RE: **Request for a Feasibility Study for Safety Improvements on Broadway and 37th Avenue and on 63rd Street to 69th Street near the BQE Exit**

Dear Commissioner Garcia:

At the September 6, 2022, meeting of the Transportation Committee, a motion was made and seconded to request a feasibility study for safety improvements on Broadway and 37th Avenue and on 63rd Street to 69th Street near the BQE Exit by Hart Playground. All were in favor of the motion by a show of hands with none opposed and no abstentions.

The Committee discussed that motorists are speeding through to exit the BQE and they are not obeying traffic regulations. The location is in need of LPI's and upgrades and traffic calming measures in order to improve the overall safety of the public.

Community Board 2 is requesting the DOT conduct a feasibility study for safety improvements on Broadway and 37th Avenue and on 63rd Street to 69th Street near the BQE exit.

We thank you for your consideration of this request and we look forward to hearing from you.

Sincerely,

Debra Markell Kleinert
District Manager
