

RECONSTRUCTION OF SPRINGFIELD GARDEN AREA, QUEENS
DDC CAPITAL PROJECT ID: HWQ662G / SE862

The City of New York, through its Department of Design and Construction (DDC), proposes to acquire the street areas listed below for the reconstruction of roadways, sidewalks, curbs, pedestrian ramps, sewers, and water mains within the Springfield Gardens area of Queens. No homes will be acquired as part of this project. The proposed acquisition pertains solely to properties located within the mapped street right-of-way.

During the public presentation, DDC will provide details on the project's purpose, proposed locations, and other relevant information. After the presentation, DDC representatives will be available to address questions and concerns regarding the project and how the proposed property acquisitions may impact the community.

Project Acquisition Events

The City of New York, acting by and through the Department of Design and Construction (DDC), hosts informational presentations to inform the public about proposed land acquisition, review the plan for public use, and discuss the impact it will have on residents and the environment. DDC encourages the public to attend these events so that we can answer any questions or concerns.

Registration Prior to the Event

Please register at the link below with your full name, e-mail address, home address, telephone number and any questions/comments you may have.
