“Compete To Win” More Contracts!

Thanks to a new City initiative - “Compete To Win” - the NYC Department of Small Business Services offers a new set of FREE services to help create more opportunities for minority and Women-Owned Businesses to compete, connect and grow their business with the City. With NYC Construction Loan, Technical Assistance, NYC Construction Mentorship, Bond Readiness, and NYC Teaming services, the City will be able to help even more small businesses than before.

● Win More Contracts, at nyc.gov/competetowin

“The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed, to the City’s prestige as a global destination. The contracting opportunities for construction/construction services and construction-related services that appear in the individual agency listings below reflect that commitment to excellence.”

HHS ACCELERATOR PREQUALIFICATION

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York (“PPB Rules”), vendors must first complete and submit an electronic HHS Accelerator Prequalification Application using the City’s PASSPort system. The PASSPort system is a web-based system maintained by the City of New York for use by its Mayoral Agencies to manage procurement. Important business information collected in the Prequalification Application is required every three years. Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete. Prequalification applications will be reviewed to validate compliance with corporate filings and organizational capacity. Approved organizations will be eligible to compete and would submit electronic proposals through the PASSPort system. The PASSPort Public Portal, which lists all RFPs, including HHS RFPs that require HHS Accelerator Prequalification, may be viewed at https://passport.cityofnewyork.us/page.aspx/en/rfp/request_browse_public. All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding. For additional information about HHS Accelerator Prequalification and PASSPort, including background materials, user guides and video tutorials, please visit <https://www1.nyc.gov/site/mocs/systems/about-go-to-passport.page>.

New York City Economic Development Corporation (NYCEDC) is seeking vendors to perform water meter reading services at the Brooklyn Wholesale Meat Market, Hunts Point Market, and Seaport Campus, and possibly other various sites as needed. The Contractor will service all meters registering all present and future metered spaces and the general meters.

NYCEDC plans to select a consultant on the basis of factors stated in the RFP which include but are not limited to: the quality of the

proposal, experience of key staff identified in the proposal, experience and quality of any subcontractors proposed, demonstrated successful experience in performing services similar to those encompassed in the RFP, and the proposed fee.

It is the policy of NYCEDC to comply with all federal, state and City laws and regulations which prohibit unlawful discrimination because of race, creed, color, national origin, sex, age, disability, marital status and other protected category and to take affirmative action in working with contracting parties to ensure certified Minority and Women-owned Business Enterprises (M/WBEs) share in the economic opportunities generated by NYCEDC's projects and initiatives. Please refer to the Equal Employment and Affirmative Compliance for Non-Construction Contracts Addendum in the RFP.

This project has Minority and Women Owned Business Enterprise ("M/WBE") participation goals, and all respondents will be required to submit an M/WBE Participation Proposal with their response. To learn more about NYCEDC's M/WBE program, visit <http://edc.nyc/opportunity-mwdbe>. For the list of companies who have been certified with the New York City Department of Small Business Services as M/WBE, please go to the <https://sbsconnect.nyc.gov/certification-directory-search/>.

NYCEDC established the Contract Financing Loan Fund programs for Minority, Women and Disadvantaged Business Enterprise (M/W/DBE) interested in working on public construction projects. Contract Financing Loan Fund facilitates financing for short-term mobilization needs such as insurance, labor, supplies and equipment. Bidders/subcontractors are strongly encouraged to visit the NYCEDC website at <http://edc.nyc/opportunity-mwdbe> to learn more about the program.

Respondents may submit questions and/or request clarifications from NYCEDC no later than 5:00 P.M. on Wednesday, October 25, 2023. Questions regarding the subject matter of this RFP should be directed to watermeterreadingservices@edc.nyc. Answers to all questions will be posted by Wednesday, November 1, 2023, to <https://edc.nyc/rfps>. PRE-QUALIFIED LIST (PQL) PROGRAM FOR VARIOUS TRADES

NYCHA is currently accepting applications for Pre-Qualified List (PQL) program for various trades.

A PQL is a tool that NYCHA will use to qualify vendors and contract goods or services for its developments, streamlining the process for both vendors and NYCHA. NYCHA will publish contracting opportunities, and the PQL will predominantly be used to procure goods or services for those contracts. Vendors who apply to those bids must pre-qualify according to specific criteria, and vendors who are admitted to the PQL can bid on contracts.

Currently NYCHA has established four (4) PQL lists for the Closed-Circuit Television (CCTV), Carpentry, Painting and Lead Based Paint (Assessment and Abatement, Inspection and Assessment & Lab Analysis).

All vendors interested in NYCHA's PQLs must follow two (2) important steps:

First, vendors must prepare and submit applications to the PQL: To pre-qualify, vendors must meet the minimum requirements listed on the Request for Qualification of the select PQL. Applications will be evaluated by NYCHA on a rolling basis.

Second, vendors who are admitted to the PQL can then bid on solicitations for services on the PQL: Vendors must bid on each contract award, as these are not guaranteed.

For more information regarding PQLs and to obtain applications, please visit NYCHA's website at: <https://www.nyc.gov/site/nycha/business/nycha-pql.page>.

SMD_PS_RFEI_486034_REAL ESTATE AGENT REFERRAL LIST

1. Introduction

The New York City Housing Authority (NYCHA) administers the country's largest Housing Choice Voucher (HCV) program. The HCV program (also known as Section 8) is a federally funded HUD program that provides rental assistance for quality units chosen by the Section 8 voucher holder (voucher holder) in the private rental market.

NYCHA has initiated a new program in which NYCHA will pay a broker fee of up to 15% of the annualized rent (1.8 times one month) to licensed New York real estate agents or brokers who assist certain qualified voucher holders lease an apartment (Broker Fee Policy). More information about the Broker Fee Policy can be found here.

In connection with the Broker Fee Policy, NYCHA is issuing a Request for Expression of Interest (RFEI) to invite licensed real estate agents/brokers to provide their contact information to NYCHA for inclusion in a Real Estate Agent Referral List that will be shared with new voucher holders (people who have never been on the Section 8 program) who are looking for an apartment.

2. Purpose

The purpose of the Real Estate Agent Referral List is to help connect new voucher holders with licensed real estate agents/brokers who will assist the voucher holder in identifying, applying for, and successfully leasing an apartment.

Experience with rental subsidy programs is not necessary to be included on the Real Estate Agent Referral List. NYCHA will provide an optional information session explaining the Section 8 program to anyone who provides their information in response to this RFEI.

Licensed real estate agents/brokers who provide their information for the Real Estate Agent Referral List and who work with NYCHA Section 8 voucher holders benefit from:

- Visibility to new voucher holders
- A competitive broker's fee (up to 15% of annual rent)
- New Section 8 regulations that base the maximum lease amount on the average rent in each zip code, rather than a uniform maximum amount across the city, meaning that voucher holders are now able to rent units in neighborhoods where the average rent is higher.

Also, please note that to incentivize landlords to rent to new voucher holders, NYCHA will also pay landlords a bonus payment of one month's rent (for a limited time).

Please click here for more Information about the Real Estate Agent Referral List and the Broker Fee Policy.

3. Information Solicited

Please complete the online form on the broker web page if you would like to be included on the Real Estate Agent Referral List.

You will be asked to provide the following when completing the form:

N230341LDK, C230337ZMK, N230338ZRK, C230339ZSK, C230340ZSK, and SEQRA Classification: Type I. Lead Agency is Department of City Planning, 120 Broadway, 31st Floor, New York, New York 10271.

Contact Person: Stephanie Shellooe, AICP, Director (212) 720-3328, Environmental Assessment and Review Division, New York City Department of City Planning

341 10th Street Rezoning and LSGD Special Permits Statement of No Significant Effect

Pursuant to Executive Order 91 of 1977, as amended, and the Rules of Procedure for City Environmental Quality Review, found at Title 62, Chapter 5 of the Rules of the City of New York and 6 NYCRR, Part 617, State Environmental Quality Review, the Department of City Planning acting on behalf of the City Planning Commission assumed the role of lead agency for the environmental review of the proposed actions. Based on a review of information about the project contained in this environmental assessment statement (EAS) and any attachments hereto, which are incorporated by reference herein, the lead agency has determined that the proposed actions would not have a significant adverse impact on the environment.

Reasons Supporting this Determination

Land Use, Zoning, and Public Policy

A detailed analysis of land use, zoning, and public policy is included in the EAS. The applicant, Stellar 341 LLC, seeks a zoning map amendment to rezone a portion of Brooklyn Block 1010 Lot 26 (the "Project Area" refers to the totality of Block 1010, Lot 26; the "Rezoning Area" constitutes a portion of the "Project Area") from R6A and R6B districts to R7 and R7-3/C2-4 districts; a zoning text amendment to Appendix F of the Zoning Resolution ("ZR") to designate the Rezoning Area a Mandatory Inclusionary Housing (MIH) area; a special permit pursuant to ZR 74-743 to designate the Project Site a Large Scale General Development (LSGD) and modify regulations concerning base height, maximum building height, setbacks, rear yards, and rear yard equivalents; and a special permit pursuant to ZR 74-532 to reduce accessory parking requirements (the "Proposed Actions"). The Proposed Actions would facilitate the development of two new mixed-use buildings consisting of a combined 282,774 gross square feet (gsf) (the "Proposed Project"). The new buildings would consist of a combined approximately 271,380 gsf of residential floor area, approximately 6,750 gsf of commercial retail space, and approximately 4,644 gsf of community facility space. The residential floor area would consist of approximately 319 dwelling units, of which, approximately 64 to 96 would be permanently affordable pursuant to MIH. The building constructed along 9th Street would be 17 stories and 201 feet tall and the building constructed along 10th Street would be 19 stories and 225 feet tall. The existing multifamily apartment building would remain within the Project Area.

The Proposed Actions would not result in significant adverse impacts to Land Use, Zoning, and Public Policy. The Proposed Actions would not displace a land use nor create a land use that would be incompatible with surrounding uses. The Proposed Actions would establish a medium-density residential zoning district with a commercial overlay in an area where similar land uses and zoning districts are prevalent. The residential, commercial, and community facility uses facilitated by the Proposed Actions would be consistent with the medium-density and mixed-use residential and commercial uses that are prevalent along 9th Street and in the surrounding area. The Proposed Actions would allow for an increase in development, bulk, and height on the Project Site relative to the No-Action Condition. The proposed R7-3/C2-4 district would allow for development at an appropriate and comparable

scale relative to the medium-density residential R6A/C2-4 district to the Project Site's north and the R6B district to the Project Site's south. The development and bulk facilitated by the Proposed Actions would also be appropriate in scale to the medium-density commercial C4-3A district to the Project Site's east and the C4-4D district to the west of the Project Site. The Proposed Actions would be consistent with relevant public policies including Housing Our Neighbors and OneNYC by facilitating the development of mixed-use buildings that would include new commercial and community facility operations and permanently affordable housing units pursuant to MIH.

Open Space

A detailed analysis related to Open Space is included in this EAS. The detailed analysis concluded that the Proposed Actions would not result in significant adverse open space impacts. The Proposed Actions would not directly displace any open space resources, nor would it result in any direct effects related to encroachments on or loss of open space, or changes in open space such that it no longer serves the same user population. In the No-Action Condition, the open space ratio within a .5-mile study area of the Project Area is 0.29 of total open space, 0.18 of active recreation open space, and 0.1 of passive recreation open space for every 1,000 residents, which are below the City's goals of 2.5 total acres of total open space per 1,000 residents, 2.0 acres of active open space for every 1,000 residents and .5 acres of passive recreation open space for every 1,000 residents. In the With-Action Condition, the total open space ratio would decline by 1.7%, the active open space ratio would decline by 1.75%, and the passive open space ratio would decline by 1.72%. Because the Proposed Actions would result in decreases in the open space ratios greater than the 1% threshold, further qualitative assessment was conducted to determine if these changes would result in a significant adverse impact.

The qualitative assessment considers those open space resources that are available to residents within the study area but are not included in the quantitative analysis. The Project Site is approximately 0.7 miles from Prospect Park, a regional park, with ample passive and active recreation assets. There are four existing public parks (Gowanus Canal Sponge Park, Gowanus Waterfront Park, Prospect Expressway Park, and Slope Park Playground) maintained by the NYC Department of Parks and Recreation and six community gardens maintained by the NYC Department of Parks and Recreation's GreenThumb program that are outside of the quantitative study area but are publicly accessible and available to residents. The Gowanus Neighborhood Plan (CEQR# 19DCP157K) will introduce approximately six acres of additional publicly accessible open space that will be available in the future to residents within the study area. The applicant also plans to provide 14,500 square feet of private open space within the Project Site for residents that would include walking paths, seating areas, and a children's play area. Therefore, the analysis finds that the decreases in the open space ratios would not result in significant adverse open space impacts and no further analysis is necessary.

Hazardous Materials, Air Quality, and Noise

An (E) designation (E-730) related to hazardous materials, air quality, and noise would be established as part of the approval of the proposed actions. Refer to "Determination of Significance Appendix: (E) designation" for the applicable (E) designation requirements. The hazardous materials, air quality, and noise analyses conclude that with the (E) designation in place, the proposed actions would not result in a significant adverse impact related to hazardous materials, air quality, or noise.
