

Enhanced DTM Online Announcement

Effective November, 27, 2012, there is a new version of the Department of Finance's Digital Tax Map (DTM) online application. The look and feel of the screens is different, but: you are still able to access all of the same applications:

- Current Tax Map
- Library of Past Tax Maps
- History of Tax Map Changes

This new version of the tax map brings a number of enhancements;

1. New link between Access Current Tax Map, Access Library of Tax Maps, and Access History of Tax Map Changes without reentering Search Criteria
2. Several Additional Search Options:
3. New "Searched Locations" listing each searched location with a "Show Additional Information" link that provides:
 - a. Additional Tax Lot Information (the current Map Info).
 - b. Building & Property Information.
4. New "Show Additional Data on Map" area provides display of:
 - a. Additional Map Features (building footprints, condo unit range, small tax lot face dimension, and surface water)
 - b. Municipal Boundaries
5. New "Legend" area displays the Map Key.
6. New "Overview Map" area shows the searched location in the context of a larger geographical area.
7. New Map Icons and Tools for zooming in and out; measuring distances; and creating a link to, emailing, saving/exporting, and printing the displayed map.
8. Two new Map Types:
 - a. City Map (NYCMap)
 - b. Aerial Photo (aerial photography)
