeping units on #zoning lots# where #residential use# is permitted as-of-right, in accordance with Section 42-481 (Residential use), provided the Commission finds that:

Special provisions for transient hotels

Within the East Midtown Subdistrict, as shown on Map 1 (Special Midtown District and Subdistricts) in Appendix A of this Chapter, the #development# of a #building# containing a #transient hotel#, as listed in Use Group 5, or the #conversion# or change of #use# within an existing #building# to a #transient hotel#, shall only be allowed by special permit of the City Planning Commission pursuant to the provisions of this Section. In addition, in Subareas other than the Vanderbilt Corridor, as shown on Map 2 (Special East Midtown District and Subareas), the #enlargement# of a #building# containing a #transient hotel# shall only be allowed by special permit of the City Planning Commission pursuant to the provisions of this Section.

However, in the event a casualty damages or destroys a #building# within the East Midtown Subdistrict that was used as a #transient hotel# as of May 27, 2015, in the Vanderbilt Corridor Subarea or on August 9, 2017, in other Subareas, such #building# may be reconstructed and used as a #transient hotel# without obtaining a special permit, provided the #floor area# of such reconstructed #building#, less the #floor area# of any other #buildings# on the #zoning lot# does not exceed the applicable basic maximum #floor area ratio# for the #zoning lot# set forth in Section 81-60, inclusive. #Transient hotels# existing on May 27, 2015 within the Vanderbilt Corridor Subarea or on August 9, 2017, in other Subareas, shall be considered conforming #uses#.

To permit such a #transient hotel#, the Commission shall find that such #transient hotel# will:

- (a) be appropriate to the needs of businesses in the vicinity of the East Midtown area; and
(b) provide on-site amenities and services that will support the area's role as an office district. Such business-oriented amenities and services shall be proportionate to the scale of the #transient hotel# being proposed, and shall include, but shall not be limited to, conference and meeting facilities, and telecommunication services.

The Commission may prescribe additional conditions and safeguards to minimize adverse effects on the character of the surrounding area. However, after August 9, 2017, #development# of a #building# containing a #transient hotel# shall be permitted under the regulations which were in effect prior to August 9, 2017, if a new building application for such #development# was filed at the Department of Buildings after June 9, 2016, and a partial permit for such application was issued by the Department of Buildings on or prior to July 20, 2017, and a temporary certificate of occupancy for the entire #building# has been granted prior to January 31, 2020. In the event that such temporary certificate of occupancy has not been granted prior to such date, and an application is filed prior to such date, pursuant to this Section, with the Board of Standards and Appeals, the Board may permit the new building permit to be renewed for a term of one year upon the following findings:

- (1) that the applicant has been prevented from completing such construction by hardship or circumstances beyond the applicant's control;
(2) that the applicant has not recovered all or substantially all of the financial expenditures incurred in construction, nor is the applicant able to recover substantially all of the financial expenditures incurred through development that conforms and complies with any applicable amendment to this Resolution; and
(3) that there are no considerations of public safety, health and welfare that have become apparent since the issuance of the permit that indicate an overriding benefit to the public in enforcement of the special permit provisions of this Section. In the event that the Board permits the renewal, the temporary certificate of occupancy shall be obtained by no later than January 31, 2021.

Special permit for large transient hotels

- (a) #Developments# or #enlargements# in the #Special Hudson Square District#, prior to the residential development goal set forth in paragraph (e) of Section 88-13 (Commercial Use) having been achieved, the City Planning Commission may permit #developments# or #enlargements# of #transient hotels# with greater than 100 sleeping units on #zoning lots# where #residential use# is permitted as-of-right, in accordance with

(b) Changes of use In the Special Hudson Square District, the City Planning Commission may permit the change of use of floor area within qualifying buildings to a Use Group 5-transient hotel with greater than 100 sleeping units provided that, at minimum, the amount of floor area changed to such transient hotel is:

NOTICE

On Wednesday, July 14, 2021, a public hearing is being held by the City Planning Commission (CPC), accessible both in person and remotely, in conjunction with the above ULURP hearing to receive comments related to a Draft Environmental Impact Statement (DEIS) concerning an application by the New York City Department of City Planning (DCP). The Proposed Action is a zoning text amendment to require a CPC special permit for new and enlarged transient hotels (Use Group 5) and motels, tourist cabins, and boatels (Use Group 7). The new CPC special permit would replace existing special permits for hotels in Special Purpose Districts. These include the Inwood, Jerome Avenue, East Harlem, Midtown, Garment Center, Hudson Square, 125th Street, Clinton, and Tribeca Special Purpose Districts. It would also require a CPC special permit citywide for new hotels and enlargements in C1 (except for C1-1, C1-2, C1-3 or C1-4 Districts), C2, C4, C5, C6, C8, Mixed Use (MX), and paired M1/R districts. This is the "Area of Applicability" for the Proposed Action. The proposed text amendment would retain existing findings and regulations for hotels in M1 districts where a special permit was adopted in December 2018. The Proposed Action would also retain provisions adopted in the 2018 text amendment to exempt hotels in M1 districts operated for a public purpose. The proposed zoning text amendment would affect every community district within the City, since all community districts contain zoning districts that currently permit as-of-right hotel development, either in the form of commercial (C) districts or mixed-use (MX) districts. In addition, since changes to discontinuance provisions described below may apply to existing commercial hotels that are closed on the date of enactment and could apply in all districts citywide, the action has the potential to affect all community districts.

Written comments on the DEIS are requested and will be received and considered by the Lead Agency through Monday, July 26, 2021.

For instructions on how to submit comments and participate remotely in the hearing, please refer to the instructions at the beginning of this agenda.

This hearing is being held pursuant to the State Environmental Quality Review Act (SEQRA) and City Environmental Quality Review (CEQR), CEQR No. 21DCP111Y.

“Compete To Win” More Contracts!

Thanks to a new City initiative - “Compete To Win” - the NYC Department of Small Business Services offers a new set of FREE services to help create more opportunities for minority and Women-Owned Businesses to compete, connect and grow their business with the City. With NYC Construction Loan, Technical Assistance, NYC Construction Mentorship, Bond Readiness, and NYC Teaming services, the City will be able to help even more small businesses than before.

- Win More Contracts, at nyc.gov/competetowin

“The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed, to the City’s prestige as a global destination. The contracting opportunities for construction/construction services and construction-related services that appear in the individual agency listings below reflect that commitment to excellence.”

HHS ACCELERATOR

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York (“PPB Rules”), vendors must first complete and submit an electronic prequalification application using the City’s Health and Human Services (HHS) Accelerator System. The HHS Accelerator System is a web-based system maintained by the City of New York for use by its human services Agencies to manage procurement. The process removes redundancy by capturing information about boards, filings, policies, and general service experience centrally. As a result, specific proposals for funding are more focused on program design, scope, and budget.

Important information about the new method

- Prequalification applications are required every three years.
- Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete.
- Prequalification applications will be reviewed to validate compliance with corporate filings, organizational capacity, and relevant service experience.
- Approved organizations will be eligible to compete and would submit electronic proposals through the system.

The Client and Community Service Catalog, which lists all Prequalification service categories and the NYC Procurement Roadmap, which lists all RFPs to be managed by HHS Accelerator may be viewed, at <http://www.nyc.gov/html/hhsaccelerator/html/roadmap/roadmap.shtml>. All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding.

Participating NYC Agencies

HHS Accelerator, led by the Office of the Mayor, is governed by an Executive Steering Committee of Agency Heads who represent the following NYC Agencies:

- Administration for Children’s Services (ACS)
- Department for the Aging (DFTA)
- Department of Consumer Affairs (DCA)
- Department of Corrections (DOC)
- Department of Health and Mental Hygiene (DOHMH)
- Department of Homeless Services (DHS)
- Department of Probation (DOP)
- Department of Small Business Services (SBS)

Department of Youth and Community Development (DYCD)
Housing and Preservation Department (HPD)
Human Resources Administration (HRA)
Office of the Criminal Justice Coordinator (CJC)

REQUEST FOR PROPOSALS, CONSULTANT SERVICES, WATERFRONT AND OFF-SHORE WIND INFRASTRUCTURE M/W/DBE TRAINING PROGRAM - Request for Proposals - PIN#9734 - Due 8-5-21 at 11:59 P.M.

NYCEDC, seeks a qualified consultant to administer the Waterfront and Off-Shore Wind Infrastructure M/W/DBE Training Program (the "Program"), including related marketing and vetting activities.

In July 2006, New York City Economic Development Corporation ("NYCEDC") created a business development program, Opportunity M/W/DBE, dedicated to providing technical assistance and contracting opportunities to certified minority, women, and disadvantaged businesses ("M/W/DBEs"). Opportunity M/W/DBE aims to increase, facilitate, and encourage participation by certified M/W/DBEs on NYCEDC projects and increase their financial and technical capacity.

Opportunity M/W/DBE is launching a program designed to assist minority-owned, women-owned, and disadvantaged business enterprises (MBE, WBE, and DBE, respectively) with interest in NYC's waterfront construction, including in the offshore wind industry, in navigating the current and upcoming opportunities in this space. The proposed program will target M/W/DBE based in and/or registered with New York City ("NYC") or New York State ("NYS") that are currently operating in or seek to pivot to service the growing waterfront sector. Through this program, the selected consultant will develop and operate an education, networking, and technical assistance program for participating M/W/DBE businesses. Business capacity building to be provided will focus on financial management, business infrastructure, waterfront-sector training, and workforce development. The technical assistance provided will assist businesses with project management and operation and provide networking opportunities with waterfront contractors, including offshore wind developers. This support will help M/W/DBE companies to establish their business in NYC as the waterfront, including offshore wind, construction sector continues to grow in the region.

The most recent NYC disparity study (and ones previously) found a documented disparity between the available M/W/DBEs in construction and professional services associated with construction (such as engineering) and the M/W/DBEs winning NYC contracts. This Program attempts to help remedy this documented disparity regarding discrimination in construction by specifically targeting the trades related to waterfront construction, which could include offshore wind.

NYCEDC plans to select a consultant on the basis of factors stated in the RFP which include, but are not limited to: the quality of the proposal, experience of key staff identified in the proposal, experience and quality in performing services similar to those encompassed in the RFP, approach and methodology, M/W/DBE participation, and business plan for financial sustainability.

It is the policy of NYCEDC to comply with all Federal, State and City laws and regulations which prohibit unlawful discrimination because of race, creed, color, national origin, sex, age, disability, marital status and other protected category and to take affirmative action in working with contracting parties to ensure certified Minority and Women-owned Business Enterprises (MWBEs) share in the economic opportunities generated by NYCEDC's projects and initiatives. Please refer to the Equal Employment and Affirmative Compliance for Non-Construction Contracts Addendum in the RFP.

This project has Minority and Women Owned Business Enterprise ("M/WBE") participation goals, and all respondents will be required to submit an M/WBE Participation Proposal with their response. To learn more about NYCEDC's M/WBE program, visit <http://edc.nyc/opportunity-mwdbe>. For the list of companies who have been certified with the New York City Department of Small Business Services as M/WBE, please go to the, www.nyc.gov/buycertified.

NYCEDC established the Contract Financing Loan Fund programs for Minority, Women and Disadvantaged Business Enterprise (M/W/DBE)

interested in working on public construction projects. Contract Financing Loan Fund facilitates financing for short-term mobilization needs such as insurance, labor, supplies and equipment. Bidders/subcontractors are strongly encouraged to visit the NYCEDC website, at <http://edc.nyc/opportunity-mwdbe> to learn more about the program.

AGENCY RULES

BUSINESS INTEGRITY COMMISSION

■ NOTICE

CAPA REGULATORY AGENDA FY 2022

Pursuant to section 1042 of the Charter, the City of New York Business Integrity Commission sets forth below its regulatory agenda for the City's fiscal year of 2022:

1. **SUBJECT:** Safety in the Trade Waste Industry
 - A. **Reason:** On November 20, 2019, Mayor de Blasio signed Local Law 198 of 2019, expanding BIC's jurisdiction to include traffic safety in the trade waste industry. It enables BIC to promulgate rules relating to safety in the industry, among other things. On April 13, 2021, BIC held a CAPA hearing regarding an initial set of safety rules for the trade waste industry. BIC intends to promulgate additional such rules in FY 2022.
 - B. **Anticipated Contents:** Amend Subchapters A, E, and G of Chapter 1 of Title 17 of the Rules of the City of New York.
 - C. **Objectives:** Increase safety in the trade waste industry pursuant to the authority granted in LL 198 of 2019.
 - D. **Legal basis:** Sections 1043(a) and 2101(b) of the New York City Charter.
 - E. **Types of Individuals and entities likely to be affected:** Trade waste industry.
 - F. **Other relevant laws:** 49 CFR parts 300-399; 17 NYCRR part 820; Article 9 of Title III of NY VTL; and Title VII of VTL.
 - G. **Approximate schedule:** First and second quarter of FY 2022.

Agency Contacts: Nicole Mathias (212) 437-0627
David Feldman (212) 437-0510

2. **SUBJECT:** Side guards
 - A. **Reason:** Many vehicles belonging to BIC-licensed and registered companies will be required to comply with Local Law 56 of 2015, which requires the installation of side guards, a life-saving and relatively inexpensive safety measure. This requirement takes effect on January 1, 2024. BIC, in coordination with the Department of Citywide Administrative Services, will need to promulgate rules further defining and clarifying specific policies and exemptions regarding side guards.
 - B. **Anticipated Contents:** Amendments to Subchapters E and G of Chapter 1 of Title 17 of the Rules of the City of New York.
 - C. **Objectives:** To put LL 56 of 2015 into effect.
 - D. **Legal basis:** Sections 1043(a) and 2101(b) of the New York City Charter.
 - E. **Types of individuals and entities likely to be affected:** Trade waste industry.
 - F. **Other relevant laws:** None.
 - G. **Approximate schedule:** To be determined.

Agency Contacts: Nicole Mathias
(212) 437-0627
David Feldman
(212) 437-0510

3. **SUBJECT:** Require Licensees/Registrants to disclose detailed vehicle information.
- A. **Reason:** Certain vehicles belonging to BIC-licensed and registered companies are currently required to comply with the requirements set forth in Local Law 145 of 2013 (regarding vehicle emissions), which went into effect on January 1, 2020. Additionally, as of January 1, 2024, certain vehicles will be required to comply with the requirements of Local Law 56 of 2015 (regarding side guards). In order to assess a company's compliance with those laws, BIC-licensed and registered companies provide the Commission with certain information regarding each vehicle in their fleet. As BIC promulgates new safety rules pursuant to Local Law 198 of 2019, BIC will want to require trade waste companies to disclose additional details about their trade waste vehicles.
 - B. **Anticipated Contents:** Amendment to 17 RCNY Section 5-03.
 - C. **Objectives:** To assist BIC in determining a company's progress toward compliance with local laws.
 - D. **Legal basis:** Section 2101(b) of the New York City Charter.
 - E. **Types of Individuals and entities likely to be affected:** Trade waste industry.
 - F. **Other relevant laws:** None.
 - G. **Approximate schedule:** To be determined.

Agency Contacts: Nicole Mathias

David Feldman
(212) 437-0510

4. **SUBJECT:** Commercial Waste Zones (CWZ)
- A. **Reason:** On November 20, 2019, Mayor de Blasio signed Local Law 199 of 2019, giving the Department of Sanitation ("DSNY") authority to develop a system of geographic zones for the collection of putrescible waste, organic material, and recyclables from commercial establishments. Private trade waste carters that are awarded zones must be licensed by BIC. BIC will have co-enforcement authority with DSNY in the zones. BIC is currently promulgating rules relating to CWZ, with a CAPA hearing held on May 4, 2021. That hearing related to micro-haulers, who solely collect under a prescribed annual tonnage of organic waste by bicycle or zero emissions vehicles. BIC anticipates it may need to promulgate additional rules relating to CWZ.
 - B. **Anticipated Contents:** Amendments to Subchapters A, B, C, E, F, and G of Chapter 1 of the Rules of the City of New York.
 - C. **Objectives:** To enable BIC to implement and enforce the CWZ system, in coordination with DSNY.
 - D. **Legal basis:** Sections 1043(a) and 2101(b) of the New York City Charter.
 - E. **Types of Individuals and entities likely to be affected:** Trade waste licensees and their customers.
 - F. **Other relevant laws:** None.
 - G. **Approximate schedule:** First and Second Quarter of FY 2022.
- Agency Contacts: Nicole Mathias
(212) 437-0627
David Feldman
(212) 437-0510
5. **SUBJECT:** Adjudication of trade waste violations at the OATH Hearings division
- A. **Reason:** Currently, BIC files most of its administrative violations with OATH's Trials Division. BIC and OATH have determined that BIC should move to filing most of its violations in the Hearings Division. Making this change requires BIC to promulgate a penalty schedule and related rules.
 - B. **Anticipated Contents:** Amendments to 17 RCNY Chapter 1.
 - C. **Objectives:** To permit BIC to file most of its violations in the Hearings Division of OATH.
 - D. **Legal basis:** Section 2101(b) of the New York City Charter.

- E. **Types of Individuals and entities likely to be affected:** Trade Waste Community
- F. **Other relevant laws:** None.
- G. **Approximate schedule:** First Quarter of FY 2022.

Agency Contacts: Nicole Mathias
(212) 437-0627
David Feldman
(212) 437-0510

6. **SUBJECT:** Rulemaking Petition
- A. **Reason:** BIC is proposing to add new rules to implement Section 1043(g) of the New York City Charter, which permits any person to petition a city agency to consider the adoption of any rule and requires each agency to have rules creating a procedure for the submission, consideration, and disposition of such petitions.
 - B. **Anticipated Contents:** Amendments to 17 RCNY Chapter 3.
 - C. **Objectives:** Implement Section 1043(g) of the New York City Charter.
 - D. **Legal basis:** Sections 1043 and 2101 of the New York City Charter.
 - E. **Types of Individuals and entities likely to be affected:** Trade waste industry and public wholesale markets communities.
 - F. **Other relevant laws:** None.
 - G. **Approximate schedule:** First or Second Quarter of FY 2022.

READER'S GUIDE

The City Record (CR) is published each business day. The Procurement section of the City Record is comprised of notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Notice of solicitations and other notices for most procurement methods valued at or above \$100,000 for goods, services, and construction must be published once in the City Record, among other requirements. Other procurement methods authorized by law, such as sole source procurements, require notice in the City Record for five consecutive editions. Unless otherwise specified, the agencies and offices listed are open for business Monday through Friday from 9:00 A.M. to 5:00 P.M., except on legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptroller's Office at www.comptroller.nyc.gov, and click on Prevailing Wage Schedules to view rates.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION-RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately \$17 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. Registration for these lists is free of charge. To register for these lists, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application, which can be found online at www.nyc.gov/selltonyc. To request a paper copy of the application, or if you are uncertain whether you have already submitted an application, call the Vendor Enrollment Center at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services at 110 William Street, New York, NY 10038. Sessions are convened on the second Tuesday of each month from 10:00 A.M. to 12:00 P.M. For more information, and to register, call (212) 618-8845 or visit www.nyc.gov/html/sbs/nycbiz and click on Summary of Services, followed by Selling to Government.

PRE-QUALIFIED LISTS

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstances. When an agency decides to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the CR. Information and qualification questionnaires for inclusion on such lists may be obtained directly from the Agency Chief Contracting Officer at each agency (see Vendor Information Manual). A completed qualification questionnaire may be submitted to an Agency Chief Contracting Officer at any time, unless otherwise indicated, and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings (OATH). Section 3-10 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists. For information regarding specific pre-qualified lists, please visit www.nyc.gov/selltonyc.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board Rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, and the Housing Authority. Suppliers interested in applying for inclusion on bidders lists for Non-Mayoral entities should contact these

entities directly at the addresses given in the Vendor Information Manual.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 9:30 A.M. to 5:00 P.M., except on legal holidays. For more information, contact the Mayor's Office of Contract Services at (212) 341-0933 or visit www.nyc.gov/mocs.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN-OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women-Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about this program, contact the Department of Small Business Services at (212) 513-6311 or visit www.nyc.gov/sbs and click on M/WBE Certification and Access.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City pays interest on all late invoices. However, there are certain types of payments that are not eligible for interest; these are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year: in January and in July.

PROCUREMENT POLICY BOARD RULES

The Rules may also be accessed on the City's website at www.nyc.gov/selltonyc

HOW TO READ CR PROCUREMENT NOTICES

Procurement notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards, and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section.

At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified unless a different one is given in the individual notice. In that event, the directions in the individual notice should be followed.

The following is a SAMPLE notice and an explanation of the notice format used by the CR.
