

January 27, 2014

CERTIFICATE 24953

RESOLVED That the Design Commission, having considered designs for the construction of a plaza, New Lots Avenue and Livonia Avenue at Ashford Street, Brooklyn, submitted by the Department of Design and Construction and the Department of Transportation, represented by exhibits 7106-A, B, D, E, F & G of record in this matter, hereby gives to the same unanimous preliminary approval with the understanding that the Department of Transportation will actively pursue an alternative to the 14' H pedestrian version of the standard round pole, noting that both the base and pole diameter are scaled for a 30' H pole and reducing the height by lopping off the top of the pole does not result in an attractive or well-proportioned design.

Preliminary approval is conditioned upon submission of this project for final review and approval before January 27, 2016.

CERTIFICATE 24956

RESOLVED That the Design Commission, having considered designs for the reconstruction of the roller hockey rink, Beach 109th Street and Shore Front Parkway, Queens, submitted by the Department of Parks & Recreation, represented by exhibits 2530-DF, DG, DH, DJ, DK & DL of record in this matter, hereby gives to the same unanimous preliminary and final approval with the understanding that, when this section of the Rockaway Beach boardwalk is reconstructed, (1) the berm north of the boardwalk, which is being developed as part of the beach access master plan and implemented in Phase I, will be continued at this site, and (2) the salt-tolerant plants that are planted as part of this project will be transplanted onto the north berm.

Final approval is conditioned upon commencement of work before January 27, 2016 and submission of comprehensive photographic documentation of the completed project consisting of 8" x 10" archival-quality color photographs.
