Form NYC-9.8UTX - 2020 Page 2

GENERAL INFORMATION

The first calendar year for which LMREAP credits are available against the Utility Tax is 2003. The first calendar year for which a non-refundable credit is possible is 2008.

LMREAP benefits are available only to taxpayers that have previously applied to the New York City Department of Finance and received a Certificate of Eligibility.

In order for a vendor of Utility Services to take a LMREAP credit against the Utility Tax, it must elect to do so at the time of submission of its LMREAP application to the Department of Finance. Any Vendor of Utility Services that has qualified for LMREAP but has not so elected, must take its credit against the Business Corporation Tax, General Corporation Tax, Unincorporated Business Tax or Bank Tax, whichever is applicable.

You must attach your annual certificate of eligible aggregate employment shares (ACEAES) received from the New York City Department of Finance and your initial Certificate of Eligibility for each relocation for which you are claiming credit.

A LMREAP credit that is earned in a given calendar year may be taken in that year only on the return for the last tax period of the year against the tax due for that period.

A carryover credit from a preceding year may be taken on the return for any tax period in a calendar year including the last period.

A separate Form NYC-9.8UTX must be filled out and attached to the appropriate Utility Tax return for any tax period for which a LMREAP Credit is claimed. For the last tax period of a calendar year, complete only section I. For any other tax period, complete only Section II.

SPECIFIC INSTRUCTIONS

Section I

The credit is refundable if the calendar year for which the credit is being claimed is either the year of the relocation or one of the four taxable years immediately succeeding the year of the relocation. For example, if the year of relocation is the calendar year 2004, the credit will be refundable for the last tax period in calendar years 2004 through 2008.

No refundable credits are allowed in any period other than the last tax period of the calendar year. If the credit is refundable, fill out lines 1 and 11 and skip lines 2 through 10. The credit is **non-refundable** for later calendar years. For example, if the year of relocation is the calendar year 2004, the credit will be nonrefundable for all periods in the calendar years 2009 and thereafter. For relocations where the credit is non-refundable fill out lines 2 through 11 of this section and not line 1.

The non-refundable LMREAP credit for the last tax period of the calendar year is limited to the tax imposed for such period less the REAP credit. It must be taken after the REAP credit but before all other credits. If the allowable non-refundable credit exceeds the tax imposed for the period, the excess may be carried over to tax periods in the five immediately succeeding taxable years and, to the extent not previously utilized, may be credited against the taxpayer's tax for such periods.
