FY 2016 Adopted Budget Register of Community Board Budget Priorities

The Register of Community Board Budget Requests for the Adopted Budget reports the FY 2016 adopted budget status of each of the projects and programs requested by the City's 59 community boards.

The FY 2016 Register is the charter mandated product of a dynamic and cyclical budget process for the 59 community boards. The community boards consult with agencies on the capital and expense needs of the district. After consulting, each community board develops and votes separate priorities for up to 40 capital and 25 expense budget requests which the agencies review and respond to in the **Register of Community Board Requests for the Preliminary Budget** in January.

The Mayor's Office of Management and Budget (OMB) reviews these same budget requests and updates the responses for the Executive Budget.

In May, the City Council holds public hearings on the Executive Budget. At these hearings, community boards, community groups and interested citizens may comment on the budget decisions contained in the Register.

In July, OMB publishes the **Register of Community Board Budget Requests for the Adopted Budget** which informs the boards of the final disposition of their original budget priorities. The Adopted Register contains responses that reflect the changes made to the Executive Budget by the City Council.

Capital project requests from community boards are site specific, and primarily for infrastructure or public facility improvements.

For more specific information about programs important to the community boards, refer to each agency's section in the Message of the Mayor for the Executive Capital and Expense Budgets.

Call 212-788-5943 for more information about the community board process including consultations, and the geographic versions of budget documents.

FORMAT OF THE REGISTER

The Register of Community Board Budget Requests is sorted into four versions: Community Board, Borough, Council and Agency. In all versions of the Register, each board's expense requests directly follow their capital requests. The requests are in board order.

LAYOUT OF CAPITAL BUDGET REQUESTS PAGES

Column 1: Priority Number

The priority assigned by a community board reflects the importance of that request as compared to its other requests. Boards may assign Continued Support (CS) to a project which received funding for construction in any year of the current Financial Plan.

Column 2: Tracking Code

The nine digit identification number assigned to each community board budget request. Tracking codes are unique to each request and identify the borough, community district, year submitted, and request. The first digit refers to the borough, 1 = the Bronx, 2 = Brooklyn, 3 = Manhattan, 4 = Queens, and 5 = Staten Island; the second and third digits indicate the district number. The fourth through seventh digits represent the fiscal year in which the project was first submitted and the last two digits are the request number. The letter C in the tenth space indicates a capital budget request.

Column 3: Project Information

Request: A brief description of the project.

Explanation: Supporting information detailing the project, and its potential benefits.

Responsible Agency: The City agency which would implement the project.

Budget Line Number: The number assigned to a capital project that was previously funded or is included in any year of the current Financial Plan.

PROJECT ID: The Capital Project Information System identification number which allows projects to be entered into the City's computer tracking system. The number of the managing agency and the project identification number make up the PROJECT ID of the project.

Source of Request: Any group(s) which support the request.

Column 4: Response

The Adopted Budget recommendation for each budget request.

LAYOUT OF EXPENSE REQUEST PAGES

Column 1: Priority Number

Column 2: Tracking Code

The previously described nine digit identification number followed by the letter E in the tenth space indicates an expense budget request.

Column 3: Project Information

Request, Explanation, Responsible Agency,

Same as previously described for Capital Requests.

Column 4: Response

Same as preciously described for Capital Requests.

CB2 supports continued funding to maintain current level of manpower assigned to the Sign Shop, Pothole Crews and Personnel to conduct Traffic Studies. These divisions of DOT are essential to public safety.</p> <p>Responsible Agency: Department of Transportation</p> <p>Supported by: CB2</p>	<p>OMB supports the agency's position as follows: The agency recommends funding this expense budget request in FY 2016, but at this time the availability of funds is uncertain.</p>
23	402198813E	<p>Request: Increase Funding to Hire More Litigation Attorneys for HPD.</p> <p>Explanation: H.P.D.'s Litigation Bureau needs more attorneys. Because of understaffing, many landlords who fail to make repairs in their buildings are never brought to justice. Comprehensive building-wide actions against landlords are rare. Follow-up is also not done on landlords who default on court stipulations and on civil and contempt cases. The efforts of many other agencies are often negated by this lack of follow-through.</p> <p>Responsible Agency: Department of Housing Preservation & Development</p> <p>Supported by: CB2</p>	<p>The agency will try to accommodate this issue within existing resources. OMB supports the agency's position.</p>
