(b) Base heights and maximum #building# heights

The table below sets forth the minimum and maximum base height, and maximum #building# height for all #buidings#.

A setback is required for all portions of a #building# that exceed the maximum base height specified for the applicable district, and shall be provided in accordance with paragraph (c) of this Section.

MINIMUM BASE HEIGHT, MAXIMUM BASE HEIGHT, AND MAXIMUM BUILDING HEIGHTS

District	Minimum base height (in feet)	Maximum base height (in feet)	Maximum #building# height (in feet)
M1-5 / R7X	60	105	145
M1-5 / R9X	85	145	205

However, for any #zoning lot# located in a Historic District designated by the Landmarks Preservation Commission, the minimum and maximum base heights may be modified as follows:

- (1) the minimum base height of a #street wall# may vary between the minimum height set forth in the table above, and the height of the #street wall# of an adjacent #building# before setback, if such height is lower than the minimum base height; and
- (2) the maximum base height of a #street wall# may vary between the maximum base height set forth in the table above, and the height of the #street wall# of an adjacent #building# before setback, if such height is higher than the maximum base height.

(c) Setbacks

At a height not lower than the minimum base height or higher than the maximum base height specified for the applicable district in the table in paragraph (b) of this Section, a setback shall be provided in accordance with paragraph (c) of Section 23-662 (Maximum height of buildings and setback regulations) shall apply to such setbacks.

(d) Dormers

As an alternative, to the dormer provisions of paragraph (c) of Section 23-621, dormers may be a permitted obstruction within a required front setback distance above a maximum base height, provided that the aggregate width of all dormers, at the maximum base height does not exceed 40 percent of the width of the #street wall# of the highest #story# entirely below the maximum base height. Such dormers need not decrease in width as the height above the maximum base height increases.

**143-25
Additional bulk modifications**

For #buildings# containing #residences#, or portions thereof, the following additional #bulk# modifications shall apply.

(a) #Outer court# modifications

For #outer courts# containing #legally required windows#, if an #outer court# is less than 20 feet wide, the width of such #outer court# shall be, at least equal, to the depth of such #outer court#. If an #outer court# is 20 feet or more in width, it may extend to any depth.

(b) #Inner court# modifications

For #inner courts# containing #legally required windows#, the area shall not be less than 600 square feet, and the minimum dimension of such #inner court# shall not be less than 20 feet.

NOTICE

On Thursday, September 2, 2021, a public hearing is being held by the City Planning Commission (CPC), accessible both in person and remotely, in conjunction with the above ULURP hearing to receive comments related to a Draft Environmental Impact Statement (DEIS) concerning an application by The City of New York. The City of New York, acting through the Department of City Planning (DCP), is proposing a series of land use actions — zoning map and zoning text amendments (the “Proposed Actions”) to implement land use and zoning recommendations in the SoHo/NoHo Neighborhood Plan. The area subject, to the Proposed Actions is generally, bounded by Astor Place and Houston Street, to the north; Bowery, Lafayette Street, and Baxter Street, to the east; Canal Street, to the south, and Sixth Avenue, West Broadway, and Broadway, to the west. The Proposed Actions would affect an approximately 56-block, 146-acre area (the “Project Area”) of the SoHo and NoHo neighborhoods of Manhattan Community District 2. The Reasonable Worst-Case Development Scenario (RWCDs) for the Proposed Actions identifies 26 projected development sites. On the projected development sites, the Proposed Actions are expected to result in a net increase of approximately 1,829 projected dwelling units (DUs) (including approximately 382 to 573 permanently affordable DUs for lower-income New Yorkers in accordance with the Mandatory Inclusionary Housing Program (MIH)); 61,789 gross square feet (gsf) of projected

retail space (local and destination retail and supermarket space); and 20,778 gsf of projected community facility space. The RWCDs also identifies 58 potential development sites, which are considered less likely to be developed by the analysis year. On the potential development sites, the Proposed Actions may result in a net increase of approximately 1,719 DUs, including 365 to 545 permanently affordable DUs; 52,360 gsf of potential destination retail space; and 16,272 gsf of potential community facility space. Development on some of these sites, due, to the sites’ location within New York City-designated historic districts, would be subject to future review and approval by the New York City Landmarks Preservation Commission (LPC) in accordance with the New York City Landmarks Law.

Written comments on the DEIS are requested and will be received and considered by the Lead Agency through Monday, September 13, 2021.

For instructions on how to submit comments and participate remotely, please refer, to the instructions, at the beginning of this agenda.

This hearing is being held pursuant, to the State Environmental Quality Review Act (SEQRA) and City Environmental Quality Review (CEQR), CEQR No. 21DCP059M.

4) A zoning special permit, pursuant to Zoning Resolution Section 74-533 to reduce the required accessory residential off-street parking spaces in a Transit Zone (the “**Parking Special Permit**”);

5) Zoning authorizations to:

- a. modify the Zoning Resolution’s requirements for location, area and minimum dimensions of waterfront public access areas, pursuant to Zoning Resolution Section 62-822(a);
- b. modify requirements within waterfront public access areas, pursuant to Zoning Resolution Section 62-822(b); and
- c. allow for phased development of waterfront public access areas, pursuant to Zoning Resolution Section 62-822(c) (collectively, the “Waterfront Authorizations”);

6) A zoning certification, pursuant to Zoning Resolution Section 62-811 with respect to compliance with waterfront public access area and visual corridor requirements, as modified by Waterfront Authorizations (the “Waterfront Certification”); and

7) A landfill action to add approximately 6,319 square feet of landfill as part of the waterfront public open space plan (the “Landfill Action”). Concurrent with these Actions, a related application for a City Map change has been filed under Application No. 210425 MMK to demap, discontinue, close, and dispose of a portion of Metropolitan Avenue, to the west of River Street and a portion of North 1st Street west of River Street (the “**Demapping Action**”). In addition, with respect to each of the special permits and authorizations, the Applicant is requesting an extension of term of such approvals to a period of ten years during which substantial construction of the phased project would be completed.

The Actions will together facilitate the development of two (2) mixed-use buildings including a total of approximately 1,158,800 square feet of floor area (the “**Proposed Development**”) on Block 2355, Lots 1 and 20, Block 2361, Lots 1, 20 and 21 and Block 2376, Lot 50 (the “**Development Site**”). The Development Site is approximately 399,780 square feet in area and is, bounded by River Street, to the east, North 3rd Street, to the north, the East River, to the west and Grand Ferry Park and North 1st Street, to the south. The Proposed Development would include approximately 1,049,800 square feet of residential use (approximately 1,050 dwelling units, of which approximately 263 units (25%) will be affordable), a 30,000 square foot community center, 79,000 square feet of commercial space, including local retail, approximately 250 accessory parking spaces and approximately 2.9 acres of new public open space (plus approximately 2.32 acres of accessible in-river space and 0.86 acres of intertidal area. In addition, to the Proposed Development, the Map Amendment will rezone two (2) non-applicant owned blocks (Blocks 2356 and 2362), to the east of the Development Site (from M3-1 to M1-4).

The Project Area occupies the portions of Brooklyn Blocks 2355 and 2361 west of River Street, Block 2356, Lot 1, Block 2362, Lots 1 and 3, and Block 2376, Lot 50; and is generally, bounded by River Street, to the east, North 3rd Street, to the north, the East River, to the west and property owned by the New York Power Authority (“**NYPA**”), to the south. The Project Area is located within Brooklyn Community District 1 and an M3-1 zoning district.

The Project Area is approximately 441,660 square feet in area and is comprised of the Development Site and two (2) non-applicant owned parcels (Block 2362, Lots 1 and 3; and Block 2356, Lot 1). The Development Site is unimproved and includes upland portions and seaward portions containing existing in-water structures. As part of the Demapping Action, the Development Site will also include an approximately 23,116 square foot area of Metropolitan Avenue and an approximately 3,374 square foot area of North 1st Street that are proposed to be demapped. The remainder of the Project Area is comprised of: (i) a recently constructed six-story, commercial building with office space, destination retail and approximately 176 accessory, attended parking spaces (Block 2356, Lot 1); (ii) a vacant lot owned by Con Edison (Block 2362, Lot 3); and (iii) a vacant lot that appears to be undergoing environmental remediation (Block 2362, Lot 1).

The Project Area historically contained warehousing, storage and other industrial uses reflective of its M3-1 manufacturing zoning. The Project Area’s location along the East River, moreover, enabled ships and other vessels to dock and unload various materials that would be stored along the waterfront. The Project Area’s existing in-water structures remain as vestiges of the piers, platforms, catwalks, docks and caissons that once accommodated these industrial uses, including the Development Site’s prior use as a Con Edison fuel oil storage complex (the Development Site’s use until its decommissioning in 2012). The Williamsburg neighborhood surrounding the Project Area has evolved over time from predominately manufacturing uses to mixed residential, commercial and light-manufacturing uses. Recent rezonings, including the 2005 Greenpoint-Williamsburg neighborhood rezoning (C 050111 (A) ZMK; C 040415 MMK; C 040416 MMK; C 040417 MMK and C 040418 MMK) directly, to the north and east of the Project Area and the 2010 Domino Rezoning (C 100185 ZMK), as amended in 2014 (C 140132 ZSK), directly, to the south of the Project Area (which rezoned that site from manufacturing to commercial/residential zoning districts) helped spur these changes in the surrounding neighborhood

and reflect changes in land use policy that have advanced the area’s recent evolution.

“The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed, to the City’s prestige as a global destination. The contracting opportunities for construction/construction services and construction-related services that appear in the individual agency listings below reflect that commitment to excellence.”

HHS ACCELERATOR

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York (“PPB Rules”), vendors must first complete and submit an electronic prequalification application using the City’s Health and Human Services (HHS) Accelerator System. The HHS Accelerator System is a web-based system maintained by the City of New York for use by its human services Agencies to manage procurement. The process removes redundancy by capturing information about boards, filings, policies, and general service experience centrally. As a result, specific proposals for funding are more focused on program design, scope, and budget.

Important information about the new method

- Prequalification applications are required every three years.
- Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete.
- Prequalification applications will be reviewed to validate compliance with corporate filings, organizational capacity, and relevant service experience.
- Approved organizations will be eligible to compete and would submit electronic proposals through the system.

The Client and Community Service Catalog, which lists all Prequalification service categories and the NYC Procurement Roadmap, which lists all RFPs to be managed by HHS Accelerator may be viewed, at <http://www.nyc.gov/html/hhsaccelerator/html/roadmap/roadmap.shtml>. All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding.

Participating NYC Agencies

HHS Accelerator, led by the Office of the Mayor, is governed by an Executive Steering Committee of Agency Heads who represent the following NYC Agencies:

- Administration for Children’s Services (ACS)
- Department for the Aging (DFTA)
- Department of Consumer Affairs (DCA)
- Department of Corrections (DOC)
- Department of Health and Mental Hygiene (DOHMH)

Statement of Basis and Purpose of Proposed Rule

On March 9, 2021, the Mayor and Taxi and Limousine Commission (TLC) Chair announced a commitment of \$65 million to fund a Medallion Relief Program (MRP) to assist financially troubled medallion owners restructure their outstanding medallion debt. The goal of the MRP is to support the recovery of the yellow taxicab industry in New York City, which has seen a gradual decline in trips numbers and an increase in the number of medallions being placed into storage, which removes the medallion from the vehicle and temporarily returns it to the TLC until the taxi returns to service, over the past several years, problems which were exacerbated during the COVID-19 crisis. Despite the decline in earnings, medallions owners continued to carry loans on their medallions, many of which were financed during times of higher taxi demand and revenue.

This decline in taxi demand made many medallion loans unsustainable for medallion owners. Under the MRP, eligible medallion owners may apply for grants of up to \$20,000 to be provided to their lenders as a down payment in restructuring their medallion-related loans. Additionally, medallion owners who demonstrate additional and specific hardship after restructuring their loans may be eligible for additional grants of up to \$9,000 to help support initial loan payments. Relief payments will be distributed by a Community Development Financial Institution selected by the TLC and are intended to help individual medallion owners afford their medallion debt, so more owners can continue operating yellow taxis and more yellow taxis are available to serve the public.

The TLC's Owner-Driver Resource Center has worked with over 700 medallion owners and a dozen different lenders on renegotiating loans. Lenders have participated in the process and have offered restructuring and forgiveness terms that would meet the required parameters of the proposed rules.

These proposed rules establish the eligibility criteria for applying for a grant through the MRP.

TLC's authority for these rules is found in section 2303 of the New York City Charter and section 19-503 of the New York City Administrative Code.

New material is underlined.
[Deleted material is in brackets.]

"Shall" and "must" denote mandatory requirements and may be used interchangeably in the rules of this department, unless otherwise specified or unless the context clearly indicates otherwise.

READER'S GUIDE

The City Record (CR) is published each business day. The Procurement section of the City Record is comprised of notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Notice of solicitations and other notices for most procurement methods valued at or above \$100,000 for goods, services, and construction must be published once in the City Record, among other requirements. Other procurement methods authorized by law, such as sole source procurements, require notice in the City Record for five consecutive editions. Unless otherwise specified, the agencies and offices listed are open for business Monday through Friday from 9:00 A.M. to 5:00 P.M., except on legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptroller's Office at www.comptroller.nyc.gov, and click on Prevailing Wage Schedules to view rates.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION-RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately \$17 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. Registration for these lists is free of charge. To register for these lists, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application, which can be found online at www.nyc.gov/selltonyc. To request a paper copy of the application, or if you are uncertain whether you have already submitted an application, call the Vendor Enrollment Center at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services at 110 William Street, New York, NY 10038. Sessions are convened on the second Tuesday of each month from 10:00 A.M. to 12:00 P.M. For more information, and to register, call (212) 618-8845 or visit www.nyc.gov/html/sbs/nycbiz and click on Summary of Services, followed by Selling to Government.

PRE-QUALIFIED LISTS

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstances. When an agency decides to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the CR. Information and qualification questionnaires for inclusion on such lists may be obtained directly from the Agency Chief Contracting Officer at each agency (see Vendor Information Manual). A completed qualification questionnaire may be submitted to an Agency Chief Contracting Officer at any time, unless otherwise indicated, and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings (OATH). Section 3-10 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists. For information regarding specific pre-qualified lists, please visit www.nyc.gov/selltonyc.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board Rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, and the Housing Authority. Suppliers interested in applying for inclusion on bidders lists for Non-Mayoral entities should contact these

entities directly at the addresses given in the Vendor Information Manual.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 9:30 A.M. to 5:00 P.M., except on legal holidays. For more information, contact the Mayor's Office of Contract Services at (212) 341-0933 or visit www.nyc.gov/mocs.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN-OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women-Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about this program, contact the Department of Small Business Services at (212) 513-6311 or visit www.nyc.gov/sbs and click on M/WBE Certification and Access.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City pays interest on all late invoices. However, there are certain types of payments that are not eligible for interest; these are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year: in January and in July.

HOW TO READ CR PROCUREMENT NOTICES

Procurement notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards, and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section.

At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified unless a different one is given in the individual notice. In that event, the directions in the individual notice should be followed.

The following is a SAMPLE notice and an explanation of the notice format used by the CR.
