(briefly speaking in a foreign language)

All praises are due to Allah.
 We praise Him.
 We seek His help.
 We seek His forgiveness.
 And we seek His guidance.
 We seek refuge in Allah from the evil
 of ourselves and the sins of our actions...

I witness that there is no God other than Allah...
 and I witness that Muhammad is his servant and messenger.
 Oh, God, we seek refuge in you from our worry and grief,
 From...laziness, and from being heavy in debt,
 and from being overpowered by people.
 Oh, God, we seek refuge in you
 from poverty except to you,
 from humiliation except for you,
 and from fear, except from you.
 Oh, God, we seek refuge in you
 from false testimony f
 rom committing immorality,
 from provoking you,
 and we seek refuge in you
 from malice of the enemies
 and from liberty from disease,
 and from despair of hope.
 Oh, God, we seek refuge in you from wicked people...
 Oh, God, guide among those who are guided,
 and grant us health among those who granted health, too.
 And protect us among those who are protected
 and bless us with what has been given to us by you.
 And protect us from any evil you have decreed
 for you decreed in truth and none have decreed over you.
 None can disgrace who you support...
 Oh, God, you are the forgiver,
 you will have to forgive, so forgive us.
 Oh, God, take away the greed, pride,
 and selfishness from our hearts
 and replace it with a love and kindness
 so we can become united as one.
 Oh, God, give us strength and guide us

to the path of justice
and allow us to be contributing citizens
and community builders.
You have the blessed and exalted.
You are the most merciful.
You are the law of the Universe
Amen.

REPORTS OF THE STANDING COMMITTEES

Report of the Committee on Civil and Human Rights

Report for Int. No. 209-A

Report of the Committee on Civil and Human Rights in favor of approving and adopting, as amended, a Local Law to amend the administrative code of the city of New York, in relation to prohibiting discrimination on the basis of a person’s height or weight in employment, housing, and public accommodations.

The Committee on Civil and Human Rights, to which the annexed proposed amended local law was referred on April 28, 2022 (Minutes, page 739), respectfully

REPORTS:

I. INTRODUCTION

On Thursday, May 11, 2023 the Committee on Civil and Human Rights, chaired by Council Member Nantasha Williams, will hold a vote on Introduction Number (Int. No.) 209-A, sponsored by Council Member Shaun Abreu, which would amend the administrative code of the city of New York, in relation to prohibiting discrimination on the basis of a person's height or weight in employment, housing, and public accommodations. On February 28, 2023, the Committee along with the Committee on State and Federal Legislation, chaired by Council Member Abreu, held an oversight hearing, entitled “Dignity for All – National and Local Efforts to End Appearance-Based Discrimination.” A previous version of Int. No. 209 was heard at that time. Witnesses invited to testify included representatives from the Commission on Human Rights (CCHR), local legal service providers, community-based organizations, advocates, and other interested stakeholders. The testimony and feedback informed changes to the bill. The bill passed with 4 votes in the affirmative, 0 votes in the negative, and no abstentions.

II. LEGISLATIVE ANALYSIS

a. Int. 209-A - A Local Law to amend the administrative code of the city of New York, in relation to prohibiting discrimination on the basis of a person’s height or weight in employment, housing, and public accommodations

Section one of this bill would expand the policy statement of the New York City Human Rights Law (HRL) to include prohibitions on discrimination based on height and weight.

Sections two, four, five, and seven of the bill would prohibit discrimination on the basis of a person’s actual or perceived height or weight in relation to employment, housing, and access to public accommodations.

Sections three and six of this bill would create an exemption for employers that need to consider height or weight in employment decisions, and operators or providers of public accommodations that need to consider height and weight. These exemptions would be available if required by federal, state, or local law or regulation, or as permitted by CCHR regulations that identify certain jobs or categories of jobs for which a person’s height or weight can prevent them from carrying out the duties and where CCHR has not identified any alternative actions.

Section eight amends the identifying information law to include height and weight.

Section nine amends the housing code to include height and weight as classes protected from harassment.

Section ten sets the effective date for this law as 180 days after it becomes law.

PROPOSED INT. NO. 209-A

COMMITTEE: Civil and Human Rights

TITLE: A Local Law to amend the administrative code of the city of New York, in relation to prohibiting discrimination on the basis of a person's height or weight in employment, housing, and public accommodations

Sponsors: Council Members Abreu, Restler, Hanif, Hudson, Sanchez, Stevens, Won, Schulman, Kagan, Ung, Barron, Ossé, Richardson Jordan, Cabán, Louis, Ayala, Narcisse, Krishnan, Rivera, Williams, Riley, Nurse, Avilés, Marte, Velázquez, Powers, Brannan, Brooks-Powers, Farías, De La Rosa, Menin, Gutiérrez, Gennaro and Paladino (in conjunction with the Queens Borough President).

SUMMARY OF LEGISLATION: This bill would prohibit discrimination on the basis of a person's height or weight in employment, housing, and public accommodations. This bill would also create an exemption for employers needing to consider height or weight in employment decisions only where required by federal, state, or local laws or regulations or where the Commission on Human Rights permits such considerations because height or weight may prevent a person from performing essential requirements of a job and no alternative is available or this criteria is reasonably necessary for the normal operation of the business. This bill would similarly permit consideration of height or weight by operators or providers of public accommodations. Covered entities under this law would have an affirmative defense that their actions based on a person's height or weight were reasonably necessary for normal operations.

EFFECTIVE DATE: This law takes effect 180 days after becoming law.

FISCAL YEAR (FY) IN WHICH FULL FISCAL IMPACT ANTICIPATED: FY25

FISCAL IMPACT STATEMENT:

IMPACT ON REVENUES: It is estimated that there would be no impact on revenues resulting from the enactment of this legislation.

IMPACT ON EXPENDITURES: It is estimated that there would be no fiscal impact on expenditures resulting from the enactment of this legislation as the agency responsible for carrying out its requirements would use existing resources to fulfill its requirements.

By Council Members Abreu, Restler, Hanif, Hudson, Sanchez, Stevens, Won, Schulman, Kagan, Ung, Barron, Ossé, Richardson Jordan, Cabán, Louis, Ayala, Narcisse, Krishnan, Rivera, Williams, Riley, Nurse, Avilés, Marte, Velázquez, Powers, Brannan, Brooks-Powers, Farías, De La Rosa, Menin, Gutiérrez, Gennaro, Lee and Mealy (in conjunction with the Queens Borough President).

A Local Law to amend the administrative code of the city of New York, in relation to prohibiting discrimination on the basis of a person's height or weight in employment, housing, and public accommodations

Be it enacted by the Council as follows:

Section 1. Section 8-101 of the administrative code of the city of New York, as amended by local law number 58 for the year 2020, is amended to read as follows:

§ 8-101 Policy. In the city of New York, with its great cosmopolitan population, there is no greater danger to the health, morals, safety and welfare of the city and its inhabitants than the existence of groups prejudiced against one another and antagonistic to each other because of their actual or perceived differences, including those based on race, color, creed, age, national origin, immigration or citizenship status, gender, sexual orientation, disability, marital status, partnership status, caregiver status, sexual and reproductive health decisions, uniformed service, *height, weight*, any lawful source of income, status as a victim of domestic violence or [status] as a victim of sex offenses or stalking, whether children are, may be or would be residing with a person, or conviction or arrest record. The council hereby finds and declares that prejudice, intolerance, bigotry, and discrimination, bias-related violence or harassment and disorder occasioned thereby threaten the rights and proper privileges of its inhabitants and menace the institutions and foundation of a free democratic state. The

council further finds and declares that gender-based harassment threatens the terms, conditions, and privileges of employment. A city agency is hereby created with power to eliminate and prevent discrimination from playing any role in actions relating to employment, public accommodations, and housing and other real estate, and to take other actions against prejudice, intolerance, bigotry, discrimination, sexual harassment, and bias-related violence or harassment as herein provided; and the commission established hereunder is hereby given general jurisdiction and power for such purposes.

§ 2. Paragraphs a, b, c, and d of subdivision 1 of section 8-107 of the administrative code of the city of New York, as amended by local law number 58 for the year 2020, are amended to read as follows:

(a) For an employer or an employee or agent thereof, because of the actual or perceived age, race, creed, color, national origin, gender, disability, marital status, partnership status, caregiver status, sexual and reproductive health decisions, sexual orientation, uniformed service, *height*, *weight*, or immigration or citizenship status of any person:

- (1) To represent that any employment or position is not available when in fact it is available;
- (2) To refuse to hire or employ or to bar or to discharge from employment such person; or
- (3) To discriminate against such person in compensation or in terms, conditions or privileges of employment.

(b) For an employment agency or an employee or agent thereof to discriminate against any person because of such person's actual or perceived age, race, creed, color, national origin, gender, disability, marital status, partnership status, caregiver status, sexual and reproductive health decisions, sexual orientation, uniformed service, *height*, *weight*, or immigration or citizenship status in receiving, classifying, disposing or otherwise acting upon applications for its services, including by representing to such person that any employment or position is not available when in fact it is available, or in referring an applicant or applicants for its services to an employer or employers.

(c) For a labor organization or an employee or agent thereof, because of the actual or perceived age, race, creed, color, national origin, gender, disability, marital status, partnership status, caregiver status, sexual and reproductive health decisions, sexual orientation, uniformed service, *height*, *weight*, or immigration or citizenship status of any person, to exclude or to expel from its membership such person, to represent that membership is not available when it is in fact available, or to discriminate in any way against any of its members or against any employer or any person employed by an employer.

(d) For any employer, labor organization or employment agency or an employee or agent thereof to declare, print or circulate or cause to be declared, printed or circulated any statement, advertisement or publication, or to use any form of application for employment or to make any inquiry in connection with prospective employment, which expresses, directly or indirectly, any limitation, specification or discrimination as to age, race, creed, color, national origin, gender, disability, marital status, partnership status, caregiver status, sexual and reproductive health decisions, sexual orientation, uniformed service, *height*, *weight*, or immigration or citizenship status, or any intent to make any such limitation, specification or discrimination.

§ 3. Subdivision 1 of section 8-107 of the administrative code of the city of New York is amended by adding a new paragraph g to read as follows:

(g) (1) *The provisions of this subdivision relating to height and weight shall not apply to an action by a covered entity based on a person's height or weight when such action is*

(A) *required by federal, state, or local law or regulation, or*

(B) *permitted by regulation adopted by the commission identifying particular jobs or categories of jobs for which*

(i) *a person's height or weight could prevent performing the essential requisites of the job, and*

(ii) *the commission has not found alternative action that covered entities could reasonably take to allow persons who do not meet the height or weight criteria to perform the essential requisites of the job or category of jobs, or*

(C) *permitted by regulation adopted by the commission identifying particular jobs or categories of jobs for which consideration of height or weight criteria is reasonably necessary for the execution of the normal operations of such covered entity.*

(2) *In instances where a covered entity's action is not required by law or regulation or permitted by regulation as described in paragraph 1, it shall be an affirmative defense that*

(A) a person's height or weight prevents the person from performing the essential requisites of the job, and there is no alternative action the covered entity could reasonably take that would allow the person to perform the essential requisites of the job, or

(B) the covered entity's decision based on height or weight criteria is reasonably necessary for the execution of the normal operations of such covered entity.

(3) Nothing in this subdivision shall prevent a covered entity from offering incentives that support weight management as part of a voluntary wellness program.

§ 4. Paragraphs b, c, and d of subdivision 2 of section 8-107 of the administrative code of the city of New York, as amended by local law number 58 for the year 2020, are amended to read as follows:

(b) To deny to or withhold from any person because of such person's actual or perceived race, creed, color, national origin, gender, age, disability, marital status, partnership status, caregiver status, sexual and reproductive health decisions, sexual orientation, uniformed service, *height, weight*, immigration or citizenship status, or status as a victim of domestic violence or as a victim of sex offenses or stalking the right to be admitted to or participate in a guidance program, an apprentice training program, on-the-job training program, or other occupational training or retraining program, or to represent that such program is not available when in fact it is available.

(c) To discriminate against any person in such person's pursuit of such program or to discriminate against such a person in the terms, conditions or privileges of such program because of actual or perceived race, creed, color, national origin, gender, age, disability, marital status, partnership status, caregiver status, sexual and reproductive health decisions, sexual orientation, uniformed service, *height, weight*, immigration or citizenship status, or status as a victim of domestic violence or as a victim of sex offenses or stalking.

Report for Int. No. 589-A

Report of the Committee on Criminal Justice in favor of approving and adopting, as amended, a Local Law to amend the administrative code of the city of New York, in relation to reporting on medical care and outcomes for incarcerated pregnant persons in the custody of the department of correction.

The Committee on Criminal Justice, to which the annexed proposed amended local law was referred on July 14, 2022 (Minutes, page 1862), respectfully

REPORTS:

I. INTRODUCTION

On May 11, 2023, the Committee on Criminal Justice, chaired by Council Member Carlina Rivera, voted on Proposed Introduction Number 589-A ("Prop. Int. No. 589-A") in relation to reporting on medical care and outcomes for incarcerated pregnant persons in the custody of the department of correction, Proposed Introduction Number 806-A ("Prop Int. No. 806-A") in relation to the establishment of a comprehensive jail population review program, and Proposed Resolution Number 156-A ("Prop. Res. No. 156-A"), calling on the New York State Legislature to pass, and the Governor to sign the Treatment Not Jail Act (S1976A/A1263A), which would amend Criminal Procedure Law Article 216 of the judicial diversion law in order to expand eligibility for treatment for court-involved individuals and shift the presumption from incarceration to community support. The Committee voted to pass Prop. Int. No. 589-A by a vote of 8 in the affirmative, 0 in the negative, and Prop. Int. No. 806-A and Prop. Res. 156-A were both passed by a vote of 7 in the affirmative and 1 in the negative. On June 28, 2022, the Committee heard a prior version of Prop. Res. No. 156-A, and on December 13, 2022, the Committee heard prior versions of Prop. Int. No. 589-A and Prop. Int. No. 806-A. During those hearings, the Committee heard testimony from the Department of Correction (DOC), and other interested parties.

II. BACKGROUND

Jail Population and Conditions:

In New York City, DOC provides for the care, custody, and control of persons accused of crimes or convicted and sentenced to one year or less of jail time.¹ As of May 3, 2023, there are 5,993 people incarcerated in New York City jails.² Of that total, approximately 56.2 percent of detainees identified as Black, 32.9 percent as Hispanic, 5.9 percent as white, 3.3 percent as Other, and 1.7 percent as Asian.³ Approximately four percent of detainees identified as women.⁴ About half the individuals in DOC custody have a mental health diagnosis, and around 16% have a serious mental health diagnosis.⁵

In 2015, DOC entered into a consent settlement in the case of *Nunez vs. City of New York*,⁶ a class action lawsuit regarding DOC's excessive use of force against those in its custody. The settlement requires DOC to implement specific policies and practices and meet certain goals. The process is overseen by a court-appointed monitor. In a status report issued on April 3, 2023, the federal monitor noted, "there have been improvements in addressing core foundational issues and in remediating the dangerous conditions in the jails—but the current state of affairs remains deeply troubling."⁷ As of the second quarter of fiscal year 2023, the use of force per 100 Average Daily Population (ADP) was 32.9%; this was down 3.95% from last quarter.⁸ In March 2023, there were 59 assaults on staff and 32 slashing and stabbing incidents, both totals higher than the previous month. In 2022, 19 people died in New York City jails, the highest rate since 1996.⁹

Medical Care for Incarcerated Pregnant Persons:

As of 2016, Correctional Health Services (CHS), a division of NYC Health + Hospitals, became the direct provider of health care in New York City's Jails.¹⁰ CHS offers health care to all persons in DOC custody.¹¹ In addition to medical care, they also provide mental health care, substance abuse treatment, dental care, and nursery care.¹²

Incarcerated pregnant persons have unique health needs related to their pregnancies, leading up to during and after their pregnancies and have a right to quality health care. Research shows that incarcerated women are more likely to suffer from substance use disorders, prior trauma and abuse, mental illness, and sexually transmitted infections than incarcerated men. These diagnoses can lead to complications in pregnancy and increase risks for both pregnant persons and fetuses.¹³ Governmental entities, such as CHS and the Department of Health and Mental Hygiene, produce reports on the medical care of incarcerated persons, however, reporting on the medical care and outcomes for incarcerated pregnant persons is lacking.

III. PROP. INT. 589-A

This bill would require the DOC, in consultation with relevant agencies, to report annually on medical care and outcomes for incarcerated pregnant persons. Among other things, required data would include the number of pregnant persons in custody, the number of maternal mortalities, and the number of individuals in custody receiving prenatal or postnatal care. The legislation would also require the Department to annually submit such report to the Mayor and the Speaker of the Council and post it on its website. The bill would take effect immediately upon enactment.

Since introduction, the bill has been amended to require aggregate rather than individual reporting, in order to ensure that the privacy of incarcerated individuals is protected.

IV. PROP. INT. 806-A

This bill would require the establishment of a jail population review program to identify people in custody of the DOC whose cases could be resolved or who could be safely released into the community. The Mayor's Office of Criminal Justice ("MOCJ") would be responsible for establishing the population review program, which will review identified criteria and provide materials to an incarcerated individual's defense attorney related to such review at the earliest practicable date. MOCJ would also be required to submit a biannual report detailing the outcomes of the population review program.

Since introduction, the bill has been amended to create a more centralized structure in which MOCJ would be responsible for collecting relevant information that will aid in the case processing and provide that information to the individuals' attorney.

V. PROP. RES. 156-A

This resolution calls on the New York State Legislature to pass, and the Governor to sign the Treatment Not Jail Act (S1976A/A1263A), which would amend Criminal Procedure Law Article 216 of the judicial diversion law in order to expand eligibility for treatment for court-involved individuals and shift the presumption from incarceration to community support.

Since introduction, this resolution has been amended to reflect updated bill numbers for the 2023 New York State legislative session.

Report of the Committee on Education

Report for Int. No. 644-A

Report of the Committee on Education in favor of approving and adopting, as amended, a Local Law to amend the administrative code of the city of New York, in relation to requiring the department of education to provide information on establishing afterschool programs.

The Committee on Education, to which the annexed proposed amended local law was referred on August 11, 2022 (Minutes, page 2027), respectfully

REPORTS:

I. Introduction

On May 9, 2023, the Committee on Education, chaired by Council Member Rita Joseph, will consider Proposed Introduction Number (“Int. No.”) 644-A, sponsored by Council Member Nantasha Williams, related to requiring the Department of Education (DOE) to provide information on establishing afterschool programs; Proposed Int. No. 725-A, sponsored by Council Member Linda Lee, related to requiring the DOE to create a website for schools to list surplus school supplies to be claimed for use by other schools; Proposed Int. No. 868-A, sponsored by Council Member Althea Stevens, relating to requiring the DOE to report on the number of District 75 students and the criteria used to determine the location of District 75 schools; and Resolution Number (“Res. No.”) 129, sponsored by Council Member Erik Bottcher, calling on the DOE to carry out instruction in bicycle safety in all New York City (NYC) schools. The Committee previously held a hearing on Proposed Int. No. 644-A, Proposed Int. No. 725-A and Proposed Int. No. 868-A on March 29, 2023, and a hearing on Res. No. 129 on January 25, 2023. At both hearings, the Committee heard testimony from DOE, community-based organizations, service providers and members of the public.

II. Bill Analysis

Proposed Int. No. 644-A – A Local Law to amend the administrative code of the city of New York, in relation to requiring the DOE to provide information on establishing afterschool programs

This bill would require the DOE to post on its website information about the requirements to establish afterschool programs. Such information would include department regulations; protocols explaining the guidelines by which programs may hire and pay afterschool program staff; insurance and internal revenue service guidelines; and an explanation of federal state and local laws regulating afterschool programs. This bill would also require the DOE to provide information on best practices for successfully integrating afterschool programming with school curricula.

Since it was heard, the bill was amended to exclude information on best practices and options for creating scholarships and collecting fees for afterschool programs, as DOE and Department of Youth and Community Development run afterschool programs are free of charge. The bill also received technical edits.

Proposed Int. No. 725-A – A Local Law to amend the administrative code of the city of New York, in relation to requiring the department of education to create a website for schools to list surplus school supplies to be claimed for use by other schools

This bill would help alleviate the burden on individual schools by requiring the DOE to create a centralized platform where schools may list their surplus school supplies for the purpose of allowing other schools to claim such supplies.

Since it was heard the bill received technical edits.

Proposed Int. No. 868-A – A Local Law to amend the administrative code of the city of New York, in relation to requiring the department of education to report on the number of District 75 students and the criteria used to determine the location of District 75 schools

This bill would require the DOE to issue an annual report to the Speaker, and to post such report on the DOE website, regarding District 75 programs. The required report would include the number of students in each building that provides a District 75 program, as well as the criteria DOE considers to determine where to establish a District 75 program.

Since it was heard, the bill was amended to include disaggregated data on the number of District 75 students and exclude certain criteria used to determine the location of District 75 schools. The bill also received technical edits.

(The following is the text of a Memo to the Finance Committee from the Finance Division of the New York City Council:)

THE COUNCIL OF THE CITY OF NEW YORK

May 11, 2023

TO: Hon. Justin Brannan Chair, Finance Committee
Members of the Finance Committee

FROM: Michael Twomey, Assistant Counsel, Finance Division
Kathleen Ahn, Counsel, Finance Division

RE: Finance Committee Agenda of May 11, 2023 – Resolution approving a tax exemption for six Land Use items (Council Districts 2, 21, 36, 37)

Item #1: Grand Street Senior Housing

This item is a correction to the amendment passed on April 11, 2023. The correction will amend the April 11 resolution to reflect the section of law under which the original tax exemption has been granted.

Item #2: Norgate Plaza

Norgate Plaza does not currently have a tax exemption. All units except the superintendent unit are covered under a 20-year Mark-to-Market HAP contract under Project Based Rental Assistance Section 8. The last rent mark-up occurred on 10/1/2010. The Project’s existing Section 8 contract expires on October 1, 2030.

The Project contains 214 units, divided between 35 studios, 122 one-bedrooms, 47 two-bedrooms (one of which is reserved for the superintendent), and 10 three-bedrooms. The lot size for this building is 218,302 square feet. There are no commercial units, but the Project has a community facility space for an adult day care. The Project is bordered by Gates Avenue, Monroe Street, and Nostrand Avenue. Project also generates ancillary income from laundry and cell towers.

Summary:

- Borough – Brooklyn
- Block 1812, Lot 42
- Council District – 36
- Council Member – Ossé
- Council Member approval – Yes
- Number of buildings – 1
- Number of units – 214 residential
- Type of exemption – Article XI, partial, 40 year
- Population – rental
- Sponsors – LIHC Investment Group
- Purpose – preservation
- Cost to the city – \$4.75 million (present value)
- Housing Code Violations
 - Class A – 2
 - Class B – 16
 - Class C – 14
- Anticipated AMI Targets: 50% AMI

Item #3: Queenswood

Queenswood was originally constructed in 1990 and ended its LIHTC compliance period in 2004. The buildings are currently 99% leased. Rent restrictions are in place until the existing HDC subordinate loan is re-paid; thereafter, there would be no further rent restrictions upon vacancy, putting the project in jeopardy of losing affordability. The Sponsor, “Slate Property Group,” is seeking to extend and deepen the affordability with an Article XI tax exemption. The buildings are in the process of being acquired in conjunction with this tax exemption.

The project consists of two eight-story residential buildings. There are 40 studio units, 139 one-bedroom units, 102 two-bedroom units, and 15 three-bedroom units (one of which is reserved for the superintendent). The

project also provides 150 on-site parking spaces for the tenants. Building amenities include a playground, private courtyard, controlled access gated entry, and 24-hour laundry facility.

The buildings were originally constructed in 1990. Prior to then, the site was a vacant lot. The project has been owned by Queenswood Associates, LP, which entered into a regulatory agreement with New York City Housing Development Corporation (HDC) in 1989. The contract ran with the subject property's 421-a partial real estate tax exemption and both the HDC regulatory agreement, and the 421-a expired in 2015. The project ended its LIHTC Compliance Period on 12/31/2004 and Extended Use Period in 12/31/2007 according to the seller. Rent restrictions are in place until the existing HDC subordinate loan is re-paid.

Summary:

Item #5 – Renwick Apartments

This project’s Article V tax exemption expired on June 30, 2021. In order to maintain affordable housing, HPD is asking the council for additional period of tax exemption under Article V with retroactivity back to the original expiration. The Board of Estimate approved a resolution on May 26, 1977 (Cal. No. 1) providing for a tax exemption for the Exemption Area pursuant to PHFL Section 125(1)(a) (“Original Exemption”). The Original Exemption, which expired on June 30, 2021, required the Exemption Area to make an annual real property tax payment of \$51,788 plus an additional amount equal to 25% of the amount by which the contract rents applicable to the project, as adjusted and established from time to time pursuant to Section 8 of the United States Housing Act of 1934, as amended, exceeds the contract rents in effect as of the date of occupancy of the project by eligible tenants. Eligible tenants currently receive Section 8 rental assistance. Res. No. 626

Resolution approving an exemption from real property taxes for property located at (Block 1812, Lot 42) Brooklyn, pursuant to Section 577 of the Private Housing Finance Law (Preconsidered L.U. No. 201).

By Council Member Brannan.

WHEREAS, The New York City Department of Housing Preservation and Development (“HPD”) submitted to the Council its request dated May 2, 2023 that the Council take the following action regarding a housing project located at (Block 1812, Lot 42) Brooklyn (“Exemption Area”):

Approve an exemption of the Project from real property taxes pursuant to Section 577 of the Private Housing Finance Law (the “Tax Exemption”);

WHEREAS, The project description that HPD provided to the Council states that the purchaser of the Project (the “Owner”) is a duly organized housing development fund company under Article XI of the Private Housing Finance Law;

WHEREAS, the Council has considered the financial implications relating to the Tax Exemption;

RESOLVED:

The Council hereby grants an exemption from real property taxes as follows:

1. For the purposes hereof, the following terms shall have the following meanings:
 - a. “Community Facility Space” shall mean those portions of the Exemption Area which the Regulatory Agreement requires to be devoted solely to community facility uses.
 - b. “Contract Rent Deadline” shall mean three hundred and sixty-five (365) days from the date of the HPD letter requesting the information that HPD needs to calculate the Contract Rent Differential Tax for the applicable tax year.
 - c. “Contract Rent Differential” shall mean the amount by which the total contract rents applicable to the Exemption Area for such tax year (as adjusted and established pursuant to Section 8 of the United States Housing Act of 1937, as amended) exceed the total contract rents which are authorized as of the Effective Date.
 - d. “Contract Rent Differential Tax” shall mean the sum of (i) \$482,799, plus (ii) twenty-five percent (25%) of the Contract Rent Differential; provided, however, the total annual real property tax payment by the Owner shall not at any time exceed the lesser of (A) seventeen percent (17%) of the contract rents in the applicable tax year, or (B) the amount of real property taxes that would otherwise be due in the absence of any form of exemption from or abatement of real property taxation provided by an existing or future local, state, or federal law, rule, or regulation. Notwithstanding the foregoing, if the Owner fails to provide the contract rents on or before the Contract Rent Deadline, Contract Rent Differential Tax shall mean an amount equal to real property taxes that would otherwise be due in such tax year in the absence of any form of exemption from or abatement of real property taxation.

- e. “Effective Date” shall mean the later of (i) the date of conveyance of the Exemption Area to the HDFC, or (ii) the date that HPD and the Owner enter into the Regulatory Agreement.

 - i. “HDFC” shall mean Norgate Housing Development Fund Corporation or a housing development fund company that acquires the Exemption Area with the prior written consent of HPD.
 - j. “HPD” shall mean the Department of Housing Preservation and Development of the City of New York.
 - k. “Owner” shall mean, collectively, the HDFC and the Partnership.
 - l. “Partnership” shall mean Norgate Development Associates L.P. or any other entity that acquires the beneficial interest in the Exemption Area with the prior written consent of HPD.
 - m. “Regulatory Agreement” shall mean the regulatory agreement between HPD and the Owner establishing certain controls upon the operation of the Exemption Area during the term of the Exemption.
2. All of the value of the property in the Exemption Area, including both the land and any improvements (excluding those portions, if any, devoted to business or commercial use other than the Community Facility Space), shall be exempt from real property taxation, other than assessments for local improvements, for a period commencing upon the Effective Date and terminating upon the Expiration Date.
 3. Commencing upon the Effective Date, and during each year thereafter until the Expiration Date, the Owner shall make real property tax payments in the sum of the Contract Rent Differential Tax.
 4. Notwithstanding any provision hereof to the contrary:
 5. The Exemption shall terminate if HPD determines at any time that (i) the Exemption Area is not being operated in accordance with the requirements of Article XI of the Private Housing Finance Law, (ii) the Exemption Area is not being operated in accordance with the requirements of the Regulatory Agreement, (iii) the Exemption Area is not being operated in accordance with the requirements of any other agreement with, or for the benefit of, the City of New York, (iv) any interest in the Exemption Area is conveyed or transferred to a new owner without the prior written approval of HPD, or (v) the construction or demolition of any private or multiple dwelling on the Exemption Area has commenced without the prior written consent of HPD. If the noncompliance specified in such notice is not cured within the time period specified therein, the Exemption shall prospectively terminate.

- a. The Exemption shall apply to all land in the Exemption Area, but shall only apply to a building on the Exemption Area that exists on the Effective Date.
- b. Nothing herein shall entitle the HDFC, the Owner, or any other person or entity to a refund of any real property taxes which accrued and were paid with respect to the Exemption Area prior to the Effective Date.

5. In consideration of the Exemption, the owner of the Exemption Area shall, for so long as the Exemption shall remain in effect, waive the benefits of any additional or concurrent exemption from or abatement of real property taxation which may be authorized under any existing or future local, state, or federal law, rule, or regulation. Notwithstanding the foregoing, nothing herein shall prohibit the granting of any real property tax abatement pursuant to Sections 467-b or 467-c of the Real Property Tax Law to real property occupied by senior citizens or persons with disabilities.

Notwithstanding the foregoing, nothing herein shall prohibit the granting of any real property tax abatement pursuant to Sections 467-b or 467-c of the Real Property Tax Law to real property occupied by senior citizens or persons with disabilities.

Report of the Committee on Housing and Buildings

Report for Int. No. 434-A

Report of the Committee on Housing and Buildings in favor of approving and adopting, as amended, a Local Law to amend the administrative code of the city of New York, in relation to expanding the heat sensors program.

The Committee on Housing and Buildings, to which the annexed proposed amended local law was referred on May 19, 2022 (Minutes, page 1133), respectfully

REPORTS:

I. INTRODUCTION

On May 10, 2023, the New York City Council Committee on Housing and Buildings, chaired by Council Member Pierina Sanchez, held a hearing to vote on Int. No. 434-A, sponsored by Council Member Sanchez, in relation to expanding the heat sensors program; Int. No. 538-A, sponsored by Public Advocate Jumaane Williams, in relation to increasing penalties for violations issued by the department of housing preservation and development and certifying correction of violations in multiple dwellings; and Int. No. 875-B, sponsored by Council Member Sanchez, in relation to technical corrections, clarifications and modifications to provisions of the New York city construction codes. Int. No. 434-A and Int. 583-A were first heard on December 6, 2022. Int. No. 875-B was first heard on January 24, 2023.

II. LEGISLATION

Int. No. 434-A

This bill would expand the Heat Sensor Pilot Program (“Program”) that was established pursuant to Local Law 18 of 2020. This Program requires the installation of heat sensors in individual apartments in buildings that have heat and heat-related violations. Int. No. 434-A would increase the number of buildings required to install heat sensors from 50 Class A multiple dwellings citywide every two years to 50 Class A multiple dwellings citywide every year. The building owners subject to the Program must install internet-capable temperature

reporting devices for up to four years and would have to submit to the Department of Housing Preservation and Development (“HPD”) the data collected by the device at least once during each 30 day period during heat season. HPD would also be required to post a notice in the building that such building is subject to the Program and its requirements. HPD would be required to conduct dedicated heat inspections of these buildings at least once every two weeks. This bill also specifies the circumstances under which an owner could be eligible for early release from the program.

This legislation would take effect 180 days after becoming law.

Int. No. 583-A

This bill would increase the penalties for violations issued by HPD. In addition, HPD would be required to annually identify 100 buildings based on criteria such as the number of hazardous or immediately hazardous violations that have been falsely certified as corrected. Hazardous or immediately hazardous violations issued to buildings on the list would not be deemed corrected unless HPD has attempted at least two re-inspections, or those violations are excluded from the calculation for identifying the 100 buildings based on a certification that it was corrected.

This legislation would take effect 180 days after becoming law.

Int. No. 875-B

Local Law 33 of 2007 requires that, every three years, the Department of Buildings lead a code revision process that results in submission to the City Council of recommendations for updating the Plumbing Code, the Building Code, the Mechanical Code and the Fuel Gas Code (collectively, the “Construction Codes”) to reflect changes in the International Plumbing, Building, Mechanical and Fuel Gas Codes. The most recent updates to the Construction Codes were passed by the City Council through Local Law 14 of 2020 and Local Law 126 of 2021. Int. No. 875-B would make a variety of technical corrections, clarifications and modifications to the recently passed Construction Code update.

This legislation would take effect immediately.

UPDATE

On Wednesday, May 10, 2023, the Committee adopted Int. 434-A by a vote of nine in the affirmative, zero in the negative, and zero abstentions; Int. 583-A by a vote of eight in the affirmative, one in the negative, and zero abstentions; and Int. 875-B by a vote of nine in the affirmative, zero in the negative, and zero abstentions.

FISCAL IMPACT STATEMENT**

PROPOSED INTRO. NO: 583-A

COMMITTEE: Housing and Buildings

TITLE: A Local Law to amend the administrative code of the city of New York, in relation to increasing penalties for violations issued by the department of housing preservation and development and requiring the department of housing preservation and development to maintain a certification of correction watch list and prohibiting any listed landlord from certifying correction of violations in multiple dwellings without an inspection.

SPONSOR(S): The Public Advocate (Mr. Williams) and Council Members Cabán, Louis, Hanif, Brewer, Joseph, Nurse, Gutiérrez, Sanchez, Brannan, Narcisse, Hudson, and Avilés.

SUMMARY OF LEGISLATION: The proposed legislation would increase the penalties for many violations issued by the Department of Housing Preservation and Development (HPD). In addition, HPD would be required to annually identify 100 buildings based on criteria such as the number of hazardous or immediately hazardous violations that have been falsely certified as corrected. Hazardous or immediately hazardous violations issued to buildings on the list would not be deemed corrected unless HPD has attempted at least two re-inspections, or those violations are excluded from the calculation for identifying the 100 buildings.

EFFECTIVE DATE: This local law would take effect 180 days after it becomes law.

FISCAL YEAR IN WHICH FULL FISCAL IMPACT ANTICIPATED: Fiscal 2025

FISCAL IMPACT STATEMENT:

	Effective FY24	FY Succeeding Effective FY25	Full Fiscal Impact FY25
Revenues	\$0	\$0	\$0
Expenditures	\$0	\$0	\$0
Net	\$0	\$0	\$0

IMPACT ON REVENUES: It is estimated that this legislation would not affect revenues as full compliance with the requirements of the legislation is anticipated.

IMPACT ON EXPENDITURES: It is anticipated that there would be no impact on expenditures resulting from the enactment of this legislation because HPD would utilize existing resources to fulfill the requirements.

b. An owner who is required to file a statement of registration under this article and who fails to file as required shall be denied the right to recover possession of the premises for nonpayment of rent during the period of noncompliance, and shall, in the discretion of the court, suffer a stay of proceedings to recover rents, during such period. In any action to recover possession under section seven hundred eleven of the real property actions and proceedings law, the owner shall set forth his or her registration number issued by the department, and shall allege that he or she has filed a statement of registration and shall annex a copy of the receipt of such registration to his or her petition.

A person making a false certification of correction of a violation shall be subject to a civil penalty in the following amounts, in addition to the other penalties herein provided: not less than five hundred dollars nor more than one thousand dollars for each immediately hazardous violation falsely certified, not less than two hundred fifty dollars nor more than five hundred dollars for each hazardous violation falsely certified, and not less than fifty dollars nor more than two hundred fifty dollars for each non-hazardous violation falsely certified] as follows:*

(1) For each non-hazardous violation, not less than fifty dollars nor more than one hundred fifty dollars, and, in addition, from the date set for correction in the notice of violation until the violation is corrected, twenty-five dollars per day;

(2) For each hazardous violation, not less than seventy-five dollars nor more than five hundred dollars, and, in addition, from the date set for correction in the notice of violation until the violation is corrected, not less than twenty-five dollars nor more than one hundred twenty-five dollars per day; and

(3) For each immediately hazardous violation:

(i) In a multiple dwelling containing five or fewer dwelling units, not less than one hundred fifty dollars nor more than seven hundred fifty dollars, and, in addition, from the date set for correction in the notice of violation until the violation is corrected, not less than fifty dollars nor more than one hundred fifty dollars per day; and

(ii) *For each hazardous violation falsely certified, not less than two hundred fifty dollars nor more than five hundred dollars; and*

(iii) *For each immediately hazardous violation falsely certified, not less than five hundred dollars nor more than one thousand dollars.*

§ 3. Paragraph (3) of subdivision (f) of section 27-2115 of the administrative code of the city of New York is amended to read as follows:

(3) (i) Such violation shall be deemed corrected seventy days from the date of receipt of such certification by the department unless the department has determined by a re-inspection made within such period that the violation still has not been corrected and has recorded such determination upon its records and has notified the person who executed the certification by registered or certified mail to the address stated in the certification that it has been set aside and the reasons therefor; a copy of such notice shall be sent to the complainant.

(ii) *Notwithstanding subparagraph (i) of this paragraph, by the later of either January 15, 2025, or the first business day thereafter, and each calendar year thereafter, the department shall compile and post on its website a list of 100 multiple dwellings for which the department has determined that: (A) more than 20 hazardous violations or immediately hazardous violations have been certified as corrected during the previous calendar year, other than a violation issued pursuant to section 27-2017.4 of this code, and (B) at least four of such hazardous or immediately hazardous violations that have been certified as corrected during such calendar year were falsely certified as corrected, provided that to the extent more than 100 multiple dwellings satisfy the criteria described in clauses (A) and (B) of this subparagraph, the department shall include in such list such multiple dwellings with the greatest number of hazardous or immediately hazardous violations that have been certified as corrected during the previous calendar year and that such department found constituted false certifications.*

(iii) *The department may promulgate rules excluding any immediately hazardous or hazardous violation from calculation in the number of violations certified as corrected for purposes of compiling the list described in subparagraph (ii) of this paragraph when the nature of the condition of any such violation is such that the owner has taken steps toward correcting such condition but compliance may not have been achieved.*

(iv) *For the duration of the calendar year following the compilation of the list described in subparagraph (ii) of this paragraph, the department shall not deem corrected any immediately hazardous or hazardous violation issued to a multiple dwelling included in such list unless: (A) such immediately hazardous or hazardous violation is excluded from calculation in the number of violations certified as corrected for purposes of compiling such list by rules promulgated pursuant to subparagraph (iii) of this paragraph, or (B) the department has attempted at least two re-inspections of such multiple dwelling to determine whether any such violation has been corrected pursuant to subparagraph (i) of this paragraph.*

§ 4. Subparagraph (i) of paragraph (1) of subdivision (k) of section 27-2115 of the administrative code of the city of New York, as amended by local law number 65 for the year 2011, is amended to read as follows:

(i) Notwithstanding any other provision of law, a person who violates section 27-2028, subdivision a of section 27-2029, section 27-2031 or section 27-2032 of this chapter shall be subject to a civil penalty of not less than [two] *three* hundred fifty nor more than [five] *one thousand two* hundred fifty dollars per day for each violation from and including the date the notice is affixed pursuant to paragraph two of this subdivision until the date the violation is corrected and not less than five hundred nor more than one thousand *five hundred* dollars per day for each subsequent violation of such sections at the same dwelling or multiple dwelling that occurs within two consecutive calendar years or, in the case of subdivision a of section 27-2029, during two consecutive periods of October first through May thirty-first. A person who violates subdivision b of section 27-2029 of this chapter shall be subject to a civil penalty of [twenty-five] *fifty* dollars per day from and including the date the notice is affixed pursuant to paragraph two of this subdivision until the date the violation is corrected but not less than [one] *two* thousand dollars. There shall be a presumption that the condition constituting a violation continues after the affixing of the notice.

§ 5. This local law takes effect 180 days after it becomes law, except that the commissioner of housing preservation and development shall take such measures as are necessary for its implementation, including the promulgation of rules, prior to such date.

RESOLUTIONS

presented for voice-vote

The following are the respective Committee Reports for each of the Resolutions referred to the Council for a voice-vote pursuant to Rule 8.50 (b) of the Council:

Report for voice-vote item Res. No. 129

Report of the Committee on Education in favor of approving a Resolution calling upon the New York City Department of Education to carry out instruction in bicycle safety in all New York City schools.

The Committee on Education, to which the annexed resolution was referred on April 28, 2022 (Minutes, page 757), respectfully

REPORTS:

(For text of report, please see the Report of the Committee on Education for Int. No. 644-A printed in the Reports of the Standing Committees section of these Minutes)

Accordingly, this Committee recommends its adoption.

(The following is the text of Res. No. 129:)

Res. No. 129

Resolution calling upon the New York City Department of Education to carry out instruction in bicycle safety in all New York City schools.

By Council Members Bottcher, Joseph, Brooks-Powers, Ossé, Dinowitz, Marte, Abreu, Farías, Hanif, Hudson, Brewer, Sanchez, Stevens, Schulman, Riley, Menin, Narcisse, Ung, Barron, Restler, De La Rosa, Williams, Krishnan, Nurse, Avilés, Brannan, Gutiérrez, Moya, Hanks, Richardson Jordan, Louis, Won, Powers, Gennaro, Cabán, Lee and Paladino.

Whereas, Over the past two decades, New York City has seen tremendous growth in cycling, according to the New York City Department of Transportation (NYC DOT); and

Whereas, According to the NYC DOT website, approximately 773,000 New Yorkers ride a bike regularly, with estimates that over 530,000 cycling trips are made each day in New York City—more than triple the amount taken 15 years ago; and

Whereas, This increase in cycling is a result of NYC DOT's efforts to expand the city's bicycle infrastructure, including both conventional bicycle lanes and protected bicycle lanes; and

Whereas, According to DOT's *Cycling in the City* webpage, there have been 1,375 miles of bike lanes and 546 miles of protected bicycle lanes installed in New York City as of 2020, and the Citibike program has grown to 19.5 million bike trips in 2020 alone; and

Whereas, Given that cycling is a convenient and affordable way to get around, reduces air pollution, improves public health, and fights global climate change, cycling in New York City should be promoted; and

Whereas, In recent years there have been positive changes in cycling safety, due to efforts such as the creation of designated bicycle lanes and the introduction of the City's Vision Zero program in 2014, which was designed to eliminate all traffic deaths and serious injuries on New York City streets by 2024; and

Whereas, Despite these efforts, in 2020, the latest year for which data is available, there were 5,175 cyclists injured and 24 killed in crashes with motor vehicles, according to NYC DOT's 2020 *Bicycle Crash Data Report*; and

Whereas, City officials must increase efforts to improve cycling safety beyond the infrastructure changes and enforcement efforts currently employed; and

Whereas, Education is essential for safety and, along with protected, interconnected cycling infrastructure, providing instruction in bicycle and traffic safety would be helpful in efforts to reduce crashes and other bike safety incidents; and

Whereas, New York State Education Law §806 already requires that all students be provided “instruction in highway safety and traffic regulation which shall include bicycle safety, to be maintained and followed in all the schools of the state”; and

Whereas, However, neither New York State Education Law, nor Regulations of the Commissioner of Education specify the amount or duration of such instruction; and

Whereas, In fact, the DOE already participates in at least one bicycle education pilot program, in partnership with the NYC Department of Transportation and the non-profit Bike New York, to teach middle school students bike safety skills; and

Whereas, However, it is clear that most schools are not providing bicycle safety instruction as required; and

Whereas, Providing instruction in bicycle and traffic safety in schools, starting at an early age and continuing to reinforce such instruction throughout students’ years in school would be an effective measure to both promote cycling and prevent bicycle accidents and other safety incidents; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the Department of Education to carry out instruction in bicycle safety in all New York City schools.

STEVENS, 15-0-0; *Absent*: Alexa Avilés, Jennifer Gutiérrez, Shahana K. Hanif, and Sandra Ung; Committee on Education, May 9, 2023.

Pursuant to Rule 8.50 of the Council, the Majority Leader and Acting President Pro Tempore (Council Member Powers) called for a voice vote. Hearing no objections, the Majority Leader and Acting President Pro Tempore (Council Member Powers) declared the Resolution to be adopted.

Adopted unanimously by the Council by voice-vote.

Report for voice-vote item Res. No. 156-A

Report of the Committee on Criminal Justice in favor of approving, as amended, a Resolution calling on the New York State Legislature to pass, and the Governor to sign the Treatment Not Jail Act (S1976A/A1263A), which would amend Criminal Procedure Law Article 216 of the judicial diversion law in order to expand eligibility for treatment for court-involved individuals and shift the presumption from incarceration to community support.

The Committee on Criminal Justice, to which the annexed amended resolution was referred on May 5, 2022 (Minutes, page 934), respectfully

REPORTS:

(For text of report, please see the Report of the Committee on Criminal Justice for Int. No. 589-A printed in the Reports of the Standing Committees section of these Minutes)

Accordingly, this Committee recommends its adoption, as amended.

(The following is the text of Res. No. 156-A:)

Res. No. 156-A

Resolution calling on the New York State Legislature to pass, and the Governor to sign the Treatment Not Jail Act (S1976A/A1263A), which would amend Criminal Procedure Law Article 216 of the judicial diversion law in order to expand eligibility for treatment for court-involved individuals and shift the presumption from incarceration to community support.

By Council Members Rivera, Hudson, Louis, Hanif, Narcisse, Avilés, Williams, Cabán, Ossé, Ayala, Restler, Richardson Jordan, Gutiérrez, Barron, Farías, Sanchez and Powers.

Whereas, According to the most recent Preliminary Mayor’s Management Report, 53 percent of those in New York City Department of Correction custody had a mental health diagnosis and 16.5 percent had a serious mental illness diagnosis; and

Whereas, According to a 2018 report from the New York City Health and Hospitals Corporation, 45 percent of those in City jails had a substance abuse disorder; and

Whereas, While efforts have been made to reduce the number of people in New York City jails with mental health and substance use problems and increase the availability of community mental health resources and access to diversion programs, much more needs to be done; and

Whereas, It costs New York City and local governments across the state more to incarcerate individuals with mental health and substance use problems than it does to provide them treatment within their communities for a variety of reasons, including that they cannot use Medicaid dollars for their treatment; and

Whereas, Reports indicate that placing these individuals in treatment programs, rather than incarcerating them, reduces recidivism rates; and

Whereas, Under current state law, only people with substance use disorders charged with specific drug- and property-related criminal offenses are eligible for judicial diversion; and

Whereas, All court-involved people with disabilities and other behavioral health-related problems deserve an opportunity to access and benefit from treatment and support; and

Whereas, S1976A, introduced by State Senator Jessica Ramos, and companion bill A1263A, introduced by State Assembly Member Phara Souffrant Forrest, would amend the judicial diversion law to expand eligibility for treatment for court-involved individuals and shift the presumption from incarceration to community support; and

Whereas, S1976A/A1263A would expand eligibility for treatment by eliminating charge-based eligibility and making people with mental health illness and those with intellectual and physical disabilities eligible for diversion; and

Whereas, S1976A/A1263A would shift the presumption from incarceration to community support by ensuring that participation in judicial diversion is not tied to a guilty plea and participants are not incarcerated without due process; and

Whereas, Expanding eligibility for judicial diversion would save taxpayer money because diversion programs qualify for Medicaid and federal matching-funds; and now, therefore, be it

Resolved, That the Council of the City of New York calls on the New York State Legislature to pass, and the Governor to sign the Treatment Not Jail Act (S1976A/A1263A), which would amend Criminal Procedure Law Article 216 of the judicial diversion law in order to expand eligibility for treatment for court-involved individuals and shift the presumption from incarceration to community support.

Such report shall be submitted no later than [sixty] 60 days before the community boards are required to submit budget priorities pursuant to section [two hundred thirty] 230 and shall contain: (1) the reasonably available statistical data, for the current and previous [five] 5 years, on such conditions in the city and, where possible, in its subdivisions disaggregated by gender, racial group, and income group, and sexual orientation to the extent that such data is available; and a comparison of this data with such relevant national, regional or other standards or averages as the mayor deems appropriate; (2) a narrative discussion of the differences and the disparities in such conditions by gender, racial group and income group, and sexual orientation, as available, and among the subdivisions of the city and of the changes over time in such conditions; and (3) the mayor's short and long term plans, organized by agency or by issue, for responding to the significant problems and disparities evidenced by the data presented in the report.

residents living below the poverty threshold and the number and percentage of city residents living between [one hundred one] 101 percent and [one hundred fifty] 150 percent of the poverty threshold; (3) poverty data disaggregated by generally accepted indices of family composition, ethnic and racial groups, age ranges, employment status, and educational background, and by borough for the most recent year for which data is available and by neighborhood for the most recent [five] 5 year average for which data is available, along with a comparison of this data with such relevant national, regional or other standards or averages as deemed appropriate; (4) budgetary data, with a description of and outcomes on the programs and resources allocated to reduce the poverty rate in the city and estimates on the poverty reducing effects of major public benefit programs available throughout the city and how such programs serve key subgroups of the city's population including, but not limited to, children under the age of [eighteen] 18, the working poor, young persons age [sixteen] 16 to [twenty-four] 24, families with children, and residents age [sixty-five] 65 or older; and (5) a description of the city's short and long term plans to reduce poverty.

2. Not later than March 31, 2024, and on or before March [thirty-first] 31 of every year thereafter, the mayor shall produce and submit to the speaker of the council, borough presidents and community boards a report, which may be consolidated with any other report due on [such] *that* date under this charter, containing the true cost of living measure, in accordance with any requirements in this charter, as determined:

Res. No. 604

Resolution calling upon the New York State Legislature to pass, and the Governor to sign, S.05623/A.05290 in relation to the purchase of claims by corporations or collection agencies and to certain instruments calling for payment of a monetary obligation by a foreign state.

By Council Members Avilés, Cabán and Richardson Jordan.

Whereas, Sovereign debt is the money a nation's government owes to individuals, organizations or other governments; and

Whereas, Sovereign debt plays a crucial role in financing governments worldwide by allowing them to make long-term investments and to smooth their consumption through periods of temporary hardship; and

Whereas, Many countries have been struggling under the burdens of unsustainable international debts for years; and

Whereas, Creditors known as vulture funds buy up defaulted debts at very low prices when a country is in economic distress and aggressively litigate to recoup the debt's full value plus interest, regardless of the debtor's ability to pay; and

Whereas, Vulture funds often refuse to renegotiate sovereign debt to level that is more easily managed by the debtor country; and

Whereas, In order to pay the vulture funds, countries may be forced to increase taxes, reduce public services, and curtail spending on economic development and poverty-reducing programs; and

Whereas, According to Eric LeCompte, a member of the United Nations debt working group, more than half of all sovereign debt contracts are governed by New York State Law, putting New York in a unique position to stop vulture funds from profiteering at the expense of countries in financial distress; and

Whereas, Champerty is an English common law doctrine that prohibits the purchase of debt with the intent, and for the purpose, of bringing a lawsuit; and

Whereas, Section 489 of the New York Judiciary Law codifies champerty by prohibiting creditors from bringing claims to court if they purchased the claim with the sole aim and express intention of pursuing a legal action; and

Whereas, In 2004, the New York State Legislature amended section 489 of the Judiciary Law to effectively eliminate the champerty rule for any debt purchases or assignments having a value of more than \$500,000; and

Whereas, S.5623, introduced by State Senator Liz Krueger and pending in the New York State Senate, and companion bill A.5290, introduced by State Assembly Member Jessica González-Rojas and pending in the New York State Assembly, would strengthen champerty by eliminating the safe harbor for transactions over \$500,000; and

Whereas, S.5623/A.5290 would require creditors to participate in good faith in a qualified restructuring of debt for foreign states with debts that have been assessed as unsustainable by the International Monetary Fund; now, therefore, be it,

Resolved, That the Council of the City of New York calls upon the New York State Legislature to pass, and the Governor to sign, S.5623/A.5290 in relation to the purchase of claims by corporations or collection agencies and to certain instruments calling for payment of a monetary obligation by a foreign state.

Referred to the Committee on Cultural Affairs, Libraries and International Intergroup Relations.

Res. No. 605

Resolution calling upon the New York State Legislature to pass, and the Governor to sign, A5338/S5181, in relation to prohibiting the discharge of any radiological agent into the waters of New York State.

By Council Members Avilés, Gennaro, Cabán, Restler, Richardson Jordan, Brewer, Hanif, Krishnan, De La Rosa, Ung, Hudson and Louis.

Whereas, The Indian Point Nuclear Power Plant, sited on the east bank of the Hudson River, in Buchanan, New York, and located approximately 36 miles north of Midtown Manhattan, permanently ceased power production on April 30, 2021; and

Whereas, In 2017, Entergy, Indian Point's owner at the time, entered into a voluntary agreement with the New York State (NYS) Attorney General, NYS Department of Environmental Conservation, NYS Public Service Commission, additional state agencies, and environmental advocacy group Riverkeeper, committing to cease operations by April 2021, rather than continue legal proceedings over the renewal of expired licenses; and

Whereas, Holtec International subsidiaries purchased the Indian Point Nuclear Power Plant in May of 2021, after the United States Nuclear Regulatory Commission and the New York State Public Services Commission approved the transfer of Indian Point to Holtec, finding that the organization possessed the technical and financial qualifications to own and decommission Indian Point safely and in accordance with regulatory requirements; and

Whereas, The Indian Point facility currently has over one million gallons of radioactive wastewater on site, contained in spent fuel pools, which have been used to cool and store spent fuel assemblies since the 1970s; and

Whereas, The longer that spent fuel assemblies sit in water, the higher the levels of radioactivity in the water can become; and

Whereas, On March 17, 2022, Holtec International publicly announced its plans to discharge roughly 1.3 million gallons of processed wastewater from Indian Point's spent fuel pools and reactor water storage tanks into the Hudson River; and

Whereas, While Holtec states that the wastewater from the spent fuel pools and reactor water storage tanks will be filtered prior to release into the Hudson River, and that such discharges had previously occurred while the facility was in operation, the company acknowledges that its filtration processes cannot remove a radioactive pollutant called tritium from the wastewater; and

Whereas, Tritium is a weak source of beta radiation, emitting a low-energy electron that can cause damage to DNA or other important molecules if impacts with them, making it a known carcinogen, exposure to which can lead to miscarriages and birth defects, and it can enter human bodies via ingestion, inhalation, or through skin contact with contaminated water; and

Whereas, According to the U.S. Environmental Protection Agency, tritium, once in the body, is generally excreted between one and two months after ingestion, but when tritium becomes incorporated into organic compounds, forming what is known as organic bound tritium, it can persist in the body for longer periods; and

Whereas, Some environmental and public health advocates have argued that existing calculations for safe levels of tritium exposure can be inaccurate, as one of the measures is based on a hypothetical subject known as a "Reference Man," defined in 1975 by the International Commission on Radiological Protection as a caucasian male between 20 to 30 years of age, potentially underestimating the increased risk posed to other persons, including pregnant individuals; and

Whereas, According to a 2021 review of the potential health effects of tritium exposure published in the Journal of Radiation Research exposure to sources of ionizing radiation like tritium in pregnant individuals can lead to death and malformation of fetuses; and

Whereas, Holtec was given access to a 2.4 billion dollar decommissioning trust fund, paid for by New York State tax-payers to cover the cost of decommissioning the Indian Point site, which under an agreement with the NYS Attorney General is subject to certain balance requirements and is meant to be sufficient to complete the decommissioning, with any balance remaining in the decommissioning trust fund thereafter going to Holtec; and

Whereas, State Senator Peter Harckham expressed concerns that the structure of the decommissioning trust fund could incentivize Holtec to act with less prudence in order to ensure an eventual profit, with some environmental advocates noting that safer but more costly options exist, including storing the water in special containers on site for the length of tritium's 12 year half-life, at which point the waste would be half as radioactive, or beyond; and

Whereas, Assembly Bill A5338, sponsored by Assembly Member Dana Levenberg, and Senate Bill S5181, sponsored by State Senator Harckham, would make it unlawful for any individual or entity to discharge any radiological agent into New York State waterways; and

Whereas, The bill would establish a fine of twenty five thousand dollars per day for a first violation, fifty thousand dollars per day for a second violation, and one hundred and fifty thousand dollars per day for all subsequent violations, significantly reducing any profit incentive that may be derived from discharging the wastewater compared to other potentially safer but more costly remediation methods; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the New York State Legislature to pass, and the Governor to sign, A5338/S5181, in relation to prohibiting the discharge of any radiological agent into the waters of New York State.

Referred to the Committee on Environmental Protection, Resiliency and Waterfronts.

Preconsidered Res. No. 606

Resolution calling on Congress to pass, and the President to sign, legislation updating the Cuban, Haitian, Nicaraguan, and Venezuelan parole program to allow parolees to work in the United States without waiting for their I-765 applications for employment authorization to be approved, and for the President to take executive action granting or extending temporary access to work permits to asylum seekers currently residing in the United States who are ineligible for the parole program.

By Council Members Ayala, Cabán, Restler and Hanif.

Whereas, New York City has seen a significant influx of asylum seekers over the last year; and

Whereas, Over 53,000 asylum seekers have come to New York City as part of this influx with over 33,400 people still in the city's care in shelters and HERRCs across the five boroughs; and

Whereas, After an asylum seeker enters the United States, they have one year from their date of entry to submit an asylum application; and

Whereas, After an asylum application is properly filed, an asylum seeker has to wait 150 days before they can submit an I-765 application for employment authorization; and

Whereas, Once an I-765 application is submitted, the applicant must wait for approval from the United States Citizenship and Immigration Services (USCIS) before they are able to legally work in the United States; and

Whereas, Asylum seekers and immigration advocates in New York City indicate the process to file an initial asylum application has become more complicated and often takes longer than the year currently allotted and delays opportunities to apply for work authorization; and

Whereas, In 2017 the I-765 application was one page long and now it is seven pages; and

Whereas, Once a work authorization application is submitted, significant processing backlogs at the federal level have resulted in delays receiving approval to work; and

Whereas, Although the USCIS has set a new goal to process I-765 applications in three months, reports show processing times average 4.3 months, with some processing times taking up to 15 months; and

Whereas, In response to the crisis in Ukraine, the Biden Administration introduced "Uniting for Ukraine," a parole program that streamlined the process for Ukrainians entering the United States; and

Whereas, In addition to streamlining entry to the United States, Ukrainians entering under "Uniting for Ukraine" are able to immediately begin working without waiting for their I-765 applications to be approved; and

Whereas, Although the newly introduced parole program for Cubans, Haitians, Nicaraguans, and Venezuelans similarly streamlines entry by providing an opportunity for individuals to obtain advance authorization to travel to the United States, individuals entering from these countries must wait for their I-765 applications to be approved before starting work in the United States; and

Whereas, Venezuelans who crossed the Mexican or Panamanian borders after October 19, 2022 or Cubans, Nicaraguans, and Haitians who crossed after January 9, 2023 are not eligible for the parole program; and

Whereas, With the significant backlog processing employment authorization applications, the current influx of asylum seekers are often unable to access work and income, and support themselves or their families; and

Whereas, Without access to work authorization, asylum seekers in New York rely on city services, straining the city's infrastructure, increasing costs, and requiring the city to ask for financial support from the state and federal government; and

Whereas, As more asylum seekers come to the United States even under the new Cuban, Haitian, Nicaraguan, and Venezuelan parole program, employment authorization applications will continue to increase and exacerbate the processing backlog; and

Whereas, Due to the unpredictability and delays in receiving employment authorization approval, asylum seekers often become victims of employment abuses, like wage theft, when left to seek work without work permits; and

Whereas, There is growing bipartisan support to reform immigration processes specifically related to employment authorization applications in order to diminish burdens on local and state governments, reduce the workload of USCIS, and boost the economy by increasing the workforce; and

Whereas, Employment authorization regulations for asylum seekers and parolees under the Cuban, Haitian, Nicaraguan, and Venezuelan parole program must be revised in order to address the growing backlog and prepare for future applicants; and

Whereas, Legislation must be introduced to update the Cuban, Haitian, Nicaraguan, and Venezuelan parole program, to provide employment authorization similar to “Uniting for Ukraine” so parolees can start working in the United States without waiting for approval; and

Whereas, To address the numerous asylum seekers in the United States who are not eligible under the current parole program, executive action must be taken to change administrative rules to grant or extend temporary access to work permits; and

Whereas, Employment authorization must be made more accessible to the newly arrived asylum seekers and parolees who are desperate to work; and

Whereas, Individuals entering the United States deserve opportunities for employment, and not to be stalled by bureaucratic roadblocks, in order to provide for themselves and their families; now, therefore, be it

Resolved, That the Council of the City of New York calls on Congress to pass, and the President to sign, legislation updating the Cuban, Haitian, Nicaraguan, and Venezuelan parole program to allow parolees to work in the United States without waiting for their I-765 applications for employment authorization to be approved, and for the President to take executive action granting or extending temporary access to work permits to asylum seekers currently residing in the United States who are ineligible for the parole program.

Res. No. 608

Resolution calling on the New York State Legislature to pass, and Governor to sign, legislation to create a permanent, citywide voluntary buyout program to mitigate flood risk.

By Council Members Gennaro, Cabán and Ung.

Whereas, Flooding caused by extreme weather threatens to damage or destroy thousands of homes in New York City (the City); and

Whereas, In 2012, Hurricane Sandy hit the City with a storm surge that flooded 17 percent of the City's landmass, which included more than 300,000 homes and critical infrastructure such as hospitals and the Brooklyn-Battery tunnel; and

Whereas, The storm surge was especially devastating in coastal areas, such as the Coney Island peninsula, where the flood waters reached a depth of 11 feet above ground level, and on the South Shore of Staten Island, where they reached a depth of 14 feet; and

Whereas, These conditions damaged over 69,000 residential units, killed 44 New Yorkers and cost an estimated \$19 billion in lost economic activity and property damage; and

Whereas, To repair the damage from Hurricane Sandy, the City received over \$17 billion in federal relief spending, which included \$9.9 billion from the Federal Emergency Management Agency Public Assistance program and \$4.2 billion from the Community Development Block Grant Disaster Relief (CDBG-DR) program; and

Whereas, The City's Build it Back (BIB) Single Family Program, which used CDBG-DR dollars to pay contractors to rebuild single family homes damaged by Hurricane Sandy, had begun assisting only 686 of the roughly 20,000 program applicants by August 2014, nearly two years after the storm struck the City; and

Whereas, Some BIB Single Family Program repairs were not completed until 2021, nearly 10 years after Hurricane Sandy occurred; and

Whereas, Climate change will likely cause extreme weather like Hurricane Sandy to occur more often and with greater intensity; and

Whereas, The New York City Panel on Climate Change has warned that the City will likely experience an increase in chronic tidal flooding and coastal storms over the course of the next century; and

Whereas, These trends may increase the frequency with which extreme weather forces New Yorkers living in high-risk flood zones to rebuild their homes; and

Whereas, Many New Yorkers struggle to rebuild their homes after damage from extreme weather despite federal assistance; and

Whereas, New York State (the State) can mitigate the monetary and human costs of extreme weather by offering to purchase homes at high risk of flooding through voluntary buyout programs, which allow homeowners to resettle in low-risk flood zones and escape the cycle of rebuilding and displacement caused by extreme weather; and

Whereas, Voluntary buyout programs also safeguard communities against future storms, as purchased properties are typically transformed into natural, open space storm water management systems; and

Whereas, Although the State administered the voluntary New York State Acquisition for Redevelopment buyout program after Hurricane Sandy, the program was limited and offered to purchase homes located in only two neighborhoods in the borough of Staten Island; and

Whereas, Homeowners in all five boroughs live at high risk of flood damage and should have the choice to mitigate their risk by selling their property to the State; and

Whereas, The State could likely fund a permanent, citywide voluntary buyout program with new state and federal grant and loan programs; and

Whereas, In November, 2022, New York State voters approved the Clean Water, Clean Air and Green Jobs Environmental Bond Act, which will raise \$4.2 billion to pay for climate change mitigation and greenhouse gas abatement projects, up to \$250 million of which may be spent on voluntary private property buyouts; and

Whereas, The federal Building Resilient Infrastructure and Communities program, which received \$1 billion in funding from the Infrastructure Investment and Jobs Act of 2021 (IIJA), and the federal Safeguarding Tomorrow through Ongoing Risk Mitigation act, which received \$500 million in funding from IIJA, can help states pay for the mitigation of natural hazards through measures such as voluntary buyout programs; now, therefore, be it

Resolved, That the Council of the City of New York calls on the New York State Legislature to pass, and Governor to sign, legislation to create a permanent, citywide voluntary buyout program to mitigate flood risk.

Referred to the Committee on Environmental Protection, Resiliency and Waterfronts.

Res. No. 609

Resolution calling on the New York State Legislature to pass, and the Governor to sign, S.4400/A.4091, to require each institution within the State University of New York and the City University of New York to have at least one vending machine making emergency contraception available for purchase.

By Council Members Gutiérrez, Rivera, Dinowitz, Cabán, Restler, Richardson Jordan, Brewer, Hanif and Ung (in conjunction with the Brooklyn Borough President).

Whereas, The most recent available data by the Centers for Disease Control and Prevention (CDC) reveal that as of 2019, an estimated nearly 14 million or 71.5 percent of women between the ages of 18 and 24 years were at risk for unintended pregnancy in the United States (U.S.); and

Whereas, Per CDC, nationally, an estimated almost 10 million or 69.3 percent of women between the ages of 18 and 24 years needed contraceptive services in 2019; and

Whereas, Also, per CDC, as of 2019, an estimated 490,700 or 72.3 percent of women between the ages of 18 and 24 years were at risk for unintended pregnancy in New York State; and

Whereas, CDC data show that in 2019, an estimated 345,900 or 70.5 percent of women between the ages of 18 and 24 years needed contraceptive services in New York State; and

Whereas, 2019 CDC data also demonstrate that more Hispanic and Black, non-Hispanic New Yorkers were at risk for unintended pregnancy, at 89.2 percent and 85.5 percent, respectively, than among White, non-Hispanic New Yorkers, at 77.5 percent; and

Whereas, Similarly, per 2019 CDC data, more Black, non-Hispanic and Hispanic New Yorkers needed contraceptive services, at 82.4 percent and 81.3 percent, respectively, than among White, non-Hispanic New Yorkers, at 67.1 percent; and

Whereas, Importantly, according to 2019 CDC data, New Yorkers without health insurance coverage had a higher need for contraceptive services than among those with insurance coverage, at 76.4 percent and 73.4 percent, respectively; and

Whereas, These demographics mirror those of students at the City University of New York (CUNY) and the State University of New York (SUNY); and

Whereas, For example, as of Fall 2019, over 74 percent of students across CUNY colleges were under 25 years of age, and as of Fall 2021, the percentage of students aged 24 years and under ranged across all but two SUNY colleges between 69 percent and 98 percent; and

Whereas, According to the Fall 2022 National College Health Assessment by the American College Health Association, 83.5 percent of U.S. college students used at least one method of contraception to prevent pregnancy; and

Whereas, One available method of contraception is emergency contraception, which can prevent up to 95 percent of pregnancies when taken within 5 days after intercourse, and which is indicated for such situations as unprotected intercourse, concerns about possible contraceptive failure, incorrect use of contraceptives, and sexual assault; and

Whereas, The most recent available CDC data indicate that an estimated 33.5 million or 26.8 percent of U.S. women experienced completed or attempted rape at some point in their lifetime; and

Whereas, A study published in 2019 in the Journal of Interpersonal Violence found that 8.4 percent of U.S. women experienced reproductive coercion, including partner condom refusal, during their lifetime; and

Whereas, An analysis by the Guttmacher Institute of the most recent available data revealed that in 2015, among U.S. women who used emergency contraception, 41 percent did so out of concern that their regular method would not work, and 50 percent did so after unprotected sex; and

Whereas, According to the World Health Organization (WHO) and the Office on Women's Health in the U.S. Department of Health and Human Services (HHS), emergency contraception methods do not harm future fertility, do not terminate or harm already occurred pregnancy, and work primarily by preventing or delaying ovulation; and

Whereas, According to the WHO and HHS, the side effects of emergency contraception are uncommon and mild, similar to those of oral contraceptive pills, such as nausea and vomiting, slight irregular vaginal bleeding, and fatigue, which resolve without further treatment; and

Whereas, In the U.S., emergency contraception pills first became available by prescription in 1999, and in 2006, the two-dose regimen of levonorgestrel pills was approved by the U.S. Food and Drug Administration (FDA) for over-the-counter (OTC) sales at pharmacies for individuals aged 18 years or older, with the age limit lowered to 17 years in 2009; and

Whereas, In 2010, FDA approved ulipristal acetate, a new and more effective form of emergency contraception, under the brand name ella, for prescription-only status; and

Whereas, A one-pill regimen of levonorgestrel emergency contraception, under the brand name Plan B One-Step, was approved by FDA for OTC sales for all ages in 2013, with generic versions of this regimen approved for OTC sales in 2014; and

Whereas, According to the most recent available CDC data, as of 2019, 24.3 percent of U.S. women of childbearing age used emergency contraception at least once, an increase from 11 percent in 2008 and 23 percent in 2015; and

Whereas, The National College Health Assessment by the American College Health Association revealed that as of Fall 2022, 17.3 percent of U.S. college students used emergency contraception at least once within the last 12 months; and

Whereas, The American Society for Emergency Contraception reports that as of 2023, among surveyed stores and pharmacies nationwide, 18 percent did not stock emergency contraception at all, and 27 percent imposed outdated age restrictions; and

Whereas, Per the American Society for Emergency Contraception, many student health centers on college campuses do not stock emergency contraception, enforce outdated age restrictions, or refuse to provide it, and among those that do make emergency contraception available to students, many have limited hours of operation, especially at night and on weekends when the need might be especially high; and

Whereas, A vending machine on a college campus, when placed in an accessible private space in a building with extended hours, can provide a confidential, lower-cost, convenient way for students to access emergency contraception and other sexual health products; and

Whereas, The American Society for Emergency Contraception notes that to lower barriers to access, at least 37 college campuses in 16 U.S. states introduced vending machines, which offer emergency contraception, condoms, and other sexual health products, including New York institutions such as Adelphi University, Barnard College, and Columbia University; and

Whereas, With the intent of ensuring that every student has access to affordable emergency contraception on the campuses of the State University of New York and the City University of New York to prevent unintended pregnancies and thereby give students a fair chance to achieve academically, State Senator Lea Webb introduced S.4400 in the New York State Senate, and Assembly Member Jessica González-Rojas introduced companion bill A.4091 in the New York State Assembly, which would require each institution within the State University of New York and the City University of New York to have at least one vending machine making emergency contraception available for purchase; now, therefore, be it

Resolved, That the Council of the City of New York calls on the New York State Legislature to pass, and the Governor to sign, S.4400/A.4091, to require each institution within the State University of New York and the City University of New York to have at least one vending machine making emergency contraception available for purchase.

Res. No. 610

Resolution calling on the New York State legislature to pass, and the Governor to sign, S.1678A/A.1941, which would require all public school districts, charter schools, and non-public schools to serve breakfast and lunch at no cost to students.

By Council Members Lee, Cabán, Restler, Richardson Jordan, Brewer, Hanif and Ung.

Whereas, The United States Department of Agriculture (USDA) defines food insecurity as the lack of access to nutrition necessary for an active, healthy life; and

Whereas, According to scientific studies, children in food-insecure households are more likely to experience developmental issues, to have more chronic health conditions, higher hospitalization rates, poorer mental health, and academic and behavioral problems; and

Whereas, Per the USDA, as of 2018, an estimated 11.2 million, or 15.2 percent, of American children resided in food-insecure households; and

Whereas, The USDA estimated that as of 2020, nearly 14 million or 10.5 percent of U.S. households were food-insecure; and

Whereas, According to the same data, in 2020, the rate of food insecurity among households with children was higher than the national average at 14.8 percent, an increase from 13.6 percent in 2019; and

Whereas, As per the same 2020 estimates, Black, non-Hispanic, and Hispanic U.S. households had much higher prevalence of food insecurity, standing at 21.7 percent and 17.2 percent, respectively, and contrasted with the national average of 10.5 percent; and

Whereas, In New York State, as of 2020, 596,060, or 14.6 percent, of children were food insecure, but only 85 percent of them were income-eligible for federal nutrition programs; and

Whereas, In New York State, as of 2020, the prevalence of food insecurity was much higher among Black and Latino individuals, standing at 19 percent for each and contrasted with 5 percent among White, non-Hispanic individuals; and

Whereas, In New York City, as of 2020, the Bronx had the highest rate of all five boroughs of food insecurity among children at 36.3 percent (128,740 children), only 86 percent of whom were income-eligible for federal nutrition programs; and

Whereas, In New York City, as of 2020, Brooklyn had the second highest prevalence of food insecurity among children at 26 percent (152,960 children), only 81 percent of whom were income-eligible for federal nutrition programs; and

Whereas, A 2019 study of New York City's middle schools providing free lunch and breakfast for all students irrespective of income discovered that universal provision of free meals improved students' weight outcomes, increased school lunch participation, and improved math and English test scores; and

Whereas, As of 2022, an estimated 470,000 children in New York State were income-ineligible for free school meals even though they resided in households earning less than a living wage; and

Whereas, Only 59 percent of New York schools offered free meals for all students as of 2022; and

Whereas, Estimates by Feeding New York State indicate that a statewide universal free school meals program in New York State would improve access to food for about 726,000 students by enabling 1,954 additional schools to provide free school meals to all pupils; and

Whereas, According to the same estimates by Feeding New York State, a universal free school meals program would also relieve financial pressure on families by saving an estimated \$140 per child in grocery costs each month; and

Whereas, With the intent of reducing child food insecurity, State Senator Michelle Hinchey has introduced S.1678A in the New York State Senate, and Assembly Member Jessica González-Rojas has introduced companion bill A.1941 in the New York State Assembly, which would require all public school districts, charter schools, and non-public schools to serve breakfast and lunch at no cost to students; now, therefore, be it

Resolved, That the Council of the City of New York calls on the New York State legislature to pass, and the Governor to sign, S.1678A/A.1941, which would require all public school districts, charter schools, and non-public schools to serve breakfast and lunch at no cost to students.

Whereas, opioid abuse and overdoses are estimated to cost the American economy more than a trillion dollars every year; and

Whereas, public health experts have estimated opioid use disorder costs New York State approximately three percent of its GDP; and

Whereas, decades of punitive approaches to drug abuse have not meaningfully reduced the phenomenon or compensated for its harms; and

Whereas, the city, state, and federal governments have an abiding interest in reducing the harms caused by drug abuse and its attendant cost to public health and safety; and

Whereas, supervised consumption sites provide a model for how to reduce likelihood of overdose and connect chronic drug users to health care, counseling and other services; and

Whereas, on November 30, 2021, New York City opened two overdose prevention centers, the first government run supervised consumption sites in the country; and

Whereas, these sites allowed staff to mitigate hundreds of potential overdoses; and

Whereas, more than half of the patrons of these sites utilized additional services; and

Whereas, supervised consumption sites exist in a legal grey area thanks to a portion of the federal Anti-Drug Abuse Act of 1986, known as the “crack house statutes,” which attached felony liability to those who maintain a premises for the sake of using controlled substances; and

Whereas, the possibility of criminal prosecution discourages public health authorities and nonprofit providers from operating supervised consumption sites despite promising data on their efficacy at reducing overdose deaths and connecting habitual drug users to services; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the United States Congress to pass, and the President to sign, legislation amending the Anti-Drug Abuse Act of 1986 to allow for the operation of legitimate supervised consumption sites around the country

Res. No. 612

Resolution calling on the United States Congress to pass and the President to sign amendments to the Len Bias Law, known as the Anti-Drug Abuse Act of 1986 H.R.5484, to ensure that family members or associate drug users are not criminalized for calling emergency services in a crisis.

By Council Members Lee and Restler.

Whereas, The Len Bias Law provisioned in the Anti-Drug Abuse Act signed by President Ronald Reagan on October 27, 1986, provided a mandatory 20-year minimum and maximum life prison sentence as well as a fine of up to \$2 million for drug distribution cases that resulted in a person’s death or serious injury; and

Whereas, Many states passed their own versions of the Len Bias Law to be used when sentencing people convicted of state drug distribution offenses; and

Whereas, Some state laws include mandatory sentencing guidelines, while others permit prosecutors to charge someone with reckless homicide for distributing drugs that result in a user's death; and

Whereas, Data published by the Centers for Disease Control and Prevention indicate that drug use is increasing with more Americans dying of overdose than in any point in modern history; and

Whereas, The Office of National Drug Control Policy started spending more money on treatment and prevention in 2021 than on interdiction and law enforcement; and

Whereas, Overdose Prevention Centers (“OPC’s”) operated by OnPoint NYC in New York City has been offering drug users with safe, supervised places to use drugs while also connecting them to services that promote health, including harm reduction, medical attention, mental health therapy, drug treatment, and social supports; and

Whereas, People who use illegal drugs frequently worry that by dialing 911 for an overdose, they will be detained and prosecuted; and

Whereas, Some states have instituted ‘911 Good Samaritan laws’ that provide legal protections for individuals who call for emergency assistance in the event of a drug overdose; and

Whereas, Amending the Len Bias Law, known as the Anti-Drug Abuse Act of 1986 H.R.5484, would empower others, particularly fellow drug users to save the life of a person who has overdosed; and

Whereas, Exploring evidence-based solutions such as treatment, rather than incarceration for addiction to address root causes such as harm reduction will improve lives instead of destroying them; now, therefore, be it

Resolved, That the Council of the City of New York calls on the United States Congress to pass and the President to sign amendments to the Len Bias Law, known as the Anti-Drug Abuse Act of 1986 H.R.5484, to ensure that family members or associate drug users are not criminalized for calling emergency services in a crisis.

Res. No. 613

Resolution calling on the United States Congress to pass and the President to sign, H.R.2400, which would amend title XIX of the Social Security Act to allow States to make medical assistance available to inmates during the 30-day period preceding their release.

By Council Members Lee, Cabán and Brewer.

Whereas, Currently, federal law prohibits federal healthcare coverage for incarcerated individuals, except under very limited circumstances, as they are considered ‘inmates of a public institution’ and barred from receiving Medicaid benefits, even though most detained individuals are Medicaid eligible; and

Whereas, While they receive health care while they are incarcerated, without healthcare coverage in place when they are released, many of these individuals struggle to access mental health and substance use treatments upon community reentry; and

Whereas, In many states, Medicaid coverage is immediately terminated when someone is sent to a correctional institution, which creates a serious coverage gap extending post-release while they seek to reinstate their benefits, leaving these individuals with no access to health care or addiction treatment during a stressful and dangerous time; and

Whereas, According to the New England Journal of Medicine, individuals reentering society are 129 times likelier than the general population to die of a drug overdose during the first two weeks after release; and

Whereas, Many of these deaths are preventable with appropriate medical, mental health, and substance use interventions, which usually require health insurance; and

Whereas, The federal agency in charge of both Medicare and Medicaid, the Center for Medicare and Medicaid Services, has argued in favor of adding people back to the Medicaid eligibility list "immediately upon release from a correctional facility"; and

Whereas, H.R.2400 sponsored by U.S. House Representative Paul Tonko, seeks to expand access to addiction treatment and other health services for Medicaid-eligible individuals by granting states the authority to restart Medicaid services for incarcerated individuals 30 days before their release; and

Whereas, H.R.2400 would make it easier for states to coordinate effective addiction treatment and other health services, allowing for a reduced risk of overdose deaths post-release; and

Whereas, Incarcerated people and those released from incarceration face poverty, unemployment, and disproportionately high rates of disability, disease, and illness, however, Medicaid is a tool that can be utilized to expand healthcare coverage and reduce the number of preventable deaths after release; now, therefore, be it

Resolved, That the Council of the City of New York calls on the United States Congress to pass and the President to sign, H.R.2400, which would amend title XIX of the Social Security Act to allow States to make medical assistance available to inmates during the 30-day period preceding their release.

Res. No. 614

Resolution calling on the United States Congress to pass and the President to sign S.79/H.R.1693 117th Congress (2021-2022), known as the Equal Act of 2021.

By Council Members Lee and Hanif.

Whereas, In 1986, Congress passed the Anti-Drug Abuse Act, which established a 100:1 sentencing disparity for crack and powder cocaine, as well as for the first time, mandatory minimum penalties triggered by particular amounts of cocaine; and

Whereas, Pursuant to 21 U.S. Code § 841, distribution of just 5 grams of crack carries a minimum 5-year federal prison sentence, while for powder cocaine, distribution of 500 grams, 100 times the amount of crack cocaine, carries the same sentence; and

Whereas, Recent studies by the United States Sentencing Commission have concluded that crack-cocaine is not appreciably different from powder-cocaine in either chemical composition or physical reactions in its users; and

Whereas, While reports indicate Whites are more likely to report lifetime cocaine use, inner city communities of color have been targeted as a result of national drug enforcement and prosecutorial policies and practices; and

Whereas, Advocates strongly believe that crack cocaine mandatory minimum sentences are an attack on the poor because they are more affordable for poor Americans, many of whom are African Americans, than powder cocaine, which is much more expensive and is typically used by wealthier white Americans; and

Whereas, Nationwide studies by the U.S. Sentencing Commission have revealed data showing more than 80% of defendants sentenced for crack offenses were African Americans, despite more than 66% of crack users being white and other than non-African Americans; and

Whereas, As African Americans have been the target of the vast majority of prosecutions under the Anti-Drug Abuse Act, racial disparities in sentencing have disproportionately led to longer sentences than powder users; and

Whereas, In 2010, Congress reduced the crack-to-powder ratio from 100:1 to 18:1 in the Fair Sentencing Act. S.79/H.R.1693, known as the Equal Act of 2021, sponsored by U.S. Senator Cory Booker and U.S. House Representative Hakeem Jeffries, seeks to eliminate the crack-to-powder disparity ratio entirely and guarantees that individuals who were convicted or given a sentence for a federal offense involving cocaine can be resentenced in accordance with the new law; and

Whereas, By eliminating the harsh sentencing punishments that currently disproportionately affect African American communities and severely restrict their opportunities, changing these sentencing guidelines would greatly assist African American communities; now, therefore, be it;

Resolved, That the Council of the City of New York calls on the United States Congress to pass and the President to sign S.79/H.R.1693 117th Congress (2021-2022), known as the Equal Act of 2021.

Res. No. 615

Resolution calling on New York State to mandate basic training in addiction treatment as a requirement for medical schools that receive state funding.

By Council Members Lee and Restler.

Whereas, According to Centers for Disease Control and Prevention, deaths due to drug overdoses hit an all-time high in 2021, and preliminary data suggests that the numbers from 2022 will be even higher; and

Whereas, The Office of the Special Narcotics Prosecutor for the City of New York estimates that there were over 3,000 deaths in New York City due to drug overdoses in the 12 months ending in August 2022; and

Whereas, Many overdoses deaths could have been prevented with proper addiction treatment; and

Whereas, Addiction is a treatable disease; and

Whereas, Addiction is a public health issue and medical professionals play an important role in identifying and treating addiction; and

Whereas, Doctors, including primary care physicians, who do not specialize in addiction treatment are often called upon to diagnose and/or treat substance abuse disorders; and

Whereas, Medical professionals need to be able to recognize the signs of addiction in order to be able to refer patients to addiction specialists when necessary; and

Whereas, There are not enough programs or medical professionals trained in substance abuse to treat all of the individuals that want or need addiction treatment; and

Whereas, Not all medical professionals are aware of the medications that are available to treat addiction; and

Whereas, If they do not receive training on addiction in medical school many medical professionals will never receive any training on how to diagnose or treat substance abuse disorders; and

Whereas, Opioids, and other addictive medications, play an essential role in medical pain management; and

Whereas, Medical professionals need to be trained how to prescribe opioids and other controlled substances appropriately in order to prevent addiction; and

Whereas, Learning about addiction treatment in medical school will better enable doctors to advocate for addiction treatments for their patients; and

Whereas, Teaching about addiction in while they are still students is critical because medical schools is where doctors develop lifelong practice habits; and

Res. No. 617

Resolution calling on United States Attorney General Merrick Garland and the Department of Justice to issue guidance that they will not prosecute overdose prevention centers under section 856 of the Controlled Substances Act, and the Office of National Drug Control Policy to develop a set of standards, policies, and procedures for overdose prevention centers.

By Council Members Lee, Restler and Lee.

Whereas, New York City and the nation are experiencing an opioid crisis involving the misuse of prescription opioid pain relievers as well as heroin and fentanyl; and

Whereas, According to the New York City Department of Health and Mental Hygiene (DOHMH), overdose is the leading cause of accidental death in the city, surpassing motor vehicle deaths, homicides, and suicides combined; and

Whereas, According to provisional DOHMH data, 2,668 individuals died of a drug overdose in New York City in 2021, an increase of 27 percent since 2020 and 78 percent since 2019 ; and

Whereas, Opioid overdose deaths in New York City persist despite the availability of treatment services, collaborative interventions between public health and law enforcement, and increased access to the emergency overdose rescue medicine naloxone, according to DOHMH; and

Whereas, Harm reduction encompasses a set of practical strategies aimed at reducing the morbidity and mortality associated with drug use; and

Whereas, Overdose prevention centers (OPCs), also known as supervised consumption sites, are professionally supervised facilities where persons who use drugs can consume them under controlled conditions and access services including safe disposal of syringes and injection equipment, vaccination, HIV and hepatitis C testing, linkage to substance use treatment, counseling, and connections to social and medical services; and

Whereas, Supervised consumption is a proven harm reduction strategy and approximately 100 OPCs operate in countries including Germany, Spain, and Canada; and

Whereas, According to a 2021 report on OPCs published by the National Institutes of Health, “the preponderance of the evidence suggests these sites are able to provide sterile equipment, overdose reversal, and linkage to medical care for addiction, in the virtual absence of significant direct risks like increases in drug use, drug sales, or crime;” and

Whereas, In November 2021, New York City opened the first two government-sanctioned OPCs in the United States; and

Whereas, According to DOHMH, since opening on November 30, 2021 to the end of 2022, the two supervised consumption sites were used over 52,000 times by 2,227 unique individuals, staff intervened in more than 670 overdoses to prevent potential injury or death, and there were no overdose deaths at the facilities; and

Whereas, The success of New York City’s OPCs has spurred other cities and states—including New York State—to consider legislation that would allow for supervised consumption programs; and

Whereas, Section 856 of the Controlled Substances Act, known as the “crack house statute,” makes it illegal to own, rent or operate a location for the purpose of using a controlled substance; and

Whereas, There is disagreement as to whether the crack house statute applies to OPCs; and

Whereas, Despite the evidence that OPCs are an effective harm reduction strategy, many jurisdictions and operators are reluctant to open OPCs due to the possibility of federal enforcement under the Controlled Substances Act; and

Whereas, In April 2021, then-Mayor Bill de Blasio, along with the mayors of cities including Philadelphia, San Francisco, and Oakland, sent a letter to Attorney General Merrick Garland requesting clarity from the Biden administration over whether opening OPCs would violate federal law and urging Garland to issue a national policy “deprioritizing enforcement” of the Controlled Substances Act against OPC operators and clients; and

Whereas, In a February 2022 statement to the Associated Press, the Department of Justice said it is “evaluating supervised consumption sites, including discussions with state and local regulators about appropriate guardrails for such sites, as part of an overall approach to harm reduction and public safety;” and

Whereas, The Office of National Drug Control Policy (ONDCP) leads and coordinates the nation’s drug policy so that it improves the health and lives of the American people; and

Whereas, ONDCP’s 2022 National Drug Control Strategy was the first national plan to prioritize harm reduction, focusing on preventing death and illness in drug users while trying to engage them in care and treatment; and

Whereas, The Strategy directs federal agencies to take actions that meet people who need treatment where they are and ensure those at highest-risk of an overdose can access evidence-based treatment; now, therefore, be it,

Resolved, That the Council of the City of New York calls on Attorney General Merrick Garland and the Department of Justice to issue guidance that they will not prosecute overdose prevention centers under the Controlled Substances Act, and the Office of National Drug Control Policy to develop a set of standards, policies, and procedures for overdose prevention centers.

Res. No. 618

Resolution calling on the MTA and NYCTA to adopt federally-recommended measures to ensure that access-a-ride serves New Yorkers on-time.

By Council Members Lee, Brooks-Powers, Hudson, Narcisse, Cabán, Richardson Jordan, Brewer, Hanif and Ung.

Whereas, since the passage of the Americans with Disabilities Act of 1990, the federal government has mandated the elimination of discrimination against individuals with disabilities in public settings, including in transportation; and

Whereas, the ADA mandated that public entities provide individuals with disabilities accessible forms of transportation; and

Whereas, Title II of the ADA holds that the failure of a public entity to provide individuals with disabilities a level of transportation services comparable to those enjoyed by the rest of the public amounts to discrimination; and

Whereas, the Metropolitan Transportation Authority and the New York City Transit Authority established the Access-A-Ride paratransit program to fulfill in part its obligation to provide accessible transportation options; and

Whereas, an investigation by the Department of Justice found in October 2022 that Access-A-Ride consistently fails to provide New Yorkers with disabilities with transportation comparable to that available to non-disabled MTA riders; and

Whereas, the investigation found that Access-A-Ride routinely fails to provide timely drop-offs and reasonable travel times, and

Whereas, MTA and NYCTA lack performance standards for on-time Access-a-Ride drop-offs, and

Whereas, MTA and NYCTA do not collect and maintain data on paratransit drop off times, and

Whereas, MTA and NYCTA do not analyze drop-off time performance, and

Whereas, MTA and NYCTA do not incentivize contractors to meet timely drop-off standards or impose consequences for failure to meet such standards, and

Whereas, MTA and NYCTA do not have a standard to prevent excessively long trips, defined as those that take 15 minutes longer than traveling between the same two points by fixed route transit, and

Whereas, MTA and NYCTA do not conduct analyses of comparable trip time for Access-A-Ride, and

Whereas, the Department of Justice has said that it may pursue a lawsuit against MTA and NYCTA if the entities do not address the deficiencies mentioned above, now, therefore, be it

Resolved, That the Council of the City of New York calls on the MTA and NYCTA to adopt federally-recommended measures to ensure that access-a-ride serves New Yorkers on-time.

By Council Member Menin.

A Local Law to amend the administrative code of the city of New York, in relation to regulating the idling of engines and the use of citizen's complaints to enforce laws enforced by the department of environmental protection

Be it enacted by the Council as follows:

Section 1. Subdivisions (a), (c), (d), and (f) of section 24-163 of the administrative code of the city of New York, as amended by local law number 38 for the year 2015, are amended to read as follows:

(a) No person shall cause or permit the engine of a motor vehicle, other than a legally authorized emergency motor vehicle, to idle for longer than three minutes *in any sixty-minute period*, except as provided in subdivision (f) of this section, while parking as defined in section one hundred twenty-nine of the vehicle and traffic law, standing as defined in section one hundred forty-five of the vehicle and traffic law, or stopping as defined in section one hundred forty-seven of the vehicle and traffic law, unless the engine is used to operate a loading *device*, unloading *device*, or processing device. When the ambient temperature is in excess of forty degrees Fahrenheit, no person shall cause or permit the engine of a bus [as defined in section one hundred four of the

vehicle and traffic law] to idle while parking, standing, or stopping (as defined above) at any terminal point, whether or not enclosed, along an established route.

(c) For the purpose of this section only [the term "school bus depot" shall mean any garage, lot or other facility where buses that transport children to or from schools are parked over night and the term "multiple use bus terminal point" shall mean a location that is both a terminal point of at least one bus route (other than a school bus route) and a bus stop (other than a school bus stop) on one or more other bus routes] *the following terms shall be defined as follows:*

"Bus" has the same meaning as defined in section 104 of the vehicle and traffic law.

"Embark or disembark" means the active entering or exiting of passengers from a bus while the bus is stopped, standing or parked.

"Loading device" means a device used to move goods or people on to a vehicle.

"Processing device" has the same meaning as set forth in section 39-01 of title fifteen of the rules of the city of New York.

"School bus depot" means any garage, lot or other facility where buses that transport children to or from schools are parked overnight.

"Terminal point" means the beginning or end of a bus route.

"Truck" has the same meaning as defined in section 158 of the vehicle and traffic law.

"Unloading device" means a device used to move goods or people off of a vehicle.

(d) In any proceeding relating to a violation of the restrictions on idling, it shall not be a defense that: *(1) a sign required by this section was absent at the time of the violation; or (2) one or more summonses, appearance tickets or notices of violation concerning violations of the restrictions on idling had been issued at the same location and on the same day.*

(f) No person shall cause or permit the engine of a motor vehicle, other than a legally authorized emergency motor vehicle, to idle for longer than one minute if such motor vehicle is adjacent, as determined by rule, to any public school under the jurisdiction of the New York city department of education or to any non-public school that provides educational instruction to students in any grade from pre-kindergarten to the twelfth grade level, while parking as defined in section one hundred twenty-nine of the vehicle and traffic law, standing as defined in section one hundred forty-five of the vehicle and traffic law, or stopping as defined in section one hundred forty-seven of the vehicle and traffic law, unless the engine is used to operate a loading *device*, unloading *device*, or processing device, and provided that idling of an engine of a school bus may be permitted [to the extent necessary]: (1) *to the extent necessary* for mechanical work; (2) [to maintain an appropriate temperature for passenger comfort] *for up to fifteen minutes in a sixty-minute period to provide heating or air-conditioning to passengers on board a bus when the temperature at the location of the bus is less than forty degrees Fahrenheit or at least eighty degrees Fahrenheit, respectively;* or (3) *to the extent necessary* in emergency evacuations where necessary to operate wheelchair lifts. It shall be an affirmative defense that any such school was not easily identifiable as a school by signage or otherwise at the time a violation of this subdivision occurred.

§ 2. Section 24-178 of the administrative code of the city of New York is amended by adding new subdivisions (f) and (g) to read as follows:

(f) Notwithstanding the minimum and maximum amounts set forth in the table of civil penalties following subparagraph (i) of paragraph (3) of subdivision (a) of this section, a zero dollar civil penalty shall be imposed on a person for a violation of subdivision (a) or (f) of section 24-163, provided that: (1) no later than the cure deadline, the respondent admits liability for the violation and files a certification with the department specifying that anti-idling technology has been installed on the engine of the motor vehicle that idled in violation of such subdivision; and (2) the commissioner accepts such certification of compliance, and provided further, that such violation may serve as a predicate for the imposition of civil penalties for any subsequent violations of subdivision (a) or (f) of section 24-163. For purposes of this subdivision, "cure deadline" means: (i) prior to the date on the summons for a hearing before the office of administrative trials and hearings, acting pursuant to section 1049-a of the New York city charter, in relation to such violation; and (ii) 90 days from either: (A) the date on the summons issued by the department pursuant to section 24-180; or (B) the date of service of the summons served by a complainant pursuant to subdivision (b) of section 24-182.

(g) The department shall promulgate rules relating to the requirements described in subdivision (f) of this section for imposition of a zero dollar civil penalty on a person for violation of subdivision (a) or (f) of section 24-163, including, but not limited to, prescribing the form and manner of the certification, describing the type

of anti-idling technology that is required to be installed, and specifying the information and documentation, which may include a physical inspection of the vehicle, that must be provided with such certification.

§ 3. Section 24-182 of the administrative code of the city of New York, as amended by, and subdivision (f) as added by, local law number 58 for the year 2018, is amended to read as follows:

§ 24-182 Citizen's complaint. (a) Any natural person, other than personnel of the department and other employees of the city of New York authorized by law to serve summonses for violations of the code, may serve upon the department a complaint, in a form prescribed by the department, *as described in rules promulgated by the department pursuant to subdivision (f) of this section*, alleging that a person has violated any provision of this code or order or regulation promulgated by the commissioner [or the board], except with respect to sections 24-143 and 24-163 of this code, but still applicable to buses [as defined in section one hundred four of the vehicle and traffic law] and trucks [as defined in section one hundred fifty eight of the vehicle and traffic law], together with evidence of such violation *as described in rules promulgated by the department pursuant to subdivision (f) of this section*. *The complaint must be served upon the department within thirty days of the date of the observation of the alleged violation of this code or order or regulation*. With respect to section 24-142 of this code, only such person who has been certified as a smoke watcher, by passing a course of smoke observation approved by the department within three years prior to the observation, may serve such complaint.

(b) A person who has served a complaint pursuant to subdivision (a) of this section may serve upon the person allegedly in violation, and file with the office of administrative trials and hearings pursuant to section 1049-a of the charter, a notice of violation in a form prescribed by such office, *provided that: (1) within [forty-five] one hundred eighty days from service of such complaint [if:*

(1) (A) [The] *the* department has failed to serve a notice of violation, pursuant to the rules of the environmental control board within the office of administrative trials and hearings, for the violation alleged in a complaint pursuant to subdivision (a) of this section; [or

(2) The] *and (B) the* department [fails] *has failed* to serve a written notice upon the complainant of its determination that [his or her] *the* complaint is [frivolous or duplicitous] *rejected based on its failure to comply with the requirements set forth in rules promulgated pursuant to paragraph (1) of subdivision (f) of this section; and*

(2) the date provided in such notice of violation for a hearing before the office of administrative trials and hearings, acting pursuant to section 1049-a of the charter, is no less than one hundred fifty days from the date of service of such notice of violation and an affidavit of service has been provided to the department within ten business days of the date of such service.

(c) A person commencing a proceeding pursuant to this section shall provide notice to the department at the time of commencement and prosecute such proceeding at his or her own expense. The department may intervene in such a proceeding at any time.

(d) In any proceeding brought by the department after receiving a complaint[,] *served* pursuant to subdivision (a) of this section, the office of administrative trials and hearings *acting* pursuant to section 1049-a of the charter shall award the complainant, out of the proceeds collected, twenty-five percent of such proceeds, for disclosure of information or evidence, not in the possession of the department prior to the receipt of the complaint by the department, which leads to the imposition of the civil penalty.

(e) In any proceeding brought by a complainant pursuant to subdivision (a) of this section, such office shall award, out of the proceeds collected, fifty percent of any civil penalty as fair and reasonable compensation to such person.

(f) [On or before January 1, 2019, the] *The* department shall [publish on the city's website information related to best practices for filing citizen complaints pursuant to this section. Such information shall include but need not be limited to guidance on procedures for serving such complaints and for gathering supporting documentation.] *promulgate rules relating to:*

(1) the form in which complaints, as authorized by subdivision (a) of this section, must be served and the form in which evidence, as required by such subdivision, must be submitted, to the department to ensure the accuracy and reliability of such complaints, including, but not limited to, prohibiting the submission of false, altered or misleading evidence and evidence collected by persons other than the complainant, and the integrity of proceedings commenced to enforce provisions of this code or order or regulation promulgated by the commissioner or the board; and

(2) the process the department will utilize to advise a person that a complaint or evidence has been rejected based on its failure to comply with the requirements set forth in rules promulgated pursuant to paragraph (1) of this subdivision.

A Local Law to amend the administrative code of the city of New York, in relation to limiting nighttime illumination for certain buildings

Be it enacted by the Council as follows:

Section 1. Subchapter 2 of chapter 1 of title 24 of the administrative code of the city of New York is amended by adding a new section 24-116.2 to read as follows:

§ 24-116.2 *Limitations on nighttime illumination.* a. As used in this section, the term “night” means the period of time beginning at sunset and ending at sunrise.

b. No exterior or interior of a building whose main use or dominant occupancy is classified in group B or M pursuant to the New York city building code may be illuminated at night, except as follows:

1. This subdivision shall not apply to a retail or wholesale establishment that sells goods or services to consumers and occupies under 4,000 square feet of retail or wholesale space, excluding storage space, and is not one of a chain of stores.

2. An owner of a building that is a landmark, as such term is defined in section 25-302, and 20 or more stories in height may apply to the landmarks preservation commission for relief from the provisions of this section for such building. Res. No. 619

Resolution calling on New York State to collect and publish data on diabetes-related amputations annually, and encourage hospitals to create a strategy to reduce the growing number of diabetes-related amputations.

By Council Members Narcisse and Hanif.

Whereas, According to 2022 statistics from the Centers for Disease Control and Prevention (CDC), in the United States roughly 28.7 million people have been diagnosed with diabetes, and an additional 8.5 million people are undiagnosed; and

Whereas, In New York, approximately 1.7 million people have been diagnosed with diabetes, with an additional estimate of 456,000 who are undiagnosed; and

Whereas, Over 117,000 people are diagnosed with diabetes every year in New York; and

Whereas, For individuals with diabetes, the risk of lower extremity amputations are 20 times higher than in individuals without diabetes, with studies showing that most non-traumatic lower limb amputations are caused by diabetes; and

Whereas, Amputations are common for individuals with diabetes due to their high risk of developing foot ulcerations because of inadequate blood supply and damage to the nerves in the feet; and

Whereas, Estimates from Health People - Community Preventive Health Institute show that between 2009 and 2021, New York State had 50,000 diabetes-related amputations; and

Whereas, Between 2009 and 2017, New York saw an 84% increase of hospitalization rates for diabetes-related amputations, compared to the nationwide increase of 47%; and

Whereas, The increase has been even more significant in New York City over the same time period, with Bronx, Queens, and Manhattan each increasing by more than 95%; and

Whereas, For diabetic patients, adjusting to life after a lower extremity amputation is not the only post-operation concern; and

Whereas, Almost 55% of individuals who had a lower limb amputation caused by diabetes, needed an amputation on the second leg within 2 to 3 years of their first amputation; and

Whereas, A publication from the *Journal of Foot and Ankle Research* shows that the five year death rate for diabetic patients after a minor amputation is 29% and 57% after a major amputation; and

Whereas, Research shows that regular care and early intervening treatments, through foot screening and designated strategies related to foot care, are effective methods for preventing diabetic-related amputations; and

Whereas, Early care for lower limb issues, targeted patient education, or asking people with diabetes on government insurance to attend one wellness visit a year have all yielded in reductions of lower limb amputations; and

Whereas, Due to the COVID-19 pandemic, regular care and preventive treatment appointments decreased significantly, negatively affecting the health of diabetic patients and in some regions resulted in an increase of lower extremity amputations; and

Whereas, Diabetic patients that require amputations are also subject to overwhelming costs of care, with initial hospital costs between \$30,000 and \$60,000 dollars and additional follow-up costs after the operation; and

Whereas, Diabetic patients often have to navigate lost employment following an amputation, or pay for mental health and other services often necessary for amputees, which can result in costs of up to \$200,000 in the first year after an amputation; and

Whereas, Diabetes also takes a significant toll on the nation's economy, with diabetes care cost estimates rising to \$327 billion in 2018, with almost 68% of that cost covered by Medicaid, Medicare, and the military; and

Whereas, In New York State, Medicaid patients with diabetes average about \$15,336 beyond the average cost for Medicaid patients without diabetes; and

Whereas, Although New York State collects data on rates of lower extremity amputations in diabetic patients, the information is not posted consistently; and

Whereas, Limited information on the rates makes it difficult to identify whether the numbers are improving or worsening across New York City and to respond accordingly; and

Whereas, According to health professionals and diabetes patient advocates, New York State does not have programs or initiatives that advocate care and strategies necessary to reduce lower extremity amputations; and

Whereas, Without targeted strategies and encouragement to hospitals to address this growing number, lower extremity amputations will continue to increase; and

Whereas, To improve the health and wellbeing of the 1.7 million New Yorkers living with diabetes; now, therefore, be it

Resolved, That the Council of the City of New York calls on New York State to collect and publish data on diabetes-related amputations annually, and encourage hospitals to create a strategy to reduce the growing number of diabetes-related amputations.

Any tenant, or person or group of persons lawfully entitled to occupancy may individually or jointly apply to the housing part of the civil court for an order restraining the owner of the property from engaging in harassment. *The housing part of the civil court may not deny an application for relief, including restoration of possession, on the basis that the person applying for such relief is not a tenant so long as such person is lawfully entitled to occupancy, or on the basis that the court deems restoration futile because the person applying for such relief would be subject to a meritorious claim of possession against them in a proceeding under article 7 of the real property actions and proceedings law, as long as no such judgment of possession has actually yet been granted.* Except for an order on consent, such order may be granted upon or subsequent to a determination that a violation of subdivision d of section 27-2005 of this chapter has occurred.

Resolution calling on the New York State Legislature to pass, and the Governor to sign, legislation requiring unlawful eviction cases to be heard within five days.

By Council Members Nurse, Abreu, Sanchez, Ossé, De La Rosa, Krishnan, Gutiérrez, Stevens, Avilés, Cabán, Restler, Richardson Jordan, Hanif and Ayala.

Whereas, Evicting tenants without getting an order from housing court is a crime and a property owner could receive a summons or even go to jail for up to a year; and

Whereas, According to an article by the City, an online publication, some property owners have been disregarding the law by changing locks and turning off utilities to get tenants to leave their apartment without first going to court; and

Whereas, The article mentioned that New York City (“NYC”) tenants filed 2,642 illegal lockout cases in 2020 and 2021 in housing court; and

Whereas, Unlawful evictions can increase the risk of homelessness and elevate long-term residential instability; and

Whereas, According to the Coalition for the Homeless, a homeless advocacy group, in the past few years homelessness in NYC has reached the highest levels since the Great Depression of the 1930s; and

Whereas, The courts should act swiftly in unlawful eviction cases and restore a lawful tenant back to their apartment; and

Whereas, Section 110(9) of the NYC Civil Court Act states that such cases shall be “...returnable within five days, or within any other time period in the discretion of the court”; and

Whereas, Housing court should not have the discretion to hear unlawful eviction cases on a slower timetable than within five days; and

Whereas, Expediting the process to hear these type of cases could help prevent unnecessary displacement and reduce the risk of homelessness; now, therefore, be it

Resolved, That the Council of the City of New York calls upon the New York State Legislature to pass, and the Governor to sign, legislation requiring unlawful eviction cases to be heard within five days.

Whereas, In 1995, ODB released his first solo album *Return to the 36 Chambers: The Dirty Version*, produced by RZA and written, in part, by GZA; and

Whereas, *Return to the 36 Chambers: The Dirty Version* was ranked as 106 by *Rolling Stone* on its top 200 list and was nominated for a Grammy Award for best rap album; and

Whereas, ODB was later also nominated for a Grammy for best rap album for *Wu-Tang Forever* in 1997 and for best rap performance by a duo or group for "Ghetto Supastar" in 1998; and

Whereas, ODB's long list of classics from his Wu-Tang days and his solo work includes "Shimmy Shimmy Ya," "Brooklyn Zoo," "Baby C'mon," "Protect Ya Neck," "Hip to the Hoppa," and "Got Your Money"; and

Whereas, At the funeral, RZA eulogized ODB as "a unique soul in the family," whom "people fell in love with immediately" wherever he went; and

Whereas, Kane’s hit single from that album, “Ain’t No Half-Steppin’,” was ranked by *Rolling Stone* as 25 on its top 100 Hip Hop songs list, with Kane praised as “the killer wordsmith of hip-hop’s golden age,” with “tightly coiled, extended metaphors” like this one: “Rappers, you better be/Ready to die because you’re petty/You’re just a butter knife, I’m a machete”; and

Whereas, After graduating from Cornell University and Georgetown University Law Center, Ossé went to work as a lawyer at Def Jam in the early days of the Hip Hop revolution, before founding his own firm with lawyer Ed Woods; and

Whereas, Ossé’s early clients included the founders of Roc-A-Fella Records, Damon Dash and JAY-Z, and other notable Hip Hop artists; and

Whereas, After leaving the law profession, Ossé worked as an executive at MTV and became managing editor of *The Source*, one of the world’s longest-running magazines about Hip Hop culture and politics; and

Whereas, Ossé’s career took a turn into writing about and, eventually in 2010, broadcasting about Hip Hop, under the name Combat Jack; and

Whereas, On *The Combat Jack Show*, Ossé was known for his ability to conduct in-depth and insightful interviews with Hip Hop legends, including his longtime friends and associates, who were not nearly so talkative with other broadcasters, as well as with filmmakers, social activists, and more; and

Whereas, *The Combat Jack Show* was described in *XXL*, a well-known Hip Hop magazine, as “effectively the beginning of big-time rap podcasts as we know them today”; and

Whereas, The success of Ossé’s show, with a fan base of hundreds of thousands, led to his co-founding with Chris Morrow in 2013 of Loud Speakers Network, which went on to help build the careers of younger Hip Hop broadcasters; and

Whereas, According to journalist and critic Juan Vidal, who interviewed Ossé for a book about Hip Hop and fatherhood, Ossé said that family came first for him, noting that “[n]o guest, no event, no conference call, nothing...[b]eing a father comes first”; and

Whereas, Vidal wrote in *Esquire* of his final interview in 2016 with Ossé, in which Ossé concluded, “I love being a rap dad...a rap kid who grew up with the backdrop of hip-hop and rap, became a man, and now shares that experience with his children”; and

Whereas, Vidal praised Ossé for his “humility, and the energy he put into imparting knowledge to others”; and

Whereas, Ossé died on December 20, 2017, after a short and very public struggle with colon cancer; and

Whereas, It is appropriate to dedicate a day to commemorate the legacy of those individuals who helped make the Hip Hop industry the cultural, political, and economic success that it is today in New York City and around the world; now, therefore, be it

Resolved, That the Council of the City of New York designates July 8 annually as Reggie “Combat Jack” Ossé Day in the City of New York and honors his multifaceted contributions to the Hip Hop industry as a lawyer, executive, editor, and podcaster.
