**PRE-QUALIFIED LIST (PQL) PROGRAM FOR VARIOUS TRADES**

NYCHA is currently accepting applications for Pre-Qualified List (PQL) program for various trades.

A PQL is a tool that NYCHA will use to qualify vendors and contract goods or services for its developments, streamlining the process for both vendors and NYCHA. NYCHA will publish contracting opportunities, and the PQL will predominantly be used to procure goods or services for those contracts. Vendors who apply to those bids must pre-qualify according to specific criteria, and vendors who are admitted to the PQL can bid on contracts.

Currently NYCHA has established four (4) PQL lists for the Closed-Circuit Television (CCTV), Carpentry, Painting and Lead Based Paint (Assessment and Abatement, Inspection and Assessment & Lab Analysis).

All vendors interested in NYCHA's PQLs must follow two (2) important steps:

First, vendors must prepare and submit applications to the PQL: To pre-qualify, vendors must meet the minimum requirements listed on the Request for Qualification of the select PQL. Applications will be evaluated by NYCHA on a rolling basis.

Second, vendors who are admitted to the PQL can then bid on solicitations for services on the PQL: Vendors must bid on each contract award, as these are not guaranteed.

For more information regarding PQLs and to obtain applications, please visit NYCHA's website at: <https://www.nyc.gov/site/nycha/business/nycha-pql.page>.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/blueprints; other information; and for opening and reading of bids at date and time specified above.

The procurement is for the Two-Year subscription to Reach Movement Plan for Public Engagement Unit (PEU). Reach is a relational organizing tool that allows staff and volunteers to easily add contacts they meet in the field or from their own networks to PEU's databases and record the outcome of their outreach. PEU's nonpartisan voting initiative, DemocracyNYC, has used Reach to help New Yorkers register to vote, make and commit to voting plans, and provide voting education. GetCoveredNYC currently uses Reach to offer New Yorkers multilingual assistance with health insurance enrollment. PEU plans to use a different Reach committee to conduct vaccine outreach to New Yorkers who may be vaccine hesitant. To work on these multiple time-sensitive campaigns at the same time while clearly separating data for each project, PEU will need to implement the "Reach Movement" plan. PEU's will incorporate its current TargetSmart data into the Reach platform, which will require Reach's "medium state" dataset pricing.

**EXPANSION OF POST-ACUTE CARE FOR THE UNINSURED - Request for Proposals - PIN# 2678 - Due 9-14-23 at 5:00 P.M.**

NYC Health + Hospitals is seeking a partner to: 1) ensure that NYC Health + Hospitals' patients may be placed rapidly in sub-acute or post-acute level of care settings when medically appropriate, 2) accommodate transfers from NYC Health + Hospitals facilities of patients who only require skilled nursing facility services ("SNF Services") who are currently receiving an acute level of care ("Patients"), from its Facilities, and 3) to provide such SNF Services after accepting the transfer. Across NYC Health + Hospitals facilities, there are hundreds of patients who do not have medical issues requiring an acute care setting and who have therefore been placed on Alternate Level of Care status ("ALOC") , with length of stay ranging from 2 to 1,288 days. Securing appropriate long term or permanent placements for these patients has been a longstanding challenge. Discharging these patients to a sub acute or post acute setting would allow these patients to clinically benefit from an appropriate care setting; and would open critical acute inpatient capacity thereby relieving hospital strain and emergency department crowding.
