PPE SERVICE - Negotiated Acquisition - Other - PIN#81623N0008 - Due 11-14-22 at 5:00 A.M.

NYC DOHMH, intends to enter into a Negotiated Acquisition (NA) contract with Nexera Inc., for Personal Protective Equipment (PPE) Service operations for a contract period of 10 months. DOHMH determined that it is in the city's best interest to enter into this NA directly with Nexera Inc. who's contract services are being transferred from NYC Emergency Management (NYCEM), to NYC DOHMH. For continuity of services, DOHMH will streamline the services provided by Nexera Inc., into its own processes while utilizing its current DOHMH vendor to take over some of the Nexera functions (ie storage, procurement, etc).

Vendors who believe they can provide these services are welcome to submit an expression of interest by emailing, swillia9@health.nyc.gov on or before the due date.

It is determined that NYC DOHMH, will procure a Negotiated Acquisition, limited pool of 1 vendor with Nexera Inc., for PPE services and operations. NYC Emergency Management has an existing emergency contract with Nexera Inc., that is set to expire on 12/31/2022, which is being transferred to NYC DOHMH for continuity of PPE services and operations. It is not practicable or advantageous, to the City to procure these services through Competitive Procurements. DOHMH will streamline the services provided by Nexera into its own processes while utilizing the current DOHMH vendor, Concordance Health Solution (CHS), to take over some of the Nexera functions (ie storage, procurement, etc). CHS is the vendor DOHMH uses for all of its current emergency stockpile and is in the process of getting CDC certification (exclusive to certified SNA warehouses). Thus, this is a transitional contract allowing DOHMH to transfer the PPE center into DOHMH's processes.

HIV CRIMINAL JUSTICE STAKEHOLDERS PROJECT -

Negotiated Acquisition - Other - PIN#81623N0009 - Due 11-11-22 at 5:00 A.M.

NYC DOHMH, intent to enter into a Negotiated Acquisition contract with the National Center for Civic Innovation (NCCI), for the provision of HIV Criminal Justice Stakeholders Project and HIV Criminalization Project. NCCI, through its partner project program, The Center of HIV Law and Policy (CHLP), will be carrying out the following anticipated services in a continued effort to support NYC 2020 goals to ending the HIV Epidemic Plan: HIV/infectious disease resources and literacy programs for criminal justice stakeholders and HIV criminalization confidentiality and intersection of public health and criminal justice portfolio (HIV Criminalization Project). The duration of this contract will be 1 year and 6 months. Potential vendors who are interested in future procurements as such services, can submit an expression of interest via email, to mnapolitano@health.nyc.gov, no later than 11/11/22, at 12:00 A.M.

The Agency has determined that it is in the best interest of the City, to utilize a Negotiated Acquisition method of source selection, as there are no other organizations or entities that have CHLP's depth and breadth of experience in HIV criminalization or have conducted seminars on this topic for prosecutors, defense attorneys and public health agencies. CHLP's long-term relationships with national and local criminal justice stakeholders are an essential element of the trust that is essential for these seminars to be productive. These unique relationships and array of services makes NCCI through its partner project program with CHLP, the only viable vendor.

06923Y0156-EVERYACTION VPB CONNECT, SUPPORT AND COORDINATION SERVICES - Request for Information - PIN#06923Y0156 - Due 11-7-22 at 3:00 P.M.

Department of Social Services Information Technology Services is requesting a Sole Source Contract with PruTech Solutions, Inc for the Purchase of EveryAction VPB Connect, Support & Coordination Services in the amount of \$117,700.00 for the service period of 6/1/2021 to 5/31/22. The Mayor's Public Engagement Unit (PEU), need to procure EveryAction's new feature, Virtual Phone Bank Connect (VPB Connect), which would allow staff and volunteers to "click-to-dial" phone numbers from within their internet browser on a computer, phone or tablet, without having to manually dial them. In addition to increasing speed and reach, VPB Connect routes calls through a common caller ID number with a local area code, which helps centralize a system for call-backs as well as helps to authenticate our calls and allow us to better advise New Yorkers against scams. Contrary to VAN's predictive dialer feature VPB Connect can be used to dial cellphones, landlines and use the Open Virtual Phone Book interface which is best suited for PEU's phone outreach and familiar to

PEU's staff and volunteers. This is a sole source because Prutech is the only authorized reseller of EveryAction VPB Connect, Support and Coordination Services. If you have any questions, please email "frazierjac@dss.nyc.gov" with the subject line "06923Y0156-Prutech Solutions, Inc. - Purchase of EveryAction VPB Connect, Support and Coordination Services". Please indicate your interest by responding, to the RFI EPIN: 06923Y0156 in PASSPort.

RED HAT ENTERPRISE REHL LICENSE - Innovative Procurement - Testing or experimentation is required - PIN# 85823Y0393 - Due 11-25-22 at 2:00 P.M.

The City has implemented its M/WBE program in an effort to remedy the documented disparity in utilization of certain groups of vendors as compared to their willingness and ability to do business with the City. As an additional tool which will allow the City to utilize more M/WBEs in a more efficient way, this method will aid the City in its goal of decreasing and ultimately eliminating this documented disparity against such groups. The current PPB Rules only allow for MWBE noncompetitive small purchases to be made up to and including \$500,000. This method operationalizes the recent New York State law (Chapter 569 of the Laws of 2022) that amended the NYC Charter § 311 and gives agencies the specific authority granted under such legislation to make such purchases up to and including \$1,000,000. By removing competition for these procurements, it will allow agencies to provide a variety of important services to New Yorkers in a faster and more efficient way. Finally, this new noncompetitive small purchase will increase the number of procurements that are going to M/WBEs, especially those under-utilized M/WBEs, and further the effectiveness of the program.

The innovative procurement method to be used for these M/WBE purchases will vary in a number of respects from the procedure otherwise applicable pursuant to the PPB Rules, including but not limited to, PPB Rule § 3-08(c)(1)(iv). As with other noncompetitive purchases, changes to and/or renewals of purchases pursuant to this method must not bring the total value of the procurement to an amount greater than the M/WBE discretionary buying threshold amount. Key elements of the M/WBE purchase method include the following:

No competition will be required for the procurement of goods, services, and construction to City-certified M/WBEs within this limit, except that in making such purchases, agency contracting officers should obtain price or rate quotations from at least three City-certified M/WBE vendors capable of providing goods, services, or construction needed. If, after exercising reasonable efforts, the agency has not received three responses, they may proceed with the award. Documentation of such purchases must identify the vendor the item was purchased from, the item purchased, and the amount paid.

Determinations required, pursuant to PPB Rule § 2-01, presolicitation review including public notices of solicitation and the presolicitation review reports pursuant to PPB Rule § 2-02, and recommendations for awards pursuant to PPB Rule § 2-09 will not be required. Agencies should consider any issues that may affect the responsibility of a vendor before issuing an award pursuant to PPB Rule § 2-08.

After a vendor has been selected, the contracting officer must issue a contract, as appropriate, to the successful bidder or offeror. The

procurement file must include at a minimum all of the requirements of PPB Rule § 3-08(e)(1)-(7), (12) and (14), in addition to the dollar amount of the contract. As with small purchases pursuant to PPB Rule § 3-08, vendor protests per PPB Rule § 2-10 will not be permitted. Performance evaluations pursuant to PPB Rule § 4-01 shall not be required except in cases of deficient performance.

Pursuant to PPB Rule § 3-12(e), a notice of award must be provided for each purchase made. Agencies may also utilize this innovative procurement method to amend M/WBE noncompetitive small purchases made pursuant to PPB Rule § 3-08(c)(1)(iv) to above \$500,000 and up to and including \$1,000,000.

The proposed method will be evaluated to determine whether it is in the City's best interest to be codified and used within the PPB rules. Under this proposed method, the agency will be soliciting for Red Hat Enterprise REHL Licenses. At this time, OTI would like to give this opportunity to accept comments and expressions of interest on this proposed method. Comments and expressions of interest may be emailed to, John Gioia at Jgioia@oti.nyc.gov.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/blueprints; other information; and for opening and reading of bids at date and time specified above.

REQUEST FOR INFORMATION FOR NUVOLU™ CLINICAL ENTERPRISE ASSET MANAGEMENT IMPLEMENTATION SERVICES AT NYC-HEALTH & HOSPITAL CORPORATION (NYC H+H) - Request for Information - PIN#2577 - Due 11-14-22 at 5:00 P.M.

NYC Health + Hospitals is in the process of implementing a Configuration Management Database (CMDB), for all electronic equipment. We require that all electronic equipment information,

including the information for Biomedical Devices, be stored in this database. The database will also be used as a Computerized Maintenance Management System (CMMS). NYC H+H seeks to implement Nuvolo to help track our ~60,000 biomedical device assets (e.g., monitors, pumps, diagnostic devices, ventilators, etc) across our large network. Our devices are currently maintained and tracked by a third-party vendor who provides a daily spreadsheet of online assets and uses their own biomedical staff to help maintain them. The vendor currently uses their own CMMS, but our technical data (MAC address, IP, software version, etc) exists on disparate spreadsheets. NYC H+H needs to add Biomedical Device data to our existing database to facilitate better control and eliminate tracking with separate spreadsheets.

AGENCY RULES

TAX COMMISSION

■ NOTICE

Notice of Adoption of Final Rule

Notice is hereby given pursuant to the authority vested in the New York City Tax Commission ("Tax Commission") by section 1043 and section 164 of the City Charter that the Tax Commission has promulgated and adopted amendments to sections 4-12 and 4-13 of Title 21 of the Rules of the City of New York by adding new sections 4-12(l) and 4-13(d).

Written comments regarding the rules were received in accordance with the notice published in the City Record August 17, 2022. No comments were received.

Statement of Basis and Purpose of Rule

The rules that the Tax Commission is seeking to amend are contained within Chapter 4 of Title 21 of the Rules of the City of New York, relating to "Determinations". The amended rules clarify the Tax Commission's longstanding practice of issuing, in connection with its processing of exemption applications, only final determinations signed by the President. The Tax Commission does not issue the recommended determinations of hearing officers on exemption applications. The need for clarification in the Tax Commission's rules of its longstanding practice of issuing only final exemption determinations is in light of the Appellate Division's decision in Drug Policy Alliance v. NYC Tax Commission, 191 A.D.3d 405 (1st Dept. 2021).

Exemption applications and valuation claim applications are treated differently under sections 4-12 and 4-13 based on long-standing policy. The Tax Commission processes more than 57,000 valuation claim applications each year. To issue timely offers on these applications, and more efficiently use resources to process them, offers on valuation claims are not final determinations and may be revoked by the Tax Commission.

In contrast, the Tax Commission processes approximately 140 exemption applications per year. Unlike valuation claims, exemption determinations must be reviewed and approved by the President before they can be issued as offers to the applicant. Exemption applications are first reviewed by a hearing officer who submits a recommended determination to the President for approval and signature. These recommended exemption determinations are not final and cannot be issued as offers until they are signed by the President.

The rules do not change an existing policy or practice before the Tax Commission, but merely clarify what has been the longstanding practice. That is, only final determinations on exemption applications as defined by sections 165 and 166 of the Charter, and which are signed by the President of the Tax Commission, may be issued as offers to applicants pursuant to Section 4-12 of the Tax Commission Rules. Where an exemption application includes a valuation claim, a final determination of the exemption application, signed by the President, is also a final determination of the valuation claim and, therefore, constitutes a final determination of both claims. As a final determination, the offer extended by the Tax Commission on an exemption application may only be revoked by the Tax Commission within the six-year period described in section 4-12(k)(2) on the grounds stated in that provision.

The rules also state that Section 4-13 does not apply to determinations on exemption applications, making it clear that applicants cannot request reconsideration of the merits of a final exemption determination by a showing of manifest and substantial error. Unlike determinations on valuation claims, which are not final determinations and may be revoked by the Tax Commission, exemption determinations are final determinations approved and signed by the President for which reconsideration is unavailable.

A public hearing was held on the proposed rule on September 19, 2022. No comments were received.

The Tax Commission's authority for these rules is found in section 164 of the New York City Charter.

New material is underlined.
[Deleted material is in brackets.]

"Shall" and "must" denote mandatory requirements and may be used interchangeably in the rules of this department, unless otherwise specified or unless the context clearly indicates otherwise.

Section 1. Section 4-12 of Title 21 of the Rules of the City of New York is amended by adding a new subdivision (l), to read as follows:

§4-12 Offer and Acceptance.

(l) This section shall not apply to determinations on applications claiming full or partial exemption, except to final determinations signed by the President. Paragraph (l) of subdivision (k) does not apply to final determinations described in this subdivision.

§2. Section 4-13 of Title 21 of the Rules of the City of New York is amended by adding a new subdivision (d), to read as follows:

§4-13 Reconsideration for Manifest and Substantial Error.

(d) This section shall not apply to determinations on applications claiming full or partial exemption, regardless of whether the application also claims a reduction in assessed value.
