COURSE DESCRIPTION

Payroll Information Administration System Virtual Instructor-Led Training

This course will enable City employees responsible for updating employee payroll records to use the Payroll Information (*Pi*) Administration System to view and update employee payroll records. At the end of the course, participants will be able to use the *Pi* Admin System to view employee pay records and to process employee payroll transactions. Topics that will be covered in the class include the following:

- Overview of the Payroll Management System (PMS) and its relation to the *Pi* Administration System.
- Navigation in *Pi* Admin and reviewing Employee Inquiry Screens.
- Processing Elected Deductions, Direct Deposit, Taxes, One Time Payment/Deductions, and Miscellaneous Deduction transactions.
- Overview of the Retroactive Subsystem in PMS; processing Pending Pay Details, and Pending Deductions transactions.
- Processing Retro Pay Trigger, Retro Leave Trigger, and Request for Supplemental Payroll transactions.
- Running and Exporting reports in the *Pi* Administration System.
- How to use the Pay Cycle reports from RMDS (Reports Management Distribution System) to review the agency payroll in order to ensure accurate payments for employees.
- Best practices for processing and reviewing employee records and payroll transactions during pay calc week and pay week.

COURSE PREREQUISITE(S):

1. Participants should be *Pi* Admin users who did not previously attend this course.
2. Prior to attending training, participants must be authorized to access *Pi* Admin by their agency *Pi* Admin Security Officer.
3. To successfully complete *Pi* Admin training, participants must have basic desktop computer skills, including navigating Windows, using Chrome or Edge browsers, MS Office Excel and Adobe Reader.
