

Project # SANDRESM1 | Borough: Manhattan | Updated: 12/03/2024

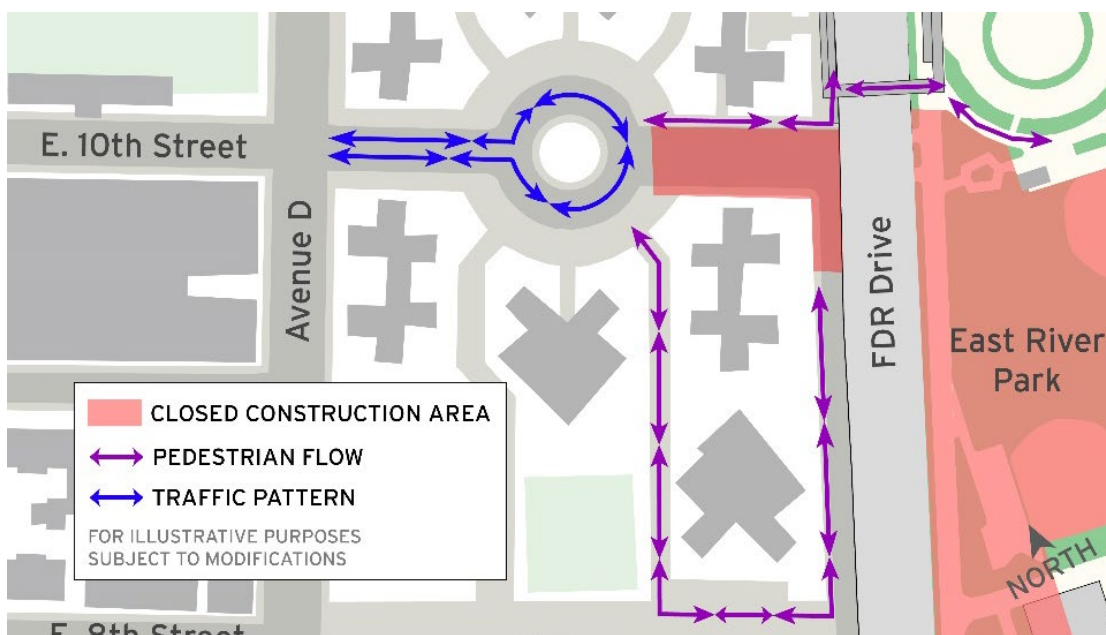

The East Side Coastal Resiliency (ESCR) Project is an initiative to provide long-term flood protection on the east side of Manhattan.

## Microtunneling Operations Begin in East River Park Near the E. 10<sup>th</sup> Street Bridge December 9, 2024

## Full Road Closure at E. 10<sup>th</sup> Street between Traffic Circle and FDR Drive Service Road December 10 - 13, 2024 from 7:00 am to 6:00 pm

Microtunneling operations, which will facilitate the placement of a 42" inch sewer line underneath the FDR Drive, will begin in East River Park in the vicinity of the E. 10<sup>th</sup> Street Bridge and will end at the FDR Drive Service Road at E. 10<sup>th</sup> Street.

- Pedestrian access in the park and via the E. 10<sup>th</sup> Street Bridge will be maintained.
- Limited parking in effect at E. 10<sup>th</sup> Street and FDR Drive Service Road during road closure.
- Follow directional signage. Noise and air monitors are in place.
