The continuation of this contract is critical to keep providing General Construction Work under a series of small to medium size construction projects for the following DEP facilities: Bowery Bay WWTP, Owls Head WWTP, Red Hook WWTP, 37th Avenue PS, and Sapphire Street PS. In addition to large capital construction projects, there is an

ongoing need to accomplish smaller, straightforward construction projects at its facilities through these JOC contracts. Without these JOCs, for each such project, DEP must prepare complete contract documents and execute the required steps through the competitive bid process. Procuring the construction through this traditional design-bid-build process takes considerable time. Many of the projects are essential to maintain the operation of BWT facilities. The work will incorporate adaptation strategies aimed at making the sites more resilient in extreme weather conditions. As part of its commitment to planning for climate change and the impacts of extreme weather, DEP established its Wastewater Resiliency Program (the Program) targeted at hardening WWTPs, selected Pumping Stations and other facilities across the City.

DOE HOSPITAL EXPANSION - Negotiated Acquisition - Other - PIN# 00222N0033 - Due 6-3-22 at 3:45 A.M.

The CV Hospital Component adds a violence interruption and mediation service, to existing injury prevention programming and youth development activities that are offered by the hospital. Hospitals identify victims of violence and reach out to CV programs to respond to violent incidents.

(a) the current health emergency and the current gun violence epidemic create an urgent need to streamline procurement of contracts to support work within three of the City's trauma centers that rank the highest for gunshot injuries; (b) as part of the administration's plan to address the significant and drastic increase in gun violence across multiple neighborhoods in New York City, the Mayor announced the expansion of the Hospital Responder Program (or CMS), for an immediate response and intervention to interrupt the cycle of violence that impacts communities which requires a more rapid implementation than standard contractual timelines permit; and (c) there is a limited number of vendors in these higher gun violence impacted communities.

Statement of Basis and Purpose of Proposed Rule

The Commissioner of the New York City Department of Transportation (DOT) is authorized to promulgate rules regarding highway operations in the City pursuant to Section 2903(b) of the City Charter. The rules that DOT is seeking to amend are contained within Chapters 2 and 3 of Title 34 of the Rules of the City of New York, relating to its "Highway Rules" and "Penalty Schedule" respectively.

The purpose of the proposed rule is to update sections 2-02, 2-09, 2-11, 2-14, 2-20 of the Highway Rules to clarify existing requirements and to establish various new inspection requirements. Additionally, pursuant to Local Law 5 of 2018, the maximum civil penalty amounts relating to street construction, maintenance, repairs, obstructions and closures were increased significantly, particularly where public safety is involved. Accordingly, DOT is seeking to increase certain penalty amounts and establish new penalty amounts for violations adjudicated at the Office of Administrative Trials and Hearings. The increased and newly established penalties are expected to increase compliance with DOT's rules and thereby promote public safety in the street construction and maintenance process.

More specifically, the following changes are being proposed:

- Section 2-02(a) would be amended to clarify that public utility companies and franchisees must obtain permits using their own corporate names instead of their sub-contractors' names.
- Section 2-02(c)(2)(i) would be amended to clarify that signage is required at a single excavation and not only at series of excavations
- Section 2-02(c) would be amended to add a new paragraph (4), requiring that permittees add their identification numbers to any temporary construction, parking, raised plow or other regulatory signs.
- Section 2-02(d) would be amended to require entities to obtain permits as noted on corrective action requests ("CAR"), to respond to a CAR in a timely manner in order to avoid receiving a summons for failure to protest, and to remove language that a new permit is not required if restoration work does not entail an additional excavation or re-grading of hardware.
- Section 2-02(g) would be amended to require underground facility owners to be responsible for any surface defects caused by their facility underneath the roadway.
- Section 2-09(f)(4) would be amended by adding a requirement for removing all wood forms and/or tree guards prior to the expiration of the permit.
- Section 2-11(e)(10)(i) would be amended by allowing composite plates to be used to cover open restorations or excavations.

- Section 2-14(f)(6) would be amended by adding the requirement that protection placed beneath the wheels of a refuse container must remain in place for the entire time such container is placed on the roadway in order to protect the street from damage.
- Section 2-14(f)(8) would be amended to require bike lanes to be kept clean and unobstructed of debris and garbage.
- Section 2-20(b)(7) would be amended by clarifying that all barricades must bear a sign in accordance with section 2-02(c)(2).
- Section 2-20(j)(4) would be amended to clarify that non-City electrical and/or non-electrical equipment located on or extending over a City street must be made safe within the time frame prescribed by DOT.
- Section 3-01 of Chapter 3 of Title 34 of the Rules of the City of New York would be amended to increase penalty amounts for certain violations and establish penalty amounts for new violations.

The City selected these locations based on a need to provide for increased drainage, improve vehicular and pedestrian safety and overall for the reconstruction of the streets in the Rosedale neighborhood. There are no proposed alternative locations.

An environmental assessment statement of the proposed property acquisition location was conducted in accordance with the requirements of the State Environmental Quality Review Act (SEQRA) and the New York City Environmental Quality Review process. New York City Department of Transportation (DOT), as lead agency, determined that the proposed Project would have no potential significant adverse impact on the environment, and issued a Negative Declaration (CEQR No. 12DOT001Q) on February 7, 2012. A technical memorandum issued on August 10, 2020 by DOT evaluated proposed modifications to the Project. The proposed modifications included (1)

adding 259th Street from 149th Road to Craft Avenue, a street that does not have to be acquired by the City, to the project area to address drainage improvements proposed by the City's Department of Environmental Protection; and (2) updating the Schematic Geometric Design to include new intersection design and lane configurations, modification to traffic control, signal design and bus stops. The technical memorandum concluded that these modifications would not have any new or additional impact on environmental conditions, or change the overall findings leading to the issuance of the 2012 Negative Declaration.

Comments were received both during and subsequent to the public hearing. These comments related to (a) the extent and impacts of the acquisition; (b) the extent and impacts of construction on the acquired properties and the Rosedale neighborhood; (c) timing of construction; (d) methods and timing of communication about the hearing and the condemnation process (e) concerns about the Project's benefit to the property owners including the impact on truck traffic in the neighborhood; and (f) compensation for the acquired properties. READER'S GUIDE

The City Record (CR) is published each business day. The Procurement section of the City Record is comprised of notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Notice of solicitations and other notices for most procurement methods valued at or above \$100,000 for goods, services, and construction must be published once in the City Record, among other requirements. Other procurement methods authorized by law, such as sole source procurements, require notice in the City Record for five consecutive editions. Unless otherwise specified, the agencies and offices listed are open for business Monday through Friday from 9:00 A.M. to 5:00 P.M., except on legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptroller's Office at www.comptroller.nyc.gov, and click on Prevailing Wage Schedules to view rates.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION-RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately \$17 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. Registration for these lists is free of charge. To register for these lists, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application, which can be found online at www.nyc.gov/selltonyc. To request a paper copy of the application, or if you are uncertain whether you have already submitted an application, call the Vendor Enrollment Center at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services at 110 William Street, New York, NY 10038. Sessions are convened on the second Tuesday of each month from 10:00 A.M. to 12:00 P.M. For more information, and to register, call (212) 618-8845 or visit www.nyc.gov/html/sbs/nycbiz and click on Summary of Services, followed by Selling to Government.

PRE-QUALIFIED LISTS

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstances. When an agency decides to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the CR. Information and qualification questionnaires for inclusion on such lists may be obtained directly from the Agency Chief Contracting Officer at each agency (see Vendor Information Manual). A completed qualification questionnaire may be submitted to an Agency Chief Contracting Officer at any time, unless otherwise indicated, and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings (OATH). Section 3-10 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists. For information regarding specific pre-qualified lists, please visit www.nyc.gov/selltonyc.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board Rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, and the Housing Authority. Join the growing number of Minority and Women-Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about this program, contact the Department of Small Business Services at (212) 513-6311 or visit www.nyc.gov/sbs and click on M/WBE Certification and Access.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City pays interest on all late invoices. However, there are certain types of payments that are not eligible for interest; these are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year: in January and in July.

HOW TO READ CR PROCUREMENT NOTICES

Procurement notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section.

At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified unless a different one is given in the individual notice. In that event, the directions in the individual notice should be followed.

The following is a SAMPLE notice and an explanation of the notice format used by the CR.
