

REGISTER OF COMMUNITY BOARD BUDGET REQUESTS

For the Preliminary Budget Fiscal Year 2025

Manhattan 1

The City of New York
Eric Adams, Mayor

FY 2025 Preliminary Budget Register of Community Board Budget Priorities

The **Register of Community Board Budget Requests for the Preliminary Budget** reports the FY 2025 Preliminary budget status of each of the projects and programs requested by the City's 59 community boards.

The FY 2025 Register is the charter mandated product of a dynamic and cyclical budget process for the 59 community boards. The community boards consult with agencies on the capital and expense needs of the district. After consulting, each community board develops and votes separate priorities for up to 40 capital and 25 expense budget requests which the agencies review and respond to in the **Register of Community Board Requests for the Preliminary Budget** in January.

The Mayor's Office of Management and Budget (OMB) reviews these same budget requests and updates the responses for the Executive Budget, publishing them in the **Register of Community Board Requests for the Executive Budget** in April.

In May, the City Council holds public hearings on the Executive Budget. At these hearings, community boards, community groups and interested citizens may comment on the budget decisions contained in the Register.

In June, OMB publishes the **Register of Community Board Budget Requests for the Adopted Budget** which informs the boards of the final disposition of their original budget priorities. The Adopted Register contains responses that reflect the changes made to the Executive Budget by the City Council.

Capital project requests from community boards are site specific, and primarily for infrastructure or public facility improvements.

For more specific information about programs important to the community boards, refer to each agency's section in the Message of the Mayor for the Executive Capital and Expense Budgets.

Call 212-788-6129 for more information about the community board process including consultations, and the geographic versions of budget documents.

FORMAT OF THE REGISTER

The Register of Community Board Budget Requests is sorted into four versions: Community Board, Borough, Council and Agency. In all versions of the Register, each board's expense requests directly follow their capital requests. The requests are in board order.

LAYOUT OF BUDGET REQUESTS PAGES

Column 1: Priority Number

The priority assigned by a community board reflects the importance of that request as compared to its other requests. Boards may assign Continued Support (CS) to a project which received funding for construction in any year of the current Financial Plan.

Column 2: Tracking Code

The nine-digit identification number assigned to each community board budget request. Tracking codes are unique to each request and identify the borough, community district, year submitted, and request. The first digit refers to the borough, 1 = the Bronx, 2 = Brooklyn, 3 = Manhattan, 4 = Queens, and 5 = Staten Island; the second and third digits indicate the district number. The fourth through seventh digits represent the fiscal year for which the request was submitted, and the last two digits are the request number. The tenth character indicates whether it is a capital ("C") or expense ("E") budget request.

Column 3: Project Information

Request: A brief description of the project.

Explanation: Supporting information detailing the project, and its potential benefits.

Responsible Agency: The City agency which would implement the project.

Budget Line Number: The number assigned to a capital project that was previously funded or is included in any year of the current Financial Plan.

PROJECT ID: The Capital Project Information System identification number which allows projects to be entered into the City's computer tracking system. The number of the managing agency and the project identification number make up the PROJECT ID of the project.

Source of Request: Any group(s) which support the request.

Column 4: Response

The Preliminary Budget recommendation for each budget request.

20	301202520C	<p>Request: Improve traffic and pedestrian safety, including traffic calming</p> <p>Explanation: Pedestrians need to cross both streets and on-ramps/off-ramps to the FDR/Brooklyn Bridge to travel north/south on Pearl Street. Some of the pedestrian crossings beneath the Brooklyn Bridge on Pearl Street are unmarked and the signaling can be unclear. Pedestrians also share their crossing time with vehicles turning onto the on-ramps. There were 4 crashes reported in this stretch of roadway between August 2020-2021.</p> <p>Responsible Agency: Department of Transportation</p>	<p>Traffic Calming Device requests should be directed to the respective NYCDOT Borough Commissioner (B/C). The B/C will work with the community to access the need for, and the most effective location, type, and installation of traffic calming devices.</p>

23	301202523C	<p>Request: Provide a new or expanded park or amenity (i.e. playground, outdoor athletic field)</p> <p>Explanation: New Public Pool in CD1: Neighboring community boards have outdoor public pools which are free for public use during the summer, whereas CD1 has none. CD1's indoor ?community pools? such as those at Manhattan Youth, BMCC or Stuyvesant all have fees to swim, and are rarely if ever open to the general public. Swimming lessons are very expensive and few children can participate because there are limited spots even if one can afford. Especially now that +Pool will not be designed for CD1, a local public pool must be considered for the CD1 area. For example, a small pop up pool in a shipping container like Brooklyn Bridge Park in Brooklyn, or an above-ground pool to minimize costs. CD1 should have a summer pool outside, free for all like neighboring Community Districts.</p> <p>Responsible Agency: Department of Parks and Recreation</p>	Further study by the agency of this request is needed.
24	301202524C	<p>Request: Upgrade or create new plazas</p> <p>Explanation: The east side of CB1 has very little active recreation space for the growing youth population. DOT has an area known as the "Dugout Space" located beneath the Brooklyn Bridge ramps off South St between Frankfort and Robert F. Wagner Sr. Place. This large lot has been little used by DOT for many years and should be converted into a green play space for youth from CB 1 and 3.</p> <p>Responsible Agency: Department of Transportation</p>	Please contact the Borough Commissioner's office to discuss this request.
25	301202525C	<p>Request: Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)</p> <p>Explanation: Renovate the pathway of Bowling Green Park, which currently pools with water after heavy rains.</p> <p>Responsible Agency: Department of Parks and Recreation</p> <p>Location Site Name: Bowling Green</p>	Department of Parks and Recreation funds are insufficient for this project. 29	301202529C	<p>Request: Create a new, or renovate or upgrade an existing public library (NYPL)</p> <p>Explanation: Construct a new Public Library/public use center in the Vaults of the Manhattan Anchorage of the Brooklyn Bridge. CB1 does not have a public library south of Murray Street, nor servicing the East Side of Lower Manhattan. Given the growing population, especially of our youth in this area, a library is an essential civic resource.</p> <p>Responsible Agency: New York Public Library</p>	<p>Further study by the agency of this request is needed.</p>

Adding an auditory signal at that corner is requested to allow those residents to recover the independence that they lost when the bridge was removed without having to walk to W Thames St.</p> <p>Responsible Agency: Department of Transportation</p>	<p>Requests for Audible Pedestrian Signal installation will be considered for locations based on multiple criteria.
