CERTIFICATE 25327

RESOLVED That the Design Commission, having considered designs for the construction of a biogas conditioning system and adjacent site work, Newtown Creek Water Pollution Control Plant, 329 Greenpoint Avenue, Brooklyn, submitted by the Department of Environmental Protection, represented by exhibits 2421-EN, EO, EP & EQ of record in this matter, hereby gives to the same unanimous preliminary approval.

The Commission acknowledges that this project is located on the site originally slated for Phase II of *Edge of the Plant/Edge of the Neighborhood* Vito Acconci, which was ultimately precluded by underground utilities for the expansion of the Main Building, and thanks the Department of Environmental Protection for working proactively with the artist to address this issue. Commissioner Polshek recused himself.

Preliminary approval is conditioned upon submission of this project for final review and approval before April 20, 2017.
