REMINDERS

- **FY20 ICR Amendment Calculator.** The CIT has made available an Excel worksheet that providers with FY20 Accepted ICRs may use to calculate the value of their FY20 ICR Amendments. Does your organization need to submit an Entryway Choice Form for FY21 funding? Your organization should only [submit an Entryway Choice Form](#) if it a) received notification that it did not submit an accurate Delta Template in FY20 by the August 19 deadline, b) received an Accepted

- Conditional Template and ICR for FY20, or c) has yet to enter the ICR Funding Initiative since it opened in November 2019. Providers who have an Accepted ICR, or are in the FY20 sampling and testing process, do not need to resubmit an Entryway Choice Form for FY21.

BACKGROUND ON INITIATIVE

In February 2019, the City of New York adopted the Cost Manual to standardize cost allocation practices for health and human service providers contracting with the City. The Fiscal Year 2020 Adopted Budget established an indirect cost rate funding initiative based on the Cost Manual. The Fiscal Year 2021 Adopted Budget, passed during the COVID-19 pandemic, maintained the ICR Funding Initiative at an adjusted level of funding. The Mayor's Office of Management and Budget and [Mayor's Office of Contract Services](#) form the City Implementation Team (CIT), tasked to design and manage the implementation and roll-out of the indirect initiative. The CIT established a Provider Workgroup that includes City Council representation to advise them. For more information on how to establish and claim your ICR and important timelines, please visit the [ICR Funding Initiative Webpage](#), which is regularly updated. The CIT is available for questions at the Mayor's Office of Contract Services.

**Sincerely,
The City Implementation Team**
