①

- Opportunity = jobs

# = education

- Kids don't see opportunities, and so are not ~~more~~ motivated

- lack of decent education in this neighborhood

- Kids need more exposure to role models

- Falta de trabajos (LACK OF JOBS)

- Falta de lugares de capacitación

para personas mayores. (LACK OF EDUCATIONAL TRAINING FACILITIES FOR SENIORS)

- lack of economic development opportunity

- lack of licenses for vendors

- need more open space nearby

- not enough playgrounds to play in

- vacant lots are turned into buildings, instead of parks

- Need more middle income housing to attract more businesses

- need more opportunities in terms of learning about career paths + social network for young people

- schools are overcrowded, need more funding

- helping schools will help opportunities grow

## OPPORTUNITY ②

- need more access to libraries
- access to wifi/internet
- need better food options, better quality
  - green carts or grocery stores

Street conditions are poor

# SAFETY

Street crossings are unsafe - lots of trouble sense of safety

1

- Not enough lighting - increases sense of safety  
- w/ new residents there will be less person to person knowledge. Support of

- NYPD Community Affairs should be more visible!

available

- each other. People have been robbed on bridge bet Hunts Point + Longwood Background. Checks on tenants

safe routes for children to get around.

- in building. mental health issues are not addressed at buildings  
- Currently have security guards but can't do every thing. It is important for building owners/managers to be involved.

- Lack of sense of safety makes it difficult to invest in housing, businesses, etc. - lighting in parks needs to be beefed up

- Gente en las escaleras de mi edificio (people hanging out in my building's stairs)

- Businesses in the area have been burglarized, lack of security, ~~the~~ the issue has not been addressed. Increases cost of doing business locally.
