PROCUREMENT

“Compete To Win” More Contracts!

Thanks to a new City initiative - “Compete To Win” - the NYC Department of Small Business Services offers a new set of FREE services to help create more opportunities for minority and Women-Owned Businesses to compete, connect and grow their business with the City. With NYC Construction Loan, Technical Assistance, NYC Construction Mentorship, Bond Readiness, and NYC Teaming services, the City will be able to help even more small businesses than before.

- *Win More Contracts, at nyc.gov/competetowin*

“The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed, to the City’s prestige as a global destination. The contracting opportunities for construction/construction services and construction-related services that appear in the individual agency listings below reflect that commitment to excellence.”

HHS ACCELERATOR PREQUALIFICATION

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York (“PPB Rules”), vendors must first complete and submit an electronic HHS Accelerator Prequalification Application using the City’s PASSPort system. The PASSPort system is a web-based system maintained by the City of New York for use by its Mayoral Agencies to manage procurement. Important business information collected in the Prequalification Application is required every three years. Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete. Prequalification applications will be reviewed to validate compliance

with corporate filings and organizational capacity. Approved organizations will be eligible to compete and would submit electronic proposals through the PASSPort system. The PASSPort Public Portal, which lists all RFPs, including HHS RFPs that require HHS Accelerator Prequalification, may be viewed at https://passport.cityofnewyork.us/page.aspx/en/rfp/request_browse_public. All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding. For additional information about HHS Accelerator Prequalification and PASSPort, including background materials, user guides and video tutorials, please visit <https://www1.nyc.gov/site/mocs/systems/about-go-to-passport.page>.

CONSULTANT SERVICES, PROPTECH PILOTING RFP: THIRD-PARTY OPERATOR FOR PROPTECH PILOT COORDINATION, IMPLEMENTATION, EVALUATION, AND WORKFORCE DEVELOPMENT - Request for Proposals - PIN# 9274 - Due 3-2-22 at 11:59 P.M.

At a time of intersecting challenges – among them health, climate, equity and justice, and economic – the City of New York (the "City") is committed to stewarding financial, technological, and intellectual capital from the technology sector to address these challenges. Given the City's unique comparative advantages, the real estate and property technology sector ("Proptech") offers a range of tools to address these challenges.

In this Request for Proposals ("RFP"), New York City Economic Development Corporation ("NYCEDC"), in partnership with other participating City agencies and authorities (collectively "Local Government Entities"), is seeking an organization ("Implementation Operator") that will partner with the City to facilitate the implementation of a pipeline of pre-selected technology to pilot and test for specific real estate technology solutions that enhance sustainability, increase health and safety, improve operational performance, and address other top-line policy priorities related to real estate that is owned and/or managed by the Local Government Entities. The Implementation Operator will also develop curriculum, deliver training, and manage interns and fellows on a per pilot basis and provide hands-on experience to the workforce development participants.

This is an unprecedented opportunity to serve as the go-to organization for designing, deploying, and evaluating technology pilots on behalf of and together with NYCEDC, DCAS, and other participating agencies, in addition to training the next generation of Proptech talent.

NYCEDC plans to select a consultant on the basis of factors stated in the RFP which include, but are not limited to: the quality of the proposal; performance and track record, particularly in the Proptech sector; alignment with City policy objectives; a plan to maximize pilot implementation; a workforce development plan; an M/WBE participation plan; and successful experience in performing services similar to those encompassed in the RFP.

It is the policy of NYCEDC to comply with all Federal, State and City laws and regulations which prohibit unlawful discrimination because of race, creed, color, national origin, sex, age, disability, marital status and other protected category and to take affirmative action in working with contracting parties to ensure certified Minority and Women-owned Business Enterprises (MWBES) share in the economic opportunities generated by NYCEDC's projects and initiatives. Please refer to the Equal Employment and Affirmative Compliance for Non-Construction Contracts Addendum in the RFP.

This project has Minority and Women Owned Business Enterprise ("M/WBE") participation goals, and all respondents will be required to submit an M/WBE Participation Proposal with their response. To learn more about NYCEDC's M/WBE program, visit <http://edc.nyc/opportunity-mwdbe>. For the list of companies who have been certified with the New York City Department of Small Business Services as M/WBE, please go to the www.nyc.gov/buycertified.

An optional informational session will be held on Wednesday, February 2, 2022 at 12:00 P.M. EST on Zoom. Those who wish to attend should RSVP by email to NYCProptech@edc.nyc on or before February 1, 2022.

Respondents may submit questions and/or request clarifications from NYCEDC no later than 5:00 P.M. EST on Wednesday, February 9, 2022. Questions regarding the subject matter of this RFP should be directed to NYCProptech@edc.nyc. Answers to all questions will be posted by Wednesday, February 16, 2022, to <https://edc.nyc/rfps>. Questions regarding the subject matter of this RFP will not be accepted after 5:00 P.M. EST on Wednesday, February 9, 2022, however, technical questions pertaining to downloading and submitting proposals to this RFP may be directed to, RFPRequest@edc.nyc on or before Wednesday, March 2, 2022.

Detailed submission guidelines and requirements are outlined in the RFP, available as of Friday, January 21, 2022. To download a copy of the solicitation documents, please visit <https://edc.nyc/rfps>. RESPONSES ARE DUE NO LATER THAN Wednesday, March 2, 2022. Please click the link in the "Deadlines" section of this project's web page (which can be found on, <https://edc.nyc/rfps>) to electronically upload a proposal for this solicitation.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/blueprints; other information; and for opening and reading of bids at date and time specified above.

HUB AT 149TH STREET DEVELOPMENT OPPORTUNITY - Request for Proposals - PIN# 1158 - Due 3-17-22 at 11:59 P.M.

New York City Economic Development Corporation ("NYCEDC") is pleased to issue this Request for Proposals (the "RFP") for the disposition and development (the "Project") of a vacant lot located at East 149th Street and Bergen Avenue, Bronx, New York, identified as Block 2294, Lot 30 on the Tax Map for the Borough of Bronx (the "Site").

The 3,310 square-foot Site is a split zoning lot governed by two zoning districts, C4-4 and C6-2, and can accommodate commercial development as-of-right. The Site fronts Bergen Avenue, as well as the outdoor pedestrian plaza situated at the corner of Bergen Avenue and East 149th Street. The Site is well served by mass transit, including the 2 and 5 subway lines at the Third Avenue-149th Street Station, and the BX-19, BX-21, BX-2, and BX-41-SBS buses.

The Project represents a unique opportunity to activate a parcel in one of the Bronx's most highly trafficked commercial corridors known as "The Hub", located at the convergence of East 149th Street, and Willis, Melrose and Third Avenues in the South Bronx. NYCEDC invites the development community to imagine a new future for the Site by finding synergies with recent neighborhood development, adjacent public space, and local community needs.

NYCEDC will select a developer on the basis of factors stated in the RFP which include but are not limited to: the quality of the proposal, experience of key staff identified in the proposal, integration of the proposed project with the surrounding community and neighborhood, demonstrated successful experience in developing properties similar to those encompassed in the RFP, tax revenues and jobs generated by the proposal, and the proposed disposition consideration.

It is the policy of NYCEDC to comply with all Federal, State and City laws and regulations which prohibit unlawful discrimination because of race, creed, color, national origin, sex, age, disability, marital status and other protected category and to take affirmative action in working with contracting parties to ensure certified Minority and Women-owned Business Enterprises (MWBES) share in the economic opportunities generated by NYCEDC's projects and initiatives. Please refer to the Equal Employment and Affirmative Compliance for Construction Contracts Addendum in the RFP.

This Project has Minority and Women Owned Business Enterprise ("M/WBE") participation goals, and all respondents will be required to submit an M/WBE Participation Proposal with their response. To learn more about NYCEDC's M/WBE program, visit <http://edc.nyc/opportunity-mwdbe>. For the list of companies who have been certified with the New York City Department of Small Business Services as M/WBE, please go to the www.nyc.gov/buycertified.

NYCEDC established the Contract Financing Loan Fund programs for Minority, Women and Disadvantaged Business Enterprise (M/W/DBE) interested in working on public construction projects. Contract Financing Loan Fund facilitates financing for short-term mobilization needs such as insurance, labor, supplies and equipment. Bidders/subcontractors are strongly encouraged to visit the NYCEDC website, at <http://edc.nyc/opportunity-mwdbe> to learn more about the program.

Respondents may submit questions to, and/or request clarifications from, NYCEDC no later than 5:00 P.M. on Friday, March 4, 2022. Questions regarding the subject matter of this RFP should be directed to bronxhubRFP@edc.nyc. Answers to all questions will be posted by Friday, March 11, 2022, to <https://edc.nyc/rfps>. Questions regarding the subject matter of this RFP will not be accepted after 5:00 P.M. on Friday, March 4, 2022, however, technical questions pertaining to downloading and submitting proposals to this RFP may be directed to rfprequest@edc.nyc on or before Thursday, March 17, 2022.

REQUIREMENTS CONTRACT FOR REPAIR AND MAINTENANCE OF COMBUSTIBLE GAS LEAK DETECTION SYSTEMS - Competitive Sealed Bids - PIN# B5667040 - Due 3-21-22 at 4:00 P.M.

For electronic bid submissions, please note the following procedures:

Bid submissions must be sent via electronic mail ("The Bid Submission Email") to DCPSubmissions@schools.nyc.gov (the "Bid Submission Email Address"). Bid Submissions sent to any other email address will be disregarded. The subject line of your Bid Submission Email must include the solicitation number and the name of the submitting vendor (e.g. B5667 - Enter Company Name). Please attach the completed Request for Bids and the Bid Blank documents to the Bid Submission Email as separate files. Please name the bid blank attachment "Bid Blank" and the completed Request for Bids attachment "RFB."

If the files accompanying your bid submission are too large to be transmitted as email attachments, please include in the first line of your Bid Submission Email a link to a Microsoft OneDrive folder containing all of your bid-related documents. Please note that if you are using OneDrive, do not attach any documents to the Bid Submission Email. Further, please include a separate folder within your OneDrive folder which includes the separate bid blank file. Please name this folder and the bid blank file "Bid Blank." The name of your OneDrive folder must match the subject line of your bid submission, and your OneDrive folder must not contain any files unrelated to the Bid Submission.

Guidance for first-time Microsoft One-Drive Users:

Microsoft OneDrive ("OneDrive") is a file hosting and synchronization service operated by Microsoft as part of its web version of Microsoft Office. OneDrive allows users to grant access to files which are too large to transmit via electronic mail to other users. If you do not have Office 365, please take the following steps to gain access to a free version of OneDrive so that you can upload those bid submission documents which are too large to transmit via electronic mail: 1. Conduct an internet search for "Microsoft OneDrive;" 2. Navigate to the official Microsoft website and sign up for a free account; 3. Once you have created a folder for the solicitation whose name matches the subject line of your Bid Submission Email, upload the documents relevant to your bid submission in this folder. 4. Create a share link for this folder; 5. Be sure to check your share settings so that anyone receiving the link that you create will be able to open the link and access the files. If your share link permissions are restricted (e.g. to only your organization in Office 365), the DOE will not be able to view your solicitation documents. It is your responsibility to ensure that the link(s) you provide allows the DOE to view, download and/or open your documents; and 6. Include the link which you have created as the first line of your Bid Submission Email. The Bid opening will be conducted virtually via Microsoft Teams on Tuesday, March 22, 2022 from 11:00 A.M. to 12:00 P.M. Bidders who have submitted their Bid Submission Email by the Bid Submission Deadline will receive a reply to their Bid Submission Email with a link to be able to view a livestream of the Bid opening online. If you do not receive a confirmation email of the DOE's receipt of your electronic bid submission, please email: Gabriel Soriano at GSorian@schools.nyc.gov.

The Bid opening will also be recorded and posted on <https://vimeo.com/>. A link to the video of the bid opening will be available on the first DOE website referenced below. Please continue to check the DOE website and/or Vendor Portal for updates. <https://infohub.nyced.org/vendors>

<https://www.finance360.org/vendor/vendorportal/>

For hard copy (paper) bid submissions, please follow the below instructions:

Further to prior instructions regarding submissions of bids. In addition to electronic submission via email, Bidders may choose to hand deliver their bid packages to NYC DOE at any time prior to the Bid Due Date/Time. If you plan to submit a paper bid, you must provide notice by e-mailing DCPSubmissions@schools.nyc.gov, including "Paper Submission Request for Solicitation # B5667" in the subject line, at least three (3) business days in advance of the anticipated date and time and place you or your agent plan to arrive at 65 Court Street, Brooklyn, NY 11201, Room 1201 to drop off your bid. Bidders should include in their notification e-mail the name of the person who will be delivering the bid or advise that the Bid Package will be arriving by messenger. Bidders who fail to provide advance notification of intent to hand-deliver a bid risk not having anyone to receive the bid. Fed Ex, UPS, USPS or other common deliveries services will not be accepted.

To download, please go to <https://infohub.nyced.org/resources/vendors/open-doe-solicitations/request-for-bids>. If you cannot download, send an e-mail to vendorhotline@schools.nyc.gov with the RFB number and title in the subject line.

For all questions related to this RFB, please e-mail krodrig7@schools.nyc.gov with the RFB number and title in the subject line of your e-mail.

05622Y0047-SAKO M10 SNIPER RIFLE - Request for Information - PIN# 05622Y0047 - Due 2-2-22 at 2:00 P.M.

Pursuant to Section 3-05 of the NYC Procurement Policy Board Rules, it is the intent of the New York City Police Department ("NYPD"), to enter into sole source negotiations with Atlantic Tactical, located at 772 Corporate Circle, New Cumberland, PA 17070, for the Sako M10 sniper rifle. The M10 rifle was designed as a user configurable, multi caliber modular system. The M10 rifle is a modular design which allows operators to switch calibers between .308 Winchester, .300 Winchester Magnum and .338 Lapua Magnum, by changing the bolt handles. The rifle utilizes a rotary bolt design with radical locking lugs, located at the front of the bolt. The M10 rifle is a manually operated bolt action rifle with a 60 degree opening angle. This rifle has passed inspection, and it has been determined that the rifle meets the standards set forth by the NYPD and manufacturer's specifications. The NYPD, intends to enter into a 2 Year Contract. It is the NYPD's belief that this Sako M10 rifle is provided exclusively by Atlantic Tactical, which in turn has a direct relationship with Beretta USA, which in turn is the sole distributor for

Sako products in the Law Enforcement market in the United States. Any vendor besides Atlantic Tactical, that believes it can provide this service, may express interest, in writing, or email, to the NYPD Contract Administration Section, 375 Pearl Street, 15th Floor, Room 207, New York, NY 100038, Attn: Jordan Glickstein, or by sending an email, to Contracts@nypd.org. Any such letter or email must be received, no later than the vendor response date, indicated in this notice.

05621P0001 - POLICE MANAGEMENT INSTITUTE - Competitive Sealed Proposals - Other - PIN# 05621P0001 - Due 3-15-22 at 2:00 P.M.

The New York City Police Department (the "Department" or "NYPD") is seeking an appropriately qualified vendor to provide a successful, comprehensive, residential Police Management Institute (PMI) program which prepares participants selected by the NYPD for senior executive positions in the New York City Police Department by providing them with the skills that they will need for these positions. The PMI provides a select group of talented middle managers, both uniformed and civilian who are expert in the technical aspects of policing, with intensive broad-based comprehensive and systematic training in effective management methods. The goal of the training is to prepare these middle managers for the responsibilities of senior executive positions in the New York City Police Department. The PMI conducts a rigorous program of study designed to develop a broad perspective on management issues and cultivate a strong capacity for strategic planning and problem solving. Late Proposals will not be accepted except as allowed under the PPB Rules.

There will be a recommended pre-proposal conference on Friday, February 4, 2022 at NOON. Details will be provided in the PASSPort procurement.

This project is subject to HireNYC.

This Request for Proposals (RFP) is being released through PASSPort, New York City's online Procurement Portal.

Responses to this RFP must be submitted via PASSPort. Is there a deadline to submit written comments? Yes, you may submit written comments until 5 pm on February 23, 2022.

What if I need assistance to participate in the hearing? You must tell us if you need a reasonable accommodation of a disability at the hearing. You must tell us if you need a sign language interpreter. You may contact us by email at nycrules@dep.nyc.gov or by mail at the address given above. Advance notice is required to allow sufficient time to arrange accommodations. Please tell us by February 16, 2022.

Can I review the comments made on the proposed amendments? You can review the comments that have been submitted online by visiting the NYC rules website at <http://rules.cityofnewyork.us/>. Shortly after the public hearing, a summary of oral comments and copies of all written comments will be available to the public at the Department's Bureau of Legal Affairs.

What authorizes the Department to make these amendments? Section 1403 of the Charter of the City of New York and Sections 24-337 and 24-346 of the Administrative Code of the City of New York authorize the Department to make these proposed amendments. These proposed amendments were included in the Department's regulatory agenda for this fiscal year.

Where can I find the Department's rules? The Department's rules are in Chapter 21 of Title 15 of the Rules of the City of New York.

What rules govern the rulemaking process? The Department must meet the requirements of Section 1043 of the City Charter when creating or changing rules. This notice is made according to the requirements of Section 1043 of the Charter.

Statement of Basis and Purpose

Section 1403 of the Charter of the City of New York and §§ 24-337 and 24-346 of the Administrative Code of the City of New York authorize the New York City Department of Environmental Protection ("DEP") to promulgate rules to avoid and address water shortages. In section one of this proposed rule, DEP is proposing to amend the Drought Rules, codified in Chapter 21 of Title 15 of the Rules of the City of New York, in order to cover water shortage emergencies caused by circumstances other than natural conditions, such as planned and unplanned infrastructure outages and repairs. The proposed amendments would clarify existing language and provide such that the rules apply to all types of water shortage emergencies, not just natural drought conditions. These amendments would make the provisions of Chapter 21 more clear, detailed and comprehensive.

The amendments to § 21-01 would revise the language to state the provisions of the subchapter apply to a water shortage emergency, and would add a new subdivision (b) that provides that the Commissioner has the power to declare any one of the stages of a water shortage emergency in accordance with the rules, based on the anticipated severity of the shortage and the need to reduce consumption. The addition of subdivision (b) makes it easier for the regulated community to understand the applicability of Chapter 21.

The proposed amendments to § 21-02 revise existing definitions to edit punctuation, clarify ambiguities, and correct outdated or incorrect citations. The term "drought emergency" would be deleted and replaced with "water shortage emergency" to reflect the purpose of the rule's revision to apply not only natural conditions of drought, but other types of water shortage emergencies caused by circumstances other than natural conditions, such as planned and unplanned infrastructure outages and repairs. The term "Commissioner" would be revised to clarify that the Commissioner's designee may perform all functions of the Commissioner authorized under Chapter 21. The term "ECB" would be deleted and its references throughout the chapter are

replaced with the term "OATH," which would be added as a defined term meaning the Office of Administrative Trials and Hearings. The terms "golf course fairway and rough," "golf course tee box and green," "nursery," "person," "waste of City water," and "Water Board" would be added to clarify and define their uses and references throughout Chapter 21. The definition of "non-turf plants" would be amended to clarify that trees are considered non-turf plants, and the definition of "well water" would be revised to clarify that it means an individual source of potable water.

§21-03 would be amended to more clearly set forth the procedure for imposing sanctions and taking other actions related to §§24-337 and 24-346 of the Administrative Code.

§21-04 would be amended to transfer the authority to grant variances from a Variance Board comprised of personnel designated by the Commissioner directly to the Commissioner. Subdivision (e) of such section governing variance appeals would be amended to clarify rights of the regulated community to appeal the imposition of an arbitrary and substantial condition in the grant of a variance by the Commissioner, and the procedure by which community members may initiate such an appeal. Subdivision (f) of such section would be removed in the entirety, because the amendments to the definition of Commissioner would make this provision redundant.

§§ 21-05, 21-06 and 21-07 would be amended to replace references to the term "Drought Emergency" with "Water Shortage Emergency." In addition, with respect to §§ 21-06 and 21-07, language would be added to clarify signage requirements during such an emergency, including the size, content and locations of required signs, in order to make it easier for the regulated community to comply with the requirements.

§21-08, which provides how a person may qualify for the exception to the well water use prohibition during water shortage emergencies, would be revised by making a series of technical edits, including replacing references to Drought Emergency with Water Shortage. Similarly, language would be added to clarify signage requirements, including size and content.

This proposed rule would amend § 21-09 by modifying the schedule and times in which permissible watering is permitted during a declared Stage I Water Shortage from an odd-and-even day schedule to a Monday-through-Friday schedule, and permit watering days based on the final digit or letter of the address number. Subdivision (b) of this section would be amended to incorporate specific water use reduction percentage thresholds during a declared Stage I Water Shortage Emergency. These reduction thresholds would apply to nurseries with respect to the watering of non-turf plants, and golf courses to water tee boxes and greens, playgrounds and athletic playing fields, provided that with respect to such tee boxes and greens, playgrounds and athletic playing fields, such watering involves the use of hand-held hoses equipped with nozzle tips or in-line flow regulators or water-conserving irrigation systems. In addition, persons operating bottling plants, paper recycling facilities, or hotels in the City which use an average of at least 100,000 gallons of City water per day will be required to reduce water use by at least 5% per month at each such location during a declared Stage I Water Shortage Emergency. Restrictions on shower head flow capacity would be eliminated.

The proposed edits to §§ 21-10 and 21-11, which relate to Stage II and Stage III Water Shortage Emergencies, largely parallel proposed amendments described in relation to § 21-09, provided, however, that the reduction thresholds would be more significant. The water use reduction percentage thresholds for nurseries, bottling plants, paper recycling facilities, and hotels would be 10% and 15%, respectively, during a Stage II and Stage III Water Shortage Emergency. The water use reduction percentage thresholds for golf course tee boxes and greens, playgrounds, and athletic play fields would be 30% and 50%, respectively, during a Stage II and Stage III Water Shortage Emergency.

Section two of this proposed rule would amend § 32-01 of Title 15 of the Rules of the City of New York to clarify that adjudication of several provisions of § 21-03 of such Title, discussed above, are subject to the procedure set forth in Chapter 32 of such title.

New material is underlined.

[Deleted material is in brackets.]

Section one. Chapter 21 of Title 15 of the Rules of the City of New York is amended to read as follows:

Chapter 21

[Drought] Water Shortage Emergency Rules

Subchapter A

General Provisions

§ 21-01. Introduction.

(a) The provisions of this subchapter apply to all stages of [Drought] a Water Shortage Emergency in the City, unless otherwise specifically provided herein.

(b) The Commissioner may declare any one of three stages of a Water Shortage Emergency, based on the anticipated severity of the shortage and the need to reduce consumption, as described in these rules.

§ 21-02. Definitions.

Acceptable [Irrigation Controller] irrigation controller. "Acceptable [Irrigation Controller] irrigation controller" means a microprocessor-based controller for the valve(s) of an irrigation system that can be programmed for the various time and date intervals set forth in [§ 21-09(e), 21-10(e) and 21-11(e) of these Rules] §§ 21-09, 21-10 and 21-11, and that incorporates a rain sensor, soil moisture sensor or evapo-transpiration control.

Active [Source] source. "Active source" means any sprinkling device or system and any device that delivers water under pressure.

City. "City" means the City of New York.

City water. "City water" means water supplied by or taken from the City water supply system.

City water supply system. "City water supply system" means [the City water supply system] any public water supply system owned or operated by the City.

Commissioner. "Commissioner" means the [commissioner] Commissioner of the [department] Department or his or her designee or successor in function, who may perform all functions of the Commissioner authorized under the Chapter.

Department. "Department" means the New York City Department of Environmental Protection or its successor in function.

[Drought emergency. "Drought emergency" as declared by the commissioner, exists when, in the opinion of the commissioner, there is a reasonable probability that without the implementation of stringent measures to reduce consumption, a protracted dry period would cause the City's reservoirs to drop to levels that would threaten public health and safety.

ECB. "ECB" means the New York City Environmental Control Board]

Golf course fairway and rough. "Golf course fairway and rough" means all the turf on a golf course other than the golf course tee box and green.

Golf course tee box and green. "Golf course tee box and green" means the area from which golf balls are teed-up or placed for the first stroke on a hole, and the area immediately surrounding the golf hole or the green where putts are played. The golf course tee and green are not included in the golf course fairway and rough for the purposes of these rules.

Health care facilities. "Health care facilities" means hospitals, hospices, medical clinics, physician's offices, nursing homes or any other facility caring for persons who are ill, aged or infirm, where, in the opinion of the [commissioner] Commissioner, relief from the prohibition contained in § [21-10(j)] 21-11(a)(9) is necessary to protect the health and well-being of such persons.

Non-turf plants. "Non-turf plants" means all plants, including trees, but excluding turf.

Nursery. "Nursery" means the private or public grounds and premises on or in which nursery stock is propagated, grown, or cultivated for the commercial purpose of distributing or selling the same.

OATH. "OATH" means the Office of Administrative Trials and Hearings in its capacity pursuant to § 1049-a of the Charter.

Person. "Person" means an individual, firm, partnership, company, corporation, association, governmental agency, administration, or department, or other legal entity, or an officer or employee thereof.

Turf. "Turf" means grasses used as ground cover or lawn.

Waste of City water. "Waste of City water" means (i) any leak or waste from any water pipe, valve, faucet, conduit, equipment, facility, or device connected to the City water supply system or which uses city water, or (ii) any failure to reduce water consumption as required by this chapter.

Water Board. "Water Board" means the New York City Water Board.

Water-conserving [Irrigation System] irrigation system. "Water-conserving [Irrigation System] irrigation system" means an irrigation system that delivers water at low pressure and low flow rate directly to the roots of non-turf plants, [including trees,] such as "drip irrigation systems," "soaker hoses," or "Treegators."

Water Shortage Emergency. "Water Shortage Emergency" means a declaration by the Commissioner that there is a reasonable probability of a shortage of City water, or an expected shortage of

City water, that would threaten public health and safety absent the implementation of measures to reduce water consumption.

Well water. "Well water" means an individual source of potable water drawn from a subsurface well [under permit from the New York City Department of Health and/or the New York State Department of Environmental Conservation].

§ 21-03. Sanctions.

(a) Violations of the rules [contained] in this chapter or of the terms and conditions of any variances granted pursuant to § 21-04 [of these rules, shall be] are punishable by fines and penalties established by [the Administrative Code,] §§ 24-337 and 24-346 of the Administrative Code, and may be returnable before [the ECB] OATH.

(b) [In addition to any penalties that may be imposed by the ECB, where] Where a leak and waste notice has been served in accordance with § 24-337 of the Administrative Code and the condition to which such notice relates has not been corrected within the time set for compliance, the Commissioner may, after notice and opportunity for a hearing before the Commissioner in accordance with the hearing procedures set forth in §32-02 of this title, impose a fine of up to fifty dollars per day [may be imposed by the commissioner], in addition to any penalties that may be imposed by OATH.

(c) [A] Where a leak and waste notice has been served in accordance with § 24-337 of the Administrative Code and the condition to which such notice relates has not been corrected within the time set for compliance, the Commissioner may, after notice and opportunity for a hearing before the Commissioner in accordance with the hearing procedures set forth in § 32-02 of this title, install a flow restrictor [may be installed] or terminate water service to the premises [may be terminated for violation of any provision of the rules contained in this chapter for any waste of water].

(d) Nothing in this section shall be construed to limit the Commissioner's power to shut off water supply without notice, or with such notice as the Commissioner may deem practicable, where a leak exists; or where emergency action is otherwise deemed essential. If the Commissioner shuts off water in accordance with this subdivision, the Commissioner shall provide notice and an opportunity to be heard after the shut off is performed. Such notice and hearing shall be conducted in accordance with the procedures set forth in § 32-02 of this title.

§ 21-04. Variances.

(a) The Commissioner may [appoint a "Drought Emergency Variance Board" (the "Variance Board") for the purpose of entertaining requests for variances] in his or her discretion, upon written application, grant a variance from [compliance with any of] the requirements of the rules [contained] in this chapter. [Variance Board members shall only be appointed from the personnel of the Department or the New York City Water Board.]

(b) Any person [or entity] applying for a variance must [submit] file a notarized application for a variance to the [Variance Board] Commissioner. The [applicant] person must demonstrate, at a minimum, to the satisfaction of the [Variance Board] Commissioner, that:

(1) [that] compliance with such rules would result in an undue hardship;

(2) [that] there are no reasonable alternatives;

(3) [that] the [applicant] person has taken and will continue to take all [possible] reasonable measures to conserve water, [with] and will provide a complete description of such measures that have been implemented to achieve reductions and the anticipated water savings [to be effected]; and

(4) [that] such variance is not inconsistent with the purpose of such rules.

(c) The [Variance Board] Commissioner may grant a variance relieving a person [or entity] from compliance with any of the requirements of the rules in this [subchapter] chapter. In connection with any variance that may be granted, the [Variance Board shall] Commissioner may impose [such] terms and conditions as deemed appropriate. Requests for variances [shall] must be processed in a timely fashion, and determinations [shall] must not be unreasonably withheld or delayed. The filing or pendency of a variance application [shall] does not relieve any person [or entity] from complying with [these rules] any of the requirements of this chapter, including any rules cited in the variance application, and [shall] does not [immunize] grant immunity to any person [or entity] from any civil or criminal prosecution or sanction under the rules.

(d) Variance application forms may be obtained at 59-17 Junction Boulevard, Flushing, NY 11373, Attention: Office of the General Counsel, or by calling 311.

(e) Appeals.

(1) [An applicant] A person may appeal the denial of a variance [issued], or the imposition of an arbitrary and substantial condition in

the grant of a variance, by the [Variance Board under the rules of this subchapter] Commissioner by filing a notarized petition in writing with the Commissioner and with OATH within thirty (30) days of the date the [denial notification] determination was mailed. The [appeal shall] petition must state the name, [and] address and email address of the petitioner and [shall] must include a short and plain statement of the matters to be adjudicated, identifying the [variance sought by the petitioner with citation to the applicable provisions of such rules] specific provision of these rules from which the variance is sought, the proposed location of the activity, and the date of the [Variance Board's denial] variance determination by the Commissioner. A copy of the [denial notification] determination being appealed [shall] must be attached to the petition. In addition, a completed OATH intake sheet must be included with the petition. The Department will provide blank intake sheets upon request.

(2) [The applicant] A person may appeal only the [issue] issues of whether the [Variance Board] Commissioner abused [its] his or her discretion in denying a request for a variance or in imposing [a] an arbitrary and substantial condition in a grant of a variance.

(3) Upon review of any appeal filed pursuant to [§ 21-04(e)] this section, the Commissioner may, in [his/her] his or her discretion, grant a variance relieving a person [or entity] from compliance with any of [the requirements of] the rules in this chapter. In connection with any variance that may be granted, the Commissioner may impose such terms and conditions as deemed appropriate. Appeals [shall] must be processed in a timely fashion, and determinations [shall] must not be unreasonably withheld or delayed.

(4) The filing of an appeal [shall] does not relieve [the petitioner] a person from complying with any of the requirements of the rules [of] in this [subchapter] chapter, including any rules cited in the variance application, and [shall] does not [immunize] grant immunity to any person [or entity] from any civil or criminal prosecution or sanction [authorized] under [such] the rules.

[(f) The Commissioner may delegate to personnel of the Department or of the New York City Water Board any or all of his or her powers relating to the Drought Emergency Rule variances and/or appeals thereof.]

§ 21-05. [Drought Emergency] Water Shortage Rate Plan.

At any time after the actual declaration of a [Phase I Drought] Water Shortage Emergency, the Commissioner may recommend and request that the [New York City] Water Board consider the adoption of a [drought emergency] Water Shortage Emergency contingency rate plan [that conforms with § 24-360 of the Administrative Code of the City of New York]. Such rate plan shall have as its goal the creation of enhanced incentives for water conservation by increasing the cost of city water by such amounts, and for such duration, as the Commissioner may recommend and which the Water Board in its sole discretion shall consider appropriate.

§ 21-06. "Save Water" Signage.

(a) Introduction. The sign must include the time periods in which such water-conserving irrigation systems are permitted to be in use pursuant to §§ 21-09, 21-10 and 21-11.

§ 21-08. Well Water Use Prohibition [Exceptions] Exception Conditions.

No person shall cause, permit or allow the use of well water for any purpose for which the use of [city] City water is prohibited by the rules [contained] in this chapter, unless:

(a) [such installation] the well is covered by a valid permit from the New York City Department of Health and Mental Hygiene; [and]

(b) there are no cross-connections, and either all swing-joint connections have been replaced by permanent rigid piping or the connection to the [city] City water supply system has been sealed; and

(c) immediately upon the declaration of any stage of a Water Shortage Emergency, signs are prominently displayed, [not less than 8½"] at least eight and a half inches in height by [11] eleven inches in [size] width and with lettering [not less than] at least one inch in height, [bearing]with the following wording including the permit number:

[DROUGHT] WATER SHORTAGE EMERGENCY
PRIVATE WELL WATER IN USE
[HEALTH DEPT] DOHMH PERMIT NO. _____

The permission to use well water granted by this [§ 21-07] section may be revoked by the [commissioner] Commissioner for any violation of the foregoing conditions, or of these rules, or of any applicable laws, rules or regulations.

Subchapter B

Stage I

§ 21-09. Prohibitions and Reductions.

(a) Prohibitions. Upon declaration [of] by the Commissioner of a Stage I [Drought Emergency] Water Shortage Emergency, no person [or entity] shall cause, permit or allow:

[(a)] (1) The continuing of any [leak or] waste [from any water pipe, valve, faucet, conduit, equipment, facility or device connected to the city water system, or that utilizes city water,] of City water on or in any premises owned, used, leased, managed, operated or controlled by such person [or entity];

[(b) (2) The use of [city] City water to wash any vehicle (including any aircraft, watercraft or land vehicle whether on- or off-road), provided that this provision shall not be construed to prohibit the reasonable use of [city] City water for washing [of] such vehicles where mandated by law or for health or safety purposes;

[(c) (3) The use of [city] City water to spray, wash or wet any hard or paved surfaces, including, but not limited to, streets, sidewalks, driveways, outdoor areaways (including any recreational areas, whether at ground level or on a structure), parking areas or outdoor steps. [(h) (8) The use of [city] City water to fill or maintain the water level in any swimming pool, except that pools operated with recirculating equipment may be filled with [city] City water once during each calendar year and may thereafter use the minimum amount of [city] City water necessary to maintain the water level at a level no greater than that necessary to ensure continued operation of such recirculating equipment];

(i) The use, or the maintaining so as to be capable of use, of any shower head in any residential building or premises, or in any nonresidential building or premises, including any commercial or industrial building or premises, unless it flows at a maximum rate of 2.5 gallons of water per minute at a constant water pressure of eighty pounds per square inch.

(b) Reductions. Upon declaration by the Commissioner of a Stage I Water Shortage Emergency:

(1) Notwithstanding any provisions of § 21-09(a), nurseries may continue to use City water to water non-turf plants but must reduce their water use by at least 5% per month, as compared to the average meter reading data for the same month in the year immediately preceding the declaration of the Water Shortage Emergency;

(2) Notwithstanding any provisions of § 21-09(a), golf course tee boxes and greens, playgrounds, and athletic play fields may be irrigated using City water, provided that (i) all irrigation is done using hand-held hoses equipped with nozzle tips or in-line flow regulators, or water-conserving irrigation systems, and (ii) water use is reduced by at least 15% per month, as compared to the average meter reading data for the same month in the year immediately preceding the declaration of the Water Shortage Emergency; and

(3) Persons operating bottling plants, paper recycling facilities, or hotels in the City, any of which use an average of at least 100,000 gallons of City water per day, as calculated on an annual basis, must reduce water use at each such plant, facility, or hotel by at least 5% per month, as compared to the average meter reading data for the same month in the year immediately preceding the declaration of the Water Shortage Emergency; provided, however, that such person may instead reduce total water use by at least 5% per month, if such person demonstrates in writing to the Department that such reduction equals or exceeds the sum of reducing water use at each such plant, facility, or hotel by at least 5% per month.

Subchapter C

Stage II

§ 21-10. Prohibitions and Reductions.

(a) Prohibitions. Upon declaration [of] by the Commissioner of a Stage II [Drought Emergency] Water Shortage Emergency, no person [or entity] shall cause, permit or allow:

[(a) (1) The continuing of any [leak or] waste [from any water pipe, valve, faucet, conduit, equipment, facility or device connected to the city water system, or that utilizes city water,] of City water on or in any premises owned, used, leased, managed, operated or controlled by such person [or entity];

[(b) (2) The use of [city] City water to wash any vehicle (including any aircraft, watercraft or land vehicle whether on- or off-road), provided that this provision shall not be construed to prohibit the reasonable use of [city] City water for washing [of] such vehicles where mandated by law or for health or safety purposes;

[(c) (3) The use of [city] City water to spray, wash or wet any hard or paved surfaces, including, but not limited to, streets, sidewalks, driveways, outdoor areaways (including any recreational areas, whether at ground level or on a structure), parking areas or outdoor steps. This; provided, however, that this provision, however, shall not be construed to prohibit the washing of such surfaces, particularly the exterior surface of a building, where such washing is required as part of repairs mandated by the Administrative Code or to protect the health and safety of the public, as determined by the Commissioner, [assuming] provided such use is consistent with [the provisions] any restrictions set forth in § 24-332 of the Administrative Code of the City of New York and § [20-08(a)(5) of Title 15 of the Rules of the City of New York] 20-08(a)(8) of this title;

[(d) (4) The use of City water from any source for any ornamental or aesthetic purpose, including, but not limited to, use

in fountains, [artificial] waterfalls, reflecting pools, lakes and ponds, unless the pond or lake is a habitat for animals living in such body of water prior to the [drought emergency] Water Shortage Emergency, and provided further that where City water is not used (e.g., private well water), a sign at least six inches in height by nine inches in width must be prominently posted at the location indicating that the water being used in such fountain, waterfall, reflecting pool, lake or pond is not City water;

(e) In accordance with the provisions set forth in § 20-08(a) (5) of Title 15 of the Rules of the City of New York, the (5) The use of [city] City water by means of a hose or other active source to water any turf or any other non-turf plants, except that, subject to any restrictions set forth in § 20-08(a)(6)(ii) and (iii):

(1) (i) newly seeded or newly sodded turf (excluding golf course fairways and roughs) or newly planted non-turf plants may be irrigated with [city] City water on the day of planting and for the first day following planting;

(2) (ii) if hand-held hoses equipped with [automatic shut-off nozzles] nozzle tips or in-line [hose] flow regulators or water-conserving irrigation systems that effectively limit water output to a maximum flow rate of five gallons per minute at eighty pounds per square inch [or water-conserving low-flow/low pressure irrigation systems] are utilized, [city] City water may be used to water non-turf plants (except in nurseries) only in accordance with the schedule set forth in [subchapter B above] § 21-09(a)(5)(iii); and

(3) (iii) if a hand-held [containers] container or a [water conserving] water-conserving irrigation system with an acceptable irrigation controller is utilized, [city] City water may be used to water non-turf plants intended as food for human consumption for [any] one or both of the two two-hour periods on the appropriate day [of the month] as set forth in [Subchapter B above] § 21-09(a)(5)(iii), provided that, for water-conserving irrigation systems, these time periods are indicated on the signage mandated by § 21-07 [of these Rules];

(f) (6) The opening or use of any fire hydrant, or of the [city] City water therefrom, for any purpose other than fire protection, except in accordance with the terms and conditions set forth in a permit obtained from the Department[, in accordance with the provisions set forth in] pursuant to § 20-08(b) [of Title 15 of the Rules of the City of New York];

(g) (7) The serving of water from the [city] City water supply system to any patron of a restaurant, club, hotel, café, cafeteria or other public place where food is served or offered for sale, unless specifically requested by such patron; or

(h) (8) The use of [city] City water to fill or maintain the water level in any swimming pool, except that [city] City water may be used to fill municipally-operated swimming pools and other swimming pools open to the general public[, that are operated with recirculating equipment and are filled once during each calendar year, and thereafter may be used as necessary to maintain the water level in such pools open to the general public at a level no greater than that necessary to ensure continued operation of such recirculating equipment];

(i) The use, or the maintaining so as to be capable of use, of any shower head in any residential building or premises, or in any nonresidential building or premises, including any commercial or industrial building or premises, unless it flows at a maximum rate of 2.5 gallons of water per minute at a constant water pressure of eighty pounds per square inch].

(b) Reductions. Upon declaration by the Commissioner of a Stage II Water Shortage Emergency:

(1) Notwithstanding any provisions of § 21-10(a), nurseries may continue to use City water to water non-turf plants but must reduce their water use by at least 10% per month, as compared to the average meter reading data for the same month in the year immediately preceding the declaration of the Water Shortage Emergency;

(2) Notwithstanding any provisions of § 21-10(a), golf course tee boxes and greens, playgrounds, and athletic play fields may be irrigated using City water, provided that (i) all irrigation is done using hand-held hoses equipped with nozzle tips or in-line flow regulators, or water-conserving irrigation systems, and (ii) water use is reduced by at least 30% per month, as compared to the average meter reading data for the same month in the year immediately preceding the declaration of the Water Shortage Emergency; and

(3) Persons operating bottling plants, paper recycling facilities, or hotels in the City, any of which use an average of at least 100,000 gallons of City water per day, as calculated on an annual basis, must reduce water use at each such plant, facility, or hotel by at least 10% per month, as compared to the average meter reading data for the same month in the year immediately preceding the declaration of the Water Shortage Emergency; provided, however, that such person may instead reduce total water use by at least 10% per month, if such person demonstrates in writing to the Department that such reduction

equals or exceeds the sum of reducing water use at each such plant, facility, or hotel by at least 10% per month.

Subchapter D

Stage III

§ 21-11. Prohibitions and Reductions.

(a) Prohibitions. Upon declaration [of] by the Commissioner of a Stage III [Drought Emergency] Water Shortage Emergency, no person [or entity] shall cause, permit or allow:

(a) (1) The continuing of any [leak or] waste [from any water pipe, valve, faucet, conduit, equipment, facility or device connected to the city water system, or that utilizes city water,] of City water on or in any premises owned, used, leased, managed, operated or controlled by such person [or entity];

(b) (2) The use of [city] City water to wash any vehicle (including any aircraft, watercraft or land vehicle whether on- or off-road), provided that this provision shall not be construed to prohibit the reasonable use of [city] City water for washing [of] such vehicles where mandated by law or for health or safety purposes;

(c) (3) The use of [city] City water to spray, wash or wet any hard or paved surfaces, including, but not limited to, streets, sidewalks, driveways, outdoor areaways (including any recreational areas, whether at ground level or on a structure), parking areas or outdoor steps[. This; provided, however, that this provision[, however,] shall not be construed to prohibit the washing of such surfaces, particularly the exterior surface of a building, where such washing is required as part of repairs mandated by the Administrative Code or to protect the health and safety of the public, as determined by the Commissioner, [assuming] provided such use is consistent with [the provisions] any restrictions set forth in § 24-332 of the Administrative Code of the City of New York and § 20-08(a)(5) of Title 15 of the Rules of the City of New York] 20-08(a)(8) of this title;

(d) (4) The use of City water from any source for any ornamental or aesthetic purpose, including, but not limited to, use in fountains, [artificial] waterfalls, reflecting pools, lakes and ponds; provided that where City water is not used (e.g., private well water), a sign at least six inches in height by nine inches in width must be prominently posted at the location indicating that the water being used in such fountain, waterfall, reflecting pool, lake or pond is not City water;

(e) In accordance with the provisions set forth in § 20-08(a) (5) of Title 15 of the Rules of the City of New York, the (5) The use of [city] City water by means of a hose or other active source to water any turf or any [other] non-turf plants, except that, subject to any restrictions set forth in § 20-08(a)(6)(ii) and (iii):

(1) (i) newly seeded or newly sodded turf (excluding golf course fairways and roughs) or newly planted non-turf plants may be irrigated with [city] City water on the day of planting;

(2) (ii) if hand-held hoses equipped with nozzle tips or in-line [hose] flow regulators or water-conserving irrigation systems that effectively limit water output to a maximum flow rate of five gallons per minute at eighty pounds per square inch [or water conserving irrigation systems] are utilized, [city] City water may be used to water non-turf plants (except in nurseries) only in accordance with the schedule set forth in [subchapter B above] § 21-09(a)(5)(iii); and

(3) (iii) if a hand-held [containers] container using recycled water from a non-prohibited use or a water-conserving irrigation [systems] system using recycled water from a non-prohibited use with an acceptable irrigation controller is utilized, [city] City water may be used to water non-turf plants intended as food for human consumption for [any] one or both of the two two-hour periods on the appropriate day of the month as set forth in [Subchapter B above] § 21-09(a)(5) (iii), provided that, for water-conserving irrigation systems, these time periods are indicated on the signage mandated by § 21-07 [of these Rules];

(f) (6) The opening or use of any fire hydrant, or of the [city] City water therefrom, for any purpose other than fire protection, except in accordance with the terms and conditions set forth in a permit obtained from the Department[, in accordance with the provisions set forth in] pursuant to § 20-08(b) [of Title 15 of the Rules of the City of New York];

(g) (7) The serving of water from the [city] City water supply system to any patron of a restaurant, club, hotel, café, cafeteria or other public place where food is served or offered for sale, unless specifically requested by such patron;

(h) (8) The use of [city] City water to fill or maintain the water level in any swimming pool, except that [city] City water may be used to fill municipally-operated swimming pools and other swimming pools open to the general public[, that are operated with recirculating equipment and are filled once during each calendar year, and thereafter may be used as necessary to maintain the water level in such pools open to the general public at a level no greater than

that necessary to ensure continued operation of such recirculating equipment;[

(i) The use, or the maintaining so as to be capable of use, of any shower head in any residential building or premises, or in any nonresidential building or premises, including any commercial or industrial building or premises, unless it flows at a maximum rate of 2.5 gallons of water per minute at a constant water pressure of eighty pounds per square inch;

(j) or (9) The use of any [non air-cooled] air conditioning system utilizing water from the [city] City water supply system [unless the] to cool a room [dry-bulb temperature is not permitted to fall] below 79 degrees Fahrenheit, except that:

[(1) (i) this [subdivision (j)] subparagraph shall not apply [in] to health care facilities [or to buildings that use non-city water for cooling tower makeup water]; and

[(2) (ii) when essential for the continuous operation of electronic data processing equipment, the temperature in a room or floor occupied predominantly by such equipment may be maintained lower than 79 degrees Fahrenheit but at the highest temperature compatible with such continuous operation[. The], provided that the burden [or] of proof shall be upon the respondent in any administrative proceeding to show that the temperature maintained was the highest temperature compatible with continuous operation of such equipment, and respondent's proof must include documentation of the manufacturer's temperature control specification for such equipment.

(b) Reductions. Upon declaration by the Commissioner of a Stage III Water Shortage Emergency:

(1) Notwithstanding any provisions of § 21-11(a), nurseries may continue to use City water to water non-turf plants but must reduce their water use by at least 15% per month, as compared to the average meter reading data for the same month in the year immediately preceding the declaration of the Water Shortage Emergency;

(2) Notwithstanding any provisions of § 21-11(a), golf course tee boxes and greens, playgrounds, and athletic play fields may be irrigated with City water, provided that (i) all irrigation is done using hand-held hoses equipped with nozzle tips or in-line flow regulators, or water-conserving irrigation systems, and (ii) water use is reduced by at least 50% per month, as compared to the average meter reading data for the same month in the year immediately preceding the declaration of the Water Shortage Emergency; and

(3) Persons operating bottling plants, paper recycling facilities, or hotels in the City, any of which use an average of at least 100,000 gallons of City water per day, as calculated on an annual basis, must reduce water use at each such plant, facility, or hotel by at least 15% per month, as compared to the average meter reading data for the same month in the year immediately preceding the declaration of the Water Shortage Emergency; provided, however, that such person may instead reduce total water use by at least 15% per month, if such person demonstrates in writing to the Department that such reduction equals or exceeds the sum of reducing water use at each such plant, facility, or hotel by at least 15% per month.

§ 2. Section 32-01 of Title 15 of the Rules of the City of New York is amended by adding a new subdivision e-1 to read as follows:

(e-1) Adjudications of sanctions or other actions imposed pursuant to § 24-337 of the Administrative Code of the City of New York in accordance with the procedure set forth in subdivisions (b), (c) or (d) of § 21-03 of this title.

NOTE:

- (A), (B) and (C) Contract 4087216, item 8.3 replaced item 7.3 (Summer Version) effective November 1, 2021**
- As of February 9, 2018, the Bio-Diesel Blender Tax Credit was retroactively reinstated for calendar year 2017. Should the tax credit be further extended, contractors will resume deducting the tax credit as a separate line item on invoices.
- Federal excise taxes are imposed on taxable fuels, (i.e., gasoline, kerosene, and diesel), when removed from a taxable fuel terminal. This fuel excise tax does not include Leaking Underground Storage Tank (LUST) tax. LUST tax applies to motor fuels for both diesel and gasoline invoices. Going forward, LUST Tax will appear as an additional fee at the rate of \$0.001 per gallon and will be shown as a separate line item on your invoice.
- The National Oil Heat Research Alliance (NORA) has been extended until February 6, 2029. A related assessment of \$.002 per gallon has been added to the posted weekly fuel prices and will appear as a separate line item on invoices. This fee applies to heating oil only and since 2015 has included #4 heating oil. All other terms and conditions remain unchanged.
- Contract #4087216, effective June 1, 2020, replaces former items (1.2-17.2) on Contract #3987206

ENVIRONMENTAL PROTECTION

■ NOTICE

Determination and Findings of the Department of Environmental Protection Pursuant to Section 204 of the Eminent Domain Procedure Law

A public hearing was held on October 18, 2021, in accordance with provisions of Article 2 of the New York State Eminent Domain Procedure Law ("EDPL") in connection with the proposal of the City of New York to acquire property needed for the DEP Bluebelt Program to address flooding on Todd Hill Road and the areas surrounding its intersection with Willow Pond Road (the "Project"). The proposed acquisition is a vacant, privately-owned approximately 35,000 square foot lot, located at 69 Whitlock Avenue (Staten Island Block 908, Lot 16) (the "Proposed Acquisition"). The hearing provided an opportunity for the public to comment on the Proposed Acquisition.

As provided by section 202 of the EDPL, notices were mailed to all affected property owners and published in The City Record and the Staten Island Advance advising the public that a hearing would be held on October 18, 2021, and comments would be received concerning the public use, benefits, and purposes to be served by the Proposed Acquisition and other pertinent facts. The hearing notices also informed the public that they would be given a reasonable opportunity to comment on the Proposed Acquisition.

The October 18, 2021, hearing provided an opportunity for the public to comment on the Proposed Acquisition. At the hearing, a representative of the City presented information concerning the public use, benefits and purposes to be served by the Proposed Acquisition, the Project location, the reasons for the selection of that location and the associated acquisition, and the general effect of the Project on the environment and residents. The record of the hearing remained open for written comments until 5:00 P.M., November 1, 2021. The owner of Block 908, Lot 16, Mr. Hamim Syed, attended and spoke at the hearing, and his statement is included in the record. No other attendees provided comments, and no written comments were received after the hearing. The City made available for public inspection copies of the

hearing transcript and the exhibits introduced at the hearing, such as the notice of public hearing, affidavits of service and publication of the notice, map of the Proposed Acquisition, the authority upon which the Proposed Acquisition is based, and the Notice of Completion of Final Environmental Impact Statement and Technical Memorandum.

Pursuant to 204(B) of the EDPL, and having given due consideration to the complete hearing record, which includes all documents submitted, the City by and acting through its Department of Environmental Protection (“DEP”) makes the following Determination and Findings with respect to the Proposed Acquisition for the DEP Bluebelt Program.

1. The public use, benefit, and purpose to be served by the proposed Project [EDPL §204(B)(1)]

The DEP Bluebelt Program is a multi-purpose program that provides comprehensive stormwater management and reduces chronic street and property flooding while preserving and enhancing wetlands. Bluebelts are engineered hydraulic systems situated at the nexus of the sewer pipes and the natural environment. The Proposed Acquisition furthers the purpose of the DEP Bluebelt Program by enabling the construction of a stormwater drainage feature known as a Best Management Practice (BMP) designed to calm stormwater flow and runoff from existing and new stormwater sewers along Todt Hill Road and Whitlock Avenue and slowly discharge it into Moravian Brook on an adjacent property owned by the State of New York and leased to the Richmond County Club. The BMP to be constructed within the Proposed Acquisition will provide extended water detention, which in turn will better alleviate flooding on Todt Hill Road. This BMP in this location will also allow DEP to construct new sewers to address flooding in the upstream neighborhoods and on Todt Hill Road without exacerbating flooding and erosion in downstream neighborhoods.

2. The approximate location for the proposed public Project and the reasons for the selection of that location [EDPL 204§(B)(2)]

To preserve storage capacity and maintain existing natural systems, DEP has already acquired numerous properties in Staten Island as part of the DEP Bluebelt Program in the Mid-Island Watersheds. The Proposed Acquisition, Staten Island Block 908, Lot 16, is within the Mid-Island Watershed. The drainage plan developed in the Final Environmental Generic Impact Statement and Drainage Plan supporting the acquisition of the Mid-Island Watershed properties (FGEIS) separated the stormwater systems along Todt Hill Road into upper and lower portions which would discharge to separate BMPs, designated NC-4 (upper) and NC-5 (lower). The Project would build the NC-4 BMP serving the uppermost portion of the stormwater system. An assessment by New York City’s Department of Design and Construction in 2017, found that building out the storm sewer system in two phases was substantially less expensive than by-passing the originally proposed NC-4 BMP and constructing a single system to NC-5 due to the progressively larger volumes that must be handled by a single system.

As part of the Project, DEP selected Block 908, Lot 16 in order to construct a 0.8 acre BMP, which will be able to manage the anticipated stormwater volumes in its 103-acre contributing area. This will allow the BMP to provide an extended detention function, which in turn will better alleviate flooding on Todt Hill Road while protecting Moravian Brook from storm surges.

The Proposed Acquisition was approved by the City Planning Commission through the City’s Uniform Land Use Review Procedure on September 11, 2019 (Cal. No. 17).

3. The general effect of the proposed Project on the environment and residents of the locality [EDPL 204§(B)(3)]

DEP prepared the FGEIS for the Mid-Island Watersheds, which was published on November 4, 2013. In the FGEIS, DEP, acting as lead agency, and in accordance with the requirements of the New York City Environmental Quality Review (CEQR), as set forth in Executive Order 91 of 1977, and its amendments, and Article 8 of the New York Environmental Conservation Law, analyzed the potential for environmental impacts related to the design, construction, and operations of the Staten Island Bluebelt Drainage Plans for the Mid-Island watersheds.

The FGEIS concluded that as a whole the acquisitions for the Bluebelt Program had potential significant adverse impacts in three natural resources areas: vegetation and trees, rare threatened and endangered species, and wetlands. DEP examined mitigation measures to reduce these potential significant adverse impacts where feasible or practical. However, for the specific Proposed Acquisition, the only identified environmental impact is the loss of 0.17 acres of forested wetland, which DEP is required to mitigate. To mitigate the loss of this and other forested wetlands impacted by the Bluebelt Program, DEP developed a forested wetland mitigation plan, which will result in wetland creation or enhancement in other areas of Staten Island.

The primary effect of the Proposed Acquisition on residents in the area is to provide new storm sewer services in an area that is currently without and thereby alleviate flooding problems that have chronically plagued this neighborhood. The Bluebelt Program has several projects which have converted private lots to public stormwater infrastructure, and the establishment of permanent open space has often increased the quality of life of the community.

4. Other relevant factors [EDPL 204§(B)(4)]

Mr. Hamim Syed, the owner of Staten Island Block 908, Lot 16, attended the October 18, 2021, Public Hearing and made a statement for the record that he had given the City an easement on the property approximately ten years ago and questioned the need for the Proposed Acquisition. No other attendees made a statement for the record, and no written comments were received by DEP by the closing date of 5:00 P.M., November 1, 2021.

Mr. Syed’s comments have been given due consideration.

Determination

Based on due consideration of the record and the foregoing findings, it is determined that the City may exercise its power of eminent domain to acquire Staten Island Block 908, Lot 16 for the purpose of providing stormwater management to the area.

Copies of this Determination and Findings by the City are available and will be forwarded without cost and, upon request, by writing or emailing:
