- (a) The City Planning Commission may permit arenas, auditoriums or stadiums with a capacity in excess of 2,500 seats, or trade expositions with a rated capacity in excess of 2,500 persons, provided that the following findings are made:
(1) that the principal vehicular access for such #use# is not located on a local #street# but is located on an arterial highway, a major #street# or a secondary #street# within one-quarter mile of an arterial highway or major #street#;
(2) that such #use# is so located as to draw a minimum of vehicular traffic to and through local #streets# in nearby residential areas;
(3) that such #use# is not located within 200 feet of a #Residence District#;
(4) that adequate reservoir space, at the vehicular entrance, and sufficient vehicular entrances and exits, are provided to prevent traffic congestion;
(5) that vehicular entrances and exits for such #use# are provided separately and are located not less than 100 feet apart; and
(6) that due consideration has been given, to the proximity of bus and rapid transit facilities to serve such #use#.
(b) In Community District 7 in the Borough of the Bronx, the Commission may permit an indoor arena with a maximum seating capacity of 6,000 within 200 feet of a #Residence District# and, in conjunction with such arena, permit modifications of the provisions of Sections 32-64 (Surface Area and Illumination Provisions), 32-655 (Height of signs in all other Commercial Districts), and 36-62 (Required Accessory Off-street Loading Berths), provided that:

(5) where Section 36-62 is modified, a loading plan has been submitted that addresses the operational needs of all servicers of the arena and shows the number, location and arrangement of all loading berths on the #zoning lot#, and the Commission finds that such loading plan is adequate to address the loading demand generated by the arena #use# and has received assurances that the arena operator will implement such plan in accordance with its terms
(c) In Pennsylvania Station Subarea B4 of the #Special Hudson Yards District#, the Commission may permit arenas with seating in excess of 2,500 persons, provided that the following findings are made:
(1) the provisions of paragraphs (a)(1) through (a)(6) of this Section are met;
(2) public spaces of appropriate proportions and quality design are provided around the arena in a manner that is commensurate with the civic importance of the site;
(3) such public spaces will: facilitate public use and pedestrian flow; provide suitable amenities for the users of the space; and be integrated with the above- and below-grade pedestrian circulation network and transit facilities in the surrounding area;

- (4) entrances and exits, to the arena and, to the adjacent open areas are located and designed to facilitate public use and circulation on the #zoning lot#;

An application for this special permit shall include a loading operations plan that describes the number, location and arrangement of all loading berths on the #zoning lot# as well as the location and management of offsite storage and staging of vehicles associated with the arena use. The plan shall be referred, to the Department of Transportation and affected transit agencies for a report or recommendations on the plan. The Commission shall, in its determination, give due consideration, to these reports and recommendations; and
- (6) the arena shall be appropriately consistent and compatible with existing transit facilities on or adjacent, to the zoning lot, and with proposed improvements to such transit facilities by the affected transit agencies.

Design changes to existing #plazas# located within pedestrian-accessible open areas may be made without a certification by the Chairperson of the Commission, pursuant to Section 37-625, and the design standards of Section 37-70, inclusive, shall not apply to such #plazas#.

FIRE DEPARTMENT

RECRUITMENT UNIT

FOCUS GROUPS FOR FIREFIGHTER RECRUITMENT - Negotiated Acquisition - Other - PIN#05723N0007001 - AMT: \$85,500.00 - TO: Horowitz Associates Inc, 270 North Avenue, Suite 805, New Rochelle, NY 10801.

New York City Fire Department, seeks to contract with a qualified vendor to provide focus group services, for the recruitment campaign for the upcoming firefighter examination. The study will shed light on what diverse (Black, Hispanic, and women) job seekers are looking for, in a prospective job or career and their perceptions of public sector jobs overall, and firefighting in particular and explore how cultural expectations can influence career paths. Following the groups, vendor will deliver a summary of the findings, which will be utilized to inform the FDNY's marketing and advertising campaign content.

Pursuant to Section 3-04(b)(2)(i)(A) of the NYC Procurement Policy Board Rules, FDNY has a time sensitive and compelling need to retain a vendor who can provide focus group services as the the Court ordered that a Monitor oversee the Department's recruitment and hiring of Firefighters. As part of determining the necessary components of the next recruitment campaign, the Monitor has set forth numerous expectations for what must be included. Two of those expectations are that the Department will hire a firm to (1) engage in an advertising and social media effort to garner interest in the Firefighter title, similar to the tactics used during the FDNY's recruitment campaign for Exam 7001; and (2) conduct focus groups with candidates to assist in determining which advertising and social media tactics will work best for our targeted, age-eligible cohort. All focus group work must be completed well in advance of the campaign start date, so information that is gathered can be incorporated into advertising. Therefore, competitive procurement processes do not allow for enough time to make a contract award and still meet this timeline.
