## Introduction

This report provides data on Commercial Rent Tax (CRT) liability at the taxpayer and premises level. The data sources for this report are taxpayers' CRT tax year 2024 (June 1, 2023 – May 31, 2024) returns and CRT collections data from Department of Finance records.

### Applicability

The CRT is imposed on the rent paid by tenants who occupy or use real property for commercial purposes in Manhattan south of 96<sup>th</sup> Street.

Certain tenants are not subject to CRT liability or have reduced liability. These include:

- Tenants with annual rents below \$250,000
- Tenants with annual rents below \$500,000 and total income of \$5 million or less
- Tenants with rental periods of no more than 14 days in a tax year
- Tenants that are governmental or non-profit organizations
- Tenants that use the premises for certain theatrical productions
- Tenants located in the “World Trade Center Area”
- Tenants occupying retail space in Lower Manhattan
- Tenants eligible for the Commercial Revitalization Program

### Tax Rate and Liability

The statutory rate is 6.0 percent of base rent (gross rent less certain statutory deductions), but the effective tax rate is 3.9 percent because only 65 percent of base rent is subject to tax. A sliding scale tax credit applies to taxpayers whose base rent is between \$250,000 and \$300,000. To provide relief specifically to small businesses, starting with CRT tax years beginning on or after June 1, 2018, a full tax credit is available to tenants whose base rent before the 35 percent reduction is less than \$500,000 and whose total income is \$5 million or less.

### 2024 Summary

CRT liability totaled \$909 million in TY 2024, less than half a percent above TY 2023. There were 7,779 taxpayers with 11,317 premises. Of the 7,779 taxpayers, 6,702, or 86 percent, had only one premises; their liability was \$447 million, or 49 percent of total liability. The remaining 14 percent of taxpayers accounted for 4,615 premises (41 percent of total premises) and \$462 million of liability (51 percent of total).

Fewer than 5 percent of taxpayers accounted for 54 percent of total liability. The median taxpayer liability after credits was \$29,915. Two industry sectors, Services and Finance & Insurance, generated 59 percent of total liability.

The small business tax credit was received by 1,483 taxpayers, representing 1,534 premises. The credit totaled \$17 million.

## History

The Commercial Rent Tax was authorized by Chapter 257 of the Laws of 1963 and enacted by Title 11, Chapter 7 of the NYC Administrative Code. The CRT allowed the City to tap into the growth of property values that it was not otherwise able to capture due to New York State constitutional constraints on the Real Property Tax levy. The lack of a Personal Income Tax at the time limited the City's ability to raise revenues from other sources.<sup>1</sup> The CRT imposed a tax of 5 percent on annualized base rents of \$2,500 and over. In 1970, a graduated rate schedule was adopted, with rates ranging from 2.5 percent to 7.5 percent depending on the annual rent.<sup>2</sup>

The City has been mitigating the impact of the CRT on commercial enterprises since 1977. That year, it started a four-year program to reduce tax rates. The base rent exemption threshold was raised to \$5,000 in 1981, and then gradually increased further until reaching \$250,000 on June 1, 2001. A sliding scale tax credit was added for businesses whose base rents were just above the exemption threshold, effective September 1, 1995, and increased to the current \$300,000 effective June 1, 2001. The current base rent reduction of 35 percent took effect on September 1, 1998, lowering the effective tax rate to 3.9 percent.

The impact of the CRT has been further limited by gradually narrowing the tax base based on geography. The CRT was eliminated for properties in Manhattan north of 96<sup>th</sup> Street and the other boroughs on September 1, 1995. Tenants in the "World Trade Center Area" were exempted effective August 30, 2005, and tenants eligible for Commercial Revitalization Program abatements were exempted starting on December 1, 2005.

To provide relief specifically to small businesses, starting with CRT tax years beginning on or after June 1, 2018, a full tax credit is available to tenants whose base rent before the 35 percent reduction is less than \$500,000 and whose total income is not more than \$5 million; the tax credit phases out for tenants whose base rent before reduction is between \$500,000 and \$550,000 and whose total income is more than \$5 million but not more than \$10 million.<sup>3</sup>

## Reporting

Local Law 255 of 2017 added a new section 11-719 to Chapter 7 of Title 11 of the Administrative Code of the City of New York to require the Department of Finance to issue an annual report on the Commercial Rent Tax.

# COMMERCIAL RENT TAX

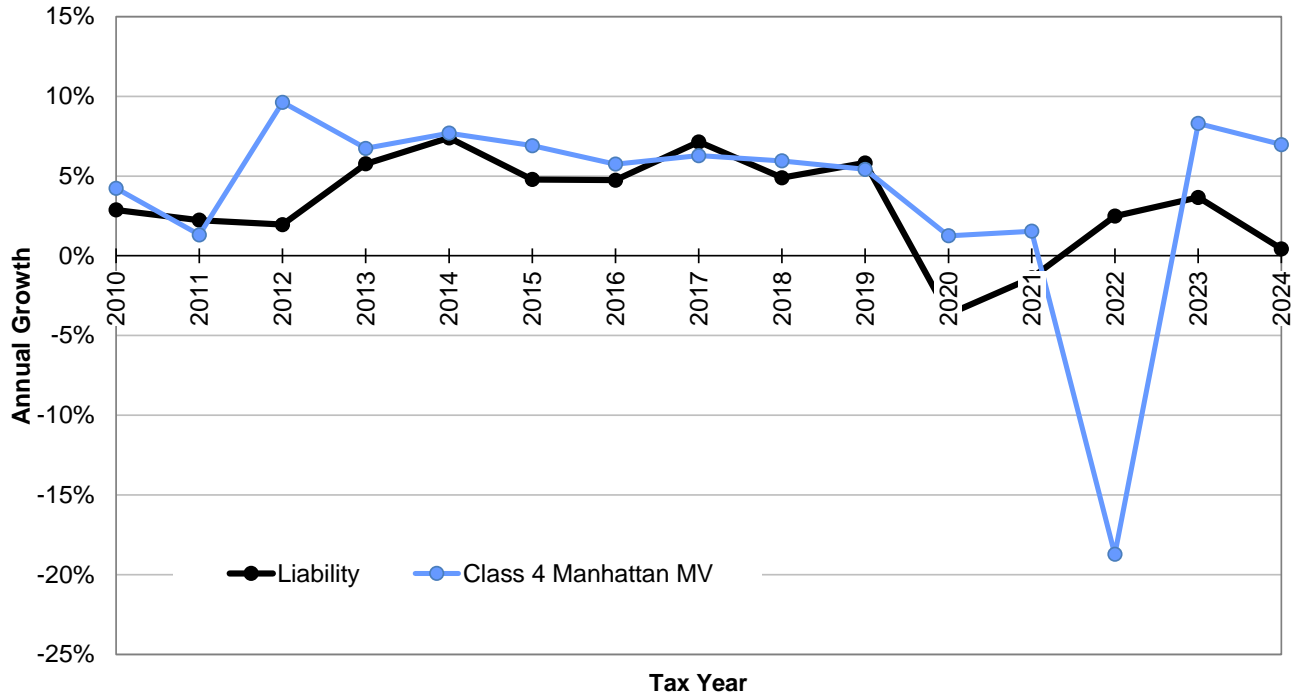

**Figure 1**  
**TAXPAYER AND PREMISES LIABILITY**  
**TY 2010 – TY 2024**

## COMMERCIAL RENT TAX

**Figure 2**  
**ANNUAL GROWTH OF CRT LIABILITY COMPARED TO**  
**MANHATTAN COMMERCIAL MARKET VALUE**  
**TY 2010 – TY 2024**

CRT liability growth historically correlates positively with the growth of Manhattan commercial market value because the Department of Finance determines commercial market value by capitalizing net rental income. While this correlation was disrupted by the Covid pandemic, recent years show the correlation returning.

Note: The CRT tax year is from June 1 to May 31. Market values are computed as of the fifth of January prior to the start of the property tax year (July 1 – June 30).

## Appendix A

### Methodology

This report includes only taxpayers with premises subject to the CRT. Liability is defined as the tax due for premises with annualized base rent of \$250,000 or more minus total applicable credits. In cases where the taxpayer did not file an annual return, the taxpayer base rent and CRT liability are computed based on total payments for the tax year. Taxpayers that rent premises for less than a full year must annualize their base rent on their CRT return to determine if the lease is subject to tax; only premises with annualized base rent of \$250,000 or more (before the 35 percent reduction) are subject to tax. Liability reported does not include penalties, interest, or collections that result from audits. Dollar values in this report are generally expressed in thousands; sums of these rounded values may not precisely total the individual components because they are computed using the full values.

To preserve taxpayer confidentiality, tables that report at the taxpayer level must have at least ten taxpayers in every cell. In tables that report at the premise level, each cell must have at least ten premises and these premises must be associated with at least ten taxpayers. As a result, some data are not reported, and some reported categories are combined. Data are also omitted in cases where figures could be calculated using values provided in other tables.

In this report, the term *base rent* refers to the rent paid by the taxpayer before the 35 percent rent reduction. Base rent for individual premises is taken from page two premises information on the return, if available. Otherwise, the base rent for each premises is computed as the total base rent reported on page one divided by the number of taxable premises, i.e., the average premises base rent. The report provides actual base rent for approximately 95 percent of premises and average base rent for the remaining premises. The base rent at the taxpayer level is computed as the sum of the base rent for all the premises associated with the taxpayer. Therefore, total liability is the same whether it is reported at the taxpayer level or at the premises level.

Premises zip codes are taken from premises data provided by the taxpayer on the return. If the taxpayer did not provide the zip code for premises or provided an invalid zip code, and the taxpayer had only one premises, then this report assigns the taxpayer zip code to the premises. If the taxpayer did not provide the zip code for premises or provided an invalid zip code, and the taxpayer has multiple premises, then the zip code for the premises is classified as “other/not available” on those tables reporting for the full CRT population. The address data has been cleaned to obtain as many zip codes as possible. Zip codes with fewer than ten taxpayers are also included under “other/not available” due to taxpayer confidentiality restrictions.

## Appendix B

### Glossary of Industry Sectors

Industry classification is based upon the NAICS (North American Industry Classification System) code, as reported by taxpayers. In cases where the codes were missing or incorrect, various procedures were employed to identify the correct industry. Where possible, unidentified large taxpayers were assigned industry codes manually. A list of industry sectors and subsectors appears below.

- **FINANCE AND INSURANCE** – firms engaged in banking, lending, or financing activities; funds and trusts; securities and commodities brokers and dealers, exchanges; insurance agents and brokers; related industries.
- **REAL ESTATE** – lessors of real estate; property management; real estate brokers; related real estate activity.
- **SERVICES** – computer-related services; architectural, design and engineering services; management, scientific and technical; legal services; advertising, public relations and marketing; accounting; consulting; veterinary services; holding companies; other professional, technical, and managerial services; personal services; accommodations and food services; health care; entertainment, amusement and recreation; administrative and support services; repair services; education and social assistance; non-realty rental and leasing; miscellaneous other services.
- **INFORMATION** – motion pictures; information services and data processing; publishing; telecommunications; broadcasting.
- **TRADE** – wholesale (durable and non-durable) and retail.
- **MANUFACTURING** – apparel and textile; food and beverages; printing; machinery; computers and electronics; furniture; chemicals; other manufacturing.
- **OTHER** – construction; transportation; unregulated utilities; agriculture; mining; unknown.
