Applications by JNB Realty LLC and the NYC Department of Housing Preservation and Development (HPD), pursuant to Sections 197-c and 201 of the New York City Charter affecting 10 privately owned lots fronting Autumn, Lincoln, and Wortman Avenues in East New York. The co-applicants are seeking:

- A zoning map amendment to change the development site from R4 to R6A and R6B districts
- A zoning map amendment to designate the development site a Mandatory Inclusionary Housing (MIH) Area
- Acquisition and disposition of four formerly City-Owned lots in the project area by HPD

The requested actions would facilitate two five- and seven-story residential buildings, with a total of 206 affordable apartments on a 50,000-square foot parcel in Brooklyn Community District 16 (CD 16). The units would be geared toward households earning, on average, 30% to 70% of Area Median Income (AMI). Approximately 63 units would be permanently affordable, pursuant to MIH Option 1. The development would provide 55 ground-floor and cellar-level accessory parking spaces. DEP, intends to enter into a sole source agreement with MARS Company, for the Purchase of a Test Bench for DEP Meter Facilities, in the amount of \$165,719.00. The DEP Meter Testing Facility contains three benches used to test the accuracy and efficiency of water meters for our entire system. Each bench is designed to test a specific sized meter ranging from Small (5/8" - 1") - Medium (1 1/2" - 2") - Large (3" - 12"). The meters are tested when we receive billing complaints from customers that have a discrepancy with their water bill. We also respond and provide test results when local elected officials make an inquiry on accuracy charges for their constituents. The bench assists in letting DEP know when meters should be removed from the system by using data of meters tested each day vs. the meter age and type in our system. We are able to determine failure rate of meters and can gauge meter removal needs based on our findings. This bench can only be obtained from MARS Company since they are the only manufacturer who produces computer driven high-speed water meter test equipment and turnkey installation packages in the United States. Any firm which believes it can also provide the required service IN THE FUTURE is invited to so, indicated by letter.

DOHMH, intends to enter into a Negotiated Acquisition contract, with Focus Search Group LLC, who will provide New York State licensed temporary laboratory technicians, clinicians and disease investigative staff in the following two Titles; Laboratory Technicians and Disease Detectives. The temporary staff personnel under this contract will provide support & services to DOHMH, in response to infectious diseases. In addition to the unforeseen MPV outbreak, DOHMH is anticipating that new variants of COVID-19 are likely to emerge in the fall/winter, along with other infectious disease outbreaks, such as polio and Ebola, causing extensive strain on personnel if temps are unable to be utilized to support NYC's response activities. Therefore, DOHMH determined that it is in the best interest of the City, to enter into a Negotiated acquisition.

The Agency Chief Contracting Officer, has determined that it is not practicable or advantageous to the City, to use a competitive procurement during this time while there is a need for continuity of service. To avoid a gap in services, DOHMH will negotiate with Focus Search Group LLC, who can provide New York State licensed temporary laboratory technicians, clinicians and disease investigative staff for these required services. Services are currently being utilized through DOHMH temp contracts to maintain operations. Focus has staff stationed at clinics and will no longer be able to work in these clinics if this NA is not in place. AGENCY RULES

MAYOR'S OFFICE OF MEDIA AND ENTERTAINMENT

■ **NOTICE**

NOTICE OF ADOPTION OF FINAL RULE

NOTICE IS HEREBY GIVEN PURSUANT TO THE AUTHORITY VESTED IN THE MAYOR'S OFFICE OF MEDIA AND ENTERTAINMENT by Executive Order 21 of 2022, that the Mayor's Office of Media and Entertainment promulgates and adopts a rule to establish the Made in NY Marketing Credit Program for Digital Gaming Media Production.

The proposed Rules were published in the City Record on December 15, 2022, and a public hearing was held on January 24, 2023. One comment was received in total: The commentator testified in favor of the proposed rule and did not suggest changes.

MOME is making the following change to clarify provisions in the proposed Rules:

- In section 19-02, the definitions of "digital gaming media production costs" and "qualified digital gaming media production costs" were revised for clarity, consistency, and to include certain "property" in the costs.

The Mayor's Office of Media and Entertainment now adopts the following Rule.

STATEMENT OF BASIS AND PURPOSE

The mission of the Mayor's Office of Media and Entertainment ("MOME") is to support and strengthen New York City's creative economy and make it accessible to all. MOME comprises five divisions: the Film Office, which coordinates film and television production throughout the five boroughs; NYC Media, the largest municipal television and radio broadcasting entity in the country with a reach of 18 million viewers within a 50-mile radius; the Creative Industries division, which supports industry and workforce development in film, television, theater, music, publishing, advertising, and digital content; the Office of Nightlife, supporting the sustainable development of New York City's nightlife industry; and the Press Credentials Office, which issues access credentials to news media. Overall, MOME programs support the employment of nearly half a million workers in an industry that generates over \$104B in economic activity annually.

The "Made in NY" logo is a federally registered trademark. The City created the "Made in NY" branding initiative as part of the goal to support and grow the media and entertainment industries, and the initiative includes the logo and credit attribution. In 2013, MOME formally established the "Made in NY" Marketing Credit Program for film and television (the "Film and Television Marketing Credit Program") by rule. The Film and Television Marketing Credit Program offers to "Made in NY" film and television productions opportunities to promote their project in New York City, the top media market in the country. The "Made in NY" logo has also become a mark of distinction in the film and television industry, as well as among New Yorkers.

The global digital gaming industry is projected to record revenues of \$180 billion in global sales, making the digital gaming industry larger than the global film and North American sports industries combined, with New York State ranking fifth in total in-state game industry-related economic output across the country. New York City is among the top ten cities in terms of industry presence and number of digital game developers and publishers. According to MOME's *New York City Digital Game Industry 2021 Economic Impact Study*, the digital game industry provides 7,600 jobs in New York City, \$762 million in wages, and \$2 billion in total economic output (business revenues and self-employment receipts).

Given the tremendous potential for the development of this creative industry in New York City, MOME seeks to offer incentives for the production of new digital games in New York City. To that end, this rule establishes a Made in NY Marketing Credit Program for Digital Gaming Media Production. Like the Film and Television Marketing Credit Program, the rule provides digital game companies with opportunities to promote their projects in New York City, the top media market in the country.

Specifically, the rule is set forth in a new chapter and:

- Establishes the Made in NY Marketing Credit Program for Digital Gaming Media Production.
- Outlines the application process.
- Provides standards for assessing applications.
- Requires that recipients provide a cultural benefit in the form of a monetary contribution to a non-profit entity that is on a list established by the New York City Department of Cultural Affairs or has been identified through the New York City Council's Participatory Budget process.
- Sets forth reporting and record keeping requirements.

Final Rule

"Shall" and "must" denote mandatory requirements and may be used interchangeably unless otherwise specified or unless the context clearly indicates otherwise.

New material is underlined.

Section 1. Title 43 of the Rules of the City of New York is amended by adding a new Chapter 19 to read as follows:

CHAPTER 19: NEW YORK CITY "MADE IN NY" MARKETING CREDIT PROGRAM FOR DIGITAL GAMING MEDIA PRODUCTIONS
