

INSTRUCTIONS

A corporation subject to the Banking Corporation Tax (BCT) that is a partner in a partnership that is subject to the Unincorporated Business Tax (UBT) may claim a credit against its liability for the BCT if the corporation is required to include its distributive share of the income, gain, loss and deductions of, or guaranteed payments from, the partnership in its own tax base subject to the BCT.

SCHEDULE A

Taxpayers liable for the basic tax should fill out lines 1a through 4 of Schedule A. Taxpayers liable for the alternative tax should fill out lines 1a through 1c and lines 5 through 7 of Schedule A. Taxpayers liable for the tax on taxable assets or capital stock or for the fixed dollar minimum tax may not take a credit in the current year but should fill out lines 1a through 1c of Schedule A.

LINE 1a

Enter on line 1a, the amount from Schedule B, line 10. If you are claiming credits with respect to more than one partnership, add the amounts on line 10 on all attached Schedules B and enter the sum on this line.

LINE 1b

Before completing Schedule A, line 1b, you must have completed Schedule C, Column A.

LINE 2

Enter the product of allocated entire net income and .09.

LINE 3

To account for the difference in tax rates between the Unincorporated Business Tax and the Banking Corporation Tax, multiply line 2 by a fraction, the numerator of which is 4 and the denominator of which is 9.

SCHEDULE B

The UBT Paid Credit may be "taken" only by a taxpayer in a year that it is actually liable for the basic tax or for the alternative tax on alternative entire net income. However, the UBT Paid Credit is "allowed" to banking corporations regardless of the basis on which they are liable for the banking corporation tax. The credit that is "allowed" is always calculated as if the taxpayer were liable for the basic tax on entire net income. The difference between the credit that is "allowed" and the credit that may be "taken" is eligible to be carried forward for up to seven years (see instructions for Schedule C.) The UBT Paid Credit does not alter the basis upon which a taxpayer must pay tax (e.g., on the basis of entire net income, alternative entire net income, taxable assets, or fixed minimum tax) even if the credit reduces the tax liability below the liability calculated on another basis.

LINE 2

If the distributing partnership has taken credits on its own Form NYC-204, lines 20 and lines 22a through 22f, enter on line 2 the sum of such credits but only to the extent that they do not reduce the distributing partnership's unincorporated business tax below zero. The amount entered on line 2 may not exceed the amount on Schedule A, line 19, on the distributing partnership's Form NYC-204.

LINE 4

Enter here the percentage of total distributive shares reported for you in column I of Schedule C of the distributing partnership's Form NYC-204. Attach a

copy of the distributing partnership's Form NYC-204, Schedule C. Attach taxpayer's K-1 from the distributing partnership.

LINE 6

If your answer to **BOTH** of the following questions is "no," enter on line 6 the amount from your NYC-1, or NYC-1A, Schedule A, line 1.

1. Was the sum of your net distributive share of income, gain, loss, and deductions of, and guaranteed payments from, any unincorporated business less than zero (a "net loss distributive share")?
2. Was your entire net income less than zero before taking into account any distributive share or guaranteed payments from any partnerships ("separate ENI")?

If your answer to **EITHER** of these questions is "yes", you must fill out a modified NYC-1 or 1-A on which you make the following adjustments:

- a. treat all net loss distributive shares as zero; (see question 1) and
- b. if your separate ENI is less than zero, treat it as zero. (see question 2)

Enter on line 6 the amount from your modified Form NYC-1 or NYC-1A, Schedule A, line 1. ("modified BCT liability.") Attach modified form NYC-1 or NYC-1A.

LINE 7

If your answer to **BOTH** questions in the instructions for line 6 is "no," fill out a pro forma Form NYC-1 or NYC-1A in which you calculate your banking corporation tax liability for the basic tax without taking into account your distributive share of income, gain, loss and deductions of, or guaranteed payments from, the distributing partnership with regard to which you are claiming a credit on this form. Enter on line 7 the amount from the pro forma Form NYC-1 or NYC-1A, Schedule A, line 1. Attach pro forma Form NYC-1 or NYC-1A.

If your answer to any of the questions in the instructions for line 6 is "yes," fill out a modified pro forma Form NYC-1 or NYC-1A, taking into account the modifications required at a and b of the instructions for line 6 above and recalculating your modified BCT liability for the basic tax without taking into account your distributive share of income, gain, loss and deductions of, or guaranteed payments from, the distributing partnership with regard to which you are claiming a credit on this form. Enter on line 7 the amount from the modified pro forma Form NYC-1 or NYC-1A, Schedule A, line 1. Attach modified pro-forma form NYC-1 or NYC-1A.

LINE 9

To account for the difference in tax rates between the Unincorporated Business Tax and the Banking Corporation Tax, multiply line 8 by a fraction, the numerator of which is 4 and the denominator of which is 9.
