Once you have created a folder for the solicitation whose name matches the subject line of your RFP Submission Email, upload the documents relevant to your RFP submission in this folder. 4. Create a share link for this folder; 5. Be sure to check your share settings so that anyone receiving the link that you create will be able to open the link and access the files. If your share link permissions are restricted (e.g. to only your organization in Office 365), the DOE will not be able to view your solicitation documents. It is your responsibility to ensure that the link(s) you provide allows the DOE to view, download and/or open your documents; and 6. Include the link which you have created as the first line of your RFP Submission Email.

For hard copy (paper) Proposal submissions, please follow the below instructions: Further to prior instructions regarding submissions of Proposals. In addition to electronic submission via email, the proposer may choose to hand deliver their Proposal packages to NYC DOE at any time prior to the Proposal Due Date/Time. If you plan to submit a

CBO PROVIDERS FOR NYCBENEFITS - Negotiated Acquisition - Other - PIN#06925N0007 - Due 9-27-24 at 3:00 P.M.

Pursuant to Sections 3-04(b)(2)(i)(B) & (D) and 3-04(b)(2)(ii) of the Procurement Policy Board (PPB) Rules, DSS/HRA intends to utilize Negotiated Acquisition (NA) to contract with thirty five (35) community-based organization (CBO) providers for the continuity of NYCBenefits program management.

The NYCBenefits grants program, which launched in January 2023 as part of a new, cross-agency, cross-sector effort to connect eligible New Yorkers to government benefits, currently funds direct service and technical assistance providers. These grants were awarded and administered by the Research Foundation of the City University of New York (RFCUNY), managed by the Mayor's Public Engagement Unit (PEU), and funded through the NYC Department of Social Services (DSS)'s budget. NYCBenefits will fund CBOs as trusted partners to increase the number of New Yorkers enrolling and staying enrolled in public benefits, make access to benefits easier and more efficient, improve benefits-related coordination between City agencies and CBOs, expand the benefits access capacity of CBOs, leverage underutilized federal, state, and city dollars for poverty alleviation and economic stability and create a culture of dignity and respect for those that administer and receive government benefits. In June of 2023, day-to-day program management for this initiative shifted from the PEU to DSS. The January 2024 Plan PEG Initiatives for DSS included efficiencies through the insourcing of contract oversight for NYCBenefits. As a result, contracting for the NYC Benefits grants program will shift from RFCUNY to DSS beginning July 1, 2024 for these thirty-five CBOs. This NA is necessary to move the program from RFCUNY to DSS and is relying on the RFCUNY competitive procurement as a justification of the special case determination. Based on the special case determination, the NYCBenefits Program can continue at the NYC Department of Social Services (DSS) with the same providers and similar scopes of work. The total funding amount for the thirty five incumbent CBO providers is \$27,975,000, with contract term from July 1, 2024 to June 30, 2027.

These thirty-five vendors are: 1. Asian Americans for Equality, Inc. 2. The Arab-American Family Support Center Inc. 3. Bedford Stuyvesant Restoration Corp 4. The Bronx Defenders 5. Pursuant to Sections 3-04(b)(2)(i)(B) & (D) and 3-04(b)(2)(ii) of the Procurement Policy Board (PPB) Rules, DSS will utilize Negotiated Acquisition to contract with the incumbent vendors to ensure continuing provision of direct service and technical assistance for the NYCBenefits program.

The civil penalty amount applicable to such buildings will be lowered from \$5,000 to \$1,500. The lower amount will be less of a hardship for owners of these smaller buildings (the smallest buildings that are subject to this requirement) yet still serve as a penalty for noncompliance. For larger buildings, the civil penalty amount for failure to file a certification of inspection will stay the same.

The Department of Buildings’ authority for this rule is found in sections 643 and 1043 of the New York City Charter and Article 318 of Chapter 3 of Title 28 of the New York City Administrative Code.

What laws govern the rulemaking process? DEP must meet the requirements of Section 1043 of the Charter when creating or changing rules. This notice is made according to the requirements of Section 1043(b) of the Charter.

Statement of Basis and Purpose

Chapter 43 of Title 15 of the Rules of the City of New York sets forth the penalties that may be imposed for violations of the Air Pollution Control Code. Chapter 47 of Title 15 of the Rules of the City of New York sets forth the penalties that may be imposed for violations of the Noise Control Code.

Consistent with Chapter 6 of title 48 of the Rules of the City of New York, DEP proposes to amend sections two, three and seven of section 43-01 of title 15 of the Rules of the City of New York and amend the schedule set forth in section 43-02 of such title to provide that respondents may admit to all violations contained in Section 43-02 instead of entering into a stipulation.

Currently, the Department of Environmental Protection ("DEP") makes a stipulation offer on many Air Code violations, in accordance with section 24-183 of the Administrative Code. Acceptance of the stipulation offer entails admitting the violation, paying the stipulated penalty, and promising to correct the violating condition within a prescribed time. The proposed rule, by providing for admissions in addition to stipulations, will allow respondents to admit to violations and pay summonses online through the Office of Administrative Trials & Hearings ("OATH") website, instead of waiting to receive a stipulation offer from DEP. This will expedite the handling of all cases and reduce the administrative burden on DEP and OATH as well as the time required for the respondent.

Subdivision (c) of section 1403 of the New York City Charter and sections 24-105, 24-178, 24-204 and 24-261 of the Administrative Code authorize the Department to issue this proposed rule.

New text is underlined.

The text of the proposed rule follows:

§ 1. Subdivision 7 of section 43-01 of Title 15 of the Rules of the City of New York is amended to read as follows:

7. Each summons [for a violation of section 24-163] shall provide that a respondent may admit to such violation and pay the corresponding penalty amount set forth in section 43-02.

§ 3. The table set forth in section 43-02 of Title 15 of the Rules of the City of New York is amended by changing the column headings as follows:

Section of Law	Violation Description	Compliance	1st Offense Stip. Or Admit (\$)	1st Offense (\$)	Default Penalty (\$)	2nd Offense (\$)	2nd Stip. or Admit (\$)	3rd and Subsq. Offense (\$)	3rd and Subsq. Stip. or Admit (\$)
----------------	-----------------------	------------	---------------------------------	------------------	----------------------	------------------	-------------------------	-----------------------------	------------------------------------

§3. The second paragraph of Section 47-02 of Title 15 of the Rules of the City of New York is amended to read as follows:

[A] An admission or stipulation penalty is imposed if there is a “Y” (Yes) in the Stipulation or Admission column in the Penalty Schedule rather than a “N” (No), and if a stipulation is offered and accepted, or the violation is admitted, at a hearing.

§5. The table set forth in section 47-02 of Title 15 of the Rules of the City of New York is amended by changing the column headings as follows:

Section of Law	Violation Description	Compliance	Offense	Penalty	Default Penalty	Stipulation or Admission

What rules govern the rulemaking process? DEP must meet the requirements of Section 1043(c) of the City Charter when creating or changing rules. This notice is made according to the requirements of Section 1043(b) of the City Charter.

Statement of Basis and Purpose of Proposed Rules

Local Law 38 of 2015 revised the Air Pollution Control Code to add section 24-149.6 governing stationary engines. Subsection (b) provides that a certificate of operation for a stationary reciprocating compression ignition internal combustion engine may be renewed on or after January 1, 2025, only if the owner or operator of such engine can demonstrate in accordance with department rules that the engine meets the tier four emissions standards established by the United States environmental protection agency as set forth in 40 CFR §60.4201 or any subsequent United States environmental protection agency emissions standard for such engine that is at least as stringent. These stationary engines are used in a variety of applications from generating electricity to powering pumps and compressors in power and manufacturing plants. The Law contains an exception that applies to stationary engines used as emergency generators.

Local Law 38 of 2015 establishes a more stringent standard than is set forth in the federal regulations, in section 60.4201 of Title 40 of the code of federal regulations. While the federal regulations apply only to newly registered engines, the Local Law requires that all engines, not just newly registered engines, must be Tier IV compliant by January 1, 2025, in order to receive a renewed certificate of operation.

Requiring all engines to meet Tier IV emission standards will significantly reduce emissions of nitrogen oxides and particulate matter. The Tier IV standards result in a total emission reduction of 90% NOx, compared to the previous Tier III standard. This substantial decrease in harmful exhaust pollutants contributes to cleaner air quality and improved environmental impact.

The proposed rule would implement the Local Law.

New material is underlined.

Section 1. Title 15 of the Rules of the City of New York is amended by adding a new Chapter 63, to read as follows:

Chapter 63

Stationary Engines

§63-01 Definitions.

Emergency Stationary Reciprocating Compression Ignition Combustion Engine means the same as set forth in section 63.6640(f) of title 40 of the code of federal regulations.

Selective Catalytic Reduction (SCR) Technology means a control device that creates a chemical reduction via a reducing agent and a catalyst.

Stationary reciprocating compression ignition internal combustion engine (RICE) means the same as set forth in section 60.4219 of title 40 of the code of federal regulations.

§63-02 Requirements for Renewal of Certificate of Operation

A certificate of operation for a stationary reciprocating compression ignition combustion engine (RICE) that is required to obtain a certificate of operation pursuant to section 24-122 of the Air Pollution Control Code may be renewed on or after January 1, 2025, only if the RICE meets the Tier IV requirements set forth in 40 CFR 60.4201, or any subsequent United States Environmental Protection Agency emissions standard for such engines that is at least as stringent. The certification standards are set forth in Table 1 of 40 CFR 1039.101. Compliance with the Tier IV requirement may be demonstrated by submitting proof in a form satisfactory to the Department that SCR Technology has been installed.

Statement of Basis and Purpose of Rule

The Fair Fares NYC Program helps New York City residents with low incomes manage their transportation costs by providing them with a 50% discount on public transportation. Eligible New York City residents receive a 50% discount on subway and eligible bus fares. Fair Fares can also provide 50% off MTA Access-A-Ride paratransit trips.

Last year, the Fair Fares income level was raised from 100 percent of Federal Poverty Level (FPL) to 120 percent. This proposed rule will further raise the income level to 145 percent of the FPL. Expansion of the Fair Fares program discount will assist low-income New Yorkers by improving access to daily needs such as jobs, education, healthcare, food, nature and recreation. Additionally, improved access to public transportation addresses income disparities and allows for favorable quality of life outcomes for the lowest income New Yorkers.

The Department's authority for these rules is found in Section 603 of the City Charter and Sections 34 and 77 of the New York Social Services Law.

New material is underlined. Deleted material is [bracketed].

Section 1. Subdivision (a) of section 12-03 of Title 68 of the Rules of the City of New York is amended to read as follows:

- (a) To be eligible to receive a Fair Fares discount an applicant must:
 - (1) submit a completed application, including supporting documentation, in a format and manner established by the Program;
 - (2) submit a signed Fair Fares NYC Conditions of Use form pursuant to DSS/HRA's Memorandum with New York City Transit Authority; and

 - (C) The applicant's gross income must not exceed [120] 145 percent of FPL;
 - (D) Except as provided in 68 RCNY § 12-02(a), the applicant must not currently be eligible for a duplicative discount or benefit from DSS/HRA, NYCT or any other entity or program;
 - (E) The applicant must not be currently suspended or permanently disqualified from the Program under 68 RCNY § 12-05(b);

MANAGEMENT AND BUDGET

■ NOTICE

**COMMUNITY DEVELOPMENT BLOCK GRANT-DISASTER RECOVERY PROGRAM
NOTICE OF INTENT TO REQUEST RELEASE OF FUNDS**

NYC Mayor’s Office of Management and Budget (NYC OMB)
255 Greenwich Street, 8th Floor
New York, NY 10007
(212) 788-6130

On or about September 27, 2024, the City of New York (“the City”) will submit a request to the U.S. Department of Housing and Urban Development for the release of Community Development Block Grant-Disaster Recovery (CDBG-DR) funds authorized under the Community Development Act of 1974, as amended, and the Continuing Appropriations Act, 2023 (Public Law 117-180), to undertake a project known as NYCHA Green Infrastructure for the purpose of managing stormwater runoff across seventeen (17) New York City Housing Authority (“NYCHA”)–owned developments. The funds will be requested for two (2) of these sites (GI Sites):

- 1. Marcy Houses
- 2. Ravenswood Houses

The City proposes to award funds to the NYCHA, which will procure a contractor to install green infrastructure at the GI Sites as part of the NYCHA Green Infrastructure project. The GI Sites will include a total of eleven (11) assets. These include sub-surface slow-release detention chambers, which will temporarily store rainwater below ground and then release it slowly into the combined sewer after the storm has passed and capacity has returned, and retention chambers, which are designed to collect rain and channel it to below-ground natural aquifers. The green infrastructure practices in this project are all located in parking lots or other open spaces on NYCHA properties. Excavation is required to install subsurface chambers and reconstruct catch basins and outlet control structures that are reconnected to existing sewer pipes. Once installation and reconstruction are complete, the area will be backfilled, resurfaced, and restored to its pre-existing condition; features at or above ground level will be replaced in kind. For each green infrastructure practice, the sewer’s capacity is fixed.

The primary addresses of the of the GI Sites include:
Marcy Houses – 648 Park Avenue, Brooklyn, NY 11206
Ravenswood Houses – 21-10 35th Avenue, Queens, NY 11106

The activities proposed are categorically excluded under HUD regulations at 24 CFR Part 58 from National Environmental Policy Act (NEPA) requirements. An Environmental Review Record (ERR) that documents the environmental determinations for this project will be made available to the public for review either electronically or by U.S. mail. Please submit your request by U.S. mail to Julie Freeman, Senior Assistant Director, New York City Office of Management and Budget, at 255 Greenwich Street, 8th Floor, New York, NY 10007, or by email to CDBGComments@omb.nyc.gov.

PUBLIC COMMENTS

Any individual, group, or agency may submit written comments on the ERR to the New York City Office of Management and Budget (NYC OMB) at the above address or via email to CDBGComments@omb.nyc.gov.

gov. All comments received by September 26, 2024 will be considered by NYC OMB prior to authorizing submission of a request for release of funds.

ENVIRONMENTAL CERTIFICATION

NYC OMB certifies to HUD that the City and Julie Freeman, in her capacity as Certifying Officer of the City’s CDBG-DR Program, consents to accept the jurisdiction of the Federal Courts if an action is brought to enforce responsibilities in relation to the environmental review process and that these responsibilities have been satisfied. HUD’s approval of the certification satisfies its responsibilities under NEPA and related laws and authorities and allows the City to use CDBG-DR Program funds.

OBJECTIONS TO RELEASE OF FUNDS

HUD will accept objections to its release of funds and NYC OMB’s certification for a period of fifteen days following the anticipated submission date or its actual receipt of the request (whichever is later) only if they are on one of the following bases: (a) the certification was not executed by the Certifying Officer of NYC OMB; (b) NYC OMB has omitted a step or failed to make a decision or finding required by HUD regulations at 24 CFR part 58; (c) the grant recipient or other participants in the development process have committed funds, incurred costs or undertaken activities not authorized by 24 CFR Part 58 before approval of a release of funds by HUD; or (d) another Federal agency acting pursuant to 40 CFR Part 1504 has submitted a written finding that the project is unsatisfactory from the standpoint of environmental quality. Objections must be prepared and submitted in accordance with the required procedures (24 CFR Part 58, Sec. 58.76) and shall be addressed to CPDRROFNYP@hud.gov. Potential objectors should contact HUD to verify the actual last day of the objection period.
