“Compete To Win” More Contracts!

Thanks to a new City initiative - “Compete To Win” - the NYC Department of Small Business Services offers a new set of FREE services to help create more opportunities for minority and Women-Owned Businesses to compete, connect and grow their business with the City. With NYC Construction Loan, Technical Assistance, NYC Construction Mentorship, Bond Readiness, and NYC Teaming services, the City will be able to help even more small businesses than before.

● Win More Contracts, at nyc.gov/competetowin

“The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed, to the City’s prestige as a global destination. The contracting opportunities for construction/construction services and construction-related services that appear in the individual agency listings below reflect that commitment to excellence.”

HHS ACCELERATOR PREQUALIFICATION

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York (“PPB Rules”), vendors must first complete and submit an electronic HHS Accelerator Prequalification Application using the City’s PASSPort system. The PASSPort system is a web-based system maintained by the City of New York for use by its Mayoral Agencies to manage procurement. Important business information collected in the Prequalification Application is required every three years. Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete. Prequalification applications will be reviewed to validate compliance with corporate filings and organizational capacity. Approved organizations will be eligible to compete and would submit electronic proposals through the PASSPort system. The PASSPort Public Portal, which lists all RFPs, including HHS RFPs that require HHS Accelerator Prequalification, may be viewed, at https://passport.cityofnewyork.us/page.aspx/en/rfp/request_browse_public. All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding. For additional information about HHS Accelerator Prequalification and PASSPort, including background materials, user guides and video tutorials, please visit <https://www1.nyc.gov/site/mocs/systems/about-go-to-passport.page>.

Pursuant to Section 3-04(b)(2)(i)(D) of the Procurement Policy Board Rules, the Administration for Children's Services (ACS) intends to enter into a negotiated acquisition contract with St. Anne Institute. St. Anne Institute's headquarters is located at, 160 North Main Avenue, Albany, NY 12206. This contract will be for the provision of Extraordinary Needs Foster Care services (ENFC). This program will provide ENFC services for a foster youth currently in ACS's care from February 24, 2022 through June 30, 2025. The EPIN for this award is 06822N0101001. The proposed budget for this negotiated acquisition is \$879,410.56 with one 3-year renewal option.

This notice is for informational purposes only. Organizations interested in future solicitations for these services, are invited to do so by registering with the NYC Mayor's Office of Contract Services (MOCS) PASSPort system. To register with PASSPort, please go to www.nyc.gov/PASSPort. There you will find additional guides to assist you with the registration process.

ACS, selected the negotiated acquisition procurement method, pursuant to the Procurement Policy Board Rules, Section 3-04(b)(2)(i) (D) & Section 3-04(b)(2)(ii) because the subject vendor was the only NYS OCFs approved agency that could provide child-specific behavioral Extraordinary Needs Foster Care services within a very limited timeframe.

FACILITIES CONDITION ASSESSMENT REQUEST FOR PROPOSALS - Request for Proposals - PIN#CITYW-CUCF-10-22 - Due 7-28-22 at 12:00 P.M.

The City University Construction Fund (CUCF), on behalf of the City University of New York (CUNY) Office of Facilities, Planning and Construction Management (FPCM), is seeking proposals from firms, to conduct a comprehensive, multi-campus, facility condition assessment of owned facilities, to identify both current facility deficiencies and building systems, components and finished requiring future repair or replacement, as more fully described in the RFP. This is a best value-based RFP, which will award a contract based on a combination of both technical criteria and pricing.

The facilities assessment includes evaluating 238 buildings, totaling 26,216,452 gross square feet on 21 campuses. The buildings include academic, research, administrative, student life, and support facilities. Buildings vary widely in age, size, systems, and setting. Many have renovation and renewal work in process. A copy of the solicitation that more fully describes the procurement process, minimum qualification requirements, New York State MWBE & SDVOB requirements, submission requirements, evaluation criteria, timeline and contact information, is available for downloading, at www.cuny.edu/cunybuilds, under Current and Upcoming Procurements.

Proposals must be submitted electronically through the Dropbox link to be provided on the CUNY Builds website, at www.cuny.edu/cunybuilds (Click on Current and Upcoming Procurements).

A Pre-Proposal Conference will be held, on Tuesday, July 12, 2022, at 11:00 A.M., via Zoom. A zoom link to the Pre-Proposal Conference will be made available on the CUNY Builds website, at www.cuny.edu/cunybuilds (Click on Current and Upcoming Procurements). Questions pertaining to the solicitation are due by Thursday, July 14, 2022, by 4:00 P.M., and must be submitted to the Designated Contacts set forth

below with the Project Name and Project Number in the Subject Line of the email.

This project is governed by the NYS Procurement Lobbying Law set forth in State Finance Law Sections 139-j and 139-k. The restricted period began with the publication of this Ad. Accordingly, all communications regarding advertised projects are to be channeled through the Designated Contacts set forth below. Communication with respect to this procurement initiated by or on behalf of an interested vendor through others than the Designated Contacts may constitute an "impermissible contact" under NYS law and could result in disqualification of that vendor. The Designated Contacts for this solicitation are Dan DeLilla and Peter Fountis, CUNY.Builds@cuny.edu.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/blueprints; other information; and for opening and reading of bids at date and time specified above.

07222Y0073-07222Y0073 - AUTOMATED VICTIM NOTIFICATION EVERYDAY SERVICES (VINE) - Request for Information - PIN#07222Y0073 - Due 7-15-22 at 2:00 P.M.

Pursuant to Section 3-05 of the NYC Procurement Policy Board Rules, it is the intent of The New York City Department of Correction to enter into a Sole Source negotiation, with APPRISS INSIGHTS, with offices located, at 9901 Linn Station, Suite 200, Louisville, KY 40223, for the Automated Victim Notification Everyday Services (VINE). The New York City Department of Correction (DOC), is legally required, to provide a victim notification service to advise the public of certain information related to defendants in criminal court cases. Victim Information and Notification Everyday or "VINE" was enacted by the state Legislature in 1998 as part of Jenna's Law, which ended discretionary parole for first-time violent felony offenders. The contract shall maintain the VINE system in full operational order through the term of the agreement.

The City of New York has established a free 24-hour hotline service that provides information about the custody status of caller-specified inmates in New York City Department of Correction jails and initiates automated notifications to registered callers about the release of those inmates. VINE was created to give crime victims easier access to important custody information about whether a particular inmate is still incarcerated.

VINE monitors only New York City Department of Correction (DOC) inmates, not those held in police lockups, federal detention facilities, state prisons, or juvenile detention centers. Defendants 16 years and older are committed by courts to DOC custody, at arraignment, if unable to make bail or if remanded without opportunity for bail.

What Does VINE Do?

- Confirms if an inmate is in custody.
- Allows the caller to register to receive an automated telephone alert if the inmate is released or transferred from DOC custody.

- Initiates the telephone notification, to the registered called that the inmate has been released or transferred from DOC custody.

Any vendor besides APPRISS INSIGHTS that believe it can provide the above referenced services, may express interest responding, to the RFI E-PIN 07222Y0073 in PASSPort.

RESILIENCY PROGRAM JOB ORDER CONTRACT, ELECTRICAL, BK. QNS. - Renewal - PIN# 82620B8298KXLR001 - AMT: \$5,000,000.00 - TO: Gilston Electrical Contracting LLC, 338 East 95th Street, New York, NY 10128-5703.

The continuation of this contract is critical to continue providing Electrical Work, under a series of small to medium size construction projects, for the following DEP facilities: Bowery Bay WWTP, Owls Head WWTP, Red Hook WWTP, 37th Avenue PS, and Sapphire Street PS.

In addition to large capital construction projects, there is an ongoing need to accomplish smaller, straightforward construction projects, at its facilities, through these JOC contracts. Without these JOCs, for each such project, DEP must prepare complete contract documents and execute the required steps through the competitive bid process. Procuring the construction through this traditional design-bid-build process takes considerable time. Many of the projects are essential to maintain the operation of BWT facilities. The work will incorporate adaptation strategies aimed at making the sites more resilient in extreme weather conditions. As part of its commitment to planning for climate change and the impacts of extreme weather, DEP established its Wastewater Resiliency Program (the Program) targeted at hardening WWTPs, selected Pumping Stations and other facilities across the City.

It is available to all HCV participant households. FSS consists of two core offerings for participants:

- 1) connections to job training, financial counseling, and other social services in support of either gaining employment or obtaining a higher-paying job and
- 2) creation of an escrow account that enables participants to start building financial assets as they pay higher portions of their rent. HPD anticipates three (3) contract awards, two (2) for Case Management and Workforce Development Services and one (1) contract award for Financial Counseling Services. The New York City Department of Housing Preservation and Development (HPD), releases an RFP for the Family Self-Sufficiency (FSS) Program, to provide Case Management and Workforce Development Services and Financial Counseling Services to participants during FY22 through FY25.

HPD, has determined this procurement is not practicable or advantageous to the City to use Competitive Sealed Bidding because judgement is required to evaluate which organization can coordinate and provide the multiple services and resources of the organization to service the target population. Proposal evaluation will include experience of staff committed to the program, the organization's efforts to integrate our participants into their organizational culture, as well as their description of proactive approach to engaging a fragile population. For these reasons it is not practical or advantageous to solicit Competitive Sealed Bid.

GOOD FOOD PURCHASING PROGRAM - Negotiated Acquisition - Other - PIN# 06922N0046 - Due 7-8-22 at 7:00 P.M.

The Human Resources Administration, intends to award a Negotiated Acquisition (NA), to Community Partners for the Center for Good Food Purchasing. This NA will pay for services rendered from 1/1/22 - 6/30/22.

The Mayor's Office of Food Policy, has funds for a procurement for the continued implementation of the Good Food Purchasing Program that could immensely benefit New York City. In 2019, the City adopted the Good Food Purchasing framework Citywide, and is currently working to implement it across its 500 million annual food purchasing budget. The Mayor's Office of Food Policy is the office tasked with leading this initiative and requires support for program management and technical assistance to help City agencies as they continue implementing this program. Since 2019 MOFP, through the Mayor's Fund to Advance New York City, has had contracts with the Center for Good Food Purchasing (the "Center"), and the food and beverage consulting group Karen Karp & Partners (KK&P), to provide data analytics, project management and technical assistance to the Mayor's Office and the seven City agencies that procure and serve food. The Center are owners and creators of the Good Food Purchasing Program and it's corresponding evaluation specification. No external organization is currently capable of providing the services that the Center provides.

06922Y0133-AIM ENTERPRISE MAINTENANCE AND SUPPORT - ASSET WORKS - Request for Information - PIN# 06922Y0133 - Due 7-8-22 at 3:00 P.M.

The Human Resources Administration, is submitting a Notice of Intent, to Award a Sole Source contract, to AssetWorks LLC, to provide Maintenance and Support, for the AiM Enterprise system, from 7/1/2022 to 6/30/2023. To assure ongoing management of GSS' facility operations workflow, while capturing all associated costs, a facilities management software system is an essential tool.

The AiM Enterprise system is a web-based application, configured to run on any device (desktop, laptop, tablet and PDA), with Internet browser capabilities. This internet capability allows staff to enter work requests in the field, as well as check the status of ongoing work anywhere in the world. A major responsibility of GSS is to provide accurate job costing metrics. These metrics are some of the actual costs (materials, labor, maintenance, budget, and contracts), associated with the various design, construction, and renovation projects that GSS undertakes for the Agency. These costs are captured in AiM in a variety of ways; by Project, Work Request, Building, Contractor, Employee, Type of Work, etc., to list a few. A direct result of this accurate cost capture is a greater audit and resource tracking accuracy.

The AiM Enterprise system contains enhanced reporting capabilities, i.e., Drag & drop adhoc reporting that greatly reduces the need for extensive programming/report writing knowledge. End-users can create simple as well as detailed reports with a few clicks of the mouse. This user friendly, report generating capability provides immediate (real-time) project tracking that can be formatted in a graphical (Bar and Pie chart) output for management utilization. Management can analyze projects, via these reports and implement measures that directly target inefficiencies in resource utilization, workflow processes, as well as business rules and thereby reduce overall project costs.

The AiM Enterprise has the capability to have specific data targeted and displayed (dashboard) upon initial login, according to a defined

(configurable) user account role (profile) in the system. The AiM Enterprise system provides GSS with a reliable, space management tool for the tracking of occupied and vacant spaces in our many facilities. With the capability to interface with our many AutoCAD drawings, AiM Enterprise allows us to obtain accurate square footage values by, building, floor and down to a specific room. This capability greatly assists the Agency in addressing future emergency staff relocations, as was experienced during Hurricane Sandy.

Another benefit of this AutoCAD integration in AiM Enterprise is the accurate tracking of "all" Agency assets, such as furniture and staff. AiM Enterprise can provide a direct link within an AutoCAD drawing, via a single mouse click and "all" associated data can be displayed, as well as provided in a report. AiM Enterprise provides GSS with a facilities management, as well as a planning tool that has information "on-demand" and kept dynamic and real-time. All collected data is entered once and shared across the entire enterprise and/or network. Without the essential vendor provided maintenance support contracted services the potential for system module failures, lost data, inaccurate job costing and auditing results, is strengthened tremendously and will have a severely negative impact to the ongoing and future GSS' facilities management oversight responsibilities for the Agency. AssetWorks LLC is the single developer and only licensed distributor of the AiM™ Suite of product(s). AssetWorks does not distribute nor make available any of our product(s) and/or training or professional implementation services to any third party or partner for the purpose of reselling or maintaining this product.&#x2013;

ACP, seeks to replace their current court scheduling and voucher processing systems with a configurable, scalable, and secure CTVS. The objective of the CTVS is to link all administrative aspects of a legal case so as to

- 1) protect attorney-client and private info and provide system security and admin;
- 2) maintain case assignment and arraignment calendars;
- 3) assign and manage case and payment workflows;
- 4) process voucher payments;
- 5) link workflows and track cases;
- 6) automate reporting;
- 7) provide mobile access to end users;

MOCJ is soliciting Proposals for LegalStratus, which will be hosted on a FedRAMP - compliant GovCloud platform or equal and supported by platform encryption, including an integrated eSignature utility. The solution will be implemented following an Agile development methodology. The solution will be finalized and prioritized with working software released at the end of each sprint. At a minimum, the Selected Proposer will collaborate with the Project Team and Advisors to collect and validate system requirements. By replacing the current court scheduling and voucher processing systems, ACP and DOF expect to link info across all aspects of their combined workflows (Attachment A) to achieve efficient case management practices; improve automation for paperless voucher processing; and provide comprehensive reporting. Protections for attorney-client confidentiality and privacy will be intrinsic to the design and implementation of the new system.

NOTE:

1. Federal excise taxes are imposed on taxable fuels, (i.e., gasoline, kerosene, and diesel), when removed from a taxable fuel terminal. This fuel excise tax does not include Leaking Underground Storage Tank (LUST) tax. LUST tax applies to motor fuels for both diesel and gasoline invoices. Going forward, LUST Tax will appear as an additional fee at the rate of \$0.001 per gallon and will be shown as a separate line item on your invoice.
2. The National Oil Heat Research Alliance (NORA) has been extended until February 6, 2029. A related assessment of \$.002 per gallon has been added to the posted weekly fuel prices and will appear as a separate line item on invoices. This fee applies to heating oil only and since 2015 has included #4 heating oil. All other terms and conditions remain unchanged.
3. (G) Contract 3787121, item 5.0 replaced item 6.0 (Winter Blend) effective April 1, 2022
4. NYC Agencies are reminded to fill their fuel tanks as the end of the fiscal year approaches (June 30th).

DESIGN AND CONSTRUCTION

■ NOTICE

The New York City (the "City") Department of Design and Construction (the "DDC") is hereby requesting approval to use the Innovative

Procurement method, pursuant to the New York City Procurement Policy Board (“PPB”) Rule section 3-12, to solicit and award construction contracts to the participants of the DDC Mentoring Program, as explained below.

DDC intends for this Innovative Procurement method to apply to (1) the method of selecting and enrolling firms for Tier 1 (as defined below) of the Mentoring Program for Cohort 1, as well as Cohort 2, and (2) the bidding process conducted in connection with the solicitation and award of construction contracts to the construction firms participating in the DDC Mentoring Program.

1. The Nature and Requirements of the Procurement Method Being Proposed

a. Mentoring Program

Section 1206 of Chapter 55 of the City Charter authorizes DDC to implement, develop, and manage a mentoring program (the “Mentoring Program”) for qualified construction Minority and Women-Owned Business Enterprises (“M/WBEs”) and small-businesses. The Mentoring Program gives DDC increased capacity to contribute to the growth of the M/WBEs and small businesses that drive the City’s economy and stimulate local communities. The City is committed to implementing reasonable procedures to secure meaningful participation of M/WBEs, as well as small business enterprises, in its procurement process. The mission of the Mentoring Program is to provide small businesses and M/WBEs in the construction trades, that are accepted into the Mentoring Program, with the opportunity to acquire knowledge about and experience with DDC construction projects to enable them, in the future, to successfully compete for DDC public work contracts that are independent of the Mentoring Program.

In accordance with Charter Section 1206, the Mentoring Program is open to qualified small businesses and M/WBEs. For Cohort 1, the 2021-2022 inaugural Mentoring Program class, DDC began accepting applications for the Mentoring Program on November 15, 2021, and the application period closed on March 31, 2022. DDC anticipates that the enrollment will be re-opened on an annual basis.

The criteria for firms that are eligible to apply to participate in the Mentoring Program are as follows:

- applicant must be a construction firm;
- applicant must be (1) a business that is independently owned and operated with annual revenue between \$150,000 and up to \$500,000; or (2) a City-Certified M/WBE with annual revenue between \$150,000 and up to \$2.5 million;
- applicant must have at least two reference projects valued at \$25,000, individually, for each trade category for which such applicant desires to be included on a trade list; and
- applicant must have been in operation for one year or more.

At this time, DDC has enrolled 49 firms in the Mentoring Program — with one (1) additional firm pending final approval from the Agency Chief Contracting Officer (ACCO) — into Cohort 1 to meet the annual 25-50 participant enrollment goal. The enrollment size of Cohort 1 is 50 firms.

DDC designed the enrollment and eligibility criteria for the Mentoring Program so that it can maximize the effectiveness of the Mentoring Program. This includes setting an enrollment goal for M/WBEs of specific ethnicity and gender to combat the “disparity within disparity” phenomenon that was documented in the City of New York 2018 Disparity Study. According to the 2018 Disparity Study, Hispanic American, Native American, and Black/African American construction companies have the lowest disparity index, indicating the most significant underutilization. Conversely, non-M/WBEs are overutilized.

Given the results of the Disparity Study that has shown that non-M/WBEs are overutilized in construction projects, this eligibility criteria ensures that the Mentoring Program benefits the entities that face the greatest hurdles in entering into the public construction market. Furthermore, the legislative findings of the enabling legislation focus primarily on businesses owned by minorities, women, and emerging businesses.

In reviewing applications for the Mentoring Program, DDC focused on targeting Black/African American, Hispanic American, and women-owned businesses through focused outreach. Of the 49 firms enrolled in the Mentoring Program, there are 20 Asian American firms, 17 Black/African American firms, and 12 Hispanic American firms. DDC has achieved its goal of 50% enrollment of “disparity within the disparity” vendors in the Mentoring Program.

Cohort 1 consists of two groups: Group A and Group B. Group A consists of 25 firms who met the minimum eligibility criteria, and

whose applications were completed and approved first. The firms in Group A were enrolled regardless of their ethnicity or construction trade, provided that they met the minimum eligibility criteria. When Group A was filled, training began for firms in Group A, and DDC began filling up Group B.

The firms enrolled in Group A were predominantly firms that performed general construction work, and not trade work. When selecting firms for Group B, DDC chose firms that met the minimum eligibility criteria, but also firms that performed work within target construction trades, such as Heating, Ventilation, and Air Conditioning Mechanical (collectively, “HVAC”) and electrical. This approach was necessary to ensure that the types of firms enrolled in the Mentoring Program are capable of performing the construction work that DDC expects will be required in order to execute the projects for which construction work will be procured through the Mentoring Program. Additionally, DDC focused on processing and accepting firms that were woman-owned businesses, Black/African American-owned businesses, and Hispanic American-Owned businesses.

When the 25 spots filled up for Group B, all firms that were still under review, firms that did not meet the minimum eligibility criteria, or firms that did not specialize in the type of trade work that was needed to balance the pool of Cohort 1 participants, were rejected. At this time, DDC anticipates that enrollment period for Cohort 2 (2022-2023 Mentoring Program class) will open in late 2022. DDC will follow this approach for selection of Mentoring Program participants for Cohort 2 as it did for Cohort 1.

Once accepted into the Mentoring Program, the participants will be permitted to bid on construction contracts that DDC specifically selects for the Mentoring Program. The contractors participating in the Mentoring Program will be eligible to bid on select public buildings and infrastructure projects, each with an estimated construction cost of up to \$1.5 million (“Tier 1”). Contractors that successfully complete Tier 1 of the Mentoring Program will be eligible to enroll in the next tier to continue their participation in the Mentoring Program (“Tier 2”), which will permit the contractors in the Mentoring Program to bid on Mentoring Program contracts with an estimated construction cost between \$1.5 million and up to \$3 million. (Tier 2 contracts will not be procured under this Innovative Procurement Mechanism.) Furthermore, while participating in the Mentoring Program, the participants will be mentored by competitively selected mentor firms that will deliver tailored guidance and training, technical assistance, and business development services. These mentoring services will be provided to firms while they are participating in classroom portion of the Mentoring Program, as well as during the performance of the construction work.

b. Procurement of Construction Contracts

The contracts solicited to the Mentoring Program participants will be awarded to the lowest responsive and responsible bidder. However, the procurement process for the construction contracts selected through the Mentoring Program will not strictly follow Chapter 3 of the PPB Rules. Specifically, DDC, intends to deviate in part from PPB Rule section 3-02 (Competitive Sealed Bidding) for the procurement of the construction contracts selected for the Mentoring Program.

Below is an overview of how DDC, intends to structure the procurement process for the construction contracts bid to the Mentoring Program participants.

When creating a bid list for a specific Mentoring Program contract, DDC will review the scope of the work and the estimated cost of the contract. If the estimated cost of the contract exceeds \$1.5 million, the contract will not be included in the Mentoring Program. The bidding will be conducted only to one bid list determined by the trade that is the predominant trade in the scope of work of the solicited contract. Each bid list will be a subset of the applicable trade list or lists, described below.

For Cohort 1, DDC is developing eight (8) trade lists of Mentoring Program contractors. There will be one list per trade for projects under \$1 million and one list per trade for projects \$1 million and over. The Cohort 1 trades will be as follows

- Concrete
- Electrical
- General Contracting
- HVAC

When creating a bid list for a specific Mentoring Program contract, DDC will add Mentoring Program contractors to such bid list based on the following standards:

- a. Length of time in Mentoring Program
- b. Inclusion on prior bid lists
- c. Status in the Mentoring Program (e.g., active versus suspended)
- d. The Mentoring Program contractor's capacity, as determined by DDC ACCO and DDC Office of Diversity and Industry Relations
- e. The ratio of firms included on the bid list from the above \$1 million trade list to firms included on the bid list from the below \$1 million trade list for the same category of work.

Once a bid list is finalized, firms included on such bid list will be notified of eligibility to bid and may submit bids following the process that mirrors the Competitive Sealed Bidding.

2. Why This Method Serves the City's Interest Better Than the Current Rules

DDC would like to address the frequent phenomenon that occurs on DDC's competitive sealed bids where a small pool of firms tends to win many contracts, while other firms bid, but do not win. It is DDC's belief that the purpose of the Mentoring Program is to diversify the pool of contractors that can competently deliver City construction projects on time and within an established budget.

The DDC Mentoring Program is as an important tool to address the ongoing significant disparity between the availability and utilization of M/WBEs in City procurement by reducing barriers to ensure that the City's procurement spending is not affected by discrimination. In administering the Mentoring Program, it is DDC's goal that upon successful completion of the Mentoring Program, the Mentoring Program participants will graduate with sufficient financial acumen, construction training, construction experience, and the necessary understanding of contracting requirements related to bonding, labor, and reporting in order to participate as prime contractors and subcontractors, not only in the City's construction projects, but also in other public and private sectors.

3. The Time Within Which This Method Will be Implemented and Utilized

Depending on availability of the construction projects, it is anticipated that the use of this innovative method will result in registered construction contracts beginning in the third quarter of Fiscal Year

2023 (beginning of calendar year 2023). The method will be in use until permanent rules are promulgated governing the Mentoring Program and the selection and award of construction contract to the Mentoring Program participants.

4. Description of the Services to be Procured and Approximate Dollar Value of Contracts

In Tier 1, the contractors participating in the Mentoring Program will be eligible to bid on select Public Buildings and Infrastructure projects, each with an estimated construction cost of up to \$1.5 million.

Based on the above, I have determined that the proposed innovative method constitutes an appropriate procurement method under Section 3-12 of the PPB Rules.

NYC DDC would like to give this opportunity to accept comments and expressions of interest on this proposed method. Comments and expressions of interest may be emailed no later than July 29, 2022, to Michael Ransom, at Ransommi@ddc.nyc.gov.

The first planned procurement to the Mentorship Program will be for Bellevue Men's Shelter Basement Cellar Probes.
