N 230113 ZRY for the City of Yes for Carbon Neutrality Citywide Zoning Text Amendment Presentation. The NYC Department of City Planning, in close consultation with the Mayor's Office of Climate and Environmental Justice (MOCEJ), is proposing a citywide zoning text amendment to implement changes to the City's Zoning Resolution to remove impediments to, and expand opportunities for, decarbonization projects within all zoning districts, and across all 59 of the City's Community Districts. The proposed action involves citywide changes to zoning regulations to remove impediments to high-performance building retrofits, measures that are needed to help achieve the City's ambitious climate goals, falling broadly into four key categories: Energy, Buildings, Transportation, and Waste.

*Committee Meetings are open to the public for **observation only**. Members of the public are not to participate in the discussion at Committee Meetings; unlike Public Hearings where members of the public may sign-up in advance for public participation. Members of the public may speak **if and only if** they are invited to do so by the Committee Chair.*
