Data Privacy Event

Celebrating Data Privacy Week

Join us for an empowering seminar designed specifically for older adults (55+) who want to take control of their digital lives!

This engaging and informative session will equip you with the knowledge and tools necessary to navigate the complexities of online privacy confidently.

Topics Covered

- Understanding data privacy and its importance
- How to protect your personal information online
- Recognizing common online scams and fraud
- Strategies for managing privacy settings on social media and popular platforms
- Tips for safe browsing, email usage, and online shopping
