Request for Qualifications Overview and Summary

1. RFQ Summary

About NYCHA

The New York City Housing Authority (NYCHA), the largest public housing authority in North America, was created in 1935 to provide decent, affordable housing for low- and moderate-income New Yorkers. NYCHA is home to 1 in 17 New Yorkers, providing affordable housing to 528,105 authorized residents through public housing and Permanent Affordability Commitment Together (PACT) programs as well as Section 8 housing. NYCHA serves 360,970 residents in 177,569 apartments across 335 conventional public housing and PACT developments. There are 330,118 residents in 161,585 apartments within 274 conventional public housing program (Section 9) developments, and 30,852 authorized residents in 15,984 apartments within 61 PACT developments. Through federal rent subsidies (the Section 8 Housing Choice Voucher Program), NYCHA also provides rental subsidies to 167,135 residents so they can rent apartments in the private market. In addition, NYCHA facilitates access to social services through a variety of programs.

The Janitorial and Debris Removal Pre-Qualified List

NYCHA intends to establish a Pre-Qualified List (PQL) for Exterior and Interior Public Space Cleaning, Basement Cleaning and Emergency Cleaning, of Janitorial and Debris Removal Services (see the “Description of Services” on p. 3). All vendors who pre-qualify according to the requirements listed in this Request for Qualifications (RFQ) will be placed on the Janitorial and Debris Removal Services list and will then be able to respond to solicitations off the PQL.

About the Pre-Qualification Process

- This RFQ will support vendors to become **Pre-Qualified to bid on project-specific solicitations for Janitorial and Debris Removal Services. Hard copy applications will not be accepted. Submission of your application must be emailed to POL@NYCHA.NYC.GOV with the subject line: “Janitorial and Debris Removal Services RFQ Application Submission/{ENTER VENDOR NAME HERE}.”**
- Applications will be reviewed by NYCHA on a rolling basis. NYCHA encourages any vendor who is interested in bidding for a Janitorial and Debris Removal Services contract to submit a response to this RFQ a minimum of **15 days prior to the bid submission date.**
- NYCHA will review and evaluate each application for the Janitorial and Debris Removal Services PQL. Pre-qualification requirements are outlined in p. 4-6.
- Only applications that are **complete and submitted with proper supporting documentation will be eligible for consideration** pursuant to this RFQ. Please carefully review the entire RFQ to ensure you have answered all questions and compiled requested supporting documentation.
- Vendors will be notified by NYCHA and upon request will be able to submit clarifications and additional information after the initial submission. However, a vendor will not be placed on the PQL until all requirements have been met.
- Vendors will be **notified via email of NYCHA’s response to their applications regarding acceptance or rejection** to the PQL.

Request for Qualifications Overview and Summary

2. Bidding Opportunities & Priorities at NYCHA

NYCHA's goal is to award contracts to vendors of all sizes and classes through the PQL. NYCHA reserves the right to procure Janitorial and Debris Removal Services from sources other than the PQL.

Janitorial and Debris Removal Services procurement awards will span various procurement thresholds and methods at NYCHA, including micro purchases, small purchases, sealed bids, and request for proposals. Bidding for individual contracts will follow the below guidelines and preferences.

Borough Selection

Vendors who apply to the RFQ for Janitorial and Debris Removal Services shall specify boroughs in which they are interested in conducting Janitorial and Debris Removal Services for NYCHA. From those applications, NYCHA will create borough specific PQLs for the Bronx, Brooklyn, Manhattan, Queens, and Staten Island and will solicit vendors according to the selections they have indicated. Once vendors are placed on a specific PQL, they will be notified about solicitations for those boroughs and be able to bid on the work.

Preferences for S3BCs and M/WBEs

To fulfill its diversity initiatives, NYCHA aims to increase the participation of Minority and Women-Owned Business Enterprises (M/WBE) and Section 3 Business Concerns (S3BC) via contractual awards. NYCHA follows an "S3BC and M/WBE First Policy" for all micro and small purchases. Consistent with this policy, NYCHA reserves the right to solicit small purchases from pre-qualified vendors who are registered as S3BCs and/or M/WBEs. **Note:** NYCHA currently accepts NYC's M/WBE certification administered through NYC Small Business Services. To qualify as an M/WBE for the purposes of this RFQ, a vendor must be certified through this program. For information or to become certified, please visit the [NYC Small Business Services: M/ WBE Certification](#) page. Nothing in this preference shall be construed to require the contracting or subcontracting of a S3BC or M/WBE. S3BCs and M/WBEs are not exempt from meeting the specifications of this RFQ and any Janitorial and Debris Removal Services contract.

INSTRUCTIONS TO BIDDERS

SECTION 1 - SUBMISSION OF PROPOSALS

(a) Bidders will be furnished on request with a copy of the Contract Documents, and four copies of the Form of Proposal. FOR BIDDERS WISHING TO SUBMIT A PROPOSAL IN HARD COPY RATHER THAN THROUGH THE AUTHORITY'S PRESCRIBED ELECTRONIC PROCUREMENT SYSTEM, THREE COPIES OF THE FORM OF PROPOSAL EACH COMPLETELY FILLED OUT AND EXECUTED AS INDICATED THEREON SHALL BE SUBMITTED TO THE AUTHORITY AS AND FOR THE BIDDER'S PROPOSAL FOR THE CONTRACT. Each proposal must be filled out in blue or black ink or typed.

(b) For bidders submitting their proposal in hard copy, the three executed copies of the Form of Proposal must be enclosed in a sealed opaque envelope, plainly marked on the outside with the name and address of the Contractor, the RFQ number, the Description of the Work, and the name of the Development, as follows: "Bid Proposals for Contract No. _____ for _____ at _____."; If printed bid envelopes are furnished to bidders by the Authority, such envelopes may be used by bidders to safeguard against the possibility of inadvertent premature opening. The proposals must be verified by oath in writing by the party or parties making it, that the several matters stated therein are in all respects true.

(c) Documents submitted to the Authority may be subject to disclosure under the New York State Freedom of Information Law ("FOIL"), N.Y. Pub. Off. Law Sections 85-90. It is the bidder's responsibility to designate those portions of its proposal, if any, the bidder claims should be exempt from disclosure under FOIL. To the extent the law permits, the Authority will use reasonable efforts to hold the designated portions of the proposal in confidence.

SECTION 2 - EXAMINATION OF SITE; EXAMINATION OF CONTRACT DOCUMENTS BY BIDDER

(a) Each bidder must visit and carefully examine the work site to become fully acquainted with existing conditions and the nature of the work to be done and must make such investigations as are necessary and required to fully understand the cost, facilities, difficulties and restrictions involved in the execution of the work. All measurements, layouts and the exact conditions of the work must be verified by each bidder.

(b) If the bidder's examination reveals that site conditions differ from those set forth in any Contract Document, the bidder must promptly so notify the Authority in writing, prior to the bid opening. Except for Conditions that are not discoverable upon a careful examination of the site, if site conditions differ from conditions as shown in any Contract Document, and the bidder has not so notified the Authority, the bidder shall be deemed to have agreed to perform the Contract under existing conditions without claim for any extra compensation, but the Authority shall not thereby have waived any right that the Authority may have to a credit.

(c) Each bidder will be conclusively presumed to have knowledge of any and all conditions in, on, about, below or above the work site that may in any way relate to or affect the cost or the performance of the Contract work and that were observed by the bidder or should have been observed by a reasonably prudent bidder.

(d) Before bidding, bidders must examine carefully all of the Contract Documents, including the specifications, any drawings, and all instructions. If the bidder finds any inconsistency, ambiguity, omission or error in the specifications, drawings, instructions, or any other Contract Document, or if the bidder is in doubt as to the meaning of any term or condition of the Contract, the bidder must promptly so notify the Authority, in writing, prior to the bid opening. The failure of the bidder to notify the Authority, prior to the bid opening of any inconsistency, ambiguity, omission or error that the bidder actually found, or that should have been discovered by a reasonably prudent bidder, will preclude acceptance of the bidders claim for a bid release or for extra compensation based upon any such inconsistency, ambiguity, omission or error.

(e) If the Authority receives a notification from a bidder of a differing site condition or an inconsistency, ambiguity, omission or error in the Contract Documents, the Authority will, as it deems necessary or desirable, issue a written interpretation or correction to the Contract Documents as an addendum to the Contract Documents, and any such addendum will be sent by mail or delivered to each person that received a copy of the original Contract Documents, as reflected in the records of the Authority, and any such addendum will also be available at the place where the Contract Documents are available for inspection by prospective bidders. Upon such mailing or delivery, such addendum shall become part of the Contract Documents and shall be binding on all bidders, whether or not they have had actual notice of such addendum.

SECTION 3 - INTERPRETATIONS AND ADDENDA

No interpretation given as to the meaning of any of the Contract Documents shall be binding in any way or effective to modify any of the provisions of the Contract Documents, unless and until such interpretation is issued in writing by the Authority to all bidders and is expressly denominated as an addendum to the Contract.

SECTION 4 - INCORPORATION OF CONTRACT DOCUMENTS

By submission of this proposal the bidder represents to having received and examined the latest Edition of the Instructions to Bidders, the latest Edition of the General Conditions, the Specifications the Plans and Drawings, if any, and all amendments and addenda, if any, for the Work of the Contract for which this proposal is tendered as if the same were physically attached thereto at the time of submission of the proposal. Further, by such submission the bidder makes each and every representation and warranty to be made by the Contractor as set forth in the Contract Documents. All such documents are hereby incorporated

by reference and made part of this proposal. In the event such documents are not included herewith, it is the responsibility of the bidder to secure copies of all these documents from the Authority prior to the submission of his/her proposal.

SECTION 5 - BIDDERS' QUALIFICATIONS

(a) In order to qualify as a Contractor satisfactory to the Authority, each bidder, in addition to the other requirements herein provided, must be prepared, upon demand of the Authority, to prove to the satisfaction of the Authority that the bidder has the skill and experience, as well as the necessary facilities and ample financial resources, to do the Work in a satisfactory manner and within the time specified.

(b) A "responsive" bid is one that conforms in all respects to the requirements of this solicitation. A "responsible" contractor is one that has the capability in all respects to perform fully the contract requirements and the business integrity to justify the award of public funds. Authority Standard Procedure 002:94:1 sets forth some, but not all, of the factors that the Authority may take into account in determining whether a bid is responsive or whether a contractor is responsible. Copies of this Standard Procedure may be picked up from the Administering Department at the address located in the Special Notices & Conditions.

(c) Each bidder must comply within 10 days with all requests for information or to appear for examination, and must actively cooperate with the Authority in its efforts to determine whether the bidder is qualified to receive an award under all of the requirements hereof. Any request for such information from a bidder shall not be construed as an acceptance of such bidder's proposal. Failure to submit such proof within this period, or within any extensions thereof, will be deemed a default, entitling the Authority to exercise its remedies, as described more fully in Section 9(d) below, and permitting an award to another bidder or the solicitation of new bids.

(d) If more than one bid submitted by a bidder is under consideration by the Authority for award, and the Authority determines that the bidder is able to meet the qualifications for the award of some, but not all, of the contracts on which it has bid, the Authority will determine which bid or bids should be rejected for failure to meet such qualifications. The Authority may also take into consideration contracts already awarded to the bidder and the extent of their completion as affecting the bidder's qualifications for the award of additional contracts.

(e) Upon the Authority's request, a bidder that is a corporation or unincorporated association must submit to the Authority a certificate evidencing the fact that it is authorized to do business in the State of New York. A bidder conducting business under an assumed name must submit to the Authority, upon the Authority's request, a County Clerk's certificate evidencing the filing with such Clerk of a certificate to conduct business under such assumed name. A bidder conducting business as a partnership must submit to the Authority, upon the Authority's request, a County Clerk's certificate evidencing the filing with such Clerk of a certificate of partnership.

SECTION 6 - BID SECURITY

(a) BIDS \$150,000 OR LESS

Unless otherwise provided, all references in the contract documents to bid security or Performance and Payment Bonds are inapplicable where the bidder's Proposal for the work of the Contract is \$150,000 or less. No bid security or Performance and Payment Bonds will be required in such case.

(b) BIDS OVER \$150,000

Where the Contract for which a proposal is submitted exceeds \$150,000, bid security and Performance and Payment Bonds will be required. Bid security shall be delivered with the proposal or submitted no later than the time fixed for the opening of bids.

(c) AGGREGATE BIDS

Bid Security and Performance and Payment Bonds will also be required where the proposal for the work of the Contract involves more than one base bid or is a combined base bid comprising a number of base bids aggregating, more than \$150,000. In such event, the sum of the base bids or the amount of the combined bid, whichever is greater, shall determine the amount of the bid security.

(d) AMOUNT OF BID SECURITY

Bid Security shall be in the form of either a certified check made out to the Housing Authority for five percent (5%) of the amount of the proposal or a bid bond, which shall be in the form prescribed by the Authority and which shall insure the Authority to the extent of ten (10%) of the amount of the proposals for State Funded Contracts, or five percent (5%) of the amount of the proposals for all other contracts. Such Bid Guarantee, in the form prescribed by the Authority, shall be submitted by the bidder to the Authority prior to the bid opening, and the bidder's failure to do so may result in a determination by the Authority that the bidder is non-responsive and ineligible for award of the Contract.

(e) RETURN OF BID SECURITY

Subject to Authority's right to retain the Bid Guarantee as provided in the Contract, the Authority will not return the Bid Guarantee to bidders until after the Contract has been awarded.

SECTION 7 - AUTHORITY'S RIGHT TO WITHHOLD MONEY OUT OF PAYMENTS

- (a) If the Work is not performed in strict accordance with the Contract, or if the work of any other contract between the Contractor herein and the Authority is not performed in strict accordance with its terms, or if the Authority has a claim against the contractor herein for any other reason whatsoever, or if any claim, just or unjust (including claims for wrongful death and for injuries to person or property), which arises out of the performance of the Work is made against the Authority, the Authority shall have the right to withhold out of any payment, final or otherwise, such sums as the Authority may deem ample to protect it against delays or loss or to assure the payment of such claims on this, or any other open contract which the Contractor has with the Authority.
- (b) In the event that wages have been paid at a rate less than the prevailing wage or the Contractor has failed to pay interest on any underpayment of wages required by the Contract, the Authority shall also have the right to withhold from the Contractor out of any payment, final or otherwise, on this, or any other open contract that the Contractor has with the Authority, so much as may be necessary to pay to laborers, mechanics, architects draftsman, engineers and technical workers, and other workers employed on the Work, the difference between the sums such persons should have received as wages and the amounts they actually received, and to pay such sums over to such persons. All such payments shall be deemed to be payments for the Contractor's account. In addition, the Contractor shall be required to pay for the cost of any investigation conducted by or on the behalf of the Authority that discovers a failure to pay prevailing wages by the Contractor or its subcontractors. If the Authority discovers such a failure, the Contractor shall submit a certified check to the Authority for the administrative cost of the investigation, as such cost has been assessed by the Authority. The certified check shall be submitted to the Authority's Office of Prevailing Wage & Labor Standards.

The Authority shall continue to withhold funds from payments due to the Contractor until the certified check for such cost is received.

- (c) The foregoing provisions shall be construed solely for the benefit of the Authority and shall not be construed to require the Authority to determine or adjust any claims or disputes between the Contractor and any other person or persons.
- (d) Deductions for Defective Work as an Alternative to Requiring Corrections. If the Authority deems it inexpedient to require the Contractor to correct Work damaged or not done in accordance with the Contract, an equitable deduction from the Contract Price shall be made by agreement between the Contractor and the Authority. In the event of the failure of the said parties to reach an agreement, the amount to be so deducted shall be settled in accordance with the procedure hereinafter provided for the settlement of disputes. Until such settlement, the Authority may withhold such sum as it deems just and reasonable from monies, if any, due the Contractor on this, or any other open contract which the Contractor has with the Authority.
- (e) Liens as Bar to Payment. The Contractor shall not, at any time, suffer or permit any lien, attachment, or other encumbrance, under the law of this State or otherwise, by any person or persons whomsoever, to remain on file with the Authority against any money due or to become due for any Work done or materials furnished under the Contract, or by reason of any other claims or demand against the Contractor. Such lien, attachment, or other encumbrance, until it is removed, shall preclude any payment and any and all claims or demand for any payment whatsoever under and by virtue of the Contract.

SECTION 8 - WITHDRAWAL OF PROPOSALS

- (a) Each bid/proposal constitutes a binding offer by the bidder to perform the Contract at the bid price. No bids/proposals may be withdrawn within a period of 150 days after the date of opening of the bids. This 150-day period, as it applies to a particular bidder, shall be extended, day for day, by the period of any delay caused by or attributable to, the bidder, including, without limitation, (i) any delays resulting from the Authority's investigation of an (unsuccessful) request by the bidder for a bid release; and (ii) any delays by the bidder in submitting the insurance, performance bonds, or payment bonds required by the Contract or in providing any information requested by the Authority.
- (b) After the opening of bids, requests for the withdrawal of a bid can be made by the Contractor on the grounds that there was an arithmetic or clerical error in the bid submitted. A bidder seeking a bid release must submit a written, dated and signed request for release from the bid ("Release Request") to the Department of the Authority that issued the solicitation of the bids (the "Originating Division"). The bidder's signature on the Release Request must be duly acknowledged and witnessed by a notary public. The Release Request must set forth the reasons for the release and should be accompanied by any supporting documentation. Any additional information reasonably requested by the Originating Division must be submitted within the time period reasonably established by the Originating Division in order to expedite consideration of the Release Request. Failure of a bidder to comply with a request for information within the specified time period may result in a resolution of the Release Request without the consideration of any information subsequently submitted by the bidder in an untimely manner. Requests for withdrawal may be granted by the Authority in any case where the Authority deems the claim of mistake is justified or where the grant of such request is otherwise in the best interest of the Authority.
- (c) In the case of a bidder's first Release Request in any twelve-month period, no administrative charge shall be imposed. If the Release Request is granted, the bidder will be advised in writing that if a second request for release is made within twelve months after the date on which the first request was received by the Authority, the bidder may, in the discretion of the Director/Program Administrator of the Originating Division, be disqualified from bidding on any Authority contract for up to a maximum of one year after the second Release Request is received by the Authority. In the case of the bidder's second Release Request in any twelve-month period, whether or not such Release Request is granted, the Director/Program Administrator of the Originating Division may disqualify the bidder for up to a maximum of one year from the date the second Release Request is received by the Authority, and may impose an administrative charge of up to \$500.00 against the bidder.
- (d) A bidder submitting a Release Request may be deemed to have made a second Request Release for the purposes of Section 8 (c) above if it is a successor, assignee, subsidiary or affiliate of a previously released bidder; or if any of the bidders officers, directors, partners shareholders, joint venture participants, principals or other persons substantially involved in its contracting activities was also an officer, director, partner, shareholder, joint venture participant, principal or other person substantially involved in the contracting activities of the previously released bidder; or if it was organized or established or operates in a manner designed to evade the purpose of this Section 8, any Authority procedure, or any other law, rule, regulation or Authority procedure relating to the procurement or performance of a contract. In addition, in determining the number and timing of Release Requests submitted by a bidder, the Authority will consider Release Requests submitted by the bidder to any manager performing management services for the Authority.

SECTION 9 - AWARD OF CONTRACT; REJECTION OF PROPOSALS

(a) The Contract will be awarded, to the lowest responsible bidder complying with the conditions of the Contract Documents, provided the Proposal is reasonable and it is to the interest of the Authority to accept it. The bidder to whom the award is made will be notified at the earliest possible date of the acceptance of the Proposal. The Authority, however, reserves the right to reject any and all Proposals for any reason or to waive any informality in Proposals received whenever such rejection or waiver is in the interest of the Authority. The Authority may but need not consider any Proposal on which there is an alteration of or departure from the Contract Documents.

(b) Prior to award of the Contract the successful bidder will be notified in writing that its proposal is being considered for an award of the Contract and directed to submit evidence of insurance coverage as called for in Sections 17 and 18 of the General Conditions, and, if required by the Contract Documents, performance and payment bonds as called for in Section 10 of the Instructions to Bidders. The insurance and bonds (if required) shall be submitted within fifteen (15) working days of notification. Bidders are advised that such notification does not constitute an award of the Contract and that award of the Contract remains subject to the Authority's rights to reject the bidder's proposal, at its lawful discretion, and the satisfaction of all of the Authority's required conditions for award of the Contract.

(c) By submitting a bid the bidder represents that it will cooperate with the Authority and comply with all bid process requirements. Cooperation includes providing to the Authority in a timely manner any information or documentation requested by the Authority (including, without limitation, the Statement of Contractor's Qualification for Consideration of Award and the Section 3 Hiring Plan and all related Section 3 forms and documents that the bidder is required to submit with respect to its Section 3 requirements), any form which may be requested on behalf of any agency funding any part of the Work, or any evidence relating to the obligations of others interested in the progress of the Work (such as insurance companies, sureties and subcontractors). The bidder agrees that cooperation may include providing to the Authority in a timely manner information or documentation related to bidder's organization or to its obligations under this Contract. This representation shall survive the expiration of the bid and, as to the bidder awarded the Contract, this representation shall be incorporated into the Contract and survive the termination of the Contract.

(d) The bidder agrees that if at any time it fails to abide strictly by the terms of the representation set forth in Section 9 (c) the Authority may find the bidder in breach of such representation and may find the bidder non-responsible and ineligible for award of the Contract. The bidder acknowledges and consents to the Authority's prompt use of any one or more of its several different types of remedy in the event of such breach or in the event the bidder fails to supply required bonds in accordance with Section 10. One remedy may be payment by the bidder to the Authority upon demand of an amount of money that may be as much as the difference between the bidder's bid price and the price at which the Contract is awarded. The bidder agrees that the Authority may collect such an amount from any monies due the bidder by the Authority under the Contract or any other contract. Another remedy may be the collection by the Authority of all sums due under any applicable bid bond or other sums securing the bid. In addition to, and not in limitation of, all other remedies available to the Authority, the Authority may treat the bidder as if it has sought a second bid release within a twelve month period and may disqualify the bidder for up to a maximum of one year and impose an administrative charge of up to \$500.00 against the bidder.

SECTION 10 - PERFORMANCE AND PAYMENT BONDS

(a) In the event performance and payments bonds are to be furnished as heretofore provided, the successful bidder shall, within fifteen (15) working days after written notification from the Authority that its proposal is being considered for an award of the Contract, deliver to the Authority an executed bond in an amount equal to one hundred percent (100%) of the Contract Price to secure the faithful performance of the Contract and an executed bond in an amount equal to one hundred percent (100%) of the Contract Price as security for the payment of all persons performing labor or furnishing materials in connection with this Contract, prepared on the forms of bonds authorized by the Authority, and having as surety thereunder such surety company or companies as are approved by the Authority. The surety company that issues performance and payment bonds must be included on the current list of the Treasury Department and authorized to do business in the State of New York where an Authority Contract is funded by federal money ONLY. For all other Authority Contracts, unless otherwise specified, the surety company needs only to be authorized to do business in the State of New York.

(b) A notified bidder who fails to supply the required bonds within fifteen (15) working days of notification, or such extended period as the Authority may grant (based on reasons determined adequate by the Authority), shall be deemed non-responsive, and the Authority may either award the Contract to the next lowest responsible bidder or re-advertise for bids, and may charge against the bidder the difference between the amount of the bid and the amount for which a Contract for the work is subsequently executed, irrespective of whether the amount thus due exceeds the amount of the bid guaranty. In the recovering of such difference, the Authority may proceed against the surety on the bid bond or on the bidder's check as the case may be, or take such other action as it sees fit.

SECTION 11 - UNIT PRICES

In the event that the Contract's pricing is based upon unit prices ("**Unit Prices**"), bidders shall quote Unit Prices for all items set forth in the Form of Proposal for which the bidder is required to provide a Unit Price quote. Where the Form of Proposal contains Unit Prices as that have been established by the Authority therein, the Bidder shall quote a multiplier to be applied to the established Unit Prices and the Unit Prices shall be as modified by the bidder's multiplier. In submitting its bid/proposal, the successful bidder agrees to be bound, as applicable, to (a) all of the bidder's quoted Unit Prices set forth in the bidder's bid/proposal or, (b) all Unit Prices established by the Authority in the Form of Proposal, as modified by the bidder's multiplier set forth in the bidder's bid/proposal. Provided, however, that the Authority may reject any quoted Unit Prices or multiplier or, by agreement with the lowest responsive, responsible bidder, may modify the same downward.

SECTION 12 - EQUAL OPPORTUNITY

In connection with performance of the Work, Contractor shall not discriminate against employees or applicants for employment because of age, alienage or citizenship status, color, creed, disability, gender (including sexual harassment), height or weight, marital or familial status, military service, national origin, prior arrest record, race, religion, sexual orientation, and status as a victim of domestic violence or for any other unlawful reason.

Affirmative Action means that the contractor and subcontractor must do more than merely support non-discrimination. It means taking positive steps to recruit, employ and develop qualified or qualifiable candidates, including minority group members and women, in all job categories of work and advancement.

Questions regarding compliance with Executive Order 11246 should be directed to the Authority's Office of Prevailing Wage and Labor Standards.

(a) SUBCONTRACTORS

1. Encourage the solicitation of bids to include, but not be limited to:

- a. Minority Group Subcontractors
- b. Women Subcontractors
- c. Subcontractors who have substantial minority group and female representation among their employees and
- d. Minority group and women vendors

2. The Contractor shall submit to the Authority written evidence or other proof that shows the Contractor solicited bids from minority subcontractors and gave such minority subcontractors an equal opportunity to submit proposals, and that such proposals have been given consideration for award.

(b) MONTHLY EQUAL OPPORTUNITY CONTRACTOR REPORT

Submit to the Authority's Department of Equal Opportunity monthly reports on Form 036.001A, Monthly Equal Opportunity Contractor Report, indicating the composition of all on-site workers, including those of subcontractors by name, race, sex, and ethnic classification. The forms may be secured from the Authority's Office of Prevailing Wage and Labor Standards or the department administering the Contract and are to be promptly submitted directly to this office at the end of each month during the performance of the contract. In addition, copies of these reports must be attached to the Requisition for Payment.

(c) POSTERS

Post the provisions of the Equal Opportunity clauses of Executive Order No. 11246 as amended or equivalent posters required by the New York City Housing Authority or other agency of appropriate jurisdiction, in conspicuous places available to all employees and applicants for employment.

SECTION 12A - NYCHA'S OFFICE OF RESIDENT ECONOMIC EMPOWERMENT & SUSTAINABILITY; SECTION 3 HIRING

2. 6. The Contractor must use the REES Referral tracker, as directed by REES, to provide feedback on each REES job referral within one week of receiving the referral.
7. The Contractor's Section 3 Plan Officer shall meet as needed with NYCHA residents and staff and provide the documentation and reports required by NYCHA to confirm compliance with the Section 3 requirements. Failure to comply may be deemed a material breach of the Contract and may result in sanctions, termination of the Contract and/or unsatisfactory performance evaluation, cautions reported, and affect award of future contracts.

(b) If the value of the Contract is \$250,000 or less, then:

1. The Contractor shall contact REES at (718) 289-8100 for possible sourcing of residents if the Contractor has the need to hire new person(s) to complete the Contract.

 - (2) If any funds other than Federal appropriated funds (including profit or fee received under a covered Federal transaction) have been paid, or will be paid, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress on his or her behalf in connection with this solicitation, the bidder shall complete and submit, with its bid, OMB standard form LLL, "Disclosure of Lobbying Activities;" and
 - (3) He or she will include the language of this certification in all subcontracts at any tier and require that all recipients of subcontract awards in excess of \$100,000 shall certify and disclose accordingly.
- (c) Submission of this certification and disclosure is a prerequisite for making or entering into this contract imposed by section 1352, title 31, United States Code. Any person who makes an expenditure prohibited under this provision or who fails to file or amend the disclosure form to be filed or amended by this provision, shall be subject to a civil penalty of not less than \$10,000, and not more than \$100,000, for each such failure.
- (d) Indian tribes (except those chartered by States) and Indian organizations as defined in section 4 of the Indian Self-Determination and Education Assistance Act (25 U.S.C. 450B) are exempt from the requirements of this provision.

III. ORGANIZATIONAL CONFLICTS OF INTEREST CERTIFICATION

The bidder certifies that to the best of its knowledge and belief and except as otherwise disclosed, he or she does not have any organizational conflict of interest which is defined as a situation in which the nature of work to be performed under this proposed contract and the bidder's organizational, financial, contractual, or other interests may, without some restriction on future activities:

- (a) Result in an unfair competitive advantage to the bidder; or,
- (b) Impair the bidder's objectivity in performing the contract work.

In the absence of any actual or apparent conflict, the bidder certifies, by submission of its bid, that to the best of their knowledge and belief, no actual or apparent conflict of interest exists with regard to the possible performance of this procurement.

SECTION 15 - PROTESTS

(a) Any actual or prospective bidder or contractor may protest the solicitation of bids or the award of a contract on the grounds that the Authority has substantially failed to follow the standards set forth in the Authority's procurement policies and related procedures. Protesters may file a protest with respect to any phase of the solicitation or award, including, without limitation, bid solicitation; determination by the Authority of bidder responsibility or bid responsiveness; and contract award. If the protest is made by a potential bidder or proposer that has not submitted a bid or proposal, the protest shall be limited to a challenge of the notice procedures followed by the Authority. This right to protest shall not apply to protest regarding the denial of a request for a release from bid.

(b) The Authority may make a determination that bids or proposals received are non-responsive or that the lowest bidder is non-responsible. Upon making a determination of non-responsibility with respect to the low bidder, the Authority shall notify the affected bidder in writing of that determination. The notification shall state the reasons upon which the determination is based. In addition, the notification shall advise the bidder of the time period within which a formal written protest (the "Protest") may be filed and of the requirements for filing such Protest, as set forth in Section 15(c) below. The Authority is not required to provide written notice of determinations of non-responsiveness.

(c) To expedite handling of Protest, a protester shall address its envelope to the Director/Program Administrator of The Originating Division, and such envelope be labeled "Protest". The Protest should include, without limitation, the following information:

1. the name, address and telephone number of the protester;
2. appropriate identification of the procurement, including the solicitation or RFQ number;
3. a statement of the reasons for the Protest;
4. supporting exhibits and documentary evidence to substantiate any arguments; and
5. the form of relief requested.

(d) Protests must be filed within seven calendar days after the protester discovers or should have discovered the facts giving rise to Protest. In furtherance and not in limitation of the foregoing, (i) any Protest against a determination of non-responsibility must be filed within seven calendar days after the protester receives the notice of determination referred to in Section 15(b) above, (ii) any Protest against a determination of non-responsiveness must be filed within seven calendar days after the protester learns that its bid or proposal has been deemed non-responsive, (iii) any Protest against a solicitation must be filed before the due date for receipt of the bids or proposals in response to such solicitation, and (iv) any Protest against award of a contract must be filed within seven calendar days after contract award. A Protest is considered filed when such Protest is received by the Director/Program Administrator of the Originating Division. Protests received after the seven day period shall not be considered unless the Director/Program Administrator of the Originating Division determines, in his/her sole discretion that good cause is shown for considering the late Protest.

(e) Any additional information reasonably requested by the Originating Division must be submitted within the time period reasonably established by the Originating Division in order to expedite consideration of the Protest. Failure of a protester to comply with a request for information within the specified time period may result in a resolution of the Protest without consideration of any information subsequently submitted by the protester in an untimely manner.

(f) The Director/Program Administrator of the Originating Division (or his/her designee) shall make decision on a Protest as expeditiously as possible after the Originating Division has received all relevant information requested of the protester. The Director/Program Administrator of the Originating Division (or his/her designee) may, in his/her sole discretion, meet with the protester and any other affected party to discuss the Protest. If a Protest is granted (i.e., sustained in favor of the protester), the Authority shall so notify the protester in writing and the solicitation or award shall be canceled or revised to comply with the Protest decision.

1. If the contract has already been awarded, the contract may be terminated for the convenience of the Authority, and the contract may be awarded to the protester or to the next eligible bidder, the Authority shall so notify the protester in writing and the solicitation or award shall be canceled or revised to comply with the Protest decision.

2. If the contract has not been awarded, the contract may be awarded to the protester or to the next eligible bidder or proposer (whichever is appropriate in light of the Protest decision) or the procurement may be resolicited; provided, however, that if the Authority determines that based on compelling circumstances (e.g., a condition of emergency or serious disruption of the Authority's operations or if the contract has already been completed), either of those actions would not be in the best interest of the Authority, the Authority may let the award stand and the Authority shall pay the successful protester the reasonable costs incurred by the protester in connection with preparing and submitting its bid or proposal, along with the reasonable costs of filing and pursuing the Protest. Anticipated profit or damages for lost business opportunities of the protester shall not be paid by the Authority. If a Protest is denied, the Authority shall send to the protester a written decision stating the reason(s) for the denial of the Protest. If the decision involves a determination of non-responsibility, the Authority shall also inform the protester of its right to request reconsideration of the decision in the manner set forth in Section 15 (g) below.

(g) The protester may make a written request for reconsideration of a Director's/Program Administrator's decision regarding non-responsibility (but not of a Director's/Program Administrator's decision regarding non-responsiveness), which must be filed by the protester not later than five calendar days after the protester's receipt of such decision. The request for reconsideration shall be considered by the Deputy General Manager to whom the Director/Program Administrator of the Originating Division reports (or such Deputy General Manager's designee) or, in the case of Originating Divisions that do not report to a Deputy General Manager, by the General Manager (or the General Manager's designee); provided that neither the Director/Program Administrator of the Originating Division nor anyone who reports to him/her may serve as a designee considering the request for reconsideration of such Director's/Program Administrator's decision. The protester shall address its envelope to the General Manager or the Deputy General Manager to whom the Director/Program Administrator reports, as the case may be, and such envelope should be labeled "Request for Reconsideration." The request for reconsideration shall contain a statement of the factual and legal grounds upon which reversal or modification is deemed warranted specifying any errors of fact or law made or information not previously considered that should have been considered. Supporting documentation should be included.

(h) The General Manager or the Deputy General Manager to whom the Director/Program Administrator reports, as the case may be, or his/her respective designee may, in his/her sole discretion; (i) meet with the protester and, if invited, a representative of the Originating Division to discuss the request for reconsideration, and/or (ii) hold a hearing, at which witnesses may be called and facts presented (at any such meeting or hearing, the Authority, the protester and any other affected party invited to the hearing may be represented by an attorney or other representative). The General Manager, or the Deputy General Manager, to whom the Director/Program Administrator reports or his/her respective designee, shall make a written decision with respect to the merits of the request for reconsideration as expeditiously as possible. The decision of the General Manager or the Deputy General Manager to whom the Director/Program Administrator reports, or his/her designee, with respect to a protester's request for reconsideration shall be final.

SECTION 16 - RECEIPT OF NOTICES

All notices required to be filed, or sent pursuant to Sections 8 and 15 of these Instructions to Bidders shall be in writing and must be delivered by hand or sent by registered or certified mail, return receipt requested, or overnight mail service that provides a receipt to the sender. Receipt of notices by the party to whom transmitted shall be deemed to have occurred: (1) upon receipt, if hand delivered, (2) when mailed, upon receipt, as evidenced by the required receipt, or five calendar days from the date of mailing, whichever is earlier, or (3) the next business day after transmittal by Federal Express, Express Mail or other overnight delivery service that provides a receipt to the sender.

SECTION 17 - ADDITIONAL CLAUSES FOR STATE FUNDED CONTRACTS

- (a) For State Funded Contracts, any attached Appendices A and B are a part of the contract.
- (b) In case of conflict between appendices and clauses contained elsewhere in the contract, the requirements of the appendices shall govern.
- (c) The successful bidder shall be requested to completely fill out the forms in Appendices A and B.

The Contractor shall perform on the site, and with its own organization, Work of a value equivalent to at least thirty-five percent (35%) of the total amount of Work to be performed under the Contract. This percentage may be reduced by a supplemental agreement to this Contract, if the Contractor requests a reduction and the Authority determines that such reduction would be in its best interests.

SECTION 3 - CONTRACT DRAWINGS

Unless otherwise specified in the Special Notice to Contractors, there are no contract drawings to this Contract. If plans and drawings are specified or incorporated by reference, they are intended to be co-extensive with the Contract Documents, including the Specifications, so that any matter or thing contained in or shown by any of them shall be of the same effect as if contained in or shown by all.

SECTION 4 - AMENDMENTS AND ADDENDA

The Amendments and Addenda, if any, to the Contract Documents, are for the purpose of varying, modifying, rescinding, or adding to the portions of the Contract Documents to which they pertain and should be read together with them. In the event of any inconsistency or conflict between any Contract Documents or any portion thereof and any Amendment or Addendum, the Amendment or Addendum shall prevail. Where an Amendment or Addendum modifies a portion of a paragraph or a section, the remainder of the paragraph or section shall remain in force unless otherwise stated in the Amendment or Addendum.

SECTION 5 - PARTIAL PAYMENTS

(a) Prior to the submission of the first requisition for a partial payment, the Contractor, if required, shall present to the Authority, for the Authority's approval, a schedule showing the breakdown of the Contract price which must contain the amount estimated for each part of the Work, and in addition, a quantity survey for each such part of the Work. The values employed in making the schedule will be used only for determining the size of the partial payments and to supply labor statistical information required by the Authority, and will not be considered as fixing a basis for additions to or deductions from the Contract Price. Notwithstanding the foregoing, In the event that the Contract's pricing is based upon a factor/multiplier, the basis for the Contractor's pricing shall be as set forth within the Form of Proposal and/or Contract Specifications.

(b) Progress payments, irrespective of whether the Contract is lump sum, unit price, or factor/multiplier will be made as the Work progresses in accordance with this section. Within 30 calendar days from when the Work for which the Contractor seeks a progress payment was performed (the "**Progressed Work**"), but not more often than once per month, the Contractor shall submit to NYCHA an application for such progress payment that must cover the Progressed Work and include: (1) the requested payment amount; (2) all certificates and documents on the forms acceptable to, and in accordance with the rules of, the Authority and as required by the Contract Documents; (3) all *Contractor Daily Sign-In Sheets* and all payrolls records required pursuant to these General Conditions, evidencing the Contractor's compliance with prevailing wage requirements with respect to the Progressed Work covered by the progress payment application, if not previously submitted, as the Contracting Officer will not approve any progress payment application until the Contractor has submitted such Daily Sign-In Sheets and payroll records; and (4) proof satisfactory to the Authority that the Contractor is meeting his/her obligations to subcontractors, suppliers of material and workers, if requested by the Contracting Officer. Unless allowed by the Authority, such progress payments shall not exceed the ratio to the total compensation hereunder that the portion of the Progressed Work done bears to the entire Work.

(c) An application for progress payments shall not include requests for payment (1) on account of changes in the Work which have not been properly authorized by a change order in accordance with the Contract Documents, or (2) of amounts the Contractor does not intend to pay a subcontractor or supplier because of a dispute or other reason.

(d) If a progress payment is requested on the basis of materials or equipment not incorporated into the Progressed Work but delivered and suitably stored at the site or at another location agreed to in writing, the progress payment application shall be accompanied by such bills of sale, data and other procedures substantiating the Contractor's title to such materials or equipment or otherwise protecting the Contractor's interest. Payment on account of such materials or equipment will not (1) include any amount for the Contractor's overhead or profit, (2) relieve the Contractor of its obligation to protect and install such materials or equipment in accordance with the requirements of the Contract and to restore damaged or defective Work, or (3) relieve the Contractor of any risk of loss for such materials or equipment or obligations with respect thereto as provided for in the Contract Documents.

(e) The Contracting Officer or his or her designee will, within seven calendar days after receipt of an application for a progress payment, either indicate a recommendation for payment or deny the application. If payment is recommended and the application is approved, the Contractor will be notified by the Authority that the application has been approved and will be provided with a copy of the Authority's payment requisition for the Contractor's signature. The date that the Contractor is notified of the progress payment approval is referred to herein as the "Approval Date." Upon notification of the progress payment approval, the Contractor must then submit the signed payment requisition along with an original invoice to the Authority's Accounts Payable Division ("**Accounts Payable**"). Such original invoice must be printed on the Contractor's company letterhead and have an original signature. The signed payment requisition and original invoice shall be submitted by the Contractor directly to Accounts Payable at:

New York City Housing Authority
Accounts Payable
P.O. Box 3636
Church Street Station
New York, NY 10008

Payment will be made to the Contractor within 21 calendar days of the Approval Date (the "**Payment Date**") provided that Accounts Payable receives the Contractor's signed payment requisition and original invoice, satisfactory to Accounts Payable (a "**Satisfactory Requisition and Invoice**"), at least seven calendar days prior to the Payment Date. If the Satisfactory Requisition and Invoice is not received at least seven calendar days prior to the Payment Date, payment will be made within seven calendar days after receipt thereof by Accounts Payable.

(f) If the application for a progress payment is denied, the application shall be returned to the Contractor indicating the Authority's reasons for refusing to recommend payment which may include, but not be limited to, the Authority's exercise of its right to withhold payment as provided for in the Contract Documents. If denied, the Contractor may make the necessary corrections, to the extent that corrections can be made, and resubmit the application to the Authority within 30 calendar days from the Contractor's receipt of the returned application, in which case the time and procedures for review, denial, approval, and payment, as applicable, as set forth in this subsection (f) of this section and in subsection (e) of this section above, shall apply to the resubmitted application. No such progress payments, however, will be made after the time fixed for the completion of the Work, or the time to which the completion may be extended under the terms of this Contract, until the full and final completion of all Work herein agreed upon, unless the Authority, in its discretion, directs otherwise.

(g) The Contracting Officer's or his or her designee's recommendation of any progress payment requested in an application shall not constitute a representation that (1) exhaustive or continuous on-site inspections have been made to check the quality or quantity of the Work, (2) an examination has been made to ascertain how or for what purpose the Contractor has used payments previously paid on account of the Work, or (3) the Contractor's construction means, methods, techniques, sequences or procedures have been reviewed. Furthermore, any recommendation of a progress payment shall not constitute a waiver of the Authority's rights and remedies under the Contractor Documents or otherwise including, but not limited to, the right to withhold payments to the Contractor.

(h) In making such partial payments the Authority may retain ten percent (10%) of the estimated amount until the final completion and acceptance of all work covered by the Contract except that this may be reduced to five percent (5%) after satisfactory performance of 50% of the work. If performance and payment bonds in the full amount of the Contract Price have been furnished by the Contractor, the retention shall be five percent (5%) throughout.

(i) The Contractor agrees to accept payments under the Contract (progress, final, or otherwise) from the Authority by electronic funds transfer. An electronic funds transfer is any transfer of funds, other than a transaction originated by check, draft, or similar paper instrument, which is initiated through an electronic terminal, telephonic instrument or computer or magnetic tape so as to order, instruct, or authorize a financial institution to debit or credit an account.

(j) Prior to the first payment made under the Contract, the Contractor shall designate one account on the books of a financial institution or other authorized payment agent and shall complete and submit to Accounts Payable the "AP Supplier Maintenance Request Form" with a voided check.

(k) The credit of a payment by the Authority to the account on the books of the financial institution or other authorized payment agent designated by the Contractor shall constitute full satisfaction by the Authority for the payment under the Contract.

(l) The account information supplied by the Contractor to facilitate the electronic funds transfer shall remain confidential to the fullest extent provided by law.

(m)The Authority may waive the requirements of this section for payments in the following circumstances: (1) for individuals or classes of individuals for whom compliance imposes a hardship; or (2) in other circumstances as may be necessary in the best interest of the Authority.

SECTION 6 - FINAL PAYMENT

- (a) Within thirty (30) days after the issuance of the Certificate of Final Acceptance hereinafter provided for, the Authority, subject to all contract provisions, shall pay to the Contractor, by check or otherwise, all sums remaining unpaid and due it under the Contract.
- (b) The Final Payment shall not become due until the Contractor shall deliver to the Authority all releases required by the Authority from all liens, claims and demands arising out of any Work done pursuant to the Contract.
- (c) The acceptance by the Contractor of the Final Payment, or any part thereof, shall be and shall operate as a release of the Authority from all claims and all liability to the Contractor for all things done or furnished in connection with the Work and for every act, omission and neglect of the Authority and others relating to or arising out of this Work, excepting only claims expressly reserved by the Contractor in writing at the time final payment is made.
- (d) No Interest to be Paid. The Contractor agrees that no interest shall be due and payable from the Authority on any retained amounts or on any other sums deducted and withheld from the partial payments or the Final Payment or for failure to make any partial payments or the Final Payment on the date when any such payments may be due.

SECTION 7 - AUTHORITY'S RIGHT TO WITHHOLD MONEY OUT OF PAYMENTS; LIENS

- (a) If the Work is not performed in strict accordance with the Contract, or if the work of any other contract between the Contractor herein and the Authority is not performed in strict accordance with its terms, or if the Authority has a claim against the contractor herein for any other reason whatsoever, or if any claim, just or unjust (including claims for wrongful death and for injuries to person or property), which arises out of the performance of the Work is made against the Authority, the Authority shall have the right to withhold out of any payment, final or otherwise, such sums as the Authority may deem ample to protect it against delays or loss or to assure the payment of such claims on this, or any other open contract which the Contractor has with the Authority.
- (b) In the event that wages have been paid at a rate less than the prevailing wage or the Contractor has failed to pay interest on any underpayment of wages required by the Contract, the Authority shall also have the right to withhold from the Contractor out of any payment, final or otherwise, on this, or any other open contract that the Contractor has with the Authority, so much as may be necessary to pay to laborers, mechanics, architects draftsmen, engineers and technical workers, and other workers employed on the Work, the difference between the sums such persons should have received as wages and the amounts they actually received, and to pay such sums over to such persons. All such payments shall be deemed to be payments for the Contractor's account. In addition, the Contractor shall be required to pay for the cost of any investigation conducted by or on the behalf of the Authority that discovers a failure to pay prevailing wages by the Contractor or its subcontractors. If the Authority discovers such a failure, the Contractor shall submit a certified check to the Authority for the administrative cost of the investigation, as such cost has been assessed by the Authority. The certified check shall be submitted to the Office of Prevailing Wage & Labor Standards.

The Authority shall continue to withhold funds from payments due to the Contractor until the certified check for such cost is received.
- (c) The foregoing provisions shall be construed solely for the benefit of the Authority and shall not be construed to require the Authority to determine or adjust any claims or disputes between the Contractor and any other person or persons.
- (d) Deductions for Defective Work as an Alternative to Requiring Corrections. If the Authority deems it inexpedient to require the Contractor to correct Work damaged or not done in accordance with the Contract, an equitable deduction from the Contract Price shall be made by agreement between the Contractor and the Authority. In the event of the failure of the said parties to reach an agreement, the amount to be so deducted shall be settled in accordance with the procedure hereinafter provided for the settlement of disputes. Until such settlement, the Authority may withhold such sum as it deems just and reasonable from monies, if any, due the Contractor on this, or any other open contract which the Contractor has with the Authority.
- (e) Liens as Bar to Payment. The Contractor shall not, at any time, suffer or permit any lien, attachment, or other encumbrance, under the law of this State or otherwise, by any person or persons whomsoever, to remain on file with the Authority against any money due or to become due for any Work done or materials furnished under the Contract, or by reason of any other claims or demand against the Contractor. Such lien, attachment, or other encumbrance, until it is removed, shall preclude any payment and any and all claims or demand for any payment whatsoever under and by virtue of the Contract.

SECTION 8 - MODIFICATIONS OF COMPENSATION; CHANGES IN THE WORK

- (a) The Authority, without invalidating this Contract or any bonds or security furnished thereunder, and without notice to the sureties, if any, may, at any time after the acceptance of the Contractor's Proposal, make changes by altering or changing the Work or by ordering Extra Work, or by omitting or reducing the Work in part, or, upon five (5) days' notice to the Contractor, in whole, the Contract Price being adjusted as hereinafter provided. Such alterations, changes, extra work, reductions or omissions may be ordered by the Authority solely by written order. When Work is omitted or reduced, in whole or in part, no right to compensation or damages for any loss or cost, including loss of profit, or for any claim or cause of action, shall accrue to the Contractor for any Work so omitted or reduced, except that the Authority will pay, subject to the provisions of this Contract, for all Work actually performed.

(b) For changes resulting in Extra Work, the contract price shall be adjusted by such of the three following methods as the Authority selects:

1. Where unit prices have been established in the Contract, such unit prices may be used as a basis for computing the additions to be made; or
2. The Authority and the Contractor may agree upon unit prices or a lump sum therefor; or
3. The Contract Price may be adjusted in accordance with the following:
 - a. The Contractor shall submit an accurate current account of the actual direct and necessary production cost of the Extra Work itself, with substantiating documentation, subject to audit, as may be required by the Authority, consisting of and limited to the following: labor and items incidental to labor, including Social Security and unemployment insurance; other insurance required by reason of the performance of the extra work; necessary materials, rental value of plant and equipment.
 - b. All other items shall be considered as overhead and not as cost including, but not limited to, supervision, superintendents, timekeepers, clerks, security personnel, small tools, incidental job burdens and general office expense. To the cost calculated as aforesaid shall be added: ten percent (10%) as compensation to the Contractor for overhead and all other costs and ten percent (10%) of the resulting amount as profit.

(c) Where such Extra Work is performed through one or more subcontractors, there shall be added to the extra cost to the contractor of such work computed as above (including any overhead and profit allowed by the contractor to the subcontractor, not exceeding the percentage above prescribed for the contractor), six percent (6%) of such extra cost of the work involved in the change.

(d) For changes resulting in omitted or reduced work, any of the methods set forth in the preceding paragraph (b) shall be utilized in calculating a credit to the Authority.

SECTION 9 - DIFFERING SITE CONDITIONS

(a) The Contractor shall promptly, and before such conditions are disturbed, notify the Authority in writing of (1) subsurface or latent physical conditions at the site differing materially from those indicated in the Contract, or (2) unknown physical conditions at the site, of an unusual nature, differing materially from those ordinarily encountered and generally recognized as inhering in work of the character provided for in this Contract. The Authority shall promptly investigate the conditions, and if it finds that such conditions do materially so differ and cause an increase or decrease in the Contractor's cost of, or the time required for, performance of any part of the work under this Contract, whether or not changed as a result of such conditions, an equitable adjustment shall be made and the contract modified in writing accordingly.

(b) No claim of the Contractor under this provision shall be allowed unless the Contractor has given the notice required in (a) above.

SECTION 10 - EXTRA OR OMITTED WORK

(a) Extra Work is work required by the Authority which in its judgment is in addition to that required by the Contract in its present form. Except in an emergency, written orders must be received by the Contractor prior to the commencement of Extra Work and must expressly and unmistakably indicate the intention of the Authority to treat the Work described therein as Extra Work. The provisions of this Contract relating generally to Work and its performance shall apply to any Extra Work required and to the performance thereof except to the extent that the parties hereto may expressly provide otherwise in connection with any particular item of Extra work.

(b) The Contractor shall, immediately upon receipt of a written order of the Authority, proceed to comply with such written order as regards to any changes involving Extra Work or Work omitted or reduced, regardless of whether or not the adjustment in the Contract Price by reason thereof has been agreed upon.

SECTION 11 - TIME OF ESSENCE

Inasmuch as the provisions hereof relating to the time of performance and completion of the Work are for the purpose of enabling the Authority to administer public property efficiently and economically and in accordance with a predetermined program, all such time limits are of the essence of this Contract.

SECTION 12 - TIME FOR COMMENCEMENT AND NOTIFICATION TO PROCEED

The Contractor shall commence the Work on the date specified in the written notification from the Authority to proceed and shall complete the Work within the time period specified. This notification will be made, in general, no more than thirty (30) calendar days from the date of the Award of the Contract.

SECTION 13 - TIME FOR COMPLETION

The Contractor agrees to complete the Work within the time specified in the Special Notices & Conditions or applicable Notice to Proceed.

SECTION 14 - DELAYS IN PERFORMANCE; EXTENSIONS OF TIME

In the event completion of the Work is necessarily delayed beyond the time for the completion of the Work or the particular portion thereof affected, on

account of unforeseeable causes beyond the control and without the fault or negligence of the Contractor, including, but not restricted to acts or omissions of the Authority, its officers, agents, or employees, whether occurring before or after the acceptance of the Contractor's Proposal, or of any Contractor of the Authority engaged in operations upon the project or third persons, or because of any act of God, strike, embargo upon shipments, insurrection, act of the public enemy, governmental action, unusually severe weather, fire, flood or delays of subcontractors due to such causes, the time for completion shall be extended by a period of time corresponding to the delay, provided that within twenty (20) days from the beginning of such delay the Contractor notifies the Authority of the causes of the delay.

The Authority's determination whether an extension of time is justified and how long the period of extension should be, shall be conclusive and binding upon the Contractor. Except as otherwise provided in this Contract, the Contractor expressly agrees to make no claim or maintain any action against the Authority for damages for suspension of or delay in the performance of this Contract occasioned by delays to or interruptions of the work, and agrees that any such claim shall be fully compensated for by an extension of time to complete performance.

SECTION 15 - SUSPENSION OF WORK

The Authority may order the Contractor to suspend the Work for the Authority's convenience for such period of time it may deem appropriate, provided that where such suspension is for an unreasonable period of time an adjustment shall be made for any increase in the cost of performance of this Contract caused thereby. However, no adjustment shall be made where the work is suspended or delayed by any other cause, including the fault, negligence or improper performance of the Contractor or of any other contractor.

SECTION 16 - RISKS; INDEMNIFICATION

1. **Indemnification.** To the fullest extent permitted by law, the Contractor (the "**Indemnifying Party**") hereby agrees to indemnify, defend (with counsel reasonably acceptable to NYCHA), and hold NYCHA, and NYCHA's Related Parties harmless from and against all "**Indemnified Losses**" (as defined below) that may arise against NYCHA and NYCHA Related Parties arising out of or in any way related to the acts or omissions of the Contractor, or the acts or omissions of its employees, agents, licensees, invitees, contractors, subcontractors or any other entity or person involved in providing the Services under the Contract except to the extent, and only to the extent, such losses arise from the acts or omissions of NYCHA.
2. "Indemnified Losses" are defined as incurred and potential damages, losses, liabilities, costs, expenses, obligations, penalties, fines, impositions, fees, interest, attorneys' fees (including any attorneys' fees incurred in enforcing this indemnity), consultants' fees, expert fees, levies, a decline in value, lien removal or bonding costs, claims, litigation, demands, defenses, judgments, suits, proceedings, disbursements, and settlements, of any kind and nature whatsoever.
3. The Indemnifying Party hereby covenants and agrees that the obligations, indemnities and liabilities of the Indemnifying Party in this Section shall:
 - a) incept upon the Effective Date of this Contract and shall survive the expiration, revocation, termination or expiration of this Contract;
 - b) be triggered by notice to Indemnifying Party by NYCHA, which shall include a summary of the details of the Indemnified Loss as known to NYCHA at the time of notice and NYCHA's direction as to how Indemnifying Party shall indemnify, defend or hold NYCHA harmless including, without limitation the reimbursement of costs, the assumption of legal defense and/or the extension of insurance coverage. SECTION 17 - INTENTIONALLY OMITTED

SECTION 18 - TYPES AND AMOUNTS OF INSURANCE REQUIRED

The Contractor shall obtain and maintain throughout the duration of the Contract the types and amounts of insurance outlined in **Rider 1** hereto compliant with the terms and conditions therein as well as each of the following terms and conditions:

1. **No Services or Scope of Work Excluded** - Insurance policies shall not exclude claims arising out of or in any way related to the Work, scope of work or operations contemplated within the scope of this Contract whether or not such Work, scope of work, or operations are performed directly by the Contractor or by the Contractor's Related Parties.
2. **Severability of Interests - No Employer Exclusions** - Liability insurance policies required by this Contract must extend coverage to NYCHA and NYCHA's Related Parties as additional insureds for any employer over-action or similar claim, and must not exclude liability coverage for NYCHA, or NYCHA's Related Parties, as an additional insured arising out of a claim which alleges or in any way involves the injury of the Contractor, the Contractor's employees or the owners or employees of the Contractor's Related Party performing Work. Liability insurance policies must include an industry standard "Severability of Interests" or "Separation of Insureds" clause providing that no policy exclusion, term or

condition applicable to the Contractor shall affect the availability of coverage to the additional insured.

3. **Change in Risk** - NYCHA reserves the right to revise the types and amounts of insurance required due to any temporary or permanent material change in the services, scope of work or operations which may increase the potential liability of any party, as determined at NYCHA's sole discretion.

4. **Compliance** - Certificates of Insurance and supplementary documentation demonstrating compliance with these requirements shall be submitted (i) upon execution of this Contract, (ii) upon each required insurance policy renewal, and (iii) upon demand of NYCHA. Contractor shall deliver to NYCHA or its designee, or cause its licensed or certified insurance professionals to deliver to NYCHA or its designee, Certificates of Insurance and supplementary documentation certifying compliance with any and all requirements as and when required by NYCHA, including via the online submission and certification of such documents or via email delivery. Certificates of Insurance and supplementary documentation sent through the mail (whether or not certified or notarized) will not be considered received or accepted by NYCHA unless delivered in accordance with the specific directions of NYCHA or its designee.

Requirements may only be waived in writing by an authorized representative of NYCHA's Risk Management Department.

However, NYCHA will grant the following pre-defined conditional waivers:

a. **Auto Liability Insurance Waiver** – will be granted provided Contractor covenants in writing that no vehicles will be used by Contractor or Contractor Related Party on or from any NYCHA property during the Term of this Contract.

b. **Workers' Compensation Waiver** – if Contractor (i) is a sole proprietor, (ii) has no employees or staff of any type, (iii) is legally exempt from New York State Workers' Compensation Law, and (iv) only works with contractors insured for Workers Compensation in compliance with New York State law, then NYCHA will accept New York State's CE-200 form, or any successor and equivalent form authorized by the State of New York, in lieu of the required Workers Compensation insurance.

5. **Insurance Compliance Failure** - Failure to maintain required insurance coverage for the duration of the Contract and any extension thereof, shall be deemed a breach of the Contract. In the event of failure to maintain the required insurance, and in addition to any other rights and remedies available under the Contract, at law or in equity, NYCHA reserves the right at its sole discretion to withhold payment, stop Work or terminate this Contract. NYCHA may also (a) address any gap in insurance coverage required at its own discretion at the Contractor's sole expense and/or (b) require the Contractor to provide formal financial guarantees, such as a bond or letter of credit in the amount equal to NYCHA's projection of the costs of any claim which would have been insured if not for Contractor's failure to comply.

6. **Insurers** – All insurance must be underwritten by insurance companies that are licensed, admitted, approved, or otherwise legally permitted to transact insurance business in the state of New York and which have a minimum AM Best policyholder rating of A- or greater and a minimum AM Best financial size category of VII or greater. Insurance may alternately be underwritten by a Lloyd's of London syndicate or surplus lines insurers authorized to underwrite business in the State of New York.

7. **High Retention or Deductible / Self-Insurance & Alternative Risk Financing** – Insurance policies with retentions or deductibles in excess of ten thousand dollars (\$10,000) or insurance programs including self-insurance, captive insurance, participation in risk purchasing groups or other alternative risk financing mechanisms must be declared to and approved by NYCHA's Risk Management Department prior to being utilized to satisfy the requirements of this Contract. Such approval shall not be unreasonably withheld provided that, whichever mechanism is used, the financial resources and responsibility to pay claims in a manner consistent with the insurance required herein is lawful, demonstrable and credible at NYCHA's sole discretion. Contractor agrees to provide any documentation required by NYCHA to make such a determination and agrees that Contractor will be responsible for all deductibles, retentions, and other self-insured costs of such policies or programs, irrespective of amount.

8. **Notice of Cancellation** – Where commercially available, each insurance policy must be endorsed to provide that such policy may not be canceled without at least thirty (30) days' prior written notice to NYCHA for any reason excepting non-payment of premium for which policy must provide ten (10) days prior written notice of cancellation.

9. **Primary/Excess Policies** – Insurance requirements may be satisfied through any combination of primary and excess insurance which is otherwise compliant with these requirements.

10. **Blanket Insurance** – Insurance policies covering the Work along with other locations and operations of the Contractor are permissible, provided such policies are otherwise compliant with these requirements.

11. **Claims-Made Insurance** – If the Contractor maintains required insurance on a Claims-Made basis, meaning any insurance triggered by the date of the filing of a claim as opposed to the date of the occurrence of a covered loss, then such insurance coverage must remain in effect throughout the statute of limitations applicable to any claims which may be made under that policy.

12. **Minimum Limits** – The limits of insurance required herein are the minimum required by NYCHA and shall not be construed by Contractor or Contractor's insurer as representing any cap or limitation on Contractor's liability under this Contract nor shall such minimum limits be construed as a cap or limitation of NYCHA's right to seek any available coverage or protection under the insurance policies of the Contractor, whether or not required herein.

13. **NYCHA's Insurance** – Contractor acknowledges that NYCHA may maintain insurance policies or reserve funds which address NYCHA's liability and other risk exposure with respect to the Services. Contractor acknowledges that neither Contractor nor Contractor's Related Parties nor the insurers of Contractor or Contractor's Related Parties have any right to or expectation of insurance coverage, protection or proceeds from NYCHA's insurance policies or reserve funds.

14. **Contractor's Related Parties** – Contractor shall require by contract, and shall enforce the requirement that Contractor's Related Parties obtain and maintain no less than one million (\$1,000,000) in General Liability and Auto Liability insurance limits, and statutorily required Workers' Compensation insurance policies, subject to all of the same terms and conditions and providing equivalent protection to NYCHA as required of Contractor by this Contract, with such insurance being applicable to any incident or occurrence arising from the acts or omissions of the Contractor's Related Party with respect to the Work or this Contract.

Subject to the same terms as above, Contractor shall require by contract, and shall enforce the requirement that Contractor's Related Parties obtain and maintain the following additional types and amounts of insurance, subject to all of the above requirements if applicable, as follows:

- a. Professional Liability Insurance of no less than one million dollars (\$1,000,000) for licensed or specialized professional services of design, architecture or engineering or legal, financial or medical services required by the Work and being provided by the Contractor's Related Party.
- b. Pollution Legal Liability Insurance of no less than one million dollars (\$1,000,000) for any treatment, handling, transport or abatement of hazardous material required by the Work which are to be performed by the Contractor's Related Party. This insurance must name NYCHA as an additional insured.

It shall be Contractor's sole responsibility to monitor and enforce the compliance of Contractor's Related Parties with the provisions of this section. Contractor shall provide to NYCHA evidence and documentation of the compliance of the Contractor's Related Parties as and when requested by NYCHA.

SECTION 19 - SURETIES

In the event this Contract requires the Contractor to furnish Performance and Payment Bonds, such bonds shall be in the form prescribed by the Authority and shall be deemed to include the performance of all the Contractor's obligations under the guarantees by the Contractor or subcontractors contained in the Contract Documents.

SECTION 20 - DEFAULTS

- (a) The Authority shall have the right to declare the Contractor in default on the whole or any part of the work if:
1. The Contractor shall fail to begin the Work to be done under the Contract on the date of award or the date otherwise specified in writing by the Authority, or if the Work shall be abandoned by the Contractor, or
 2. The Contract shall be assigned or the Work sublet by the Contractor otherwise than as permitted by the Contract, or
 3. The Contractor has unnecessarily or unreasonably delayed the Work or any part thereof, or has persistently or repeatedly refused or failed to supply enough properly skilled workers or proper materials, or
 4. The Contractor has failed to make prompt payment to subcontractors, suppliers of materials, or other creditors; or has failed to complete the Development Log or to submit the *Contractor Daily Sign-In Sheets* in compliance with the requirements of Section 43 of the General Conditions, below; or has failed to observe or perform the provisions of any term whatsoever of the Contract, or
 5. The Contractor shall become bankrupt or insolvent, or makes an assignment for the benefit of creditors, or its affairs are placed in the hands of a receiver or trustee.
- (b) Upon declaration of default in writing to the Contractor, the Contractor shall not begin or shall discontinue or not resume the work. In such event, the

Authority may take over the Work and prosecute the same to completion as agent for and at the expense of the Contractor, either directly or through other contractors, with or without public advertisement, or by calling upon the surety or sureties, if any, to complete the Contract as provided for in the Performance Bond, and the Contractor and sureties shall be liable to the Authority for any loss, damage, extra cost, or detriment to the Authority thereby. The Authority may take immediate possession of and utilize in completing the Work all materials and equipment provided for the Work. The Authority may also adopt and enforce any subcontracts which may have been let for any part of the Work. The Authority's certificate as to the excess cost and excess time, if any, of completing the Work, and the amount of damage suffered, shall be binding and conclusive upon the Contractor and his sureties.

- (c) The right to declare the Contractor in default for any of the grounds specified or referred to in Section 20(a) of the General Conditions shall be exercised by the Authority by sending the Contractor a written notice setting forth the ground or grounds upon which such default is declared (the "Notice of Default").
- (d) The Authority's determination that the Contractor is in default shall be conclusive, final and binding on the parties and such a finding shall preclude the Contractor from commencing a plenary action for any damages relating to the Contract. If the Contractor protests the Authority's determination, the Contractor may commence a lawsuit in a court of competent jurisdiction of the State of New York under Article 78 of the New York Civil Practice Law and Rules.

SECTION 21 - RIGHTS AND REMEDIES OF CONTRACTOR

The Contractor agrees that money damages are adequate compensation for any breach of the Contract which may be committed by the Authority, and that no default, act or omission of the Authority shall constitute a material breach of the Contract entitling the Contractor to cancel or rescind it or (unless the Authority shall so direct in writing) to suspend or abandon performance. The Contractor hereby waives any and all rights and remedies to which he might otherwise be or become entitled because of any wrongful act or omission of the Authority, saving only the right to money damages.

SECTION 22 - DISPUTES AS TO THE WORK

A fundamental intent of the Contract is that all Work required by the Authority shall be promptly performed in accordance with its directions and to its satisfaction, but without prejudice to the rights of either party as to the proper determination of questions relating to compensation, damages, or other money payments or deductions from payments as provided in this Contract. The Contractor shall, under no circumstances, cause any delay of the Work during any dispute as to the Work or compensation or the meaning of the specifications or plans or drawings, or because of any dissatisfaction with any decision of the Authority, but shall proceed with the Work promptly, as directed.

SECTION 23 - CLAIMS

- (a) If the Contractor claims that any instructions of the Authority, by drawings or otherwise, involve Extra Work entailing extra cost, or claims compensation for any damages sustained by reason of any act or omission of the Authority, or of any other persons, or for any other reason whatsoever, the Contractor shall, within twenty (20) days after such claim shall have arisen, file with the Authority written notice of intention to make a claim for such extra cost or damages, stating in such notice the nature and amount of the extra cost or damages sustained and the basis of the Claim against the Authority. If the Authority shall deem it necessary for proper decision, upon any notice filed hereunder, to require additional data, depositions or verified statements, the Contractor must furnish the same within twenty (20) days after written demand therefor upon him/her.
- (b) The filing by the Contractor of a notice of claim and the compliance by the Contractor with the demand, if any, for additional data, depositions or verified statements, both within the time limited herein, shall be a condition precedent to the settlement of any claim or to the Contractor's right to resort to any proceeding or action to recover thereon, and failure to do so shall be deemed to be a conclusive and binding determination on the Contractor's part that he/she has no claim against the Authority for compensation for Extra Work or for compensation for damages, as the cause may be, and shall be deemed a waiver by the Contractor of all claims for additional compensation or for damages.
- (c) The Authority shall have the right at any time that a claim is made or a lawsuit is brought by the Contractor on any account to audit the books and records of the Contractor with respect to all matters relating to the subject matter of the claim or lawsuit.

SECTION 24 - USE AND CARE OF PREMISES; PARKING

- (a) The Contractor shall confine his apparatus, storage of materials, and operations to the limits indicated by law, ordinances, permits, and rules and regulations, and in accordance with the directions of the Authority. The Contractor shall not unreasonably encumber the premises with his materials. The Contractor shall maintain the premises in a neat and orderly condition and shall from time to time remove all plant, surplus materials, false work, and temporary structures of every nature resulting from his/her or his/her Subcontractor's work. The Contractor and all Subcontractors must collect daily their accumulated rubbish and leave it where designated by the Authority for prompt removal. The Contractor shall assume the entire risk of loss or damage to any materials or equipment stored in any location made available at the development by the Authority.
- (b) The Contractor and its Subcontractors, if any, shall not park their vehicles or otherwise use any parking spaces, grass or gravel areas, or anything of similar nature to park their vehicles, on Authority property. Vehicles parked in unauthorized areas shall be towed at the Contractor or Subcontractor's sole expense.

SECTION 25 - PRECAUTIONS TO BE TAKEN; CLEAN AIR AND WATER

- (a) The Contractor shall perform the Work with all due care and proper precaution, and in such manner as will afford the greatest protection to persons and property on or off the site of the project. The Contractor shall provide all the protection necessary for all materials and Work, whether in progress or completed, and whether incorporated in the project or not, against injury from any cause, and shall place and maintain all necessary and proper guards, lights, and other protective devices for the prevention of accidents and for the protection of workers and the public, and shall post danger signs warning against the hazards created by operations under the Contract. The Contractor shall observe all laws and regulations of the municipality in relation to obstructing the streets, keeping open passageways, and protecting the same where they are exposed and would be dangerous to the public.
- (b) The Contractor at his own cost and expense shall make such arrangements as may be necessary or required to protect the Work from the time it is commenced until the Certificate of Final Acceptance is issued or until the Authority shall otherwise direct.
- (c) In the event the work of the Contract is at a Federally-aided project, the Contractor shall comply with all the requirements of the Clean Air Act, as amended (42 U.S.C. Section 1857 et. seq.); the Water Pollution Control Act, as amended (33 U.S.C. Section 1251 et. seq.) and Executive Order 11738.

SECTION 26 - PERMITS AND INSPECTION FEES

The Authority will arrange for the issuance by the proper governmental agency of all permits necessary for the performance of the Work without cost to the Contractor. The Contractor shall cooperate with the Authority in obtaining such permits, and it shall be the duty of the Contractor, prior to the commencement of the Work, to attend at the office of the issuing department or agency and receive all such permits on behalf of the Authority. All fees required to be paid by the Contractor or any Subcontractor for a license to practice their respective trades shall not be included under the heading of permits and must be obtained at the Contractor's expense. All permits are to be kept at the site of the Project until completion of that part of the Work pertaining to those permits and then turned over to the Authority.

SECTION 27 - COMPLIANCE WITH LAWS AND REGULATIONS

- (a) The Contractor shall give all required notices and comply with all federal, state, municipal, and departmental laws, local laws, ordinances, rules and regulations, notices, orders and any requirements as to permits and licenses which affect the Work and which bear upon the conduct thereof and upon those engaged therein. All costs arising out of the performance of any Work contrary to any of these shall be borne by the Contractor. If the drawings or specifications are at variance with any of these, the Contractor shall promptly notify the Authority in writing so that any necessary changes may be made.
- (b) In furtherance of subsection (a) immediately above, Contractor represents and warrants that the Contractor, its subcontractors and sub-consultants, and all subcontractors or sub-consultants of all tiers including, but not limited to, their employees, consultants, sub-consultants, suppliers (including, but not limited to, suppliers of materials, goods, supplies, equipment or otherwise), agents, and volunteers (such employees, consultants, sub-consultants, suppliers, agents, and volunteers hereinafter referred to as the "**Parties Performing Work**") (i) are, and shall remain for so long as the Contract is in effect, in compliance with all applicable laws, ordinances and codes of the federal, state and local governments which are directly or indirectly related to the Work, including, but not limited to, licensing and compliance requirements, and (ii) shall perform the Work in compliance with all applicable laws, rules, regulations, ordinances and codes of the federal, state and local governments or agency having jurisdiction over, or interest in, the Authority or the Contract, including, but not limited to all provisions of New York State Labor Law and Public Health Law. The Contractor is fully responsible for all subcontractors' and sub-consultants' of all tiers, and the Parties Performing Work' compliance with the terms of the Contract and the acts or omissions of all subcontractors and sub-consultants of all tiers and the acts or omissions of the Parties Performing Work.
- (c) The Contractor shall comply with, and shall cause all subcontractors and sub-consultants of all tiers and all of the Parties Performing Work to comply with, all applicable laws, rules, regulations, ordinances, and codes of the federal, state and local governments, or any agency having jurisdiction over, or interest in, the Authority or the Contract, including, but not limited to, all licensing and compliance requirements related and applicable to the Contract and the performance of the Work and all provisions of New York State law including, but not limited to, the Labor Law and the Public Health Law.
- (d) The Authority and the Contractor are the only parties to the Contract. No subcontract and no approval of any subcontractor or sub-consultant of any tier shall create or be deemed to create any rights in favor of such subcontractor or sub-consultant and against the Authority or create any contractual relationship between any subcontractor or sub-consultant of any tier or any of the Parties Performing Work. The Contractor shall ensure and cause all subcontractors and sub-consultants of any tier and Parties Performing Work under the Contract, to fully (i) perform the Work in strict accordance with the requirements of the Contract, and (ii) abide by all terms and conditions of the Contract. The Contractor shall be responsible and liable for any breach, default, or failure on the part of a subcontractor or sub-consultant of any tier and/or any Parties Performing Work to comply with the foregoing requirements.

SECTION 28 - ORDER OF THE WORK

Unless otherwise specified in writing the Contractor shall commence the Work under the Contract at the time of award. The Authority may also designate the first block, section, or area, or the first apartment or apartments or building or buildings within a block, section, or area, on which the Contractor shall commence work. All work shall be performed in such order and by such methods as will produce the best workmanship, economy, safety and speed.

SECTION 29 - ASSIGNMENT OF BUILDINGS

At the time of the commencement of work, the Authority may not have all the apartments, buildings and the other spaces available. Therefore, the Contractor shall proceed immediately with the Work in such apartments, buildings and other spaces as are made available by the Authority, and will perform all other

work required under the Contract in such order and at such times as the Authority will direct

The progress schedule shall be submitted to the Authority for approval and for such modifications to such schedule as the Authority may deem necessary. The sequence of the performance of the Work may, however, from time to time, be altered by the Authority.

(b) Authority May Require Satisfactory Progress. The Authority shall have the right, without any extra compensation to the Contractor, at any time when, in the judgment of the Authority and the work is not proceeding in accordance with the approved progress chart or schedule, to require the Contractor to take such measures or adopt such methods as may be necessary, in the opinion of the Authority, to obtain and maintain satisfactory progress.

(c) Attendance at Regularly Scheduled Job Meetings. The Contractor shall attend (or cause its authorized representative to attend and act on behalf of the Contractor at) all job meetings regularly scheduled by the Authority. If the Contractor fails to attend or cause its authorized representative to attend any such regularly scheduled job meeting, the Authority may, in its sole discretion, charge the Contractor, and the Contractor shall pay the Authority, a fee of two-hundred and fifty dollars (\$250.00) as an administrative fee. Such fee may be charged against the Contract price or against any other contract the Contractor may have with the Authority.

SECTION 32 - INSPECTION AND TESTS

(a) Generally. The Authority at all times shall have access to the Work, wherever and whenever it is in preparation or progress, and the Contractor shall provide facilities for such access for the purpose of inspection. The Authority will maintain such inspectors as it shall deem necessary to inspect the materials and labor furnished and the Work done, but shall be under no obligation to do so, nor shall it assume any responsibility for defective work which inspection may or could have disclosed. All work, materials, processes of manufacture, and all methods of construction shall at all times and places, including places of manufacture or origin, be subject to inspection and tests as may be determined by the Authority.

In the event the Contractor informs the Authority that the Work or any part of the Work is complete for inspection, whether or not as an element of any requisition for partial payment, and the Authority subsequently determines that the Work or the part thereof does not pass inspection, the Authority shall charge the Contractor and the Contractor shall pay the Authority a fee of fifty dollars (\$50.00) as an administrative fee for the time and travel of the Authority staff directed to inspect such substantially incomplete Work or part thereof. The Authority may, without limitation, credit this fee against the Contract price or any other contract the Contractor may have with the Authority.

(b) Allocation of Costs of Tests and Re-Examination for Work:

1. **Special Tests.** If the Contract Documents, the instructions of the Authority, local laws, or any public agency or officials require any work to be specially tested or approved, the Contractor shall give the Authority timely notice of its readiness for such inspection. All such tests or inspection shall be paid for by the Contractor, except as otherwise specifically provided for.
2. **Other Tests.** The cost of test of materials as may be required by the Authority will be borne by the Authority. If, however, the tests prove that the materials tested are not according to the requirements of the Contract, then the cost of such tests is to be borne by the Contractor.
3. **Re-Examination of Work.** Re-examination of questioned work may be ordered by the Authority and if so ordered the work must be uncovered by the Contractor. If any work be covered up without the approval or consent of the Authority, such work must, upon request of the Authority, be uncovered at the expense of the Contractor.

SECTION 33 - CORRECTION AND REPLACEMENT OF DEFECTIVE OR DAMAGED WORK

Right of Authority to Reject. The Authority may reject defective or unsatisfactory Work or materials. The Contractor shall proceed at once with the correction of rejected, defective, or unsatisfactory workmanship or materials and shall have all objectionable materials removed from the site (or any place used for storing materials for use on the Work) and replaced.

SECTION 34 - MATERIALS AND WORKMANSHIP; PATENTS

(a) Quality and Suitability. All materials, equipment and articles incorporated in the Work shall be new, unless the Authority shall otherwise direct in writing. The Contractor shall, if required, furnish satisfactory evidence as to the kind and quality of materials.

(b) The Contractor shall indemnify, hold and save the Authority harmless from liability of any nature or kind, including claims, suits, judgments, costs, and expenses, for, or on account of any infringement, alleged infringement, or use of any patented or unpatented, or copyrighted or non-copyrighted invention,

This obligation shall be a part of the Work and shall also be subject to the direction of the Authority. If such other contractor shall assert any claim against the Authority on account of any loss, damage, or delay alleged to have been so sustained, the Authority shall notify this Contractor, who shall save the Authority harmless against all claims, losses, costs, expenses, fees, and other liabilities of whatsoever kind, including legal fees and expenses incurred by the Authority in defending any suit or suits based upon such claim or claims, and, if any judgment or claim against the Authority shall be allowed, then this Contractor shall pay or satisfy such judgment or claim and pay all costs and expenses in connection therewith.

SECTION 39 - WORK OF OTHER CONTRACTORS

If any part of this Contractor's Work depends for proper execution or results upon the work of any other contractor, the Contractor herein shall inspect and promptly report to the Authority any defects in such work that render it unsuitable for the proper performance and execution of this Contractor's Work. The failure of the Contractor herein so to inspect and report shall constitute an acceptance by him of the work done under other contracts as fit and proper to receive his Work and to become the basis thereof, except as to defects which may develop in the work done under other contracts after the completion of the Work to be performed under this contract. In the event that any of the Work performed hereunder becomes defective, inadequate, or unsatisfactory because of defects in work done under other contracts which defects should or would have been discovered by a proper inspection of such work by the Contractor herein, then this Contractor shall be responsible and liable to replace such damaged portions of this Work as if the work of any other contractor had not been involved.

SECTION 40 - AUTHORITY POLICY REGARDING MINORITIES, WOMEN AND SMALL BUSINESS ENTERPRISES; ASSIGNMENTS AND SUBCONTRACTING

- (a) General: In addition to the Contractor's and subcontractor's obligations with respect to Section 3 Business Concerns, the Authority has a policy to ensure that all business entities have an equal opportunity to benefit from participation in Authority procurement, consulting and construction activities. In addition to the requirements of subsection (c) below, when issuing solicitations for subcontractors, the Contractor shall take affirmative steps to include minority-owned, women-owned, and small business enterprises since it is the policy of the Authority to ensure that all businesses have an equal opportunity to participate in all aspects of the Authority's procurement of goods and services. The Contractor shall state in all solicitations or advertisements for bids for subcontractors placed by or on behalf of the Contractor that all qualified businesses will receive consideration for subcontracts without regard to the race, color, religion, military service, national origin, sex, age, disability, marital status or sexual orientation of the owners, partners, management or stockholders of a business. In order to fulfill the Contract's Participation Goals as set forth in **Rider 2** attached hereto, the Contractor and subcontractors must be certified by the New York City Department of Small Businesses ("**SBS**"). Minority-owned, women-owned, and small business enterprises are defined as follows:
1. Minority business enterprise ("**MBE**") means a business that is at least 51% owned by one or more minority group members; or, in the case of a publicly-owned business, one in which at least 51% of its voting stock is owned by one or more minority group members, and whose management and daily business operations are controlled by one or more such individuals. For this purpose, minority group members include: (A) Black persons having origins in any of the Black African racial groups; (B) Hispanic persons of Mexican, Puerto Rican, Dominican, Cuban, Central or South American descent of either Indian or Hispanic origin, regardless of race; (C) Native American or Alaskan native persons having origins in any of the original peoples of North America; (D) Asian and Pacific Islander persons having origins in any of the Far East countries, Southeast Asia, the Indian subcontinent or the Pacific Islands; and (E) those groups of United States citizens or resident legal aliens designated by the Small Business Administration or any group designated by the Secretary of the United States Department of Housing and Urban Development.
 2. Women business enterprise ("**WBE**") means a business that is at least 51% owned by one or more women who are United States citizens or resident legal aliens; or, in the case of publicly-owned businesses, one in which at least 51% of the stock is owned by one or more women who are United States citizens or resident legal aliens, and whose management and daily operations of the business are controlled by one or more such women.
- (b) Small business enterprise means a business that is owned by one or more persons who are United States citizens or resident legal aliens, with a place of business located in the United States, operates primarily within the United States and is sized consistently with the requirements set forth in 13 CFR Section 121.201, which defines size standards for small businesses, based on either annual receipts or the number of employees.
- (c) Contracting with Minority and Women-Owned Business Enterprises: In furtherance and not in limitation of subsection (a) above, and subject to subsection (c) below, for the duration of the Contract, the Contractor agrees to fulfill the Contract's contracting requirements with MBEs and WBEs (collectively, "M/WBEs") that are certified as such by the SBS. These requirements are described in greater detail in Rider 2 hereto and shall be fulfilled by the Contractor in accordance with the Contractor's M/WBE Utilization Plan submitted to the Authority as part of the Contractor's bid and made part of the Contract. A copy of the approved M/WBE Utilization Plan shall be included with the Contract as Rider 2-A. For purposes of Rider 2, "Agreement" refers to this Contract and "Consultant" refers to the Contractor.
- (d) In the event the Contractor requested and was granted a waiver ("**M/WBE Waiver**") by the Authority in connection with the M/WBE contracting requirement set forth in **Rider 2**, the M/WBE contracting requirements set forth in Section 1 in **Rider 2** shall not apply to the extent a M/WBE Waiver is granted by the Authority. A copy of the approved M/WBE Waiver shall be included with the Contract as **Rider 2-B** (if applicable).
- (e) The Contractor shall not assign, transfer, convey, sublet (directly or indirectly), or otherwise dispose of this Contract, of any right, title, or interest in or to the same or any part thereof, or monies due or to become due thereunder, without the previous consent in writing of the Authority. Any such assignment made without such written consent shall be void. Nothing herein contained shall be construed to hinder, prevent or affect an assignment by the Contractor for the benefit of his creditors made pursuant to the laws of the State of New York.

SECTION 41 - SUBCONTRACTS

- (a) The Contractor may not subcontract more than 88% of the work unless otherwise agreed in writing by the Authority.
- (b) All subcontracts made by the Contractor must be in writing. No Work may be performed by a subcontractor prior to the Contractor entering into a written subcontract with the subcontractor and complying with the provisions of this section and all other provisions of the Contract applicable to subcontractors.
- (c) The Contractor shall (1) submit to the Authority for its written approval the name, tax ID, trade, address and additional contact information of subcontractors for any part of the Work, (2) file all required disclosures regarding the subcontractor in the Contractor's PASSPort account, and (3) provide any other information requested by the Authority evidencing that the subcontractor has the necessary facilities, skill, integrity, past experience, and financial resources to perform the Work satisfactorily in accordance with the terms of the Contract. Further, if applicable, the Contractor must submit to the Authority a Letter of Assent to the PLA signed by a proposed subcontractor at the same time that the Contractor submits the name of the proposed subcontractor to the Authority for approval. The Contractor's use of any subcontractor to perform the Work including, but not limited to, any of the Proposed Subcontractors, is subject to the Authority's written approval.

(d) If the Contractor seeks to (1) change any of the Proposed Subcontractors identified in its bid, (2) change a subcontractor that has been otherwise approved by the Authority, or (3) use a subcontractor not identified in its bid, the Contractor must submit a written request to the Authority along with the name of the proposed substitute or new subcontractor with full information as to its qualifications and ability to perform the Work satisfactorily (a "**Subcontractor Change**"). A Subcontractor Change is subject to, and expressly conditioned on, the Authority's written approval in accordance with subsection (a) of this section above and the Contractor's compliance with all of the submission requirements in accordance with subsection (b) of this section above. Further, any Subcontractor Change of the Proposed Subcontractors identified in a Sealed Subcontractor List, and any change in the amounts to be paid to each, may only be granted by the Authority upon the Contractor's showing of a legitimate construction need which shall include, but not be limited to, a change in project specifications, a change in construction material costs, a change to subcontractor status as determined pursuant to Section 222(e) of the New York State Labor Law, the subcontractor becoming unavailable to perform the subcontract.

(e) The Contractor shall assume the risk of loss, damage, or delay resulting from a Subcontractor Change. A request for a Subcontractor Change shall act as the Contractor's waiver of any and all claims that the Contractor may bring, under these General Conditions or otherwise, for extra costs, expenses, equitable adjustments, and damages that the Contractor may incur as a result of the Subcontractor Change including, but not limited to, with respect to any time expended by NYCHA in reviewing the Subcontractor Change request or approving the proposed substitute or new subcontractor. Further, the Authority's acceptance of a Subcontractor Change shall not be considered a time extension for the completion of the Work, nor shall it limit the Authority's rights and remedies under the Contract with respect to any delays in completing the Work including, but not limited to, the Authority's right to assess and charge liquidated damages, pursuant to these General Conditions.

(f) The Contractor shall, upon demand of the Authority, submit to the Authority a copy of each contract made with any subcontractor.

(g) The Authority and the Contractor are the only parties to this Contract. No subcontract and no approval of any subcontractor shall create or be deemed to create any rights in favor of such subcontractor and against the Authority or create any contractual relation between any subcontractor or suppliers of material and the Authority.

(h) The Contractor shall not subcontract with any parties listed on the government-wide Excluded Parties List System in the System for Award Management (SAM), in accordance with the Executive Orders 12549 and 12689 and implementing regulations at 2 CFR 180.

SECTION 42 - COMPLIANCE WITH LABOR LAWS AND REGULATIONS

The Contractor shall comply with all provisions of the New York State Labor Law and any law, rule or regulation of the federal, state or city governments, or agencies thereof, applicable to employees engaged in the performance of this Contract and their compensation, except as may otherwise be provided below.

SECTION 43 - PREVAILING WAGE RATES FOR HUD MAINTENANCE CONTRACTS

(a) The Work shall be subject to the U.S. Department of Housing and Urban Development ("HUD") maintenance wage rate requirements. The Contractor shall consult with the Authority's Office of Prevailing Wage & Labor Standards to determine the applicability of prevailing wage schedules established by HUD pursuant to the Housing Act of 1937 (42 U.S.C. 1401 et seq.).

(b) Any prevailing wage rate (including basic hourly rate and any fringe benefits), determined under state law to be prevailing, with respect to any employee in any trade or position employed under the Contract, is inapplicable to the Contract and shall not be enforced against the Contractor or any subcontractor, with respect to employees engaged under the Contract whenever such non-Federal prevailing wage rate, exclusive of any fringe benefits, exceeds the applicable wage rate determined by the Secretary of HUD to be prevailing in the locality with respect to such trade or position. The Contractor shall request an updated HUD Maintenance Wage Rate Decision, if there is ongoing Work when the decision is set to expire. Requests may be made through the Authority's Office of Prevailing Wage & Labor Standards or the department administering the contract.

(c) The Contractor shall post at the Work site, in a place that is prominent, accessible and visible to all employees of the Contractor and its subcontractors during the daily time period that the Contractor and/or subcontractor performs work at the site, the HUD Maintenance Wage Rate Decision.

(d) Contractor Daily Sign-In Sheet. The Contractor shall prepare a daily report on the Authority form entitled Contractor Daily Sign-In Sheet, copies of which can be obtained at the Pre-Start Meeting or at the Maintenance Office in the Development. The Contractor Daily Sign-In Sheet, which consists of an original and two copies, shall be completed in accordance with this provision.

1. At the beginning of each workday, the Contractor shall:
 - a. fill in the top of the Contractor Daily Sign-In Sheet, including the location, date, contractor/ subcontractor name and contract number;

 - d. Ensure that each employee, including those of subcontractors, has signed out and indicated his or her ending time.
2. At the end of each workday, the Contractor shall:
- a. sign the Certification Statement at the bottom of the form to indicate that the information contained in the Contractor Daily Sign- In Sheet is true and accurate;
 - b. submit the original completed form to the development's Maintenance Office for pick-up by the project manager or to the department administering the Contract if required through the invoicing process; and
 - c. Keep the last copy for its records.
- (e) Development Log Book. The Contractor, through a designated supervisor, must record the Contractor's presence and the number of employees present each day in the Development Log, a bound book that is kept in the development's Maintenance Office. The Contractor must ensure that a representative of each subcontractor signs the Development Log.
- (f) Failure by the Contractor to display the HUD Maintenance Wage Rate Decision as required, to prepare and submit the daily report entitled Contractor Daily Sign-In Sheet, or to record the information required on a daily basis in the Development Log shall be deemed a violation of prevailing wage law and Contract requirements. Such failure or the repeated violation of these requirements shall constitute a material breach of the Contract that may result in suspension of the Work, or in termination of the Contract for default, and may also result in a finding of non-responsibility with respect to the possible award of any future Authority contracts.
- (g) The Contractor shall make all payroll records that it is required to maintain pursuant to Sections 47(b) and 49(3) of the General Conditions, available for inspection by authorized representatives of the Authority, including without limitation the Authority's Office of Prevailing Wage and Labor Standards, and the Authority's Office of the Inspector General, and shall permit the above to interview employees during working hours on the job. Failure to provide the records when requested shall constitute a material breach of the Contract that may result in suspension of the Work by the Authority, or in termination of the Contract for default by the Authority, and may also result in a finding of non-responsibility by the Authority with respect to the possible award of any future Authority contracts.
- (h) If any Contractor or subcontractor finds it necessary or desirable during the Term of the Contract to exceed the prevailing wage rates set forth in this Contract, any expense incurred by the Contractor or subcontractor because of the payment of wages in excess of those set forth in this Contract shall not be considered cause for any increase in the amount payable under this Contract. No right of recovery or claim shall be valid and enforceable against the Authority because of such payments.

SECTION 44 - RESERVED

SECTION 45 - PAYMENT OF WAGES AND OBLIGATIONS

Prompt Payment Required. Every employee of the Contractor or subcontractor shall be paid in full, less deductions made mandatory by law, not less often than once in each week and in lawful money of the United States, or by check if the Contractor provides or secures convenient and satisfactory facilities for the cashing of such checks without cost or expense to the employee, in the full amount accrued to each individual at the time of closing of the payroll, which shall be at the latest date practicable prior to the date of payment.

The term "extraordinary emergency" as contained herein shall have the meaning set forth in Section 220 of the New York State Labor Law.
- (b) No contractor or subcontractor contracting for any part of the Contract work may require or permit the employment of maintenance laborers or mechanics to be employed on such work in excess of forty (40) hours in any workweek unless such laborer or mechanic receives compensation at a rate of not less than one and one-half times (1.5x) the basic rate of pay for all hours worked in excess of forty (40) hours in any such workweek, as the case may be.
- (c) **Non-Work Periods.** Unless specifically directed in writing by the Administering Department/Program Unit, the Contractor shall not perform contract work on Authority owned premises as follows:

If the Contractor's request is approved, the Administering Department/Program Unit will communicate this fact to the Contractor in writing, as well as the name of the contract inspector who will be assigned to provide inspection services on the

days approved.

All costs incurred by the Authority, related to inspection services, shall be charged to the Contractor by the issuance of a credit change order to the Contract.

SECTION 47 - LABOR REPORTS AND PAYROLL RECORDS FOR HUD MAINTENANCE CONTRACTS

- (a) **Statements of Amounts Due.** Before any payments shall be made under this Contract, the Contractor and all subcontractors performing any part of the Work called for by this Contract must file in the office of the Authority a verified statement as required by Section 220-a of the New York Labor Law, verifying the amounts then due and owing from the Contractor and subcontractors filing such statements, to any and all laborers for daily or weekly wages on account of labor performed upon the Work under this Contract.
- (b) **Payroll Records.** The Contractor and every subcontractor shall keep payroll records during the course of the Work and for a period of three years thereafter for all laborers and mechanics employed. Such records shall contain the name and full social security number of each such employee, the employee's correct classification, rate of pay, daily and weekly number of hours worked, deductions made, and actual wages paid. The Contractor shall submit weekly to the Authority such copies and summaries (on forms furnished by the Authority or acceptable to the Authority) of all his payrolls and those each of his subcontractors as the Authority may require, together with an affidavit to the effect that such payroll is correct and complete, the wage rates contained therein are not less than those required by the provisions of the Contract Documents and the classifications set forth for each laborer and mechanic conform with the work performed. The weekly summaries submitted to the Authority shall contain the laborer or mechanic's name and only the last four digits of the laborer or mechanic's social security number and shall not contain his/her full social security number. All payroll records shall be available for inspection by the Authority, the United States Department of Housing and Urban Development, and the Contractor shall permit such representatives to interview employees during working hours on the job.

SECTION 48 - CONTRACTOR'S EMPLOYEES; LOCAL EMPLOYMENT

(a) The Contractor shall employ upon all parts of the Work only competent and trustworthy persons, including an expert and reliable supervisor or superintendent. The Contractor shall not employ persons or means which may cause strikes, stoppages, or similar troubles by workers employed either by the Contractor, the subcontractors, or other contractors or their subcontractors, or by other workers whose services affect the progress of the Work.

(b) Resident Employment and Business Opportunity Generally

Section 3 of the Housing and Urban Development Act of 1968, as amended, 12 U.S.C. 1701u ("**Section 3**") ensures that employment and other economic opportunities generated by HUD financial assistance shall be directed to low- and very low-income persons, particularly those who are recipients of government assistance for housing. The Contractor agrees to comply with the HUD regulations in 24 Code of Federal Regulations ("**CFR**") part 75 that implement Section 3 ("**24 CFR 75**"), as applicable to the Work. Specifically, the Contractor shall make, and cause its Subcontractors to make, best efforts to provide employment and training opportunities generated by the Work to Section 3 workers and to award contracts and subcontracts to business concerns that provide economic opportunities to Section 3 workers, and shall include contract language requiring compliance with Section 3 in any Subcontracts used to perform the Work. Throughout the duration of this Contract, the Contractor shall report to the Authority the number of paid hours Section 3 person(s) spent performing Work pursuant to this Contract in accordance with the Authority's reporting requirements. The Contractor acknowledges and agrees that the Section 3 regulations in 24 CFR part 75 replace, in their entirety, the Section 3 regulations formally set forth in 24 CFR 135 and therefore in the event of any conflict between the regulations and requirements set forth in 24 CFR 75 and 24 CFR 135 the regulations and requirements set forth in 24 CFR 75 shall prevail, notwithstanding any reference to 24 CFR 135 that may be set forth in the Contract Documents.

(c) Section 3 Affirmative Action Plan

The contractor must submit, and cause each of its subcontractors to submit, a "Section 3 Affirmative Action Plan" (the "Section 3 AAP") prior to the award of the contract or any subcontract. The provisions of the subcontractor's Section 3 AAP must be consistent with stated objectives of the contractor's Section 3 AAP developed for the contract. The contractor's and each subcontractor's Section 3 AAP must have two parts:

Part I - Opportunities for Employment and Training

Technical Services (generic template)

Under the contract and for each subcontract, the contractor and each subcontractor must review and may implement any of the various examples contained in 24 CFR Part 75, as amended, in meeting its Section 3 obligations with respect to training and employment opportunities for **Section 3 Residents**. The contractor must include any activities proposed to be undertaken by it or its subcontractor in the contractor's Section 3 AAP, which is subject to review and written approval by the Authority. The Authority may require the contractor, and cause the contractor to require each subcontractor, to undertake any of the activities contained in 24 CFR Part 75, if the Authority determines that the contractor or subcontractor may not otherwise meet the numerical goals set forth in Section 3 or otherwise set forth in this contract. In addition, each contractor and subcontractor must perform the following tasks, without limitation:

1. Identify the number of positions, by trade and skill level, required to plan and implement the work to be done at the housing development;
2. Identify the number of those positions currently filled and the number of those positions that are not filled by regular permanent employees;
3. Identify the number of positions by trade and skill level that will be targeted to be filled by **Section 3 Residents**;
4. Make the efforts required under 24 CFR Part 75 to utilize **Section 3 Residents** in filling vacant training and employment positions. In this regard, the Authority has recruited and established lists of applicants for employment, from the residents of the housing development where the work under the contract is being performed and/or from other Authority developments. The successful bidder may utilize such lists in recruiting employees to meet the goals of Section 3. In addition, the successful bidder must take steps at least as extensive as the following:
 - a. Send to each labor organization or representative of workers, which has a collective bargaining agreement or other contract or understanding, a notice advising said labor organization or workers' representative of the contractor's or subcontractor's, as the case may be, commitments under Section 3 and post copies of the notice in conspicuous places available to employees and applicants for employment or training;
 - b. Meet with applicable apprentice program administrators to request their cooperation in identifying and referring unemployed apprentices/trainees who reside in the development or other New York City public housing developments and who otherwise meet the definition of Section 3 Resident;
 - c. Prominently place a notice of training opportunities and eligibility requirements at the development where the work under the contract is being performed, and/or at other New York City public housing developments and/or other places in New York City where applications for training and employment are taken;
 - d. Meet with the resident organization or resident council at the development where the contract work is being performed to inform such resident organization or resident council of applicable eligibility requirements for existing or impending training or employment opportunities and to request the cooperation of such resident organization/council in identifying and referring eligible individuals; and
 - e. Maintain a list of all Residents who apply on their own or by referral and the ultimate disposition of those applications.
7. The contractor or subcontractor may not circumvent the requirements for employing and training new hires of **Section 3 Residents** by filling any vacant employment or training positions generated by the contract or subcontract after the proposed contractor or subcontractor is selected, but before the contract or subcontract is executed.

Part II - Plan to Utilize Section 3 Business Concerns:

For the contract and for each subcontract, the contractor and each subcontractor must review and may implement any of the various examples contained in the 24 CFR Part 75, as amended, in meeting their Section 3 obligations with respect to utilizing **Section 3 Business Concerns**. The contractor must include any activities proposed to be undertaken by the contractor and its subcontractor in the contractor's Section 3 AAP, which is subject to review and written approval by the Authority. The Authority may require that the contractor undertake, and that the contractor cause its subcontractors to undertake, any of the activities contained in 24 CFR Part 75, as amended, if the Authority determines that the contractor or subcontractor may not otherwise meet the numerical goals set forth in Section 3. With respect to Section 3, the contractor and subcontractor must do the following specific tasks:

1. Identify the approximate number and dollar value of subcontracts to be awarded over the duration of the contract or subcontract. This estimate should be broken down by type of business or profession; and
2. Specify a target number and value of subcontracts to be awarded to **Section 3 Business Concerns** based on an analysis of the estimated contract needs. These targets should consider the availability of **Section 3 Business Concerns** within the categories identified in the initial estimate of contract needs.
3. Take specific steps to ensure that **Section 3 Business Concerns** are notified of pending contractual opportunities; and
4. Outline a strategy for achieving the targets established for awards to **Section 3 Business Concerns**.

SECTION 49 - LABOR STANDARDS PROVISIONS

(1) LABOR STANDARDS PROVISIONS

- (i) All maintenance laborers and mechanics employed under this Contract in the operation of the project(s) shall be paid unconditionally and not less often than semi-monthly, and without subsequent deduction (except as otherwise provided by law or regulations), the full amount of wages due at time of payment computed at rates not less than those contained in the wage determination of the Secretary of Housing and Urban Development which is attached hereto and made a part hereof.

Such laborers and mechanics shall be paid the appropriate wage rate on the wage determination for the classification of work actually performed, without regard to skill. Laborers or mechanics performing work in more than one classification may be compensated at the rate specified for each classification for the time actually worked therein; *provided*, that the employer's payroll records accurately set forth the time spent in each classification in which work is performed. The wage determination, including any additional classification and wage rates approved by HUD under paragraph (1)(ii) of this section, shall be posted at all times by the Contractor and its subcontractors at the site of the work in a prominent and accessible place where it can be easily seen by the workers.

- (ii) (A) Any class of laborers or mechanics which is not listed in the wage determination and which is to be employed under the Contract shall be classified in conformance with the wage determination. HUD shall approve an additional classification and wage rate only when the following criteria have been met:

- (1) The work to be performed by the classification required is not performed by a classification in the wage determination; and
 - (2) The classification is utilized in the area by the industry; and
 - (3) The proposed wage rate bears a reasonable relationship to the wage rates contained in the wage determination.
- (B) The wage rate determined pursuant to this paragraph shall be paid to all workers performing work in the classification under this Contract from the first day on which work is performed in the classification.

(2) **WITHHOLDING**

The Contracting Officer, upon his/her own action or upon request of HUD, shall withhold or cause to be withheld from the Contractor under this Contract or any other contract subject to HUD-determined wage rates, with the same prime contractor, so much of the accrued payments or advances as may be considered necessary to pay laborers and mechanics employed by the Contractor or any subcontractor the full amount of wages required by this clause. In the event of failure to pay any laborer or mechanic employed under this Contract, the Contracting Officer or HUD may, after written notice to the Contractor, take such action as may be necessary to cause the suspension of any further payment or advance until such violations have ceased. The Authority or HUD may, after written notice to the Contractor, disburse such amounts withheld for and on account of the Contractor or subcontractor to the respective employees to whom they are due.

(3) **RECORDS**

- (a) The Contractor and each subcontractor shall make and maintain for three (3) years from the completion of the work, records containing the following for each laborer and mechanic:
- (A) Name, address, and social security number;
 - (B) Correct work classification or classifications;
 - (C) Hourly rate or rates of monetary wages paid;
 - (D) Rate or rates of any fringe benefits provided;
 - (E) Number of daily and weekly hours worked;
 - (F) Gross wages earned;
 - (G) Any deductions made; and
 - (H) Actual wages paid.

The Contractor and each subcontractor shall make the records required under paragraph 3(a) available for inspection, copying, or transcription by authorized representatives of HUD or the Authority and shall permit such representatives to interview employees during working hours on the job. If the Contractor or any subcontractor fails to make the required records available, HUD or its designee may, after written notice to the contractor, take such action as may be necessary to cause the suspension of any further payment, advance or guarantee of funds.

4. APPRENTICES AND TRAINEES

- (i) Apprentices and trainees will be permitted to work at less than the predetermined rate for the work they perform when they are employed pursuant to and individually registered in:
 - (A) A bona fide apprenticeship program registered with the U.S. Department of Labor, Employment and Training Administration (ETA), Office of Apprenticeship Training, Employer and Labor Services (OATELS), or with a State Apprenticeship Program (i.e., New York State Department of Labor) recognized by OATELS, or if a person is employed in his/her first 90 days of probationary employment as an apprentice in such an apprenticeship program, who is not individually registered in the program, but who has been certified by OATELS or a state apprenticeship agency (where appropriate) to be eligible for probationary employment as an apprentice;
 - (B) Each apprentice or trainee must be paid at not less than the rate specified in the registered or approved program for the apprentice's/trainee's level of progress, expressed as a percentage of the journeymen hourly rate specified in the applicable wage determination. Apprentices and trainees shall be paid fringe benefits in accordance with the provisions of the registered or approved program. If the program does not specify fringe benefits, apprentices/trainees must be paid the full amount of fringe benefits listed on the wage determination for the applicable classification.
 - (C) The allowable ratio of apprentices or trainees to journeymen on the job site in any craft classification shall not be greater than the ratio permitted to the employer as to the entire work force under the approved program.
 - (D) Any worker employed at an apprentice or trainee wage rate who is not registered in an approved program, and any apprentice or trainee performing work on the job site in excess of the ratio permitted under the approved program, shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed.
 - (E) In the event OATELS, a state apprenticeship agency recognized by OATELS or ETA, or HUD, withdraws approval of an apprenticeship or trainee program, the employer will no longer be permitted to utilize apprentices/trainees at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(5)DISPUTES CONCERNING LABOR STANDARDS

(i) Disputes arising out of the labor standards provisions contained herein, other than those set forth in Section 49A, shall be subject to the following procedures. Disputes within the meaning of this paragraph include disputes between the Contractor (or any of its subcontractors) and the Authority, or HUD, or the employees or their representatives, concerning payment of prevailing wage rates or proper classification. The procedures in this section may be initiated upon HUD's own motion, upon referral of the Authority, or upon request of the Contractor or subcontractor(s).

- (A) A Contractor and/or subcontractor or other interested party desiring reconsideration of findings of violation by the Authority or HUD relating to the payment of straight-time prevailing wages or classification of work shall request such reconsideration by letter postmarked within 30 calendar days of the date of notice of findings issued by the Authority or HUD. The request shall set forth those findings that are in dispute and the reasons, including any affirmative defenses, with respect to the violations. The request shall be directed to the appropriate Authority or HUD official in accordance with instructions contained in the notice of findings or, if the notice does not specify to whom a request should be made, to the Regional Labor Relations Officer (HUD).
- (B) The Authority or HUD official shall, within 60 days (unless otherwise indicated in the notice of findings) after receipt of a timely request for reconsideration, issue a written decision on the findings of violation. The written decision on reconsideration shall contain instructions that any appeal of the decision shall be addressed to the Regional labor Relations officer by letter postmarked within 30 calendar days after the date of the decision. In the event that the Regional Labor relations officer was the deciding official on reconsideration, the appeal shall be directed to the Director, Office of Labor Relations (HUD). Any appeal must set forth the aspects of the decision that are in dispute and the reasons, including any affirmative defenses with respect to the violations.
- (C) The Regional Labor relations Officer shall, within 60 days (unless otherwise indicated in the decision on reconsideration) after receipt of a timely appeal issue a written decision on the findings. A decision of the Regional Labor relations Officer may be appealed to the Director, Office of Labor Relations, by letter postmarked within 30 days of the Regional Labor Relations Officer's decision. Any appeal to the Director must set forth the aspects of the prior decisions that are in dispute and the reasons. The decision of the Director, Office of Labor Relations, shall be final.

This term excludes an Indian tribe, tribal organization, or other Indian organization with respect to expenditures specifically permitted by other Federal law.

"Recipient" includes all contractors, subcontractors at any tier, and subgrantees at any tier of the recipient of funds received in connection with a Federal contract, grant, loan, or cooperative agreement. "Regularly employed" means, with respect to an officer or employee of a person requesting or receiving a Federal contract, grant, loan, or cooperative agreement, an officer or employee who is employed by such person for at least 130 working days within one year immediately preceding the date of the submission that initiates agency consideration of such person for receipt of such contract, grant, loan, or cooperative agreement. An officer or employee who is employed by such person for less than 130 working days within one year immediately preceding the date of submission that initiates agency consideration of such person shall be considered to be regularly employed as soon as he or she is employed by such person for 130 working days.

"State" means a State of the United States, the District of Columbia, the Commonwealth of Puerto Rico, a territory or possession of the United States, an agency or instrumentality of a State, and a multi-State, regional, or interstate entity having governmental duties and powers.

- (ii) The prohibition does not apply as follows:

(A) Agency and legislative liaison by Own Employees.

(I) The prohibition on the use of appropriated funds, in paragraph (b)(i) of this Section 41, does not apply in the case of a payment of reasonable compensation made to an officer or employee of a person requesting or receiving a Federal contract, grant, loan, or cooperative agreement, if the payment is for agency and legislative activities not directly related to a covered Federal action.

(II) For purposes of paragraph (b)(ii)(A)(I) of this Section 41, providing any information specifically requested by an agency or Congress is permitted at any time.

(III) The following agency and legislative liaison activities are permitted at any time only where they are not related to a specific solicitation for any covered Federal action:

(a) Discussing with an agency (including individual demonstrations) the qualities and characteristics of the person's products or services, conditions or terms of sale, and service capabilities; and

(b) Technical discussions and other activities regarding the application or adaptation of the person's products or services for an agency's use.

(c) Capability presentations by persons seeking awards from an agency pursuant to the provisions of the Small Business Act, as amended by Public Law 95-507 and other subsequent amendments.

(V) Only those activities expressly authorized by subdivision (b)(ii)(A)(I) of this clause are permitted under this clause.

(B) Professional and technical services.

(I) The prohibition on the use of appropriated funds, in subparagraph (b)(i) of this Section 41, does not apply in the case of:

(a) A payment of reasonable compensation made to an officer or employee of a person requesting or receiving a covered Federal action or an extension, continuation, renewal, amendment, or modification of a covered Federal action, if payment is for professional or technical services rendered directly in the preparation, submission, or negotiation of any bid, proposal, or application for that Federal action or for meeting requirements imposed by or pursuant to law as a condition for receiving that Federal action.

(b) Any reasonable payment to a person, other than an officer or employee of a person requesting or receiving a covered Federal action or an extension, continuation, renewal, amendment, or modification of a covered Federal action if the payment is for professional or technical services rendered directly in the preparation, submission, or negotiation of any bid, proposal, or application for that Federal action or for meeting requirements imposed by or pursuant to law as a condition for receiving that Federal action. Persons other than officers or employees of a person requesting or receiving a covered Federal action include consultants and trade associations.

(II) For purposes of sub-Section 41(b)(ii)(B)(I), "professional and technical services" shall be limited to advice and analysis directly applying any professional or technical discipline.

(III) Requirements imposed by or pursuant to law as a condition for receiving a covered Federal award include those required by law or regulation, or reasonably expected to be required by law or regulation, and any other requirements in the actual award documents.

(IV) Only those services expressly authorized by subdivisions (b)(ii)(B)(I)(a) and (b) of this section are permitted

under this clause.

(C) Selling activities by independent sales representatives. The prohibition on the use of appropriated funds, in subparagraph (b)(i) of this Section 42, does not apply to the following selling activities before an agency by independent sales representatives, provided such activities are prior to formal solicitation by an agency and are specifically limited to the merits of the matter:

(I) Discussing with an agency (including individual demonstration) the qualities and characteristics of the person's products or services, conditions or terms of sale, and service capabilities; and

(II) Technical discussions and other activities regarding the application or adaptation of the person's products or services for an agency's use.

- (c) Agreement. In accepting any contract, grant, cooperative agreement, or loan resulting from this solicitation, the person submitting the offer agrees not to make any payment prohibited by this clause.
- (d) Penalties. Any person who makes an expenditure prohibited under paragraph (b) of this Section 42 shall be subject to civil penalties as provided for by 31 U.S.C. 1352. An imposition of a civil penalty does not prevent the Government from seeking any other remedy that may be applicable.
- (e) Cost Allowability. Nothing in this clause is to be interpreted to make allowable or reasonable any costs which would be unallowable or unreasonable in accordance with Part 31 of the Federal Acquisition Regulation (FAR), or OMB Circulars dealing with cost allowability for recipients of assistance agreements. Conversely, costs made specifically unallowable by the requirements in this clause will not be made allowable under any of the provisions of FAR Part 31 or the relevant OMB Circulars.
