

Catch Basin Clearing Guide

Stay Safe Around Traffic:

- Be sure to wear your high-visibility gear, including the yellow safety vest from your kit, so everyone can see you and keep you safe!
- Perform all catch-basin clearings from the sidewalk and stay out of the roadway.

Handling Hazardous Stuff:

- Keep your hands clean and safe! Use the gloves, rake, and trash grabber in your kit to handle anything that might be tricky.

Sharp Things and Messy Debris:

- Grab your tools to move debris around—no need to use your hands for sharp objects!

Weather Watch:

- Take a peek at the weather before you get started and plan ahead.
- Dress appropriate for the weather, and don't forget to sip on some water to stay hydrated.
- Put on those shoes with good grip so you can keep your footing steady.
