HHS ACCELERATOR PREQUALIFICATION

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York (“PPB Rules”), vendors must first complete and submit an electronic HHS Accelerator Prequalification Application using the City’s PASSPort system. The PASSPort system is a web-based system maintained by the City of New York for use by its Mayoral Agencies to manage procurement. Important business information collected in the Prequalification Application is required every three years. Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete. Prequalification applications will be reviewed to validate compliance with corporate filings and organizational capacity. Approved organizations will be eligible to compete and would submit electronic proposals through the PASSPort system. The PASSPort Public Portal, which lists all RFPs, including HHS RFPs that require HHS Accelerator Prequalification, may be viewed, at https://passport.cityofnewyork.us/page.aspx/en/rfp/request_browse_public. All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding. For additional information about HHS Accelerator Prequalification and PASSPort, including background materials, user guides and video tutorials, please visit <https://www1.nyc.gov/site/mocs/systems/about-go-to-passport.page>.

CORRECTION

■ INTENT TO AWARD

07222Y0073-07222Y0073 - AUTOMATED VICTIM NOTIFICATION EVERYDAY SERVICES (VINE) - Request for Information - PIN#07222Y0073 - Due 7-15-22 at 2:00 P.M.

Pursuant to Section 3-05 of the NYC Procurement Policy Board Rules, it is the intent of The New York City Department of Correction to enter into a Sole Source negotiation, with APPRISS INSIGHTS, with offices located, at 9901 Linn Station, Suite 200, Louisville, KY 40223, for the Automated Victim Notification Everyday Services (VINE). The New York City Department of Correction (DOC), is legally required, to provide a victim notification service to advise the public of certain information related to defendants in criminal court cases. Victim Information and Notification Everyday or "VINE" was enacted by the state Legislature in 1998 as part of Jenna's Law, which ended discretionary parole for first-time violent felony offenders. The contract shall maintain the VINE system in full operational order through the term of the agreement.

The City of New York has established a free 24-hour hotline service that provides information about the custody status of caller-specified inmates in New York City Department of Correction jails and initiates automated notifications to registered callers about the release of those inmates. VINE was created to give crime victims easier access to important custody information about whether a particular inmate is still incarcerated.

VINE monitors only New York City Department of Correction (DOC) inmates, not those held in police lockups, federal detention facilities, state prisons, or juvenile detention centers. Defendants 16 years and older are committed by courts to DOC custody, at arraignment, if unable to make bail or if remanded without opportunity for bail.

What Does VINE Do?

- Confirms if an inmate is in custody.
- Allows the caller to register to receive an automated telephone alert if the inmate is released or transferred from DOC custody.
- Initiates the telephone notification, to the registered called that the inmate has been released or transferred from DOC custody.

Any vendor besides APPRISS INSIGHTS that believe it can provide the above referenced services, may express interest responding, to the RFI E-PIN 07222Y0073 in PASSPort.

Statement of Basis and Purpose of Proposed Rules

On October 10, 2021 Local Law 108 of 2021 (the "law") went into effect. The law amends Administrative Code § 6-141 to require that large vehicles in the City Fleet and in City contracted vehicles be equipped with safety enhancing side guards by January 1, 2023, and the law establishes progressive requirements regarding the installation of such side guards.

Administrative Code § 6-141(c) authorizes DCAS to "promulgate any rules necessary to administer the provision [] of this section, including but not limited to rules establishing side guard specifications that depart from the default specifications... when such departure is deemed necessary by the department, as well as rules governing when the installation of side guards on certain city vehicles or city contracted vehicles is impractical or will disrupt provision of public safety or public health services and will not be required."

The purpose of these Rules includes the following goals:

- To reduce and/or eliminate deaths and serious injuries resulting from traffic crashes caused by large vehicles used by the City Fleet and City contractors and subcontractors while performing work for the City;
- To enhance the City's "Vision Zero" initiative to prioritize human life and the safety of our streets by reducing traffic crashes that cause death and serious injury, through an equitable distribution of resources and community engagement; and
- To require City contractors and their subcontractors install side guards on vehicles used in the performance City contracts.

DCAS's authority for these rules is found City Charter §§ 811 and 1043 of the New York City Charter and Administrative Code § 6-141(c)(1).

New material is underlined.

Section 1. Title 55 of the Rules of the City of New York is amended by adding a new Chapter 15, to read as follows:

- (b) Contractors (including on behalf of any of its Subcontractors using Large Vehicles in the performance of the Contract) may also submit requests for an exemption from the timeframes of the installation schedule set forth in §15-03 of this chapter based on a claim of undue financial hardship. However, Contractors will have the opportunity to account for and factor in the costs for Side Guards as part of the bid pricing they submit for a Contract as part of Contract pricing structures. An exemption request based on financial hardship must satisfactorily explain why the financial hardship has remained despite the opportunity for the Contractor to account for the costs in its bid prices.
- (c) Exemptions may be available if one or more of the following circumstances exist and there is sufficient evidence or proof provided with respect to such circumstances:
- (1) Supply chain disruption;
 - (2) Delays in the commencement of work or payments which are not caused by the fault of the Contractor;
 - (3) If removing the vehicle from service would have a material effect on the contractor's ability to perform work under the Contract;
 - (4) Natural or man-made emergencies. For purposes of this paragraph, "natural or man-made emergencies" means acts or events beyond the control and without any fault or negligence of the Contractor. Such events may include, but are not limited to, pandemic, fire, flood, earthquake, storm or other natural disaster, civil commotion, war, terrorism, riot, and labor disputes not brought about by any act or omission of the Contractor; or
 - (5) Any other circumstance, whether or not anticipated or found to be usual or typical, which is accompanied by supporting information provided pursuant to paragraph (d) of this subdivision.
- (d) The application for an exemption must include all of the following information and statements, to be verified in an affidavit accompanying the application:
- (1) A list of all Large Vehicles that the applicant owns, leases or otherwise controls to conduct the applicant's business; and
 - (2) A statement, accompanied by supporting documents, and if applicable, financial statements, that retrofitting the applicant's Large Vehicles in order to comply with these rules is impractical; or would disrupt provision of public safety or public health services; or would cause the applicant to suffer an undue financial hardship.
- (e) The Chief Fleet Management Officer will evaluate an exemption request and make a determination within 90 days of receipt whether to approve or deny such request.
- (f) An annual exemption granted pursuant to this section will expire one year from the date it has been granted, except for exemptions granted pursuant to § 15-02(b)(2). Exemptions

granted pursuant to such paragraph will remain applicable as long as the specific vehicle(s) are in operation by the Agency or, as to a Contractor or Subcontractor, the life of the Contract with the City.

- (g) The Chief Fleet Management Officer may renew an exemption for additional one-year periods in the event that the Agency, a Contractor or a Subcontractor submits a written statement verified by affidavit that such Agency, a Contractor or a Subcontractor continues to be eligible for the exemption. The Chief Fleet Management Officer retains the discretion to reject an exemption request if, based on such Officer's determination, circumstances have changed that would obviate the basis for such previously granted exemption. Applications to renew an exemption must be submitted using the form available on DCAS' website.
- (h) The Chief Fleet Management Officer shall have the sole authority to grant a exemption of the requirements set forth in these Rules.
- (i) **Appeals**

- (1) If the Chief Fleet Management Officer denies the request for exemption and/or extension of exemptions from the requirements of these rules, the Contractor or Subcontractor may appeal in writing to the Commissioner or their designee within 30 days of receipt of the Chief Fleet Management Officer's determination, on a form available on DCAS' website. Receipt of notice by the Contractor or Subcontractor shall be deemed to be no later than five (5) days from the date of mailing or upon delivery, if delivered. Filing of the appeal shall be accomplished by actual delivery of the appeal document to the Commissioner or their designee.
- (2) The written appeal by the Contractor must briefly state all the facts or other bases upon which the Contractor contests the Chief Fleet Management Officer's determination, and must include supporting documentation.
- (3) The Commissioner or their designee will consider the merits of the Contractor's appeal and provide a written decision no later than 90 days after receipt of such appeal.

§ 15-05 Violations

- (a) A Contractor may be assessed up to \$4,000.00 for each City Contracted Vehicle, including those vehicles used on behalf of the Contractor by its Subcontractor(s), that are found to be out of compliance with the requirements of these Rules.
- (b) In addition to other remedies provided by law or specified in the Contract, any person who knowingly makes a false statement of material fact to any City Agency with respect to the financial condition of the Contractor submitted in connection with a request for an exemption from compliance with these Rules may be fined not less than \$100.00 nor more than \$1,000.00 for each such false statement and the person on whose behalf such false, deceptive or fraudulent representation was made, shall thenceforth be disqualified from bidding on any contracts for the City.
- (c) For purposes of this section, a person knowingly makes a false statement of material fact when such statements regarding the Contractor's financial condition fail to comply with the standards set forth in Administrative Code § 6-112.
- (d) A Contractor shall be responsible and liable for the actions or omissions of its subcontractor(s), and for any assessments imposed upon such subcontractor(s) pursuant to these Rules.

§ 15-06 Vehicles Regulated by the Business Integrity Commission (BIC)

In the event that a City Contracted Vehicle is also a vehicle licensed or regulated by the New York City Business Integrity Commission (BIC), any laws or rules applicable to or promulgated by BIC will govern with respect to Side Guard matters addressed by these rules.

■ NOTICE

CAPA REGULATORY AGENDA FY 2023

Pursuant to section 1042 of the Charter, the New York City Department of Transportation (DOT) sets forth below its regulatory agenda for the City's fiscal year of 2023:

DIVISION OF TRANSPORTATION PLANNING AND MANAGEMENT

1. SUBJECT: Open Streets

- A. **Anticipated contents:** Amend the Traffic Rules to update the provisions relating to restricted and limited use streets, including adding the concept of Open Streets and shared streets.
- B. **Reason:** DOT implemented a temporary Open Streets program and this rule would establish a permanent Open Streets program to conform with Local Law 55 of 2021.
- C. **Objectives:** To define the design, use and regulation of an Open Street, including a shared street.
- D. **Legal basis for the proposed rule:** Section 2903(a) of the New York City Charter.
- E. **Other relevant law:** None.

F. **Types of individuals and entities likely to be affected:** General public.

G. **Approximate schedule:** First Quarter of FY23.

Agency Contact: Emily Weidenhof
(212) 839-4325

2. SUBJECT: Extended Painted Sidewalk

- A. **Anticipated contents:** Amend various sections of the Traffic Rules, including but not limited to:
 - In Section 4-01, add a new definition for "extended painted sidewalk" as a closed area marked by a double solid line or bound by a double solid line and the curb that is only intended to provide additional sidewalk, median, or refuge space for pedestrians.
 - In Section 4-04, clarify that "extended painted sidewalk" must be treated as sidewalk for the purposes of traffic operations and not as the "roadway", i.e. pedestrians have the right of way to enter and stand in them at all times, etc., and provide any special rules or restrictions as to activities conducted there within.
 - In Section 4-07, clarify that no vehicle is to cross a double solid line (double solid already defined in MUTCD 3B.04.30, but ambiguously defined as a lane line, i.e. between travel lanes, not explicitly at the edge of the roadway).
 - In Section 4-08(e), clarify that no vehicle shall be parked/standing/stopping in an "extended painted sidewalk", since they are considered sidewalk.

B. **Reason:** To provide a clear definition of term "extended painted sidewalk" and to define the prohibited activities within them.

C. **Objectives:** To prevent any operation of a vehicle, including parking, standing, and stopping, in areas marked by a double solid line or bound by a double solid line and the curb or edge of traveled way that is intended to provide additional sidewalk, median, or refuge space and to empower enforcement activities against such operations.

D. **Legal basis:** Section 2903(a) of the New York City Charter.

E. **Other relevant laws:** Federal Manual on Uniform Traffic Control Devices section 3B.04.30

F. **Types of individuals and entities likely to be affected:** General public.

G. **Approximate schedule:** Third Quarter of FY23.

Agency Contact: Roger Weld
(646) 892-1040

3. SUBJECT: Loading Zones

A. **Anticipated contents:** Amend the Traffic Rules to include a dedicated use "Loading Only" sign and clarify that no person shall stand or park a vehicle in a "loading zone" except temporarily for the purpose of and while expeditiously receiving or discharging passengers or loading or unloading property to or from the curb, as well as conducting residential or commercial deliveries.

B. **Reason:** The Freight Unit is in the process of enhancing various programs essential to meet growing loading needs at the curb. For example, the current Neighborhood Loading Zone toolkit requires two signs to communicate what types of activities are allowed in the zone ('No Parking' signage accompanied by a pedestrian level signage). However, research findings have revealed that this two-sign system requires enhancement to effectively convey what activities are allowed, and thereby minimize non-compliance. The rule will be considered for use for other programs requiring loading spaces to be designated by the curb.

C. **Objectives:** This proposed rule will provide a clear, consistent, and flexible loading zone regulation providing a broader application and use in DOT's toolbox, replacing a restrictive parking regulation with a positive loading regulation. Provide clear indication of the purpose of expeditious pick-up and drop-off of goods and passengers from commercial vehicle, for-hire vehicles and personal vehicles using dedicated use signage and curb regulation (e.g. car share).

D. **Legal basis for the proposed rule:** Section 2903(a) of the New York City Charter.

E. **Other relevant laws:** None

F. **Types of individuals and entities likely to be affected:** Commercial vehicle drivers, Taxi/For-hire vehicle drivers and all other licensed drivers of personal vehicles.

G. Approximate schedule for adopting the proposed rule: First Quarter of FY23

4. SUBJECT: Unmarked Crosswalks and Uncontrolled T-intersections

- A. Anticipated contents: Amend Section 4-01(b) of the Traffic Rules to add crossings at T-intersections to the “unmarked crosswalk” definition and amend Section 4-08(f)(7) to prohibit vehicles from blocking pedestrian crossing points at those intersections.
- B. Reason: Currently, it is illegal for pedestrians to cross at T-intersections without marked crosswalks and it is legal for vehicles to park alongside pedestrian ramps at such intersections. These regulations limit accessibility. Also, parked cars block pedestrian ramps that DOT is required to install to comply with ADA requirements, making them unusable for people with disabilities.
- C. Objectives: Prohibit vehicles from blocking pedestrian crossing points at T-intersections and enhance safety and accessibility for pedestrians.
- D. Legal basis: Section 2903(a) of the New York City Charter.
- E. Other relevant laws: American for Disabilities Act and NYS Vehicle and Traffic Law
- F. Types of individuals and entities likely to be affected: Pedestrians and people with disabilities. Motor vehicle operators.
- G. Approximate schedule for adopting the proposed rule: First Quarter of FY23

Agency Contact: Eli Ferrari
212-748-6691

5. SUBJECT: Definition of Commercial Vehicles

- A. Anticipated contents: Amend Section 4-01 of the Traffic Rules to clarify commercial vehicle types by defining their function on NYC streets.
- B. Reason: For the purposes of parking, standing and stopping rules, the current definition of commercial vehicle is too broad and includes ice cream trucks, service vehicles/vans, trucks, which impacts time at the curb.
- C. Objectives: A clearer definition would help with enforcement as well as provide clarity for the industry with regards to restrictions of travel on parkways and general compliance with truck routes.
- D. Legal basis: Section 2903(a) of the New York City Charter.
- E. Other relevant laws: None
- F. Types of individuals and entities likely to be affected: All commercial vehicle operators and trucks.
- G. Approximate schedule for adopting the proposed rule: Third Quarter of FY23

Agency Contact: Diniece Mendes
212-839- 7704

6. SUBJECT: Commercial Cargo Bikes

- A. Anticipated contents: Amend various Sections of the Traffic Rules:
 - Add a new definition for “cargo bicycle” to Section 4-01 to clarify the definition of “bicycle” to be inclusive of cargo bicycles, and electric cargo bicycle configurations.
 - Amend Section 4-12 to detail the permitting process for businesses looking to operate cargo bikes for commercial purposes, the rules which apply to the operation of all cargo bicycles in addition to the rules applying to all bicycles. Create a provision for a ‘Cargo Bike Loading Only’ curb regulation.
 - Amend Section 4-12(p)(4) to include cargo bicycles used for commercial purposes.
 - Amend Section 4-08 (k)(8) detailing parking, stopping, and standing rules for commercial cargo bicycles.
- B. Reason: To formalize commercial cargo bike rules and permitting, building off of the successes of the pilot program.
- C. Objectives of the proposed rule: To provide rules governing the operation and parking of commercial cargo bikes on NYC streets, and to create a permitting process for business using cargo bikes

D. Legal basis for the proposed rule: Section 2903(a) of the New York City Charter.

E. Other relevant laws and rules: NYS Vehicle and Traffic Law Sections 102-c and 1242

F. Types of individuals and entities likely to be affected: Businesses that own and operate cargo bicycle fleets for commercial purposes and general public

G. Approximate schedule for adopting the proposed rule: First Quarter FY23

Agency Contact: Eugenia Tang
212-839- 4162

7. SUBJECT: Update Truck Width Limits

- A. Anticipated contents: Amend Section 4-15(b) of the Traffic Rules to reflect changes in the trucking industry including truck safety features.
- B. Reason: To update the truck width limit from 96 inches to the standard width of 102 inches and to require safety features on trucks.
- C. Objectives: To provide consistency with current truck industry width standards and to require safety features on trucks.
- D. Legal basis: Section 2903(a) of the New York City Charter.
- E. Other relevant laws: NYS Vehicle and Traffic Law Section 385 and federal statutes.
- F. Types of individuals and entities likely to be affected: Truck industry and general public.
- G. Approximate schedule: Second Quarter of FY23.

Agency Contact: Diniece Mendes
(212) 839-7704

8. SUBJECT: Cyclists Allowed to Follow Pedestrian Control Signals

- A. Anticipated contents: Amend Section 4-12(p) of the Traffic Rules allowing cyclists to follow pedestrian control signals when crossing an intersection, except where otherwise indicated by traffic control devices, and provided that the cyclist yields to pedestrians in the crosswalk.
- B. Reason: Formalizing existing behavior where cyclists are following pedestrian signals that provide a safe crossing ahead of turning drivers. In 2018, DOT conducted a seven-month pilot program to allow cyclists to follow the pedestrian signal at 50 designated intersections. The vast majority of the crashes occurring at these intersections during the study period were unrelated to the use of the pedestrian signal by cyclists. Based on the experience of this pilot program, allowing bicyclists to also benefit from head start provided by pedestrian signal will enhance safety for bicyclists and reduce stressful interactions at intersections without increasing the burden to any pedestrian.
- C. Objectives: To provide consistency between the NYC Administrative Code and the Traffic Rules.
- D. Legal basis: Section 2903(a) of the New York City Charter.
- E. Other relevant laws: Section 19-195.1 of the NYC Administrative Code (Local Law 154 of 2019).
- F. Types of individuals and entities likely to be affected: Cyclists and general public.
- G. Approximate schedule: Second Quarter of FY23.

Agency Contact: Carl Sundstrom
(212) 839-7222

9. SUBJECT: Cyclists Allowed to Turn on Red Signal Indication

- A. Anticipated contents: Amend Section 4-12(p) of the Traffic Rules so that a cyclist must stop their bicycle first and yield to pedestrians in the crosswalk and, if merging into a travel lane, yield to oncoming traffic on the intersecting street before being allowed to turn onto an intersecting street during a steady red traffic control indication, except where otherwise indicated by traffic control devices. Under this proposed rule a cyclist may not turn across opposing lanes of traffic.
- B. Reason: Formalizing existing behavior and providing cyclists an opportunity to turn ahead of turning traffic allowing them to avoid the blind spot of turning vehicles and the “hook” type of crash, one of the most common threats to cyclists at intersections.

- C. Objectives: To allow safe cycling behaviors by allowing an action that makes cycling safer by moving cyclists away from turning vehicles.
- D. Legal basis: Section 2903(a) of the New York City Charter.
- E. Other relevant laws: NYS Vehicle and Traffic Law Section 1111.
- F. Types of individuals and entities likely to be affected: Cyclists and general public.
- G. Approximate schedule: Fourth Quarter of FY23.

Agency Contact: Carl Sundstrom
(212) 839-7222

10. SUBJECT: Cyclists Allowed to Proceed Through Red Signal Indication or Stop Sign at "Top of the T" Locations

- A. Anticipated contents: Amend Section 4-12(p) of the Traffic Rules so that a cyclist must stop their bicycle first and yield to pedestrians in the crosswalk before being allowed to proceed through red signal indication or Stop sign at "top of the T" locations, except where otherwise indicated by traffic control devices. A "top of the T" location is a location at an intersection that does not have an intersecting street.
- B. Reason: Formalizing existing behavior where there is no history of crashes.
- C. Objectives: To allow safe cycling behaviors by allowing an action that makes cycling more appealing.
- D. Legal basis: Section 2903(a) of the New York City Charter.
- E. Other relevant laws: None.
- F. Types of individuals and entities likely to be affected: Cyclists and general public.
- G. Approximate schedule: Fourth Quarter of FY23.

Agency Contact: Carl Sundstrom

DIVISION OF SIDEWALK MANAGEMENT AND INSPECTION

11. SUBJECT: Repair of Damaged Roadway Unrelated to Construction Restoration

- A. Anticipated contents: Amend Section 2-07(b) of the Highway Rules requiring DOT permittees who damage the roadway unrelated to roadway construction to repair the damage they have caused.
- B. Reason: The Highway Rules do not currently include a provision requiring DOT permittees to repair defective conditions that do not fall within a restoration or 12 inches of hardware.
- C. Objectives: To establish a new rule that would require permittees to properly repair and maintain roadway defects they cause.
- D. Legal basis: Section 2903(b) of the New York City Charter.
- E. Other relevant laws: None.
- F. Types of individuals and entities likely to be affected: Utility companies, DOT permittees.
- G. Approximate schedule: Fourth Quarter of FY23.

Agency Contact: Joseph T. Yacca
(212) 839-8856

12. SUBJECT: Update Accessibility Requirements

- A. Anticipated contents: Amend the Highway Rules to establish a specific accessibility section addressing accessibility in its entirety, including but not limited to requiring that all work performed in the right-of-way must comply with the latest versions of the Highway Rules Standard Specifications, Standard Details of Construction, and the Americans with Disabilities Act of 1990 (ADA).
- B. Reason: DOT is enhancing its accessibility program, including its pedestrian ramp program and as a result the Highway Rules must be updated to reflect existing accessibility requirements.
- C. Objectives: To combine and update all accessibility requirements into one cohesive and comprehensive section of the Highway Rules so that work being performed in the public right-of-way is compliant with DOT guidelines, operations and procedures.
- D. Legal basis: Section 2903(b) of the New York City Charter.

- E. Other relevant laws: Americans with Disabilities Act of 1990 (ADA), Rehabilitation Act of 1973, ADA Accessibility Guidelines for Buildings and Facilities adopted in 2010 by the US Department of Justice.
- F. Types of individuals and entities likely to be affected: Utility companies, DOT permittees, contractors, developers, governmental entities conducting work in the public right-of-way.
- G. Approximate schedule: Third Quarter of FY23.

Agency Contact: Rosa Rijos

**DIVISION OF LEGAL AFFAIRS--
OFFICE OF CITYSCAPE AND FRANCHISES**

13. SUBJECT: Vault Program

- A. Anticipated contents: Amend Section 2-13 of the Highway Rules to broaden the circumstances in which vault licenses are issued and to clarify appropriate vault uses; require the submission of a vault license in conjunction with any request for a permit to do any work on a vault; and provide for vaults to be categorized as encroachments when DOT requires the vault to be removed for public projects/purposes.
- B. Reason: The current rules require vault licenses only for new vaults or enlargement of existing vaults. The amendment would expand this requirement to require vaults that are altered or repaired as well. In addition, it would clarify the appropriate uses of new building vaults. It would also require those applicants that come to DOT to obtain a permit to present a vault license. Additionally, the rule will provide express and clear authority for DOT to identify the vault as an encroachment to facilitate the removal of the vault in furtherance of public projects.
- C. Objectives: Revise and clarify the vault rules relating to the issuance of vault licenses and uses of vaults and to clarify the City's ability to deactivate vaults and require their removal in furtherance of public projects/purposes.
- D. Legal basis: Section 2903(b) of the New York City Charter.
- E. Other relevant laws: None.
- F. Types of individuals and entities likely to be affected: Property owners who alter or repair vaults that were built before 1991 and property owners constructing new vaults.
- G. Approximate schedule: Third Quarter of FY23.

Agency Contact: Michelle Craven
(212) 839-4478

14. SUBJECT: Update Revocable Consent Rules

- A. Anticipated contents: Amend various section of Chapter 7 of Title 34 of the Rules of the City of New York relating to revocable consents including a provision relating to renewals of revocable consents.
- B. Reason: The current DOT Revocable Consent Rules require some updating, such as adding clearer and more concise language and clarifying certain categories of revocable consents. Some of these updates were identified through the City's Retrospective Rules Review; others were identified as part of a New York State Comptroller's audit of the Revocable Consent unit.
- C. Objectives: To clarify and update the rules on revocable consents, establishing a formal procedure for renewing revocable consents.
- D. Legal basis: Section 364 of the New York City Charter.
- E. Other relevant laws: None.
- F. Types of individuals and entities likely to be affected: Current revocable consent holders and prospective revocable consent holders.
- G. Approximate schedule: Fourth Quarter of FY23.

Questions pertaining to the solicitation are due by Wednesday, July 13, 2022, by 4:00 P.M., and must be submitted to the Designated Contacts set forth below with the Project Name and Project Number in the Subject Line of the email.

This project is governed by the NYS Procurement Lobbying Law set forth in State Finance Law Sections 139-j and 139-k. The restricted period began with the publication of this Ad.

Accordingly, all communications regarding advertised projects are to be channeled through the Designated Contacts set forth below.

Communication with respect to this procurement initiated by or on behalf of an interested vendor through others than the Designated Contacts may constitute an "impermissible contact" under NYS law and could result in disqualification of that vendor.

For each project specific task order assigned to a successful firm subsequent to contract execution, CUCF will assign the Minority-Owned and Women-Owned Business Enterprise (MWBE) and Service-Disabled Veteran-Owned Business (SDVOB) participation goals. CUCF is committed to meeting the New York State participation goals of 30% for MWBEs (18% MBE and 12% WBE) and 6% for SDVOBs.

Only New York State (NYS) MWBE and SDVOB Certified firms shall be utilized to meet the participation goals. Successful Proposers are strongly encouraged to utilize the Directories for the New York State Certified MWBEs and SDVOBs to identify eligible firms to fulfill these goals. The MWBE Directory may be accessed at <https://ny.newnycontracts.com/>, and the SDVOB Directory at <https://online.ogs.ny.gov/SDVOB/search>.

Pursuant to State Finance Law § 139-j and § 139-k, this solicitation includes and imposes certain restrictions on communications between CUCF and a Proposer during the procurement process. Designated Contact(s), as of the date hereof, are identified in Section I.C. above. CUCF/CUNY employees are also required to obtain certain information when contacted during the restricted period and to make a determination of the responsibility of the Proposer pursuant to State Finance Law §139-j and §139-k. Findings of non-responsibility related to non-compliance with provisions of the procurement lobbying prohibitions pursuant to State Finance Law § 139-j and § 139-k may result in rejection of a Responder's Proposal. Further, in the event of two such findings within a four-year period, the Proposer may be debarred from obtaining governmental Procurement Contracts for four years pursuant to State Finance Law § 139-j and § 139-k. Further information about these requirements can be found on the New York State Office of General Services (OGS) website at: <https://www.ogs.ny.gov/acpl/>.
