However, the City Planning Commission, by special permit, may modify the special height and setback regulations set forth in this Section. The Commission may prescribe appropriate conditions and safeguards to protect and minimize any adverse effects on the character of the surrounding area.

**96-112**  
**Special permits**

For #developments# or #enlargements# within the Preservation Area, or subject to the regulations of paragraph (a) of Section 96-31 (Special Regulations in R8 Districts), the City Planning Commission may allow, by special permit, the modifications set forth in paragraph (a) of this Section, provided that the findings in paragraph (b) are met.

- (2) the other applicable #bulk# regulations of this Resolution, except #floor area ratio#, for #buildings# that are located on a #zoning lot# that has an area of at least 40,000 square feet, occupies the frontage of a #wide street#, and contains existing public infrastructure.

(b) In order to grant such special permit, the Commission shall find that:

1. for height modifications of paragraph (a)(1) of this Section, the distribution of #bulk# permits adequate

access to light and air to surrounding #streets# and properties;

2. for other #bulk# modifications:
  - (i) there are physical conditions, including the presence of existing #buildings or other structures#, public infrastructure, or topographical features, that create practical difficulties in complying with the #bulk# regulations that would adversely affect the #building# configuration or site plan;
  - (ii) the proposed modifications will not unduly obstruct access to light and air to adjoining properties or #streets#;
  - (iii) the proposed scale and placement of the #development# or #enlargement# relates harmoniously with the surrounding area; and

The Commission may prescribe appropriate conditions and safeguards to protect and minimize any adverse effects on the character of the surrounding area.

**CM BUILD REQUIREMENTS CONTRACTS** - Request for Qualifications - PIN# CITYW-CUCF-08-22 - Due 8-11-22 at 1:00 P.M.

The City University Construction Fund (CUCF), on behalf of the City University of New York (CUNY) Office for Facilities, Planning, Construction and Management (FPCM), is seeking firms to provide construction management/build services on an “as needed” basis at CUNY’s various sites and facilities. Projects will generally be for the rehabilitation, construction, renovation or expansion of CUNY sites and facilities and be valued between \$3 million and \$30 million. Under the CM/Build approach, the selected Construction Managers (CM) will provide pre-construction, construction, and post-construction

management services, prepare and enter into Project Labor Agreements when directed by CUCF, prepare and manage the construction bidding process and hold contracts with the lowest responsive and responsible bidders on CUCF's behalf.

A copy of the solicitation that more fully describes the procurement process, minimum qualification requirements, submission requirements, evaluation criteria, timeline and contact information is available for downloading at [www.cuny.edu/cunybuilds](http://www.cuny.edu/cunybuilds), under Current and Upcoming Procurements.

Those responsive and responsible firms that are determined by CUNY to meet the Minimum Qualification Requirements below and best meet the Evaluation Criteria listed below will be awarded and enter into contracts with CUCF on behalf of CUNY. A three (3) year contract term with a two (2) year renewal clause is anticipated, subject to all required internal and external oversight approvals and contingent on the availability of funds. It is further anticipated that each contract would have a not-to-exceed amount of \$50 million for all assigned task order services including all construction and construction management related services for the three (3) year contract term with a two (2) year renewal clause. It is anticipated that eight (8) contracts will be awarded to construction management firms.

Subsequent to contract execution as the need arises, firms may be further considered for project specific task order assignments as set forth in Section VI of the RFQ.

RFQ Submissions are due on Thursday, August 11, 2022, by 1:00 P.M. Responses must be submitted electronically through the Dropbox link to be provided on the CUNY Builds website, at [www.cuny.edu/cunybuilds](http://www.cuny.edu/cunybuilds) (Click on Current and Upcoming Procurements).

■ NOTICE

**NOTICE OF ADOPTION OF RULE**

**NOTICE IS HEREBY GIVEN**, pursuant to the authority vested in the Commissioner of Buildings by Section 643 of the New York City Charter and Title 28 of the Administrative Code of the City of New York, and in accordance with Section 1043 of the Charter, that the Department of Buildings (DOB) hereby adopts amendments to its rules regarding site safety managers, site safety coordinators and construction superintendents. This rule was first published on May 26, 2022, and a public hearing thereon was held on June 27, 2022.

Dated: 7/7/22  
New York, New York

Commissioner

### Statement of Basis and Purpose of Rule

The 2014 Construction Codes require a Department-registered Construction Superintendent to be designated for work subject to Building Code section 3301.13.3 on buildings up to 9 stories in height. The 2014 Codes further require either a Department-certified Site Safety Manager or Site Safety Coordinator to be designated for work subject to Building Code section 3310.1 on buildings 10 stories or greater in height.

The 2022 Construction Codes will require both a Construction Superintendent and either a Site Safety Manager or Coordinator to be designated for work subject to Building Code sections 3301.13.3 and 3310.1 on buildings 10 stories or greater in height.

The amendments to rule 104-08 remove the prohibition on a Site Safety Manager or Site Safety Coordinator also holding a Construction Superintendent registration. This allows qualified individuals to register or certify as both a Construction Superintendent and as a Site Safety Manager or Site Safety Coordinator, giving an individual flexibility to determine which role they wish to assume at any given jobsite.

In anticipation of Site Safety Managers and Site Safety Coordinators seeking to obtain a Construction Superintendent registration so that they may serve as a Construction Superintendent at buildings 10 stories or greater in height, the amendments to rule 3301-02 create a pathway for Site Safety Managers and Site Safety Coordinators to register as a Construction Superintendent.

The rule also recognizes a "Certified Safety Professional" designation from the Board of Certified Safety Professionals as an acceptable pathway to registering as a Construction Superintendent. This certification is presently recognized as an acceptable pathway to be certified as a Site Safety Manager.

Lastly, the rule revises outdated language concerning the courses required to be completed by an individual seeking a Construction Superintendent registration and recognizes the completion of Site Safety Supervisor Training required by Local Law 196 of 2017 as being an acceptable alternative.

The Department of Buildings' authority for these rules is found in sections 643 and 1043 of the New York City Charter and section BC 3301.13.17 of the New York City Building Code.

#### **Statement of Basis and Purpose of Proposed Rule**

New York City Administrative Code § 3-211 *et seq.*, regulates the conduct of lobbyists and their clients. Pursuant to the Administrative Code, every lobbyist and client has a duty to enroll in e-Lobbyist and file requisite reports. Per RCNY § 1-03(a)(1), the lobbyist/client must enroll in e-Lobbyist within ten (10) days of retention and per Admin Code § 3-213 lobbyists must file their statements of registration within fifteen (15) days.

RCNY §§ 1-11(c)(2) and (3) grant lobbyists and clients an automatic extension when a filing is late due to the lobbyist's client's, or the client's lobbyist's, failure to enroll in e-Lobbyist. This automatic filing extension lasts until two days after the lobbyist's client, or the client's lobbyist, enrolls in e-Lobbyist, or until an administrative enrollment has been completed on the client's or lobbyist's behalf. This extension can be virtually unlimited in time and scope because, although an automatic extension only lasts until two days after the other party enrolls, the lobbyist's client or client's lobbyist may in some cases be very delayed in enrolling in e-Lobbyist. Moreover, the automatic filing extension is not only unlimited in time and scope but leaves room for potential misuse, and accordingly the City Clerk looks to remove it. Filers are already afforded the opportunity to request administrative enrollments and filing extensions when they are unable to file requisite reports due to a late enrollment. These alternative remedies render the unlimited enrollment extensions provided by RCNY § 1-11(c)(2) and (3) unnecessary.

New material is underlined.

[Deleted material is contained in brackets.]

Section 1. Subdivision c of Section 1-03 and Subdivision c of Section 1-11 of Chapter 1 of Title 51 of the Rules of the City of New York are amended to read as follows:

#### **§ 1-03 e-Lobbyist Enrollment.**

(c) *Non-Enrollment Extension.* If a lobbyist's client or a client's lobbyist fails to enroll by the applicable deadline, such lobbyist or client must request an extension to file any Report pursuant to section 1-11(a)(1) of the Rules. [If such lobbyist or client fails to timely request an extension, the Report will be deemed late if the Report is filed after the filing deadline set forth in sections 1-11(c)(2) and (3) of the Rules.]

#### **§ 1-11 Extension of a Filing Deadline.**

(c) *Automatic Extensions.*

(1) If the filing deadline of a Report falls on a Saturday, Sunday or City holiday, the filing deadline will be extended to the following business day.

[(2) If a statement of registration cannot be filed due to the client's failure to enroll in e-Lobbyist pursuant to section 1-03 of the Rules, and an extension, as set forth in section 1-03(c) of the Rules, has not been requested, the filing deadline of the statement of registration will be extended to two (2) business days after the date the client enrolls or an administrative enrollment has been completed on the client's behalf.]

[(3) If a client annual report cannot be filed due to the lobbyist's failure to enroll in e-Lobbyist pursuant to section 1-03 of the Rules, and an extension, as set forth in section 1-03(c) of the Rules, has not been requested, the filing deadline of the client annual report will be extended to two (2) business days after the date the lobbyist enrolls or an administrative enrollment has been completed on the lobbyist's behalf.]

[(4)] (2) If there is a system-wide problem with e-Lobbyist the City Clerk will notify all filers of such problem and the filing deadline may be extended to a date established by the City Clerk upon consideration of the nature and length of the system-wide problem.

**Statement of Basis and Purpose of Proposed Rule**

The proposed rule would amend the Stormwater Penalty Schedule (Title 15, Chapter 55 of the Rules of the City of New York (RCNY)) to reflect recent changes to the rules governing management of construction and post-construction stormwater sources (the “Stormwater Rules”, which are found at 15 RCNY Chapter 19.1).

The Stormwater Penalty Schedule became effective on June 1, 2019. The Stormwater Penalty Schedule establishes penalties for violations of the Stormwater Rules, which also went into effect on June 1, 2019.

On February 15, 2022, amendments to the Stormwater Rules set forth in 15 RCNY Chapter 19.1 became effective. As a result of these changes, certain conforming changes are being made to the Stormwater Penalty Schedule, including:

- Renumbering of section numbers;
- Addition of newly added provisions;
- Amendment of existing descriptions to conform to changes in the relevant sections of the Stormwater Rules.

In addition, the proposed rule would amend the requirement for mitigation of specified penalties to require that DEP receive the required documentation one week before the first hearing date of the summons, instead of by the first hearing date, in order to provide DEP with time to review the documentation.

All of the proposed penalties for newly added provisions are within the statutory guidelines for violations of 15 RCNY Chapter 19.1.

Additionally, this rule would add a penalty for failure to keep a stop work order posted until rescinded by the commissioner in violation of Section 24-558(f) of the New York City Administrative Code.

DEP’s authority for these rules is found in section 1043 of the New York City Charter and Section 24-553 of the New York City Administrative Code.

New material is underlined.  
[Deleted material is in brackets.]

“Shall” and “must” denote mandatory requirements and may be used interchangeably in the rules of this department, unless otherwise specified or unless the context clearly indicates otherwise.

The text of the Rule follows.
