Note: Transfer reasons with an indication of "emergency" are subject to the rule requiring written notice no later than 48-hours after any emergency shelter transfer. All other transfers are non-emergency.

*The category "other" captures a variety of transfer reasons, including some of the available transfer options. DHS is working to refine the transfer reasons to reduce the use of other.					
**The category "NULL" captures instances where there was a system error and users were unable to select a transfer reason. DHS is working to fix this issue.
