SUMMARY OF TERMS

The following is qualified in its entirety by reference to the information appearing elsewhere in this Offering Circular. Terms used in this Offering Circular and not defined herein are defined in “APPENDIX A—SUMMARY OF INDENTURE AND AGREEMENT.”

Issuer The New York City Transitional Finance Authority (the “Authority”) is a corporate governmental agency constituting a public benefit corporation and an instrumentality of the State of New York (the “State”) created by the New York City Transitional Finance Authority Act (as amended, the “Act”).

Securities Offered The following Bonds of the Authority are to be issued pursuant to the Amended and Restated Original Indenture, as restated December 1, 2010 (as supplemented, the “Indenture”), by and between the Authority and The Bank of New York Mellon, New York, New York, as trustee (the “Trustee”):

\$632,210,000 Future Tax Secured Subordinate Bonds, Fiscal 2011 Series E (the “Series 2011 E Bonds”); and

\$17,215,000 Future Tax Secured Subordinate Bonds, Fiscal 2011 Series F (the “Series 2011 F Bonds” and, together with the Series 2011 E Bonds, the “Series 2011 E and F Bonds”).

The Series 2011 E and F Bonds will be issued as fixed rate bonds. The Series 2011 E and F Bonds, along with other series of bonds secured by Tax Revenues, are referred to herein as “Future Tax Secured Bonds.” Future Tax Secured Bonds, together with all other series of bonds heretofore or hereafter issued under the Indenture, are referred to herein as the “Bonds.” The Series 2011 E and F Bonds will be issued as Parity Debt subordinate to Senior Debt Service and operating expenses of the Authority. The Series 2011 E and F Bonds will be issued on a parity with the Authority’s Recovery Obligations and other Subordinate Bonds issued on a parity with Recovery Obligations (together, “Parity Debt”). See “SECTION II: SOURCES OF PAYMENT AND SECURITY FOR THE FUTURE TAX SECURED BONDS.”

The Offering The Series 2011 E and F Bonds are being offered to the public, subject to prior sale, when, as and if issued by the Authority and accepted by the Underwriters.

Trustee The Bank of New York Mellon, New York, New York, acts as the Authority’s trustee.

Servicer The New York State Department of Taxation and Finance collects the Tax Revenues, which consist of Personal Income Tax Revenues and Sales Tax Revenues, each as defined herein, and reports the amount of such collections to the State Comptroller. See “SECTION II: SOURCES OF PAYMENT AND SECURITY FOR THE FUTURE TAX SECURED BONDS—Servicing.”

Disbursement Agent The State Comptroller holds Personal Income Tax Revenues in trust for the Authority and deposits such Tax Revenues with the Trustee for payment of Debt Service and other expenses of the Authority. Sales Tax collections are remitted to the State Comptroller who then transfers

	<p>Sales Tax Revenues to the Authority, if and to the extent that Personal Income Tax Revenues are projected to be insufficient to provide at least 150% of the maximum annual debt service on the Authority's Outstanding Bonds, in such amount as is necessary to provide at least 150% of such maximum annual debt service on Outstanding Bonds. Payment of Sales Tax collections to the Authority is not subject to City or State appropriation.</p>
Not Debt of State or City	<p>The Bonds are not a debt of either the State or the City, and neither the State nor the City shall be liable thereon. The Bonds are not payable out of any funds other than those of the Authority. Based on State and federal constitutional, statutory and case law and the terms of the Indenture and the Agreement, Bond Counsel is of the opinion that the Authority is not eligible for protection from its creditors pursuant to Title 11 (the "Bankruptcy Code") of the United States Code; and if the debts of the City were adjusted under the Bankruptcy Code and the City or its creditors were to assert a right to the Tax Revenues equal or prior to the rights of the Holders of Future Tax Secured Bonds, such assertion would not succeed.</p>
Purpose of Issue	<p>The proceeds of the Series 2011 E and F Bonds will be used to redeem, at or prior to maturity, the Future Tax Secured Bonds identified in APPENDIX C hereto (the "Refunded Bonds") by providing for the payment of the principal of and interest and redemption premium, if any, on the Refunded Bonds to the extent and to the payment dates shown on APPENDIX C. The proposed refunding is subject to the delivery of the Series 2011 E and F Bonds. The Refunded Bonds were issued to finance general City capital expenditures. Certain expenses of the Authority incurred in connection with the issuance of the Series 2011 E and F Bonds will be paid from the proceeds of the Series 2011 E and F Bonds.</p>
Tax Revenues	<p>The Series 2011 E and F Bonds are payable from the Tax Revenues, which consist of Personal Income Tax Revenues and Sales Tax Revenues. The Act provides that the Authority's Tax Revenues are not funds of the City.</p> <p>The term "Personal Income Tax Revenues" means the collections from the Personal Income Tax less overpayments and State administrative costs. The term "Personal Income Tax" means the tax imposed by the City, as authorized by the State, on the income of City residents and, while applicable, on nonresident earnings in the City.</p> <p>Since the adoption of the Personal Income Tax in 1966, Personal Income Tax Revenues have risen from approximately \$130 million to approximately \$6.9 billion in fiscal year 2010. Personal Income Tax Revenues are projected to be approximately \$7.5 billion, \$8.2 billion, \$8.5 billion, \$9.0 billion and \$9.6 billion in fiscal years 2011 through 2015, respectively. Payment of Personal Income Tax Revenues to the Authority as required by the Act is not subject to State or City appropriation.</p> <p>The term "Sales Tax Revenues" means the collections from the Sales Tax less (i) expenses of the New York State Financial Control Board and the Office of the State Deputy Comptroller ("State Oversight Retention Requirements") and (ii) State administrative costs. See</p>

“SECTION II: SOURCES OF PAYMENT AND SECURITY FOR THE FUTURE TAX SECURED BONDS—Sales Tax.” The term “Sales Tax” means the sales and compensating use tax imposed by the City on the sale and use of tangible personal property and services in the City. Sales Tax is imposed on most categories of property and services at a rate of 4.5%. Sales Tax collections are not subject to City or State appropriation. Pursuant to the Act, Sales Tax Revenues will be available for the payment of the Future Tax Secured Bonds if Personal Income Tax Revenues are projected to be insufficient to provide at least 150% of the maximum annual debt service on the Authority’s Outstanding Bonds. Since the inception of the Sales Tax in fiscal year 1934, Sales Tax Revenues have increased to approximately \$4.9 billion in fiscal year 2010. Sales Tax Revenues are projected to be approximately \$5.5 billion, \$5.8 billion, \$6.0 billion, \$6.1 billion and \$6.4 billion in fiscal years 2011 through 2015, respectively.

Enabling Legislation.....

The Act, which became effective March 5, 1997, provides for the issuance of (i) Bonds and Notes to finance and refinance general City capital purposes, (ii) Recovery Obligations (defined herein) to finance and refinance costs relating to the World Trade Center attack, and (iii) Building Aid Revenue Bonds (defined herein) to finance and refinance portions of the City’s educational facilities capital plan. The Act provides for the payment of such obligations from Revenues and the statutory and contractual covenants of the Authority, the City and the State. Future Tax Secured Bonds including Recovery Obligations are secured by Tax Revenues. Building Aid Revenue Bonds are not Future Tax Secured Bonds, are not secured by Tax Revenues and are secured by the payment of State Building Aid (defined herein) to the Authority.

The Act has been amended several times to increase the amount of debt the Authority is authorized to issue. Most recently, the Act was amended by Chapter 182 of the Laws of New York, 2009, which permits the Authority to have outstanding \$13.5 billion of Future Tax Secured Bonds (including Senior Bonds and Parity Debt but excluding Recovery Obligations). In addition, Chapter 182 permits the Authority to issue additional Future Tax Secured Bonds provided that the amount of such additional bonds, together with the amount of indebtedness contracted by the City, does not exceed the debt limit of the City. As of February 28, 2011, the City’s and the Authority’s combined debt-incurring capacity was approximately \$23.5 billion. The statutory debt limits are binding on the Authority but are not covenants with Bondholders and are subject to change by legislation adopted by the State.

The Authority’s contracts with its Bondholders, including limitations on Senior Bonds, coverage tests and other restrictions on the issuance of additional Bonds, are described herein and are set forth in the Indenture. Those contracts can be changed only in accordance with the provisions of the Indenture relating to amendments thereto. See “—Additional Authority Indebtedness,” “SECTION V: THE AUTHORITY—Other Authority Obligations” and “APPENDIX A—SUMMARY OF INDENTURE AND AGREEMENT.” For information relating to anticipated issuance of Future Tax Secured Bonds, see “SECTION V: THE AUTHORITY—Plan of Finance.”

Additional Authority Indebtedness..... The Indenture provides that Bonds and Notes of the Authority may be issued only: (i) as Senior Bonds (or Notes in anticipation thereof) to pay or reimburse Project Capital Costs, or refund or renew such Bonds or Notes, but not to exceed \$12 billion in Outstanding principal amount and subject to a \$330 million limit on Quarterly Debt Service to be payable; or (ii) as Subordinate Bonds (or Notes in anticipation thereof), with Rating Confirmation; but no Series of Senior Bonds shall be authenticated and delivered without Rating Confirmation unless the amount of collections of Tax Revenues for the twelve consecutive calendar months ended not more than two months prior to the calculation date less the aggregate amount of operating expenses of the Authority for the current fiscal year is at least three times the amount of annual Senior Debt Service, including debt service on the Series of Bonds proposed to be issued, for each fiscal year such bonds will be Outstanding. See “APPENDIX A—SUMMARY OF INDENTURE AND AGREEMENT.”

Parity Debt or Notes in anticipation thereof (which are subordinate to Senior Bonds and Notes) may be issued, provided that collections of Tax Revenues for the most recent fiscal year ended at least two months prior to the date of such issuance are, for each fiscal year during which such proposed Parity Debt is to be outstanding, at least three times the sum of \$1.32 billion (Covenanted Maximum Annual Debt Service for Senior Bonds) and annual debt service on Outstanding Parity Debt, together with the Series proposed to be issued. See “SECTION V: THE AUTHORITY—Other Authority Obligations.”

Outstanding Authority Indebtedness The Authority has Outstanding \$19,124,025,000 of Future Tax Secured Bonds consisting of \$5,859,760,000 of Senior Bonds (including Bonds that have been economically defeased and the maturity value of capital appreciation bonds) and \$13,264,265,000 of Parity Debt (including \$1,466,200,000 of Recovery Obligations), which are the only Subordinate Bonds payable from the Tax Revenues. Of such Senior Bonds, \$1,049,470,000 are variable rate bonds. Of such Parity Debt, \$2,688,590,000 are variable rate bonds. The Authority expects to issue additional Future Tax Secured Bonds, including Senior Bonds and Parity Debt, from time to time for general City purposes and for refunding purposes. For information relating to anticipated issuance of Future Tax Secured Bonds, see “SECTION V: THE AUTHORITY—Plan of Finance.” The Authority has Outstanding \$4,429,850,000 of Building Aid Revenue Bonds and expects to issue additional Building Aid Revenue Bonds in the future. All of the Building Aid Revenue Bonds are fixed rate bonds. Currently, the Authority has no Senior Agreements. See “SECTION V: THE AUTHORITY—Other Authority Obligations” and “APPENDIX A—SUMMARY OF INDENTURE AND AGREEMENT.”

State and City Covenants..... The Act and the Indenture contain the covenant of the State with the Bondholders (the “State Covenant”) that the State shall not limit or alter the rights vested in the Authority by the Act to fulfill the terms of the Indenture, or in any way impair the rights and remedies of such holders or the security for the Bonds until such Bonds, and all costs and expenses in connection with any action or proceeding by or on behalf of such holders of the Bonds, are fully paid and discharged. The State Covenant does not restrict the right of the State to amend, modify, repeal or otherwise alter statutes imposing or relating to the Personal Income

Tax, but such taxes payable to the Authority will in all events continue to be so payable so long as any such taxes are imposed.

The Act and the Indenture also contain the covenant of the State that in the event Personal Income Tax Revenues payable to the Authority during any fiscal year are projected by the Mayor of the City to be insufficient to provide at least 150% of maximum annual debt service on Outstanding Bonds, the State Comptroller shall pay to the Authority from Sales Tax Revenues such amount as is necessary to provide at least 150% of such maximum annual debt service on Outstanding Bonds. See “SECTION II: SOURCES OF PAYMENT AND SECURITY FOR THE FUTURE TAX SECURED BONDS—Sales Tax.” The State is not obligated to make any additional payments or impose any taxes to satisfy the debt service obligations of the Authority.

In accordance with the Act, the City has pledged and agreed with the holders of the Bonds (the “City Covenant”) that the City will not limit or alter the rights vested by the Act in the Authority to fulfill the terms of any agreements made with such holders pursuant to the Act, or in any way impair the rights and remedies of such holders or the security for the Bonds until the Bonds are fully paid and discharged. Nothing contained in the Act or the Agreement restricts any right the City may have to amend, modify, repeal or otherwise alter local laws imposing or relating to the Personal Income Tax Revenues payable to the Authority so long as, after giving effect to such amendment, modification or other alteration, the amount of Tax Revenues projected by the Mayor to be available to the Authority during each of its fiscal years following the effective date of such amendment, modification or other alteration is not less than 150% of maximum annual debt service on Outstanding Bonds.

For more information regarding the State and City Covenants, see “SECTION II: SOURCES OF PAYMENT AND SECURITY FOR THE FUTURE TAX SECURED BONDS—Agreements of the State and the City.”

Financing Agreement	The Financing Agreement, dated October 1, 1997, as amended and supplemented, between the Authority and the City, provides for the application of proceeds of the Authority’s Bonds and Notes to fund capital expenditures of the City and Recovery Costs and to refund the Authority’s Bonds and includes covenants of the City and the City’s agreement to hold the Authority harmless against claims related to the Projects.

Application of Tax Revenues	All Tax Revenues in the Tax Revenue Subaccount of the Collection Account shall be applied upon receipt by the Trustee in the following

order of priority: first, to the Bond Account to pay Senior Debt Service in accordance with the Retention Procedures described in the paragraph below; second, to the Authority’s operating expenses, including deposits to the Redemption Account for optional redemption, and any reserves held by the Authority for payment of operating expenses; third, pursuant to Supplemental Indentures, to the Recovery and Parity Debt Account or otherwise for the benefit of holders of Parity Debt (including Bondholders of the Series 2011 E and F Bonds), Subordinate Bondholders, and parties to ancillary and swap contracts, to the extent such Supplemental Indentures may require application of Tax Revenues to pay items after payments of Senior Debt Service and operating expenses; fourth, pursuant to each Officer’s Certificate making reference to this level of priority in accordance with the Indenture; and fifth, to the City as soon as available but not later than the last day of each month, excess Tax Revenues, free and clear of the lien of the Indenture.

Retention Procedures..... On the first business day of each Collection Quarter, which commences on the first day of each August, November, February and May, the Trustee shall begin to transfer all Tax Revenues from the Tax Revenue Subaccount of the Collection Account in proportion to the unfunded balance of the Bond Account in an amount equal to one-half of the Senior Debt Service payable from the Bond Account due in the three-month period following the Collection Quarter (each such period, a “Payment Period,” and the total amount due in each Payment Period is the “Quarterly Payment Requirement”) until the Quarterly Payment Requirement is held in the Bond Account. After retention for Debt Service in the manner described above and payment of Authority operating expenses, at the beginning of each Collection Quarter, the Trustee shall begin to transfer all Tax Revenues in proportion to the unfunded balance with respect to each subaccount of the Recovery and Parity Debt Account, equal to one-half of Quarterly Subordinate Debt Service payable from the Recovery and Parity Debt Account until the full amount of Quarterly Subordinate Debt Service is held in each subaccount of the Recovery and Parity Debt Account. The foregoing payments shall be cumulative so that any shortage in the first month of a Collection Quarter will become part of the funding obligation in the second month of the Collection Quarter and, if necessary, the third month of the Collection Quarter. See “SECTION II: SOURCES OF PAYMENT AND SECURITY FOR THE FUTURE TAX SECURED BONDS—Retention Procedures.”

Defeasance..... The Authority will have the ability to defease any Bonds under the Indenture by depositing Defeasance Collateral with a trustee to provide for payment of principal, interest and premium, if any, thereon. See “SECTION IV: THE SERIES 2011 E AND F BONDS—Defeasance.”

SECTION I: INTRODUCTION

This Offering Circular of the New York City Transitional Finance Authority (the “Authority”) sets forth information concerning the Authority in connection with the sale of the following Bonds by the Authority:

\$632,210,000 Future Tax Secured Subordinate Bonds, Fiscal 2011 Series E (the “Series 2011 E Bonds”); and

\$17,215,000 Future Tax Secured Subordinate Bonds, Fiscal 2011 Series F (the “Series 2011 F Bonds” and, together with the Series 2011 E Bonds, the “Series 2011 E and F Bonds”).

The Series 2011 E and F Bonds will be issued as fixed rate bonds. The Series 2011 E and F Bonds, along with other series of bonds secured by Tax Revenues, are referred to herein as “Future Tax Secured Bonds.” Future Tax Secured Bonds, together with all other series of bonds heretofore or hereafter issued under the Indenture (defined herein), are collectively referred to as the “Bonds.” The Series 2011 E and F Bonds will be issued as Parity Debt subordinate to Senior Debt Service and operating expenses of the Authority. The Series 2011 E and F Bonds will be issued on a parity with the Authority’s Recovery Obligations and other Subordinate Bonds issued on a parity with Recovery Obligations (together, “Parity Debt”). Interest on and principal of the Series 2011 E and F Bonds are payable solely from Tax Revenues.

The Authority is a corporate governmental agency constituting a public benefit corporation and an instrumentality of the State of New York (the “State”) created by the New York City Transitional Finance Authority Act, as amended (the “Act”). The Authority was created to provide for the issuance of debt to fund a portion of the capital program of The City of New York (the “City”). The Act was amended in 2001 to permit the issuance of Future Tax Secured Bonds and Notes (“Recovery Obligations”) to pay costs relating to or arising from the September 11 attack on the World Trade Center (“Recovery Costs”). In 2006, the Act was amended pursuant to Part A-3 of Chapter 58 of the Laws of New York, 2006 (the “School Financing Act”) which authorizes the Authority to issue Bonds to finance a portion of the City’s educational facilities capital plan (“Building Aid Revenue Bonds”) and authorizes the City to assign to the Authority all or any portion of the State aid payable to the City or its school district pursuant to subdivision 6 of Section 3602 of the State Education Law, or any successor provision of State Law (“State Building Aid”). Building Aid Revenue Bonds are not secured by Tax Revenues described below.

The Series 2011 E and F Bonds are being issued pursuant to the Act and the Amended and Restated Original Indenture, as restated December 1, 2010, as supplemented (the “Indenture”), by and between the Authority and The Bank of New York Mellon, New York, New York, as Trustee (the “Trustee”). The Authority and the City entered into a Financing Agreement (the “Agreement”), dated October 1, 1997, as amended, supplemented and in effect from time to time, which provides for the application of the Authority’s Bond proceeds to fund capital expenditures of the City and Recovery Costs and includes various covenants of the City.

The factors affecting the Authority and the Series 2011 E and F Bonds described throughout this Offering Circular are complex and are not intended to be described in this Introduction. This Offering Circular should be read in its entirety. A summary of certain provisions of the Indenture and the Agreement, together with certain defined terms used therein and in this Offering Circular, is contained in “APPENDIX A—SUMMARY OF INDENTURE AND AGREEMENT.”

SECTION II: SOURCES OF PAYMENT AND SECURITY FOR THE FUTURE TAX SECURED BONDS

General

The Series 2011 E and F Bonds are to be issued as Parity Debt. Interest on and principal of the Series 2011 E and F Bonds are payable from Tax Revenues, subordinate to payment of Senior Debt Service, including principal and interest on Senior Bonds Outstanding and to be issued and operating expenses of the Authority. See “—Application of Revenues” herein.

The Act authorizes the Authority to issue debt and secure the repayment of such debt with a pledge of the Authority’s right, title and interest in the Revenues of the Authority, which are required by the Act to be paid to the Authority. A portion of the Authority’s Revenues are derived from the amounts payable to it from the Tax Revenues which are the only source of payment pledged to the holders of the Series 2011 E and F Bonds. See “—Tax Revenues” herein. Pursuant to the Act and the Indenture, the Authority has pledged the Tax Revenues to the Trustee for payment of the principal of and the interest on the Series 2011 E and F

Bonds on a subordinate basis. The Act provides that the Authority's pledge of its Tax Revenues represents a perfected security interest on behalf of the holders of the Future Tax Secured Bonds.

There are no significant assets or sources of funds available to pay the Series 2011 E and F Bonds other than the Tax Revenues. The Series 2011 E and F Bonds will not be guaranteed by the City or the State. Consequently, the holders of the Series 2011 E and F Bonds must rely for repayment solely upon collection of the Tax Revenues and certain accounts held by the Trustee pursuant to the Indenture.

The Authority also derives Revenues from State Building Aid, and federal subsidies with respect to Build America Bonds and Qualified School Construction Bonds under the American Recovery and Reinvestment Act of 2009 (the "Recovery Act"), but such Revenues are not pledged to the Holders of the Series 2011 E and F Bonds. For a description of the application of such federal subsidies under the Indenture, see "APPENDIX A—SUMMARY OF INDENTURE AND AGREEMENT."

The Authority's debt is not debt of the State or the City and neither the State nor the City shall be liable thereon.

The Authority is not authorized by State law to file a petition in bankruptcy pursuant to Title 11 (the "Bankruptcy Code") of the United States Code. Based on State and federal constitutional, statutory and case law and the terms of the Indenture and the Agreement, Bond Counsel is of the opinion that if the debts of the City were adjusted under the Bankruptcy Code and the City or its creditors were to assert a right to the Tax Revenues equal or prior to the rights of the holders of the Future Tax Secured Bonds, such assertion would not succeed.

Tax Revenues

The Series 2011 E and F Bonds are payable from the Tax Revenues on a subordinate basis as described above. Personal Income Tax Revenues are the revenues collected from the Personal Income Tax less overpayments and costs of administration. The Personal Income Tax is the tax imposed by the City as authorized by the State on the income of City residents and, while applicable, on nonresident earnings in the City as described below. Sales Tax Revenues are the revenues collected from the Sales Tax less (i) administrative expenses of the New York State Financial Control Board and the Office of the State Deputy Comptroller (the "State Oversight Retention Requirements"), and (ii) State administrative costs. See "—Sales Tax" herein. The Sales Tax is the tax imposed by the City on the sale and use of tangible personal property and services in the City. Pursuant to the Act, Sales Tax Revenues will be available for the payment of Future Tax Secured Bonds if Personal Income Tax Revenues are projected to be insufficient to provide at least 150% of the maximum annual debt service on the Authority's Outstanding Bonds. For a description of the Personal Income Tax Revenues and the Sales Tax Revenues, including assumptions relating thereto and the expiration and reduction of certain portions thereof, see "—Personal Income Tax" and "—Sales Tax" below. For a description of the servicing and application of the Statutory Revenues, see "—Servicing" and "—Application of Revenues" below.

Historical collections of Tax Revenues for fiscal years 1995 to 2010 and forecasted collections of Tax Revenues for fiscal years 2011 through and including 2015 are shown in the following table. Forecasted collections of Tax Revenues included in this Offering Circular are as forecasted by the New York City Office of Management and Budget (“NYC OMB”) as set forth in the City Financial Plan dated February 17, 2011 (the “Financial Plan”).

⁽¹⁾ The decrease in Tax Revenues from fiscal year 2008 to fiscal year 2009 is attributable, in part, to an adjustment in fiscal year 2009 by the State for overpayments of Personal Income Tax Revenues in fiscal years 2002 through 2009 in the amount of \$597.3 million and, in part, to the economic recession.

⁽²⁾ Forecast. Figures do not reflect deductions for State Oversight Retention Requirements.

The amount of future Tax Revenues to be collected depends upon various factors including the economic conditions in the City. The forecasts of Tax Revenues are not intended to be guarantees of actual collections and results may vary from forecasts. Economic conditions in the City have reflected numerous cycles of growth and recession. There can be no assurance that historical data relating to economic conditions in the City are predictive of future trends or that forecasts of future economic developments will be realized. For more information regarding the economic conditions in the City, see “SECTION III: ECONOMIC AND DEMOGRAPHIC INFORMATION.”

Debt Service Coverage

The Indenture includes the Quarterly Senior Debt Service Covenant which provides that the maximum Quarterly Senior Debt Service may not exceed \$330 million. Annually, this would total \$1.32 billion, which corresponds to the cost of debt service on \$12 billion of Authority debt outstanding at an interest rate of 9% (the “Covenanted Maximum Annual Debt Service for Senior Bonds”). See “SECTION V: THE AUTHORITY—Other Authority Obligations.”

The Indenture provides that other Parity Debt may be issued, provided that collections of Tax Revenues for the most recent fiscal year ended at least two months prior to the date of such issuance are, for each fiscal year during which such proposed Bonds are to be outstanding, at least three times the sum of \$1.32 billion (Covenanted Maximum Annual Debt Service for Senior Bonds) and annual debt service on Outstanding Recovery Obligations and other Parity Debt including annual debt service on the Series proposed to be issued, as estimated in accordance with the Indenture.

The following table shows debt service coverage by historical Tax Revenues based on maximum annual debt service and actual debt service on Outstanding Senior Bonds and Parity Debt.

Projections are based on amounts of Tax Revenues to be retained by the Authority and are calculated without giving effect to prepayments of Authority debt service with grants from the City.

Servicing

Personal Income Tax Collection

The New York State Department of Taxation and Finance collects the Personal Income Tax from employers and individual taxpayers and reports the amount of such funds to the State Comptroller, who holds such collections net of overpayments by taxpayers and administrative costs in trust for the Authority. The amount of overpayments and administrative costs paid by the State Comptroller out of gross Personal Income Tax collections has averaged 15.3% of the annual collections over the last five fiscal years. The State Comptroller is required by the Act, commencing on or before the fifteenth day of each month, to pay the Personal Income Tax Revenues on a daily basis directly to the Trustee for application in accordance with the Indenture. While the State Comptroller is required by statute to transfer the Personal Income Tax Revenues on or prior to the fifteenth day of each month, the usual practice of the State Comptroller is to transfer such funds commencing on the first day of each month. For more information regarding the application of Statutory Revenues upon receipt by the Trustee, see “—Application of Revenues” herein. Payments of the Personal Income Tax Revenues by the State Comptroller to the Authority are not subject to State or City appropriation.

Sales Tax Collection

Sales Tax is collected by vendors and service providers in the City and remitted to the New York State Department of Taxation and Finance monthly, quarterly or annually based on the volume of sales. The New York State Department of Taxation and Finance reports the amounts of such collections to the State Comptroller. Payment of Sales Tax collections by the State Comptroller to the Authority is not subject to City or State appropriation. In the event the Mayor of the City certifies to the State Comptroller that Personal Income Tax Revenues are projected to be insufficient to provide at least 150% of maximum annual debt service on Outstanding Bonds, the Act requires the State Comptroller to pay to the Authority from Sales Tax collections available after payments of State Oversight Retention Requirements and the deduction of State administrative costs, that has averaged 0.46% of the annual collections over the last five fiscal years, an amount necessary to provide at least 150% of maximum annual debt service on the Authority’s Outstanding Bonds. State Oversight Retention Requirements are expected to be approximately \$7 million in fiscal year 2011. In the event Personal Income Tax Revenues are projected to provide coverage of at least 150% of maximum annual debt service on the Outstanding Bonds, no Sales Tax Revenues will be paid by the State Comptroller to the Authority. See “—Agreements of the State and the City” below. The Authority has instructed the State Comptroller to pay Sales Tax Revenues directly to the Trustee, if required, for application in accordance with the Indenture. For more information regarding the application of Statutory Revenues upon receipt by the Trustee, see “—Application of Revenues” below.

Personal Income Tax

For purposes of this Offering Circular the term “Personal Income Tax” means the tax imposed by the City as authorized by the State on the income of City residents and, while applicable, on nonresident earnings in the City. Personal Income Tax collections, net of overpayments and administrative costs required to be paid, are referred to herein as “Personal Income Tax Revenues” and are Revenues of the Authority when they are paid or payable to the Trustee.

The Personal Income Tax was originally adopted in 1966 by State legislation allowing the City to impose a tax on the income of City residents and on nonresident earnings in the City. The Personal Income Tax is composed of several components, which State laws authorize the City to impose. Some of these components have required renewals in the past and will require renewals in the future. The Act provides that nothing contained therein restricts the right of the State to amend, modify, repeal or otherwise alter statutes imposing or relating to the Personal Income Tax, but such taxes payable to the Authority shall in all events continue to be so payable so long as any such taxes are imposed.

In the past, various components of the Personal Income Tax have changed. The Personal Income Tax for 2002 was imposed on City residents according to a schedule of rates (the “Base Rate”) and was subject to an additional 14% surcharge (the “14% Surcharge”) with a resulting maximum rate of 3.648%. The Base Rate and the 14% Surcharge were replaced with a temporary rate schedule for 2003 through 2005. The top rate under this temporary schedule was 4.45%. For 2006, the temporary schedule returned to the Base Rate and the 14% Surcharge. Commencing in 2010, the Base Rate was increased for taxpayers with taxable income above \$500,000, such that the maximum total tax rate is 3.876%. The Base Rate and the 14% Surcharge will remain in effect until their scheduled expiration on January 1, 2012. On January 1, 2012, unless legislation is passed which extends the Base Rate and the 14% Surcharge, a lower rate schedule (the “Reduced Base Rate”) with a maximum rate of 1.48% is to

become effective. The Base Rate, which was implemented in 1989 has, since such time, been scheduled to decline to the Reduced Base Rate on several occasions but such scheduled reductions did not occur because the Base Rate was extended.

The forecasts of Personal Income Tax Revenues contained herein assume the extension of the 14% Surcharge and the current Base Rate after 2011. If the 14% Surcharge is not extended prior to its expiration, Personal Income Tax Revenues (and Tax Revenues) would be reduced by an estimated \$389 million in fiscal year 2012. In the event that both the Base Rate and the 14% Surcharge were not extended prior to their expiration and the Reduced Base Rate became effective, Personal Income Tax Revenues (and Tax Revenues) would be reduced by an estimated \$1.9 billion in fiscal year 2012, \$5.2 billion in fiscal year 2013, \$5.5 billion in fiscal year 2014 and \$5.8 billion in fiscal year 2015. In such an event, Tax Revenues are projected to exceed maximum annual debt service on Outstanding Senior Bonds and Parity Debt by an estimated \$10.2 billion in fiscal year 2012, \$7.3 billion in fiscal year 2013, \$7.6 billion in fiscal year 2014 and \$8.2 billion in 2015.

Personal Income Tax Revenues were approximately \$130 million in fiscal year 1967. The following table shows Personal Income Tax Revenues for fiscal years 1995 through 2010 and forecasted Personal Income Tax Revenues for fiscal years 2011 through 2015.

⁽¹⁾ The decrease in Personal Income Tax Revenues from fiscal year 2008 to fiscal year 2009 is attributable, in part, to an adjustment in fiscal year 2009 by the State for overpayments of Personal Income Tax Revenues in fiscal years 2002 through 2009 in the amount of \$597.3 million and, in part, to the economic recession.

⁽²⁾ Forecast.

For fiscal years 2000 through 2010, an average of 77.0% of Personal Income Tax Revenues was collected through mandatory withholding by employers as a percentage of wage income paid to employees. For fiscal year 2010, \$5.8 billion of the Personal Income Tax Revenues was collected through withholding. State law requires most employers to remit to the New York State Department of Taxation and Finance amounts withheld from income paid to employees within three business days of such payments. For fiscal years 2000 through 2010, approximately 17.5% of Personal Income Tax Revenues was collected from taxpayers through quarterly installment payments on non-wage income and self-employment earnings, and approximately 5.5% of Personal Income Tax Revenues was collected from taxpayers following the end of each calendar year based on the filing of final tax returns.

Sales Tax

For purposes of this Offering Circular, the term “Sales Tax” means the tax on the sale and use of tangible personal property and services in the City imposed by the City. Sales Tax Revenues do not include that portion of the Sales Tax collections required for the State Oversight Retention Requirements or for State administrative costs. Sales Tax Revenues payable by the State Comptroller to the Authority are not subject to City or State appropriation. The Sales Tax is levied on a variety of economic activities including retail sales, utility and communication sales, services and manufacturing at a rate of 4.5%. In addition, the Sales Tax includes a 6.0% tax on receipts from parking, garaging or storing motor vehicles in the City.

Application of Tax Revenues

Upon receipt of (i) Personal Income Tax Revenues and (ii) Sales Tax Revenues, if any are required to be paid to the Authority, the Trustee must deposit such amounts into the Collection Account held by the Trustee within which there is created a Tax Revenue Subaccount and a Building Aid Subaccount. Any Tax Revenues received by the Authority shall be promptly deposited into the Tax Revenue Subaccount.

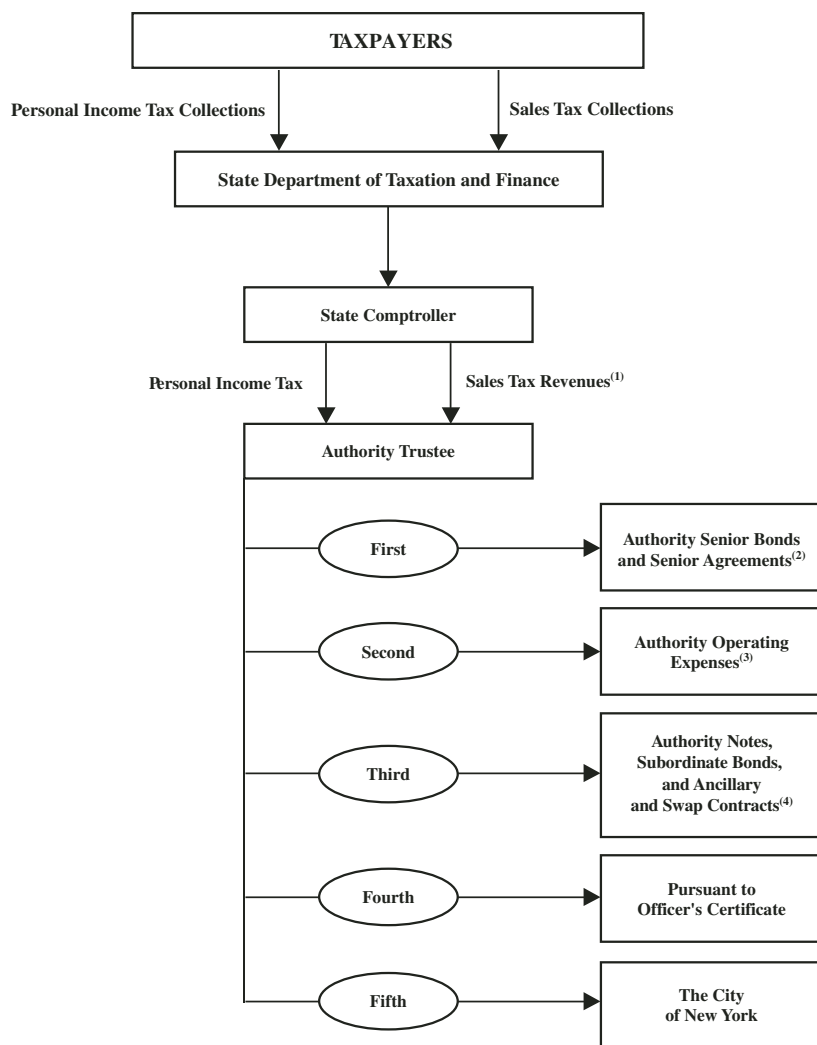

All Tax Revenues in the Tax Revenue Subaccount of the Collection Account shall be applied upon receipt by the Trustee in the following order of priority: *first*, to the Bond Account to pay Senior Debt Service in accordance with the Retention Procedures described below; *second*, to the Authority’s operating expenses, including deposits to the Redemption Account for optional redemption of the Senior Bonds, if any, and any reserves held by the Authority for payment of operating expenses; *third*, pursuant to Supplemental Indentures, to the Recovery and Parity Debt Account or otherwise for the benefit of holders of Parity Debt, Subordinate Bondholders and parties to ancillary and swap contracts (other than Senior Agreements), to the extent such Supplemental Indentures may require application of Tax Revenues to pay items after payments of Senior Debt Service and operating expenses; *fourth*, pursuant to each Officer’s Certificate making reference to this level of priority in accordance with the Indenture; and *fifth*, to the City as soon as available but not later than the last day of each month, excess Tax Revenues, free and clear of the lien of the Indenture.

Future Tax Secured Bonds issued prior to November 16, 2006 (the “Pre-07 S-1 Bonds”), the date of the first issuance of the Authority’s Building Aid Revenue Bonds, will be payable in the first instance from Tax Revenues and solely to the extent that Tax Revenues are insufficient, from State Building Aid. Future Tax Secured Bonds issued after November 16, 2006 are secured only by Tax Revenues and will have no claim to State Building Aid. The Indenture has established within the Bond Account a

Post-07 S-1 Senior Subaccount and a Pre-07 S-1 Senior Subaccount and within the Recovery and Parity Debt Account a Post-07 S-1 Parity Subaccount and Pre-07 S-1 Parity Subaccount in order to permit the application of State Building Aid for the benefit of Pre-07 S-1 Bonds.

The following chart illustrates the collection and flow of Tax Revenues under the Indenture, as described below.

SUMMARY OF COLLECTION AND APPLICATION OF TAX REVENUES

⁽¹⁾ Sales Tax Revenues are available to the Authority only in the event that projected Personal Income Tax Revenues are less than 150% of maximum annual debt service on Outstanding Bonds of the Authority. For further information, see “—Sales Tax.”

⁽²⁾ Tax Revenues will be retained by the Trustee for the payment of Senior Debt Service, in accordance with the Retention Procedures detailed below.

⁽³⁾ After Tax Revenues are retained by the Trustee for the payment of Senior Debt Service, such Tax Revenues are paid to the Authority for its operating expenses.

⁽⁴⁾ Excluding all items payable from State Building Aid. After payment of Authority operating expenses, Tax Revenues are applied for the benefit of Noteholders (for interest only), Subordinate Bondholders and parties to ancillary and swap contracts.

Retention Procedures

A quarterly retention mechanism has been adopted by the Authority to provide for payment of debt service on the Future Tax Secured Bonds.

For each three-month period commencing August, November, February and May (each such period, a “Collection Quarter”), the Trustee shall begin on the first business day of the first month of each Collection Quarter to transfer all Tax Revenues from the Tax Revenue Subaccount of the Collection Account in proportion to the unfunded balance with respect to each subaccount of the Bond Account in an amount equal to one-half of Quarterly Senior Debt Service payable from each subaccount of the Bond Account due in the three-month period commencing November, February, May and August following such Collection Quarter (each such period, a “Payment Period”). The total amount due in each Payment Period is the Quarterly Payment Requirement. On the first business day of the second month of each Collection Quarter the Trustee will resume or continue to transfer all Tax Revenues in proportion to the unfunded balance of the Quarterly Payment Requirement from the Collection Account to each subaccount of the Bond Account until there is on deposit in each subaccount of the Bond Account, or the Redemption Account, as the case may be, the Quarterly Payment Requirement. The obligations of the Trustee for payments to be made from the Tax Revenue Subaccount of the Collection Account to each subaccount of the Bond Account shall be cumulative so that any shortage in the first month of the Collection Quarter will become part of the funding obligations in the second month of the Collection Quarter and, if necessary, the third month of the Collection Quarter. To the extent collections from the Tax Revenues are insufficient during the Collection Quarter to provide for payment requirements in the Pre-07 S-1 Senior Subaccount of the Bond Account, the Trustee will transfer State Building Aid from the Building Aid Subaccount in the amount of any such deficiency on the last Business Day of the Collection Quarter.

After all payments are made to the Bond Account, as described above, and for Authority operating expenses, money on deposit in the Collection Account will be applied in accordance with a quarterly retention method adopted by the Authority to provide for payment of debt service on Recovery Obligations and other Parity Debt. At the beginning of each Collection Quarter, the Trustee shall begin to transfer Tax Revenues in proportion to the unfunded balance with respect to each subaccount of the Recovery and Parity Debt Account, equal to one-half of the Quarterly Subordinate Debt Service payable from each subaccount of the Recovery and Parity Debt Account; and on the first day of the second month of each Collection Quarter, the Trustee shall resume or continue such transfers in proportion to the unfunded balance of Quarterly Subordinate Debt Service in each subaccount of the Recovery and Parity Debt Account until the full amount of the Quarterly Subordinate Debt Service is held in each subaccount of the Recovery and Parity Debt Account. To the extent collections from the Tax Revenues are insufficient during the Collection Quarter to provide for payment requirements in the Pre-07 S-1 Parity Subaccount of the Recovery and Parity Debt Account, the Trustee will transfer State Building Aid from the Building Aid Subaccount in the amount of any such deficiency on the last Business Day of the Collection Quarter. The obligation of the Trustee for payments to be made from the Tax Revenue Subaccount of the Collection Account to each subaccount of the Recovery and Parity Debt Account shall be cumulative so that any shortfall in the first month of the Collection Quarter will become part of the funding obligation in the second month of the Collection Quarter and, if necessary, the third month of the Collection Quarter. As soon as practicable, but not later than the last day of each month, money on deposit in the Tax Revenue Subaccount of the Collection Account will be transferred to the City free and clear of the lien of the Indenture.

Agreements of the State and the City

In the Act, the State pledges and agrees with the holders of the Bonds that the State will not limit or alter the rights vested by the Act in the Authority to fulfill the terms of any agreements made with such holders pursuant to the Act, or in any way impair the rights and remedies of such holders or the security for the Bonds until the Bonds are fully paid and discharged. The Act provides that nothing therein restricts the right of the State to amend, modify, repeal or otherwise alter statutes imposing or relating to the Personal Income Tax, but such taxes payable to the Authority shall in all events continue to be so payable so long as any such taxes are imposed.

In addition and in accordance with the Act, the State pledges and agrees with the holders of the Bonds, to the extent that Personal Income Tax Revenues payable to the Authority during any fiscal year are projected by the Mayor to be insufficient to meet at least 150% of maximum annual debt service on the Bonds then Outstanding, the State Comptroller shall pay to the Authority from Sales Tax Revenues such amount as is necessary to provide at least 150% of such maximum annual debt service on the Outstanding Bonds. See “—Sales Tax” above. The State is not obligated to make any additional payments or impose any taxes to satisfy the debt service obligations of the Authority.

In accordance with the Act, the City will pledge and agree with the holders of the Bonds that the City will not limit or alter the rights vested by the Act in the Authority to fulfill the terms of any agreements made with such holders pursuant to the Act, or in any way impair the rights and remedies of such holders or the security for the Bonds until the Bonds are fully paid and discharged. Nothing contained in the Act or the Agreement restricts any right the City may have to amend, modify, repeal or otherwise alter local laws imposing or relating to the Personal Income Tax Revenues payable to the Authority so long as, after giving effect to such amendment, modification or other alteration, the amount of Tax Revenues projected by the Mayor to be available to the Authority during each of its fiscal years following the effective date of such amendment, modification or other alteration is not less than 150% of maximum annual debt service on Outstanding Bonds of the Authority.

The Bonds are not a debt of either the State or the City, and neither the State nor the City is liable thereon.

The covenants of the City and the State described above shall be of no force and effect with respect to any Bond if there is on deposit in trust with a bank or trust company sufficient cash or Defeasance Collateral to pay when due all principal of, applicable redemption premium, if any, and interest on such Bond.

SECTION III: ECONOMIC AND DEMOGRAPHIC INFORMATION

This section presents certain economic and demographic information about the City which may affect the Tax Revenues of the Authority. All information is presented on a calendar year basis unless otherwise indicated. The data set forth are the latest available but, in many cases, do not reflect the economic downturn that impacted the City from 2007 through the first half of 2010. Sources of information are indicated in the text or immediately following the tables. Although the Authority considers the sources to be reliable, the Authority has made no independent verification of the information presented herein and does not warrant its accuracy.

New York City Economy

The City has a diversified economic base, with a substantial volume of business activity in the service, wholesale and retail trade and manufacturing industries. The City is also the location of many major securities, banking, law, accounting, new media and advertising firms.

The City is a major seaport and focal point for international business. Many of the major corporations headquartered in the City are multinational in scope and have extensive foreign operations. Numerous foreign-owned companies in the United States are also headquartered in the City. These firms, which have increased substantially in number over the past decade, are found in all sectors of the City's economy, but are concentrated in trade, professional and business services, tourism and finance. The City is the location of the headquarters of the United Nations, and several affiliated organizations maintain their principal offices in the City. A large diplomatic community exists in the City to staff the missions to the United Nations and the foreign consulates.

Economic activity in the City has experienced periods of growth and recession and can be expected to experience periods of growth and recession in the future. The City experienced a recession in the early 1970s through the middle of that decade, followed by a period of expansion in the late 1970s through the late 1980s. The City fell into recession again in the early 1990s, which was followed by an expansion that lasted until 2001. The economic slowdown that began in 2001 as a result of the September 11 attack, a national economic recession, and a downturn in the securities industry came to an end in 2003. Subsequently, Wall Street activity, tourism, and the real estate market drove a broad-based economic recovery. The Financial Plan assumes that a decrease in economic activity which began in the second half of calendar year 2007 persisted through the first half of 2010 and that a gradual pickup in economic activity began in the second half of 2010 and continues in 2011. The Financial Plan also assumes total private sector job gains of 39,000 in 2011 and 37,000 in 2012 and assumes an expansion of wage earnings from both the private and public sectors of 3.3% for 2011 and 2.4% for 2012.

Population

The City has been the most populous city in the United States since 1790. The City's population is larger than the combined populations of Los Angeles and Chicago, the two next most populous cities in the nation.

The following table provides information concerning the City’s population.

POPULATION OF NEW YORK CITY

Taxable Sales

The City is a major retail trade market with the greatest volume of retail sales of any city in the nation. The Sales Tax is levied on a variety of economic activities including retail sales, utility and communication sales, services and manufacturing. Between 1999 and 2009, total taxable sales volume grew at a compounded growth rate averaging over 3.0%. The decline in total taxable sales in 2009 reflects a decline in consumption, as a result of local employment losses and the local and national recessions.

The following table illustrates the volume of sales and purchases subject to the Sales Tax from 1999 to 2009.

Personal Income

Total personal income for City residents, unadjusted for the effects of inflation and the differential in living costs, increased from 1998 to 2008 (the most recent year for which City personal income data are available). From 1998 to 2008, personal income in the City and the nation averaged 5.3% growth. After increasing by 8.9% in 2007, total personal income in the City increased by 3.0% in 2008. The following table sets forth information regarding personal income in the City from 1998 to 2008.

Sectoral Distribution of Employment and Earnings

In 2008, the City's service producing sectors provided approximately 3.0 million jobs and accounted for approximately 79% of total employment. Figures on the sectoral distribution of employment in the City from 1980 to 2000 reflect a significant shift to the service producing sectors and a shrinking manufacturing base relative to the nation.

The structural shift to the service producing sectors affects the total earnings as well as the average wage per employee because employee compensation in certain of those sectors, such as financial activities and professional and business services, tends to be considerably higher than in most other sectors. Moreover, average wage rates in these sectors are significantly higher in the City than in the nation. In the City in 2008, the employment share for the financial activities and professional and business services sectors was approximately 28% while the earnings share for those same sectors was approximately 50%. In the nation, those same service producing sectors accounted for only approximately 19% of employment and 25% of earnings in 2008. Due to the earnings distribution in the City, sudden or large shocks in the financial markets may have a disproportionately adverse effect on the City relative to the nation.

The City and the nation’s employment and earnings by sector for 2008 are set forth in the following table.

The comparison of employment and earnings in 1980 and 2000 set forth below is presented using the industry classification system which was in use until the adoption of the NAICS in the late 1990s. Though the NAICS has been implemented for most government industry statistical reporting, most historical earnings data have not been converted. Furthermore, it is not possible to compare data from the two classification systems except in the general categorization of government, private and total employment. The table below reflects the overall increase in the service producing sectors and the declining manufacturing base in the City from 1980 to 2000.

Employment Trends

The City is a leading center for the banking and securities industry, life insurance, communications, publishing, fashion design and retail fields. From 1989 to 1992, the City lost approximately 9% of its employment base. From 1992 to 2000, the City experienced significant private sector job growth with the addition of approximately 452,600 new private sector jobs (an average annual growth rate of approximately 2%). Between 2000 and 2003, the City lost 174,300 private sector jobs. From 2003 through 2008, the City fully recovered those jobs adding a total of 255,700 private sector jobs. In 2009, the City lost 103,800 private sector jobs, while in 2010, the City added 23,500 private sector jobs. As of February 2011, total employment in the City was 3,687,400 compared to 3,650,700 in February 2010, an increase of approximately 1.0%. The table below shows the distribution of employment from 2000 to 2010.

Upon receipt of notice from the Authority of its election to redeem Series 2011 E and F Bonds, the Trustee is to give notice of such redemption by mail to the Holders of Series 2011 E and F Bonds to be redeemed not less than 30 days or more than 60 days prior to the date set for redemption. Failure by a particular holder to receive notice, or any defect in the notice to such holder, will not affect the redemption of any other Bond.

If less than all of a coupon and maturity of the Series 2011 E or F Bonds are called for prior redemption, such Series 2011 E and F Bonds will be selected for redemption, in accordance with DTC procedures, by lot.

Defeasance

The Series 2011 E and F Bonds are subject to legal defeasance in accordance with the Indenture. As a condition to legal defeasance of any of the Bonds, the Authority must obtain an opinion of counsel to the effect that the owners thereof will not recognize income, gain or loss for federal income tax purposes as a result of such legal defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such legal defeasance had not occurred. See “APPENDIX A—SUMMARY OF INDENTURE AND AGREEMENT—The Indenture—*Defeasance*.”

Debt Service Requirements

The following schedule sets forth, for each 12-month period ending June 30 of the years shown, the amounts required to be paid by the Authority for the payment of debt service on all Outstanding Future Tax Secured Bonds (including the Series 2011 E and F Bonds) during such period.

⁽¹⁾ Figures reflect estimated debt service on tax-exempt variable rate bonds calculated at an assumed interest rate of 5% per annum and on taxable variable rate bonds at an assumed rate of 7% per annum. Figures do not reflect the federal subsidy on Build America Bonds and Qualified School Construction Bonds. Figures include Sinking Fund Requirements deposited for payment of the principal of outstanding Qualified School Construction Bonds at maturity but not the maturing principal of outstanding Qualified School Construction Bonds. Fiscal 2003 Series A Bonds maturing after 2014 are assumed to be replaced by variable rate bonds at an assumed rate of 5% after November 1, 2011. Figures include debt service on economically defeased Bonds. Figures for fiscal years after 2011 do not reflect debt service on bonds to be refunded with proceeds of the Series 2011 E and F Bonds.

⁽²⁾ Figures reflect amounts required to be paid during the remainder of fiscal year 2011, including interest on Refunded Bonds that is payable in May 2011 from proceeds of Eligible Investments currently held by the Trustee.

Use of Proceeds

The proceeds of the Series 2011 E and F Bonds will be used to redeem, at or prior to maturity, the Future Tax Secured Bonds identified in APPENDIX C hereto (the “Refunded Bonds”) by providing for the payment of principal of and interest and redemption premium, if any, on the Refunded Bonds to the extent and to the payment dates shown in APPENDIX C. The proposed refunding is subject to the delivery of the Series 2011 E and F Bonds. The Refunded Bonds were issued to finance general City capital expenditures. Certain expenses of the Authority incurred in connection with the issuance and sale of the Series 2011 E and F Bonds will be paid from the proceeds of the Series 2011 E and F Bonds.

Book-Entry Only System

Beneficial ownership interests in the Authority’s bonds and notes (the “Securities”) will be available in book-entry only form. Purchasers of beneficial ownership interests in the Securities will not receive certificates representing their interests in the Securities purchased.

DTC, New York, New York, will act as securities depository for the Securities. References to the Securities under the caption “Book-Entry Only System” shall mean all Series 2011 E and F Bonds held in the United States through DTC. The Securities will be issued as fully registered securities registered in the name of Cede & Co. (DTC’s partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered Security certificate will be issued for each principal amount of Securities of each series maturing on a specific date and bearing interest at a specific interest rate, each in the aggregate principal amount of such quantity of Security, and will be deposited with DTC.

DTC, the world’s largest depository, is a limited-purpose trust company organized under the New York Banking Law, a “banking organization” within the meaning of the New York Banking Law, a member of the Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code, and a “clearing agency” registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC’s participants (“Direct Participants”) deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants’ accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly owned subsidiary of The Depository Trust & Clearing Corporation (“DTCC”). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (“Indirect Participants”). DTC has Standard & Poor’s highest rating: AAA. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com and www.dtc.org.

Purchases of the Securities under the DTC system must be made by or through Direct Participants, which will receive a credit for the Securities on DTC’s records. The ownership interest of each actual purchaser of each Securities (“Beneficial Owner”) is in turn to be recorded on the Direct and Indirect Participants’ records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Securities are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in the Securities, except in the event that use of the book-entry system for the Securities is discontinued.

To facilitate subsequent transfers, all Securities deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of the Securities with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Securities; DTC's records reflect only the identity of the Direct Participants to whose accounts the Securities are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Redemption notices shall be sent to DTC. If less than all of the Securities within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to the Securities unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the Authority as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the Securities are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Principal and interest payments on the Securities will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the Authority or the Trustee on the payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participants and not of DTC, the Trustee, or the Authority, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal and interest to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the Authority or the Trustee, disbursement of such payments to Direct Participants will be the responsibility of DTC and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its service as depository with respect to the Securities at any time by giving reasonable notice to the Authority or the Trustee. Under such circumstances, in the event that a successor depository is not obtained, Security certificates are required to be printed and delivered.

The Authority may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, Security certificates will be printed and delivered to DTC.

THE AUTHORITY AND THE TRUSTEE CANNOT AND DO NOT GIVE ANY ASSURANCES THAT DTC OR DIRECT PARTICIPANTS OR INDIRECT PARTICIPANTS WILL DISTRIBUTE TO THE BENEFICIAL OWNERS OF THE SECURITIES: (1) PAYMENTS OF PRINCIPAL OF OR INTEREST OR REDEMPTION PREMIUM ON THE SECURITIES; (2) CONFIRMATIONS OF THEIR OWNERSHIP INTERESTS IN THE SECURITIES; OR (3) OTHER NOTICES SENT TO DTC OR CEDE & CO., ITS PARTNERSHIP NOMINEE, AS THE REGISTERED OWNER OF THE SECURITIES, OR THAT THEY WILL DO SO ON A TIMELY BASIS, OR THAT DTC OR DIRECT PARTICIPANTS OR INDIRECT PARTICIPANTS WILL SERVE AND ACT IN THE MANNER DESCRIBED IN THIS OFFERING CIRCULAR.

THE AUTHORITY AND THE TRUSTEE WILL NOT HAVE ANY RESPONSIBILITY OR OBLIGATIONS TO DTC, DIRECT PARTICIPANTS, INDIRECT PARTICIPANTS, OR THE BENEFICIAL OWNERS WITH RESPECT TO (1) THE ACCURACY OF ANY RECORDS MAINTAINED BY DTC OR ANY DIRECT PARTICIPANTS OR INDIRECT PARTICIPANTS; (2) THE PAYMENT BY DTC OR ANY DIRECT PARTICIPANTS OR INDIRECT PARTICIPANTS OF ANY AMOUNT DUE TO ANY BENEFICIAL OWNER IN RESPECT OF THE PRINCIPAL AMOUNT OF OR INTEREST OR REDEMPTION PREMIUM ON THE

SECURITIES; (3) THE DELIVERY BY DTC OR ANY DIRECT PARTICIPANTS OR INDIRECT PARTICIPANTS OF ANY NOTICE TO ANY BENEFICIAL OWNER THAT IS REQUIRED OR PERMITTED TO BE GIVEN TO OWNERS UNDER THE TERMS OF THE INDENTURE; OR (4) ANY CONSENT GIVEN OR OTHER ACTION TAKEN BY DTC AS THE REGISTERED HOLDER OF THE SECURITIES.

THE INFORMATION CONTAINED HEREIN CONCERNING DTC AND ITS BOOK-ENTRY SYSTEMS HAS BEEN OBTAINED FROM DTC AND NONE OF THE AUTHORITY OR THE UNDERWRITERS MAKES ANY REPRESENTATION AS TO THE COMPLETENESS OR THE ACCURACY OF SUCH INFORMATION OR AS TO THE ABSENCE OF MATERIAL ADVERSE CHANGES IN SUCH INFORMATION SUBSEQUENT TO THE DATE HEREOF.

Other Authority Obligations

Assuming conditions specified in the Act and the Indenture are met and subject to the limitations described below, the Act authorizes the Authority to issue Future Tax Secured Bonds for general City capital purposes and for

refunding of Future Tax Secured Bonds. The Act has been amended several times to increase the amount of debt the Authority is authorized to issue. Most recently, the Act was amended by Chapter 182 of the Laws of New York, 2009, which permits the Authority to have outstanding \$13.5 billion of Future Tax Secured Bonds (including Senior Bonds and Parity Debt but excluding Recovery Obligations). In addition, Chapter 182 permits the Authority to issue additional Future Tax Secured Bonds provided that the amount of such additional bonds, together with the amount of indebtedness contracted by the City, does not exceed the debt limit of the City. As of February 28, 2011, the City's and the Authority's combined debt-incurring capacity was approximately \$23.5 billion. The statutory debt limits are binding on the Authority but are not covenants with Bondholders and are subject to change by legislation adopted by the State.

The Authority's contracts with its Bondholders, including limitations on Senior Bonds, coverage tests and other restrictions on the issuance of additional Bonds, are set forth in the Indenture and summarized in "APPENDIX A—SUMMARY OF INDENTURE AND AGREEMENT". These contracts can be changed only in accordance with the provisions of the Indenture relating to the amendments thereto. For information relating to anticipated issuance of Future Tax Secured Bonds, see "—Plan of Finance."

The Act also permits the Authority to have outstanding an additional \$2.5 billion of its Recovery Obligations. The School Financing Act authorizes the issuance of Building Aid Revenue Bonds of the Authority in an amount outstanding of up to \$9.4 billion to finance portions of the City's educational facilities capital plan. Building Aid Revenue Bonds are secured by State Building Aid assigned by the City to the Authority. Building Aid Revenue Bonds are not secured by Tax Revenues.

The Authority has Outstanding \$19,124,025,000 of Future Tax Secured Bonds consisting of \$5,859,760,000 of Senior Bonds (including Bonds that have been economically defeased and the maturity value of capital appreciation bonds) and \$13,264,265,000 of Parity Debt (including \$1,466,200,000 of Recovery Obligations), which are the only Subordinate Bonds payable from the Tax Revenues. Of such Senior Bonds, \$1,049,470,000 are variable rate bonds. Of such Parity Debt, \$2,688,590,000 are variable rate bonds.

The Authority has Outstanding \$4,429,850,000 of Building Aid Revenue Bonds. The Authority expects to issue additional Building Aid Revenue Bonds in the future. All of the Building Aid Revenue Bonds are fixed rate bonds. Building Aid Revenue Bonds are not secured by Tax Revenues. Currently, the Authority has no Senior Agreements.

Plan of Finance

The Authority has issued \$3.6 billion in fiscal year 2011, and projects that it will issue approximately \$2.6 billion, \$2.4 billion, \$2.4 billion and \$2.2 billion during fiscal years 2012 through 2015, respectively, of Future Tax Secured Bonds for general City capital purposes. The Authority also expects to issue refunding bonds from time to time. The Authority may issue such Future Tax Secured Bonds as either Senior Bonds or Parity Debt or combinations thereof.

SECTION VI: LITIGATION

There is not now pending any litigation (i) restraining or enjoining the issuance or delivery of the Series 2011 E and F Bonds or questioning or affecting the validity of the Series 2011 E and F Bonds or the proceedings and authority under which they are issued; (ii) contesting the creation, organization or existence of the Authority, or the title of the directors or officers of the Authority to their respective offices; (iii) questioning the right of the Authority to enter into the Indenture or the Agreement and to pledge the Revenues and funds and other moneys and securities purported to be pledged by the Indenture in the manner and to the extent provided in the Indenture; or (iv) questioning or affecting the levy or collection of the Personal Income Tax and Sales Tax in any material respect, or the application of the Personal Income Tax and Sales Tax for the purposes contemplated by the Act, or the procedure thereunder.

SECTION VII: TAX MATTERS

In the opinion of Sidley Austin LLP, New York, New York, as Bond Counsel, interest on the Series 2011 E and F Bonds will be exempt from personal income taxes imposed by the State or any political subdivision thereof, including the City.

The Authority and the City have covenanted to comply with applicable provisions of the Internal Revenue Code of 1986, as amended (the “Code”), relating to the exclusion from gross income of the interest on the Series 2011 E and F Bonds for purposes of federal income taxation. In the opinion of Bond Counsel, assuming compliance by the Authority and the City with such provisions of the Code, interest on the Series 2011 E and F Bonds will not be included in the gross income of the owners thereof for purposes of federal income taxation. Failure by the Authority or the City to comply with such applicable requirements may cause interest on the Series 2011 E and F Bonds to be includable in the gross income of the owners thereof retroactive to the date of the issue of the Series 2011 E and F Bonds. Further, Bond Counsel will render no opinion as to the effect on the exclusion from gross income of interest on the Series 2011 E and F Bonds of any action taken or not taken after the date of such opinion without the approval of Bond Counsel.

In the opinion of Bond Counsel, interest on the Series 2011 E and F Bonds is not a specific preference item for purposes of the federal individual or corporate alternative minimum tax. The Code contains other provisions that could result in tax consequences, upon which Sidley Austin LLP renders no opinion, as a result of (i) ownership of such Series 2011 E and F Bonds or (ii) the inclusion in certain computations (including, without limitation, those related to the corporate alternative minimum tax) of interest that is excluded from gross income. Interest on the Series 2011 E and F Bonds owned by a corporation will be included in the calculation of the corporation’s federal alternative minimum tax liability.

The excess, if any, of the amount payable at maturity of any maturity of the Series 2011 E and F Bonds purchased as part of the initial public offering over the issue price thereof constitutes original issue discount. The amount of original issue discount that has accrued and is properly allocable to an owner of any maturity of the Series 2011 E and F Bonds with original issue discount (a “Discount Bond”) will be excluded from gross income for federal, State and City income tax purposes to the same extent as interest on the Series 2011 E and F Bonds. In general, the issue price of a maturity of the Series 2011 E and F Bonds is the first price at which a substantial amount of Series 2011 E and F Bonds of that maturity was sold (excluding sales to bond houses, brokers or similar persons or organizations acting in the capacity of underwriters, placement agents or wholesalers) and the amount of original issue discount accrues in accordance with a constant yield method based on the compounding of interest. A purchaser’s adjusted basis in a Discount Bond is to be increased by the amount of such accruing discount for purposes of determining taxable gain or loss on the sale or other disposition of such Discount Bonds for federal income tax purposes. A portion of the original issue discount that accrues in each year to an owner of a Discount Bond that is a corporation will be included in the calculation of the corporation’s federal alternative minimum tax liability. In addition, original issue discount that accrues in each year to an owner of a Discount Bond is included in the calculation of the distribution requirements of certain regulated investment companies and may result in some of the collateral federal income tax consequences discussed below. Consequently, owners of any Discount Bond should be aware that the accrual of original issue discount in each year may result in additional distribution requirements or other collateral federal income tax consequences although the owner of such Discount Bond has not received cash attributable to such original issue discount in such year.

The accrual of original issue discount and its effect on the redemption, sale or other disposition of a Discount Bond that is subject to redemption prior to its stated maturity, or a Discount Bond that is not purchased in the initial offering at the first price at which a substantial amount of such Bonds is sold to the public may be determined according to rules that differ from those described above. An owner of a Discount Bond should consult his tax advisors with respect to the determination for federal income tax purposes of the amount of original issue discount with respect to such Discount Bond and with respect to state and local tax consequences of owning and disposing of such Discount Bond.

The excess, if any, of the tax basis of Series 2011 E and F Bonds purchased as part of the initial public offering to a purchaser (other than a purchaser who holds such Series 2011 E and F Bonds as inventory, stock in trade or for sale to customers in the ordinary course of business) over the amount payable at maturity is “bond

premium.” Bond premium is amortized over the term of such Series 2011 E and F Bonds for federal income tax purposes (or, in the case of a bond with bond premium callable prior to its stated maturity, the amortization period and yield may be required to be determined on the basis of an earlier call date that results in the lowest yield on such bond). Owners of such Series 2011 E and F Bonds are required to decrease their adjusted basis in such Series 2011 E and F Bonds by the amount of amortizable bond premium attributable to each taxable year such Series 2011 E and F Bonds are held. The amortizable bond premium on such Series 2011 E and F Bonds attributable to a taxable year is not deductible for federal income tax purposes; however, U.S. Treasury regulations provide that bond premium is treated as an offset to qualified stated interest received on such Series 2011 E and F Bonds. Owners of such Series 2011 E and F Bonds should consult their tax advisors with respect to the determination for federal income tax purposes of the treatment of bond premium upon sale or other disposition of such Series 2011 E and F Bonds and with respect to the state and local tax consequences of owning and disposing of such Series 2011 E and F Bonds.

Ownership of tax-exempt obligations may result in collateral tax consequences to certain taxpayers, including, without limitation, financial institutions, property and casualty insurance companies, certain foreign corporations doing business in the United States, certain S Corporations with excess passive income, individual recipients of Social Security or railroad retirement benefits, taxpayers eligible for the earned income tax credit and taxpayers who may be deemed to have incurred or continued indebtedness to purchase or carry tax-exempt obligations. Prospective purchasers of the Series 2011 E and F Bonds should consult their tax advisors as to the applicability of any such collateral consequences.

Interest paid on tax-exempt obligations will be subject to information reporting in a manner similar to interest paid on taxable obligations. Although such reporting requirement does not, in and of itself, affect the excludability of such interest from gross income for federal income tax purposes, the reporting requirement causes the payment of interest on the Series 2011 E and F Bonds to be subject to backup withholding if such interest is paid to beneficial owners who (a) are not “exempt recipients,” and (b) either fail to provide certain identifying information (such as the beneficial owner’s taxpayer identification number) in the required manner or have been identified by the IRS as having failed to report all interest and dividends required to be shown on their income tax returns. Generally, individuals are not exempt recipients, whereas corporations and certain other entities generally are exempt recipients. Amounts withheld under the backup withholding rules from a payment to a beneficial owner would be allowed as a refund or a credit against such beneficial owner’s federal income tax liability provided the required information is furnished to the IRS.

Future legislative proposals, if enacted into law, regulations, rulings or court decisions may cause interest on the Series 2011 E and F Bonds to be subject directly or indirectly to federal income taxation or State or local income taxation, or otherwise prevent beneficial owners from realizing the full current benefit of the tax status of such interest. Further, legislation or regulatory actions and proposals may affect the economic value of the federal or State tax exemption or the market value of the Series 2011 E and F Bonds. Prospective purchasers of the Series 2011 E and F Bonds should consult their own tax advisors regarding any pending or proposed federal or State tax legislation, regulations, rulings or litigation as to which Bond Counsel expresses no opinion.

The Employee Retirement Income Security Act of 1974, as amended (“ERISA”), and section 4975 of the Code generally prohibit certain transactions between employee benefit plans under ERISA or tax qualified retirement plans and individual retirement accounts under the Code (collectively, the “Plans”) and persons who, with respect to a Plan, are fiduciaries or other “parties in interest” within the meaning of ERISA or “disqualified persons” within the meaning of the Code. In addition, each fiduciary of a Plan (“Plan Fiduciary”) must give appropriate consideration to the facts and circumstances that are relevant to an investment in the Series 2011 E and F Bonds, including the role that such an investment in the Series 2011 E and F Bonds would play in the Plan’s overall investment portfolio. Each Plan Fiduciary, before deciding to invest in the Series 2011 E and F Bonds, must be satisfied that such investment in the Series 2011 E and F Bonds is a prudent investment for the Plan, that the investments of the Plan, including the investment in the Series 2011 E and F Bonds, are diversified so as to minimize the risk of large losses and that an investment in the Series 2011 E and F Bonds complies with the documents of the Plan and related trust, to the extent that such documents are consistent with ERISA. All Plan Fiduciaries, in consultation with their advisors, should carefully consider the impact of ERISA and the Code on an investment in any Series 2011 E and F Bond.

SECTION VIII: RATINGS

The Series 2011 E and F Bonds are rated “AAA” by Standard & Poor’s, “Aa1” by Moody’s and “AAA” by Fitch. Such ratings reflect only the views of Standard & Poor’s, Moody’s and Fitch from which an explanation of the significance of such ratings may be obtained. There is no assurance that a particular rating will continue for any given period of time or that any such rating will not be revised downward or withdrawn entirely if, in the judgment of the Rating Agency originally establishing the rating, circumstances so warrant. A revision or withdrawal of such ratings may have an effect on the market price of the Series 2011 E and F Bonds.

Directors, State and City Not Liable on Notes or Bonds. Neither the Directors of the Authority nor any person executing Notes, Bonds or other obligations of the Authority shall be liable personally thereon or be subject to any personal liability or accountability solely by reason of the issuance thereof.

The Notes, Bonds and other obligations of the Authority shall not be a debt of either the State or the City, and neither the State nor the City shall be liable thereon, nor shall they be payable out of any funds other than those of the Authority; and the Notes and Bonds shall contain on the face thereof a statement to such effect.

Security and Pledge. Pursuant to the Act, the Authority assigns and pledges to the Trustee (a) the Revenues, (b) all rights to receive the Revenues and the proceeds of such rights, (c) all money and Accounts held by the Trustee, (d) the covenants of the City and the State and (e) any and all other property of every kind and nature from time to time, by delivery or by writing of any kind, pledged, assigned or transferred as and for additional security. Except as specifically provided, this assignment and pledge does not include: (i) the rights of the Authority pursuant to provisions for consent or other action by the Authority, notice to the Authority, indemnity or the filing of documents with the Authority, or otherwise for its benefit and not for that of the Beneficiaries, or (ii) any right or power reserved to the Authority pursuant to the Act or other law. The Authority will implement, protect and defend this pledge by all appropriate legal action, the cost thereof to be an operating expense. The preceding, and all pledges and security interests made and granted by the Authority pursuant hereto, are immediately valid, binding and perfected to the full extent provided by the Act. The foregoing collateral is pledged and a security interest is therein granted, to secure the payment of Bonds, Notes, and payments in respect of Senior Agreements and Subordinate Agreements; provided, however, that the pledge and security interest granted to secure the Authority’s obligation to pay Subordinate Bonds and Subordinate Agreements shall be subject and subordinate to the pledge and security interest granted to secure Debt Service, and all Revenues, including the Building Aid, shall be applied in accordance with the Indenture. The lien of such pledge and the obligation to perform the contractual provisions shall have priority over any or all other obligations and liabilities of the Authority secured by the Revenues. The Authority shall not incur any obligations, except as authorized by the Indenture, secured by a lien on the Revenues or Accounts equal or prior to the lien of the Indenture.

Defeasance of the Indenture. When (a) there is held by or for the account of the Trustee Defeasance Collateral in such principal amounts, bearing interest at such rates and with such maturities as will provide sufficient funds to pay or redeem all obligations to Beneficiaries in full, (b) if any Bonds or Notes are to be redeemed prior to the maturity thereof, the Authority shall have taken all action necessary to redeem such Bonds or Notes and notice of such redemption shall have been duly given or irrevocable instructions to give notice shall have been given to the Trustee, and (c) all the rights of the Authority and the Trustee have been provided for, then upon written notice from the Authority to the Trustee, the Beneficiaries shall cease to be entitled to any benefit or security under the Indenture except the right to receive payment of the funds so held and other rights which by their nature cannot be satisfied prior to or simultaneously with termination of the lien, the security interests created by the Indenture (except in such funds and investments) shall terminate, and the Authority and the Trustee shall execute and deliver such instruments as may be necessary to discharge the Trustee’s lien and security interests.

Legal Defeasance of Particular Bonds. If (a) any Bonds or Notes are identified as legally defeased in a Series Resolution pursuant to the Indenture, (b) there is held by or for the account of the Trustee Defeasance Collateral in such principal amounts, bearing fixed interest at such rates and with such maturities as will provide sufficient funds to pay or redeem all obligations to the Holders of such Bonds in full (to be verified by a nationally recognized firm of independent certified public accountants), (c) the Authority has taken all action necessary to redeem any such Bonds or Notes to be redeemed prior to maturity and notice of such redemption has been duly given or irrevocable instructions to give notice have been given to the Trustee, and (d) unless otherwise specified by Series Resolution at issuance of the Bonds or Notes to be defeased, the Authority has delivered to the Trustee an

opinion of Counsel to the effect that the Holders will not recognize income, gain or loss for federal income tax purposes as a result of such legal defeasance and will be subject to federal income tax on the same amounts (if any), in the same manner and at the same times as would have been the case if such legal defeasance had not occurred, then the Authority's obligations under the Indenture with respect to such Bonds or Notes shall terminate, the debt represented thereby shall be legally satisfied, and the Holders shall cease to be entitled to any benefit or security under the Indenture except the right to receive payment of the funds so held and other rights which by their nature cannot be satisfied until such Bonds or Notes are actually paid. Upon such defeasance, the funds and investments required to pay or redeem the Bonds or Notes shall be irrevocably set aside for that purpose, and money held for defeasance shall be invested only as described above and applied to the retirement of the Bonds or Notes.

Notes and Bonds of the Authority. By Series Resolution complying procedurally and in substance with the Act and the Indenture, the Authority may authorize, issue, sell and deliver (i) Bonds or (ii) Notes in anticipation thereof, from time to time in such principal amounts as the Authority shall determine to be necessary, to provide sufficient funds to meet a Capital Financing Need, including paying and reimbursing Project Capital Costs, and funding reserves to secure Notes or Bonds; and may issue Notes or Bonds to renew or refund Notes or Bonds, by exchange, purchase, redemption or payment, and establish such escrows therefor as it may determine.

Bonds and Notes may be issued only:

- (i) as Senior Bonds (or Notes in anticipation thereof) to pay or reimburse Project Capital Costs or refund or renew such Bonds or Notes, but not to exceed \$12 billion in Outstanding principal amount, and subject to a \$330 million limit on Quarterly Debt Service to be payable, or
- (ii) as Subordinate Bonds (or Notes in anticipation thereof), with Rating Confirmation; but
- (iii) no Series of Senior Bonds shall be authenticated and delivered without Rating Confirmation except upon receipt by the Trustee of the following:
 - (w) a certificate by the Director of Management and Budget setting forth the most recent collections for the 12 consecutive calendar months ended not more than two months prior to the date of such certificate, of the Statutory Revenues, in effect at the date of issuance of such Series of Bonds, collected by the State and to be payable to the Authority; and
 - (x) an Officer's Certificate of the Authority setting forth
 - (I) the aggregate amount of Debt Service (excluding any accrued or capitalized interest), including such series of Bonds, for each Fiscal Year such Bonds will be Outstanding,
 - (II) the aggregate amount of operating expenses as estimated by an Authorized Officer of the Authority for the current Fiscal Year, and
 - (III) that the amounts set forth pursuant to clause (w) after deducting the operating expenses set forth pursuant to clause (x)(II), will be at least three times such aggregate amount set forth in clause (x)(I) for each Fiscal Year set forth pursuant to clause (x)(I).

Each interest rate on Outstanding and proposed variable-rate Bonds or Notes (if not economically fixed), shall be assumed at the maximum rate payable to investors other than parties to an ancillary contract.

The Notes and Bonds shall bear such dates and shall mature at such times as the Authority may provide pursuant to the Act. The Notes and Bonds shall bear interest at such fixed or variable rates, and shall be in such denomination, be in such form, either coupon or registered, carry such registration privileges, be executed in such manner, be payable in such medium of payment, at such place and be subject to such terms of redemption as the

Authority may provide pursuant to the Act. The Notes and Bonds may be sold by the Authority at public or private sale pursuant to the Act.

Documents to be Delivered to Trustee. The Authority may from time to time request the authentication and delivery of a Series of Bonds or Notes by providing to the Trustee (among other things) the following:

(a) an Officer's Certificate to the effect that there is no default that will remain uncured immediately following such delivery, nor an uncured failure of the State or the City to comply with their respective agreements provided for in the Act, as in effect at the date of the Indenture; and

(b) an opinion of Counsel as to the due authorization, execution and delivery by the Authority of the Indenture and each relevant Supplemental Indenture; to the effect that the Series Resolution is in full force and effect and that the Bonds or Notes are valid and binding; and after delivery of the first series of Bonds, to the effect that the issuance of the Bonds or Notes will not adversely affect the exclusion from gross income for federal income tax purposes of interest on Tax-Exempt Bonds or Tax-Exempt Notes theretofore issued (as set forth in the opinions delivered with such prior Bonds or Notes).

Ancillary and Swap Contracts. Pursuant to the Act, the Authority may enter into, amend or terminate, as it determines to be necessary or appropriate, any ancillary or swap contracts, including Senior Agreements to facilitate the issuance, sale, resale, purchase, repurchase or payment of Bonds or Notes. The Authority may by Series Resolution provide for the payment through the Bond Account of amounts due on ancillary and swap contracts.

Bond Anticipation Notes. Whenever the Authority shall authorize the issuance of a Series of Bonds, the Authority may, by Series Resolution, authorize the issuance of Notes and renewals thereof in anticipation of such Series. The interest on such Notes and renewals thereof may be made payable from the proceeds of such Notes, from the Bond Account, from the Recovery Account, from the School Bond Account or from the proceeds of renewal notes or the Series of Bonds in anticipation of which such Notes are issued. The proceeds of such renewal notes or Bonds may be pledged for the payment of the principal of or interest on such Notes, and any such pledge shall have a priority over any other pledge of such proceeds created by the Indenture. The Authority may also pledge the Revenues and, subject to the Indenture, the Accounts to the payment of the principal of such Notes.

Recovery Obligations and Other Parity Debt. The Authority may from time to time request the authentication and delivery of a Series of Recovery Obligations or other Parity Debt by providing to the Trustee (among other things) the following at the delivery of Bonds or of Notes in anticipation thereof (but not both):

(i) a certificate by the Director of Management and Budget setting forth the collections for the most recent Fiscal Year ended at least two months prior to the date of such certificate, of the Statutory Revenues collected by the State and to be payable to the Authority; and

(ii) an Officer's Certificate of the Authority setting forth (x) the sum of \$1.32 billion and the aggregate amount of Subordinate Debt Service, including such Series of Bonds (assumed, at the delivery of Notes, to be issued at the Note maturity and to amortize over 30 years at an interest rate of 7%, with level debt service), for each Fiscal Year such Bonds will be Outstanding and (y) that the amounts set forth pursuant to clause (i) will be at least 3 times the sum set forth in clause (ii)(x) for each Fiscal Year set forth pursuant to clause (ii)(x).

School Bonds and School Notes. The Authority may from time to time request the authentication and delivery of a Series of School Bonds or School Notes by providing to the Trustee (among other things) the following at the delivery of such Bonds or of Notes in anticipation thereof (but not both) an Officer's Certificate setting forth:

(i) Annual School Bond Debt Service, including debt service on such Series of Bonds (assumed, at the delivery of Notes, to be issued at or prior to the Note maturity and to amortize and bear interest as specified in such Officer's Certificate) in each Series Fiscal Year, and

(ii) the Confirmed Building Aid payable in the Fiscal Year preceding each Series Fiscal Year, which shall be at least equal to the amount set forth in clause (i) for each Series Fiscal Year.

Each interest rate on Outstanding and proposed variable-rate Bonds or Notes (if not offset or economically fixed by a Qualified Swap, a liquidity account, or otherwise with School Bond Rating Confirmation), shall be assumed at the maximum rate payable to investors other than parties to an ancillary contract.

Project Capital Costs. Proceeds of the sale of the Bonds and Notes issued for capital purposes shall be promptly deposited in the Project Fund established under the Agreement to the extent set forth by Series Resolution, and applied to finance Project Capital Costs. The Authority shall transfer its earnings on the Project Fund to the Collection Account as Building Aid or Tax Revenues, or otherwise apply such earnings in accordance with the Tax Code pursuant to Officer's Certificate.

Federal Proceeds Subaccount. A Build America Subaccount has been established in the Project Fund, and redesignated the Federal Proceeds Subaccount. Proceeds of BABs, QSCBs and other federally subsidized Bonds shall be deposited in such subaccount and all money therein, including earnings, shall be applied in compliance with the Tax Code, the Indenture and the advice of Counsel. To the extent necessary for such compliance, the Authorized Officers of the Authority may subdivide such subaccount in respect of separate categories or issues of federally subsidized Bonds.

Limited Purpose of Indenture. The Indenture provides for the issuance and payment of the Authority's obligations and the financing and refinancing of Project Capital Costs. Except as set forth in the Agreement, the Authority, the City and the Trustee shall have no liability to each other or to the Beneficiaries for the construction, reconstruction, acquisition, installation, physical condition, ownership or operation of any Project.

Application of Revenues. Provision is made in the Act for the payment to the Authority of the Revenues, and the Authority has requested the State Comptroller to make such payments to the Collection Account to be held by the Trustee. Any Revenues received by the Authority shall be promptly deposited in the Collection Account. Two subaccounts are established in the Collection Account: the Tax Revenue Subaccount and the Building Aid Subaccount. Building Aid transferred to the Bond Account or the Recovery Account may be treated as an interfund advance and transferred to the School Bond Account or restored to the Building Aid Subaccount through an Officer's Certificate directing the transfer of Tax Revenues at the *fourth* level of priority. The transfers and payments of Revenues shall be appropriately adjusted by Officer's Certificate to reflect the date of issue of Notes or Bonds, any accrued or capitalized interest deposited in the Bond Account, actual rates of interest, any amount needed or held in the Accounts for Debt Service, and any purchase or redemption of Notes or Bonds, so that there will be available on each payment date the amount necessary to pay Debt Service and so that accrued or capitalized interest will be applied to the installments of interest to which it is applicable.

Bond Account. A Bond Account is established with the Trustee and money shall be deposited therein as provided in the Indenture. Accrued interest received upon the sale of Notes (if so specified by Series Resolution) or Senior Bonds shall be deposited in the Bond Account. Two subaccounts are established in the Bond Account: the Pre-07 S-1 Senior Subaccount and the Post-07 S-1 Senior Subaccount. The money in the Bond Account shall be held in trust and, except as otherwise provided, shall be applied solely to the payment of Debt Service. If at any time the amount held in either subaccount exceeds the Full Requirement, the Trustee shall transfer such excess to the Collection Account as Tax Revenues. The Trustee shall pay, or transfer money from the applicable subaccount of the Bond Account to a Paying Agent in time for the Paying Agent to pay, Debt Service when due in same-day funds.

Redemption Account. A Redemption Account is established with the Trustee and money shall be deposited therein as provided in the Indenture. The money and investments in such Account shall be held in trust and, except as otherwise specified, shall be applied by the Trustee to the redemption of Bonds and Notes. Upon direction by Officer's Certificate of the Authority, the Trustee shall apply money in the Redemption Account to the purchase of Bonds and Notes for cancellation at prices not exceeding (unless so directed by Officer's Certificate of the Authority) the price at which they are then redeemable (or next redeemable if they are not then redeemable), but not with money required to pay Bonds or Notes for which notice of redemption has been given. Accrued interest on the purchase of Bonds and Notes may be paid from the Bond Account (if so payable under the Indenture) or as directed by Officer's Certificate of the Authority.

When money in the Redemption Account is to be applied to the redemption of Notes or Bonds, the Trustee shall pay, or transfer such money to a Paying Agent in time for the Paying Agent to pay, such Notes or Bonds when due in same-day funds.

If on any date the amount in the Bond Account is less than the amount then required to be applied to pay Debt Service then due, the Trustee shall apply the amount in the Redemption Account (other than any sum irrevocably set aside for particular Notes or Bonds no longer Outstanding) to the extent necessary to meet the deficiency.

Redemption of the Bonds and Notes. The Authority may redeem Bonds and Notes at its option in accordance with their terms and shall redeem Bonds and Notes in accordance with their terms pursuant to any mandatory redemption (“sinking fund”) requirements established by Series Resolution. When Bonds or Notes are called for redemption, the accrued interest thereon shall become due on the redemption date. To the extent not otherwise provided, the Authority shall deposit with the Trustee on or prior to the redemption date a sufficient sum to pay the redemption price and accrued interest.

The Authority shall not by purchase or optional redemption cause Quarterly Debt Service to exceed \$330 million unless either cash is on hand therefor, held by the Authority or in the Redemption Account, or this limit has been modified by Officer’s Certificate of the Authority with Rating Confirmation.

Unless otherwise specified by Series Resolution, there shall, at the option of the Authority, be applied to or credited against any sinking fund requirement the principal amount of any such Bonds that have been defeased, purchased or redeemed and not previously so applied or credited. Defeased Bonds shall, at the option of the Authority, no longer be entitled, but may be subject, to the provisions thereof for mandatory redemption.

When Bonds or Notes are to be redeemed prior to maturity, the Trustee shall give notice in the name of the Authority, which notice shall identify the Bonds or Notes to be redeemed, state the date fixed for redemption and state that such Bonds or Notes will be redeemed at the corporate trust office of the Trustee or a Paying Agent. The notice shall further state that on such date there shall become due and payable upon each Bond or Note to be redeemed the redemption price thereof, together with interest accrued to the redemption date, and that money therefor having been deposited with the Trustee or Paying Agent, from and after such date, interest thereon shall cease to accrue. The Trustee shall give 30 days’ notice by mail, or otherwise transmit the redemption notice in accordance with the Indenture and any appropriate provisions of the LFL, to the registered owners of any Bonds or Notes which are to be redeemed, at their addresses shown on the registration books of the Authority. Such notice may be waived by any Holder of Bonds or Notes to be redeemed. Failure to transmit notice to a particular Holder, or any defect in the notice to such Holder, shall not affect the redemption of any other Bond or Note.

No Bonds or Notes may be optionally redeemed from the Building Aid unless the Unfunded Balance is zero.

Investments. Pending its use, money in the Accounts may be invested by the Trustee in Eligible Investments maturing or redeemable at the option of the holder at or before the time when such money is expected to be needed and shall be so invested pursuant to written direction of the Authority if there is not then an Event of Default known to the Trustee. Investments shall be held by the Trustee in the respective Accounts and shall be sold or redeemed to the extent necessary to make payments or transfers from each Account.

Cash deposits in the Accounts shall be secured as and to the extent described in the General Municipal Law of the State, as amended from time to time.

Except as otherwise specified, any interest realized on investments in any Account and any profit realized upon the sale or other disposition thereof shall be credited to the Collection Account. Interest realized on investments in the Building Aid Subaccount or the School Bond Account and any profits realized upon the sale or other disposition thereof shall be credited to the Building Aid Subaccount.

The Trustee may hold undivided interests in Eligible Investments for more than one Account (for which they are eligible) and may make interfund transfers in kind.

If any money is invested under the Indenture and a loss results therefrom so that there are insufficient funds to pay Debt Service or to redeem Bonds or Notes called for redemption, then the deficiency shall be timely filled from Revenues (as Debt Service if so payable under the Indenture).

Recovery and Parity Debt Account. A Recovery and Parity Debt Account is established with the Trustee and money shall be deposited therein as provided in the Indenture or by Officer's Certificate. The Pre-07 S-1 Parity Subaccount and the Post-07 S-1 Parity Subaccount are established as subaccounts in the Recovery Account. The money in the Recovery and Parity Debt Account shall be held in trust and, except as otherwise provided, shall be applied solely to the payments of Recovery Obligations and Parity Debt payable therefrom. If at any time the amount held in either subaccount exceeds the Full Requirement, the Trustee shall transfer such excess to the Collection Account as Tax Revenues. The Trustee shall pay, or transfer money from the applicable subaccount of the Recovery and Parity Debt Account to a Paying Agent in time for such Paying Agent to pay, Recovery Obligations and Parity Debt when due in same-day funds.

School Bond Account. A School Bond Account is established with the Trustee and money shall be deposited therein as provided in the Indenture or by Officer's Certificate. The money in the School Bond Account shall be held in trust and, except as otherwise provided, shall be applied solely to the payment of School Obligations. If at any time the Unfunded Balance is zero, the Trustee shall transfer any amount in the School Bond Account to the Collection Account as Building Aid. The Trustee shall pay, or transfer money from the School Bond Account to a Paying Agent in time for such Paying Agent to pay, School Obligations when due in same-day funds.

Application of Tax Revenues. (a) Provision is made in the Act for the payment to the Authority of the Tax Revenues, and the Authority has requested the State Comptroller to make such payments to the Collection Account. Any Tax Revenues received by the Authority or the Trustee shall be promptly deposited in the Tax Revenue Subaccount and shall be applied upon receipt by the Trustee, in the following order of priority: *first* to the Bond Account to pay Debt Service pursuant to the Indenture; *second* to the Authority's operating expenses, which may include deposits to the Redemption Account for optional redemption and reserves to be held by the Authority for payment of operating expenses, in such amounts as may be determined by Officer's Certificate; *third* pursuant to Supplemental Indentures for the benefit of Noteholders, Subordinate Bondholders and parties to ancillary and swap contracts, to the extent such Supplemental Indentures may require application of Tax Revenues to pay items after payment of Debt Service and operating expenses; *fourth* pursuant to each Officer's Certificate making reference to this level of priority in accordance with the Indenture; and *fifth* daily or as soon as practicable but not later than the last day of each month, to the order of the City, free and clear of the lien of the Indenture.

(b) At the beginning of each Collection Quarter, the Trustee shall begin to transfer all Tax Revenues from the Tax Revenue Subaccount to each subaccount of the Bond Account in proportion to the unfunded balance of each First-Month Requirement, and shall continue such transfers until the amount in each subaccount is equal to the First-Month Requirement. On the first day of the second month of each Collection Quarter, the Trustee shall resume or continue such transfers, in proportion to the unfunded balance of each Full Requirement, until the Full Requirement is held in each subaccount. To the extent that Quarterly Debt Service includes principal, interest or premium on Bonds or Notes to be purchased or redeemed prior to maturity, such Debt Service may be paid through the Redemption Account, and the Authority may by Officer's Certificate direct the Trustee in writing to transfer Revenues thereto, rather than to the Bond Account.

(c) Pursuant to the *third* level of priority: at the beginning of each Collection Quarter, the Trustee shall begin to transfer all Tax Revenues to each subaccount of the Recovery Account in proportion to the unfunded balance of each First-Month Requirement, and shall continue such transfers until the amount in each subaccount is equal to the First-Month Requirement; and on the first Business Day of the second month of each Collection Quarter, the Trustee shall resume or continue such transfers, in proportion to the unfunded balance of each Full Requirement, until the Full Requirement is held in each subaccount. To the extent that Quarterly Subordinate Debt Service includes principal, interest or premium on Bonds or Notes to be purchased or redeemed prior to maturity, or Revenues are available to pay principal of Notes, such amounts may be paid through the Redemption Account or an escrow fund, and the Authority may by Officer's Certificate direct the Trustee to transfer Revenues thereto.

The Authority may by Officer's Certificate estimate interest payable at a variable rate; or treat anticipated receipts from a Qualified Swap as offsets thereto.

A Sinking Fund Subaccount is established in each of the Post-'07 S-1 Senior Subaccount and the Post-'07 S-1 Parity Subaccount for the redemption, at or prior to maturity, of Sinking Fund Bonds. Tax Revenues shall be deposited in each Sinking Fund pursuant to the Sinking Fund Requirements specified by Series Resolution, which deposits may be adjusted to recognize early retirement of Bonds and earnings and profits on Eligible Investments in each Sinking Fund (if required by the Authority's tax covenants or directed by Officer's Certificate to be retained therein) and shall be provided for as Quarterly Senior Debt Service or Quarterly Subordinate Debt Service. Unless otherwise specified by Officer's Certificate, interest on the Sinking Fund Bonds shall be payable from the Post-'07 S-1 Senior Subaccount or the Post-'07 S-1 Parity Subaccount (exclusive of each Sinking Fund).

Application of Building Aid. (a) Provision is made by the Act and the Assignment for the payment to the Authority of the Building Aid, and the Authority has requested the State Comptroller to make such payments to the Collection Account. Any Building Aid received by the Authority or the Trustee shall be promptly deposited in the Building Aid Subaccount and shall be applied by the Trustee pursuant to the Indenture, in the following order of priority, as implemented in part by provisions described below: *first* to Pre-07 S-1 Senior Bonds; *second* to the Authority's operating expenses, which may include reserves to be held by the Authority for payment of operating expenses, in such amounts as may be determined by Officer's Certificate, but excluding operating expenses properly allocable to Post-07 S-1 Senior Debt and Post-07 S-1 Parity Debt; *third* to Pre-07 S-1 Parity Debt and then to School Obligations; and *fourth* daily or as soon as practicable but not later than the last day of each month, to the order of the City, free and clear of the lien of the Indenture.

(b) To provide for the timely payment of School Obligations subject to the rights of the Holders of Pre-07 S-1 Senior Bonds and Pre-07 S-1 Parity Debt, money in the Building Aid Subaccount shall be retained therein until transferred as follows:

(1) at any time, to the Pre-07 S-1 Senior Subaccount or the Pre-07 S-1 Parity Subaccount, in that order of priority, to pay Pre-07 S-1 Senior Bonds or Pre-07 S-1 Parity Debt then due and not otherwise provided for;

(2) in the first month of each Collection Quarter, (A) to the School Bond Account beginning the first day when (i) the Pre-07 S-1 Senior Subaccount and the Pre-07 S-1 Parity Subaccount have been funded to their First-Month Requirements and (ii) the Remaining Building Aid is not more than 110% of the Unfunded Balance, and continuing until the earlier of (x) the end of the month and (y) the day when the Unfunded Balance is zero; and (B) to the order of the City, if no transfer to the School Bond Account is required, beginning the first day when both the Pre-07 S-1 Senior Subaccount and the Pre-07 S-1 Parity Subaccount have been funded to their First-Month Requirements and continuing until the end of the month; and

(3) in the second and third months of each Collection Quarter, (A) to the School Bond Account beginning the first day when (i) the Pre-07 S-1 Senior Subaccount and the Pre-07 S-1 Parity Subaccount have been funded to their Full Requirements and (ii) the Remaining Building Aid is not more than 110% of the Unfunded Balance, and continuing until the earlier of (x) the end of the Collection Quarter and (y) the day when the Unfunded Balance is zero; (B) to the order of the City, if no transfer to the School Bond Account is required, beginning when both the Pre-07 S-1 Senior Subaccount and the Pre-07 S-1 Parity Subaccount are funded to their Full Requirements and continuing until the end of the Collection Quarter; and (C) on the last Business Day of the Collection Quarter, to the Pre-07 S-1 Senior Subaccount and then the Pre-07 S-1 Parity Subaccount until both of them have been funded to their Full Requirements; then to the School Bond Account, if the Remaining Building Aid is not more than 110% of the Unfunded Balance, until the Unfunded Balance is zero; and then to the order of the City.

A Sinking Fund Subaccount is established in the School Bond Account for the redemption, at or prior to maturity, of Sinking Fund Bonds. Building Aid shall be deposited in such Sinking Fund pursuant to the Indenture, which deposits may be adjusted to recognize early retirement of Bonds and earnings and profits on Eligible Investments in the Sinking Fund (if required by the Authority's tax covenants or directed by Officer's Certificate to be retained therein) and shall be provided for as Annual School Bond Debt Service. Unless otherwise specified by Officer's Certificate, interest on the Sinking Fund Bonds shall be payable from the School Bond Account (exclusive of the Sinking Fund).

Application of Federal Subsidy. (a) A Federal Subaccount and a BAB Subaccount have been established in the Collection Account, and redesignated the Federal Collection Subaccount and the Federal Bond Subaccount, respectively. The Federal Subsidy shall be deposited in the Federal Collection Subaccount and retained therein until transferred as follows:

(1) at any time, to the Pre-'07 S-1 Senior Subaccount or the Pre-'07 S-1 Parity Subaccount, in that order of priority, to pay Pre-'07 S-1 Senior Bonds or Pre-'07 S-1 Parity Debt then due and not otherwise provided for;

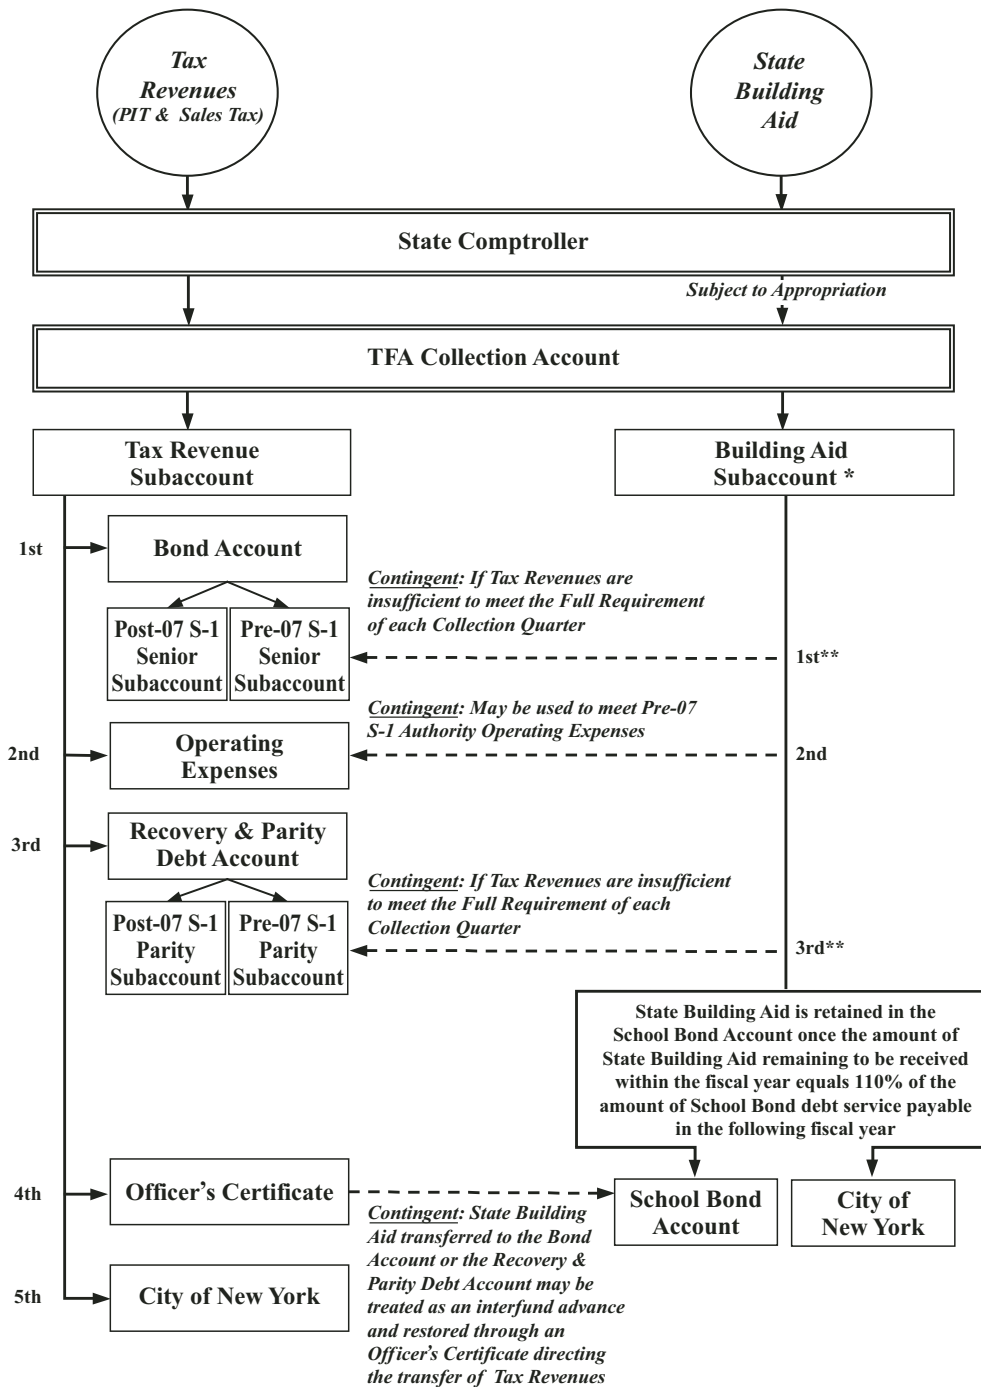

(2) in the first month of each Collection Quarter, beginning the first day when both the Pre-'07 Senior Subaccount and the Pre-'07 S-1 Parity Subaccount have been funded to their First-Month Requirements and continuing until the end of the month, to the Federal Bond Subaccount or, if so directed by Officer's Certificate, to the order of the City; and

(3) in the second and third months of each Collection Quarter, (A) to the Federal Bond Subaccount, beginning when both the Pre-'07 S-1 Senior Subaccount and the Pre-'07 S-1 Parity Subaccount have been funded to their Full Requirements and continuing until the end of the Collection Quarter, and (B) on the last Business Day of the Collection Quarter, to the Pre-'07 S-1 Senior Subaccount and then the Pre-'07 S-1 Parity Subaccount until both of them have been funded to their Full Requirements; and then to the Federal Bond Subaccount or, if so directed by Officer's Certificate, to the order of the City.

Money in the Federal Bond Subaccount shall be applied to principal of and interest on Bonds (not including Tax-Exempt Bonds unless such application is permitted by the Authority's tax covenants) or, if so directed by Officer's Certificate, paid to the order of the City.

Purchase of HYIC Obligations. The Authority may apply Tax Revenues available at the *fourth* level of priority to the purchase of obligations of HYIC (not exceeding the amounts specified by Supplemental Indentures approved by unanimous vote of the Directors of the Authority), which HYIC obligations shall be held by the Authority.

SUMMARY OF COLLECTION AND APPLICATION OF TAX REVENUES AND STATE BUILDING AID

* State Building Aid is initially available to pay debt service coming due and payable but not already provided for with respect to Senior Bonds and Parity Debt, issued prior to the Fiscal 2007 Series S-1 Building Aid Revenue Bonds.

** Within the respective retention period, once each of the First-Month and Full Requirement is satisfied, State Building Aid flows to either the School Bond Account or the City of New York.

Contract; Obligations to Beneficiaries. In consideration of the purchase and acceptance of any or all of the Bonds and Notes and ancillary and swap contracts by those who shall hold the same from time to time, the provisions of the Indenture shall be a part of the contract of the Authority with the Beneficiaries, and shall be deemed to be and shall constitute contracts among the Authority, the Trustee, the City to the extent specified in the Agreement, the Beneficiaries from time to time and, to the extent specified in the Act, the State. The pledge made in the Indenture and the covenants set forth to be performed by the Authority, the City and the State shall be for the equal benefit, protection and security of the Beneficiaries of the same priority. All of the Outstanding Bonds or Notes or ancillary or swap contracts of the same priority, regardless of the time or times of their issuance or maturity, shall be of equal rank without preference, priority or distinction of any thereof over any other except as expressly provided pursuant to the Indenture and the Act.

The Authority shall pay when due all sums payable on the Bonds and Notes, from the Revenues and money designated in the Indenture, subject only to (i) the Act and the Indenture, and (ii) to the extent permitted by the Act and the Indenture, (x) agreements with Holders of Outstanding Bonds and Notes pledging particular collateral for the payment thereof and (y) the rights of Beneficiaries under ancillary and swap contracts. The obligation of the Authority to pay principal, interest and redemption premium, if any, to the Holders of Bonds and Notes shall be absolute and unconditional, shall be binding and enforceable in all circumstances whatsoever, and shall not be subject to setoff, recoupment or counterclaim. The Authority shall also pay its operating expenses.

Enforcement. The Authority shall enforce or cause the Trustee to enforce by appropriate legal proceedings, each covenant, pledge or agreement made by the City or the State in the Indenture or in or pursuant to the Act for the benefit of any of the Beneficiaries, including the Assignment and the related provisions of the School Financing Act.

The Authority shall (1) protect and defend, as an operating expense, its and the Trustee's claim to every material portion of the Building Aid, and the Fiduciaries shall cooperate therein at the Authority's expense;

(2) with the Fiduciaries, as aforesaid, and the City pursuant to the Assignment (a) contest any Competing Claim to any material portion of the Building Aid that (i) it deems factually or legally unfounded, or (ii) is based on constitutional, statutory or regulatory ambiguity, on any provision of the Education Law, or on any action or failure to act of the City; and (b) cooperate with the Holders in filing and prosecuting any claim made by Holders under § 99-b of the State Finance Law and in opposing any Competing Claim;

(3) provide the calculations contemplated by the MOU; and

(4) not agree to any modification of the MOU that is materially adverse to the Holders of the School Bonds.

Without limitation, a modification that receives School Bond Rating Confirmation is not materially adverse to such Holders.

Sales Taxes. For each fiscal year of the City for which the Mayor has given a notice to the State Comptroller pursuant to the State Covenant, the Authority shall request the State Comptroller to schedule payments of Sales Taxes to the Authority, based on the Authority's projections of Personal Income Taxes and debt service, so that the Authority will receive Tax Revenues in each Collection Quarter sufficient to pay its obligations but in all events at least equal to the Quarterly Payment Requirement. Such requests shall be modified, as often as necessary, to reflect experience and revised projections.

Tax Covenant. The Authority shall at all times do and perform all acts and things permitted by law and necessary or desirable in order to assure that interest paid by the Authority on Tax-Exempt Bonds and Tax-Exempt Notes shall be excludable from gross income for federal income tax purposes pursuant to § 103(a) of the Tax Code; and no funds of the Authority shall at any time be used directly or indirectly to acquire securities or obligations the acquisition or holding of which would cause any Tax-Exempt Bond or Tax-Exempt Note to be an arbitrage bond as defined in such Code and any applicable Regulations issued thereunder. If and to the extent required by the Code, the Authority shall periodically, at such times as may be required to comply with the Code, pay from the Project

Fund or as an operating expense the amount, if any, required by the Code to be rebated thereto or paid as a related penalty.

Accounts and Reports. (a) The Authority shall (1) cause to be kept books of account in which complete and accurate entries shall be made of its transactions relating to all funds and accounts under the Indenture, which books shall at all reasonable times be subject to the inspection of the City, the Trustee and the Holders of an aggregate of not less than 25% in principal amount of Bonds and Notes then Outstanding or their representatives duly authorized in writing;

(2) annually, within 185 days after the close of each fiscal year, deliver to the Trustee and each Rating Agency, a copy of its audited financial statements for such fiscal year;

(3) keep in effect at all times an accurate and current schedule of all Quarterly Debt Service to be payable during the life of then Outstanding Bonds, Notes and Senior Agreements secured by the Bond Account; of Remaining Building Aid, and of amounts payable from the Recovery Account and the School Bond Account; certifying for the purpose such estimates as may be necessary; and

(4) deliver to each Rating Agency a quarterly statement of cash flows, including Revenues received, transfers to the Accounts, Bonds and Notes issued, and payments of principal and interest, and an annual statement of the State's costs in administering, collecting and distributing the Tax Revenues.

(b) To implement the State Covenant, the Chairperson of the Authority shall, not less than 30 days prior to the beginning of each fiscal year, certify to the State Comptroller, the Governor, and the Directors of the Authority a schedule of maximum annual debt service payments due on the Bonds and Notes respectively then Outstanding.

(c) The Authority shall deliver to the Trustee and each Rating Agency, not less often than quarterly, an Officer's Certificate showing (i) Revenues on a pro-forma basis for the current fiscal year and each of the two preceding fiscal years, as received, expected and adjusted as if current statutes had been in effect for the three-year period; (ii) Debt Service to be paid in the next three fiscal years; and (iii) whether such Revenues are at least 150% of such Debt Service.

Ratings. Unless otherwise specified by Series Resolution, the Authority shall pay such reasonable fees and provide such available information as may be necessary to obtain and keep in effect ratings on all the Senior Bonds and the School Bonds from at least two nationally recognized statistical rating organizations.

No Other Business. The Authority shall not engage in any line of business not contemplated by the Act.

No Indebtedness or Funds of City. The Indenture does not constitute indebtedness of the City for purposes of § 20.00 of the LFL or any constitutional or statutory limitation. The Authority's revenues are not funds of the City.

State Covenants and Tax Contract. The Authority includes in the Indenture: (a) the State's pledge and agreement with the Holders of Outstanding Bonds and Notes that the State will not limit or alter the rights vested in the Authority by the Act to fulfill the terms of any agreements made with the Holders, or in any way impair the rights and remedies of such Holders or the security for the Bonds and Notes until such Bonds and Notes, together with the interest thereon, and all costs and expenses in connection with any action or proceeding by or on behalf of such Holders, are fully paid and discharged; (b) the further terms of § 2799-ii of the Act to the effect that: Nothing contained in this covenant shall be deemed to restrict the right of the State to amend, modify, repeal or otherwise alter statutes imposing or relating to the Personal Income Taxes, but such taxes payable to the Authority shall in all events continue to be so payable so long as any such taxes are imposed. Not less than 30 days prior to the beginning of each fiscal year, the Chairperson of the Authority shall certify to the State Comptroller, the Governor, and the members of the Board of Directors of the Authority a schedule of maximum annual debt service payments due on the Bonds and Notes then Outstanding. To the extent that Personal Income Taxes payable to the Authority during such fiscal year are projected by the Mayor to be insufficient to meet at least 150% of maximum annual debt service on the Bonds then Outstanding, the Mayor shall so notify the State Comptroller and the State Comptroller shall pay

to the Authority from Sales Taxes such amount as is necessary to provide at least 150% of such maximum annual debt service on the Bonds. Nothing in this covenant shall be deemed to obligate the State to make any additional payments or impose any taxes to satisfy the obligations of the Authority; (c) subdivision 4 of § 2799-tt of the Act (added by the School Financing Act) to the effect that: The State Covenant shall be fully applicable to School Bonds and School Notes and may be included in any agreement with the Holders thereof. Nothing contained in this covenant shall be deemed to restrict the right of the State to amend, modify, repeal or otherwise alter statutes relating to the Building Aid, but such Building Aid shall in all events (i) continue to be so payable, as assigned, so long as any such Building Aid is paid and (ii) continue to be calculated in accordance with the same formula used for such calculation, and otherwise on the same basis as such aid is calculated, on the date that the applicable project is approved for reimbursement; (d) the last paragraph of § 99-b of the State Finance Law (as amended by the School Financing Act) to the effect that: The State hereby covenants with the Holders of the School Bonds and School Notes that it will not repeal, revoke or rescind the provisions of this section or amend or modify the same so as to limit, impair or impede the rights and remedies granted hereby; provided, however, that nothing in this section shall be deemed or construed as requiring the State to continue the payment of aid or assistance to any city, city school district or school district or as limiting or prohibiting the State from repealing or amending any law heretofore or hereafter enacted relating to aid or assistance, the manner and time of payment or apportionment thereof, or the amount thereof; and (e) the tax contract of the State in the Act.

Authority Acknowledgments. (a) The Authority acknowledges that the City's covenants and pledge and agreement for the benefit of the Holders and the State Covenant and Tax Contract constitute important security provisions of the Outstanding Bonds and Notes, and to the fullest extent permitted by applicable federal and State law, waives any right to assert any claim to the contrary and agrees that it will neither in any manner directly or indirectly assert, nor in any manner directly or indirectly support the assertion by the City, the State or any other person of, any such claim to the contrary.

(b) By acknowledging that the City's covenants and pledge and agreement for the benefit of the Holders and the State Covenant and Tax Contract constitute important security provisions of the Outstanding Bonds and Notes, the Authority also acknowledges, to the fullest extent permitted by applicable federal and State law, that, in the event of any failure or refusal by the City or the State to comply therewith, the Holders of the Outstanding Bonds or Notes may have suffered monetary damages, the extent of the remedy for which may be, to the fullest extent permitted by applicable federal and State law, determined, in addition to any other remedy available at law or in equity, in the course of any action taken pursuant to the Indenture; and to the fullest extent permitted by applicable federal and State law, the Authority waives any right to assert any claim to the contrary and agrees that it will neither in any manner directly or indirectly assert, nor in any manner directly or indirectly support the assertion by the City, the State or any other person of, any claim to the effect that no such monetary damages have been suffered.

(c) The Authority confirms that the acknowledgments and agreements summarized forth in paragraphs (a) and (b) above have been included as a result of negotiations with the underwriters of specified Bonds and may further acknowledge in any Series Resolution if and the *extent* to which any provision of the Resolution has been amended, or any provision of such Series Resolution has been included therein, as a result of the same or similar negotiations.

Rights and Duties of the Fiduciaries. The Fiduciaries shall not be required to monitor the financial condition of the Authority or the physical condition of any Project and, unless otherwise expressly provided, shall not have any responsibility with respect to reports, notices, certificates or other documents filed with them under the Indenture, except to make them available for inspection by Beneficiaries.

Upon a failure of the Authority to make a payment of Debt Service when due or a failure known to the Trustee to make any other required payment within 7 days after the same becomes due and payable, the Trustee shall give written notice thereof to the Authority. The Trustee shall give notices of default when instructed to do so by the written direction of another Fiduciary or the owners of at least 25% in principal amount of the Outstanding Senior Bonds or with respect to specified events, if actually known to an Authorized Officer of the Trustee. The Trustee shall proceed under the Indenture for the benefit of the Holders in accordance with the written directions of a Majority in Interest of the Outstanding Senior Bonds. The Trustee shall not be required to take any remedial action (other than the giving of notice) unless reasonable indemnity is furnished for any expense or liability to be incurred.

Each Fiduciary shall be entitled to the advice of counsel (who may be counsel for any party) and shall not be liable for any action taken in good faith in reliance on such advice. Each Fiduciary may rely conclusively on any notice, certificate or other document furnished to it under the Indenture and reasonably believed by it to be genuine. A Fiduciary shall not be liable for any action taken or omitted to be taken by it in good faith and reasonably believed by it to be within the discretion or power conferred upon it, or taken by it pursuant to any direction or instruction by which it is governed under the Indenture or omitted to be taken by it by reason of the lack of direction or instruction required for such action, or be responsible for the consequences of any error of judgment reasonably made by it. When any payment or consent or other action by a Fiduciary is called for by the Indenture, the Fiduciary may defer such action pending receipt of such evidence, if any, as it may reasonably require in support thereof. A permissive right or power to act shall not be construed as a requirement to act.

Any fees, expenses, reimbursements or other charges which any Fiduciary may be entitled to receive from the Authority, if not otherwise paid, shall be a first lien upon (but only upon) any funds held by the Trustee for payment of operating expenses.

Paying Agents. The Authority designates the Trustee a Paying Agent. The Authority may appoint additional Paying Agents, generally or for specific purposes, may discharge a Paying Agent from time to time and may appoint a successor. The Authority shall designate a successor if the Trustee ceases to serve as Paying Agent. Each Paying Agent shall be a bank or trust company eligible under the Act, and unless otherwise provided by Series Resolution shall have a capital and surplus of not less than \$50,000,000 and be registered as a transfer agent with the Securities and Exchange Commission. The Authority shall give notice of the appointment of a successor to the Trustee as Paying Agent in writing to each Beneficiary shown on the books of the Trustee. A Paying Agent may but need not be the same person as the Trustee. Unless otherwise provided by the Authority, the Trustee as Paying Agent shall act as Bond and Note registrar and transfer agent. Each Paying Agent shall act as paying agent with respect to any allotments, apportionments or payments forwarded to it by the State pursuant to § 99-b of the State Finance Law.

Resignation or Removal of the Trustee. The Trustee may resign on not less than 30 days' written notice to the Authority and the Holders. The Trustee will promptly certify to the Authority that it has given written notice to all Holders and such certificate will be conclusive evidence that such notice was given as required by the Indenture. The Trustee may be removed by written notice from the Authority (if not in default) or a Majority in Interest of the Outstanding Senior Bonds to the Trustee and the Authority. Such resignation or removal shall not take effect until a successor has been appointed.

Successor Fiduciaries. Any corporation or association which succeeds to the municipal corporate trust business of a Fiduciary as a whole or substantially as a whole, whether by sale, merger, consolidation or otherwise, shall thereby become vested with all the property, rights, powers and duties thereof under the Indenture, without any further act or conveyance.

In case a Fiduciary resigns or is removed or becomes incapable of acting, or becomes bankrupt or insolvent, or if a receiver, liquidator or conservator of a Fiduciary or of its property is appointed, or if a public officer takes charge or control of a Fiduciary, or of its property or affairs, then such Fiduciary shall with due care terminate its activities and a successor may, or in the case of the Trustee shall, be appointed by the Authority. If no appointment of a successor Trustee is made within 45 days after the giving of written notice of resignation or after the occurrence of any other event requiring or authorizing such appointment, the outgoing Trustee or any Holder may apply to any court of competent jurisdiction for the appointment of such a successor, and such court may thereupon, after such notice, if any, as such court may deem proper, appoint such successor. Any successor Trustee shall be a trust company or a bank having the powers of a trust company, located in the State, having a capital and surplus of not less than \$50,000,000.

No Statutory Trustee. Pursuant to the Act, the rights of the Holders of Bonds and Notes to appoint a statutory trustee are abrogated.

Fiduciaries for Notes and Subordinate Bonds. The Authority may by Series Resolution provide for the appointment of a Fiduciary (which may be the Trustee) to represent the Holders of Notes or Subordinate Bonds, having powers and duties not inconsistent with the Indenture or the Act.

Registered Owners. The enumeration of certain provisions applicable to DTC as Holder of immobilized Notes and Bonds shall not be construed in limitation of the rights of the Authority and each Fiduciary to rely upon the registration books in all circumstances and to treat the registered owners of Notes and Bonds as the owners thereof for all purposes not otherwise specifically provided for. Notwithstanding any other provisions of the Indenture, any payment to the registered owner of a Note or Bond shall satisfy the Authority's obligations thereon to the extent of such payment.

Events of Default; Default. "Event of Default" in the Indenture means any one of the events set forth below and "default" means any Event of Default without regard to any lapse of time or notice. (a) The Authority shall fail to pay when due any interest, principal or redemption premium on a Note or Bond. (b) The Authority shall fail to make any other required payment to the Trustee or other Fiduciary and such failure is not remedied within 7 days after written notice thereof is given by the Trustee or other Fiduciary to the Authority. (c) The Authority shall fail to observe or perform any of its other agreements, covenants or obligations under the Indenture and such failure is not remedied within 30 days after written notice thereof is given by the Trustee to the Authority. (d) Specified events of insolvency. (e) The State shall (i) amend, alter, repeal or fail to comply with the State Covenant or its tax contract in the Act as in effect on the date of issuance of the first Series of Bonds or (ii) enact a moratorium or other similar law affecting the Bonds or Notes or (iii) amend, modify, repeal or otherwise alter, in any material respect, (y) the requirement of § 1313 of the Tax Law that: "The comptroller, after reserving such refund fund and such costs shall, commencing on or before the fifteenth day of each month, pay to the New York City transitional finance authority on a daily basis the balance of Personal Income Taxes or (z) the requirement of § 2799-ii of the Act that: "To the extent that the tax revenues payable to the authority under section thirteen hundred thirteen of the tax law during such fiscal year are projected by the mayor to be insufficient to meet at least one hundred fifty percent of maximum annual debt service on authority bonds then outstanding, the mayor shall so notify the state comptroller and the state comptroller shall pay to the authority from" Alternative Revenues such amount as is necessary to provide at least 150% of the maximum annual debt service. (f) The State Comptroller shall fail or refuse to comply with any provision of law in effect for the benefit of the Authority. (g) The City shall fail to observe or perform any of its agreements, covenants or obligations under the Agreement for the benefit of the Holders and such failure is not remedied within 30 days after written notice thereof is given by the Trustee to the City and the Authority or by the Authority to the Trustee and the City. (h) Any Officer's Certificate delivered pursuant to paragraph (c) described in "Accounts and Reports" above shall show estimated Revenues to be less than 150% of Debt Service.

Remedies of the Trustee. If an Event of Default occurs and is continuing: (1) The Trustee may, and upon written request of the Holders of 25% in principal amount of the Senior Bonds Outstanding shall, in its own name by action or proceeding in accordance with the Civil Practice Law and Rules: (a) enforce all rights of the Holders and require the Authority or, to the extent permitted by law, the State or the City to carry out its agreements with the Holders and to perform its duties under the Act; (b) sue upon such Bonds and Notes; (c) require the Authority to account as if it were the trustee of an express trust for the Holders of such Bonds and Notes; and (d) enjoin any acts or things which may be unlawful or in violation of the rights of the Holders of such Bonds and Notes. (2) The Trustee shall, in addition, have and possess all of the powers necessary or appropriate for the exercise of any functions specifically set forth in the Act or incident to the general representation of Holders in the enforcement and protection of their rights. (3) If such Event of Default is described in clause (a), (d), (e)(iii) or (h) under "Events of Default" above, the Trustee shall (a) give written notice thereof to the Authority, the Holders, specified public officials and public bodies, and (b) if so directed by a Majority in Interest of the Senior Bonds, and having given 30 days' notice to the Authority, declare the principal amount of all Bonds and Notes to be, and the same shall become, due and payable.

Note and Subordinate Bond Remedies. Subject to the prior application of the Accounts to pay Debt Service and to the Indenture, the Holders of Notes or Subordinate Bonds, other Beneficiaries or a Fiduciary appointed for them, may enforce the provisions of the Indenture for their benefit by appropriate legal proceedings.

School Bond Remedies. To the extent not inconsistent with the Act or the Indenture as in effect prior to the issuance of the first Series of School Bonds: if (i) there occurs and is continuing any Event of Default, or (ii) the State shall amend, alter, repeal or fail to comply with its covenant respecting the Building Aid, or (iii) the City shall fail to observe or perform any of its agreements, covenants or obligations under the Assignment for the benefit of the Holders and such failure is not remedied within 30 days after written notice thereof is given by the Trustee to the City and the Authority or by the Authority to the Trustee and the City, then:

(a) The Trustee may, and upon written request of the Holders of 25% in principal amount of the School Bonds Outstanding shall, in its own name by action or proceeding in accordance with the Civil Practice Law and Rules;

(1) enforce all rights of the Holders and require the Authority or, to the extent permitted by law, the State or the City to carry out its agreements with the Holders and to perform its duties under the Act;

(2) sue upon such Bonds and Notes;

(3) require the Authority to account as if it were the trustee of an express trust for the Holders of such Bonds and Notes; and

(4) enjoin any acts or things which may be unlawful or in violation of the rights of the Holders of such Bonds and Notes.

(b) The Trustee shall have and possess all of the powers necessary or appropriate for the exercise of any functions specifically set forth in the Act or incident to the general representation of Holders of School Bonds and School Notes in the enforcement and protection of their rights.

Individual Remedies. No one or more Holders shall by his or their action affect, disturb or prejudice the pledge created by the Indenture, or enforce any right under the Indenture, except in the manner therein provided; and all proceedings at law or in equity to enforce any provision of the Indenture shall be instituted, had and maintained in the manner provided therein and for the equal benefit of all Beneficiaries of the same class; but nothing in the Indenture shall affect or impair the right of any Holder of any Bond or Note to enforce payment of the principal thereof, premium, if any, or interest thereon at and after the maturity thereof, or the obligation of the Authority to pay such principal, premium, if any, and interest on each of the Bonds and Notes to the respective Holders thereof at the time, place, from the source and in the manner expressed in the Indenture and in the Bonds and Notes.

Venue. The venue of every action, suit or special proceeding against the Authority shall be laid in the County of New York.

Waiver. If the Trustee determines that a default has been cured before the entry of any final judgment or decree with respect to it, the Trustee may waive the default and its consequences, by written notice to the Authority, and shall do so upon written instruction of the Holders of at least 25% in principal amount of the Outstanding Senior Bonds.

Application of Money. If available money in the Accounts is not sufficient on any day to pay all Debt Service, Subordinate Bonds and Subordinate Agreements then due or overdue, such money (subject to the payment of fees and expenses necessary to collect Revenues and distribute Debt Service and to provisions theretofore made for the payment of Bonds or Notes no longer Outstanding and to the priorities established by the Indenture) shall be applied *first* to the Trustee's fees and other costs of collecting and applying the Revenues and administering the accounts, *second* to the payment of interest, including interest on overdue principal, in the order in which the same became due (pro rata with respect to interest which became due at the same time), and if the amount available shall not be sufficient to pay in full any installment or installments of interest or obligations with respect to Senior Agreements maturing on the same date, then to the payment thereof ratably, according to the amounts due in respect of each item of Debt Service without priority or preference of any item over any other; and *third* to the payment of principal (including sinking fund installments) and redemption premiums, if any, without regard to the order in which the same became due (in proportion to the amounts due), and if the amount available shall not be sufficient to pay in full all principal, premium or obligations with respect to Senior Agreements maturing on the same date, then to the payment thereof ratably, according to the amounts due in respect of each item of Debt Service without priority or preference of any item over any other and, if the amount available shall not be sufficient to pay in full all principal due on any date, then to the payment thereof ratably, according to the amounts due in respect of each item of Debt Service, without priority or preference of any Bond over any other; and *fourth* to the payment of any Notes (to the extent not paid as Debt Service), Subordinate Bonds and Subordinate Agreements then due and, if the amounts available are insufficient to pay in full all such subordinated payment obligations, then to the payment

thereof ratably, in accordance with the priorities established by the Indenture but otherwise without preference or priority of any such item over any other. For this purpose Debt Service on Senior Agreements shall be characterized in accordance with their financial terms and interest on overdue principal shall be treated as coming due on the first day of each month. Whenever money is to be applied pursuant to this section of the Indenture, such money shall be applied at such times, and from time to time, as the Trustee in its discretion shall determine, having due regard to the amount of such money available for application and the likelihood of additional money becoming available for such application in the future.

Supplements and Amendments. (a) The Indenture may be (1) supplemented by delivery to the Trustee of an instrument certified by an Authorized Officer of the Authority and executed or approved by the Mayor and Comptroller to the extent, if any, required by the Act, to (A) provide for earlier or greater deposits into the Bond Account, (B) subject any property to the lien of the Indenture, (C) add to the covenants and agreements of the Authority or surrender or limit any right or power of the Authority, (D) identify particular Notes or Bonds for purposes not inconsistent with the Indenture including credit or liquidity support, remarketing, serialization and defeasance, or (E) authorize Bonds or Notes of a Series and in connection therewith determine the matters referred to in the Indenture and any other things relative to such Bonds or Notes that are not prejudicial to the Holders, or to modify or rescind any such authorization or determination at any time prior to the first authentication and delivery of such Series of Bonds or Notes; or

(2) amended by the Authority and the Trustee with the approval of the Mayor and Comptroller to the extent, if any, required by the Act, (A) to cure any ambiguity or defect, (B) to add provisions that are not prejudicial to the Holders, (C) to adopt amendments that do not take effect unless and until (i) no Bonds or Notes Outstanding prior to the adoption of such amendment remain Outstanding or (ii) such amendment is consented to by the Holders of such Bonds or Notes in accordance with the Indenture, or (D) pursuant to paragraph (B) summarized below.

(b) Except as described in the foregoing paragraph (a), the Indenture may be amended (1) only with the written consent of a Majority in Interest of the Recovery Bonds and Bonds issued as Parity Debt, the School Bonds, the Senior Bonds and the Notes of each category (each acting as a separate class) to be Outstanding at the effective date thereof and affected thereby; but (2) only with the unanimous written consent of the affected Holders for any of the following purposes: (A) to extend the maturity of any Bond or Note, (B) to reduce the principal amount or interest rate of any Bond or Note, (C) to make any Bond or Note redeemable other than in accordance with its terms, (D) to create a preference or priority of any Bond or Note over any other Bond or Note of the same class or (E) to reduce the percentage of the Bonds and Notes required to be represented by the Holders giving their consent to any amendment. If their interests differ materially, the Holders of the Pre-07 S-1 Senior Bonds and Pre-07 S-1 Parity Debt shall vote as separate classes from the Holders of Post-07 S-1 Senior Debt and Post-07 S-1 Parity Debt.

(c) Any amendment of the Indenture shall be accompanied by a Counsel's Opinion to the effect that the amendment is permitted by law and does not adversely affect the exclusion of interest on the Tax-Exempt Bonds and Tax-Exempt Notes from gross income for federal income tax purposes.

In addition, provisions of the Indenture relating to the application of the Federal Subsidy may be amended in any respect that is not prejudicial to the Bondholders.

Beneficiaries. The Indenture is not intended for the benefit of and shall not be construed to create rights in parties other than the City, the Authority, the Fiduciaries, the Holders of Notes and Senior Bonds, and the other Beneficiaries to the extent specified therein.

Covenant. The City and the Authority covenant with the Holders of the Outstanding Bonds offered hereby to comply with the financial reporting requirements of the Financial Emergency Act For The City of New York and the Act, respectively, each as in effect from time to time.

Series 2011 E and F Bonds. The Indenture makes provision for the deposit and expenditure of the proceeds of the Series 2011 E and F Bonds and for the application of the Federal Subsidies (which subsidies are not pledged to any of the Series 2011 E and F Bonds).

THE AGREEMENT

The Agreement, including the Transitional Capital Plan attached thereto:

(i) describes by reference to the capital budget of the City and the Act the particular Projects and Costs to be financed in whole or in part by the Authority;

(ii) describes the plan for the financing of the Costs or Projects;

(iii) sets forth the method for which and by whom and the terms and conditions upon which money provided by the Authority shall be distributed to the City, which disbursements shall occur, subject to receipt by the Authority of such documentation as to the costs being reimbursed as the Authority shall reasonably require, at least monthly;

(iv) provides for the payment of such Costs by the City under such contracts as shall be awarded by the City or for the City to make a capital contribution of such proceeds as City funds to another entity for the payment or reimbursement of such Costs;

(v) requires every contract entered into by the City, or another entity receiving funds from the City, for Projects or Costs to be financed in whole or in part by the Authority to be subject to the provisions of the City Charter and other applicable laws governing contracts of the City or such entity, as the case may be; and

(vi) authorizes the Authority's assignment and pledge to the Trustee in trust for the benefit and security of the Bondholders and, to the extent specified in the Indenture, of Noteholders and the parties to ancillary and swap contracts of rights of the Authority under the Agreement.

City's Further Assurances. Pursuant to the Act, the City acknowledges the State's grant to the Authority and the Authority's pledge and assignment to the Trustee of, and disclaims ownership of, all subject to the terms of the Act: the City's right, title and interest in and to the Personal Income Taxes and the Sales Taxes, and all rights to receive the same and the proceeds thereof; and the City will protect and defend the Trustee's title thereto.

Separate Accounts and Records. The Authority and the City represent and covenant, each for itself, that: (a) Each of them will maintain its books, financial records and accounts (including, without limitation, interentity transaction accounts) in a manner so as to identify separately the assets and liabilities of each such entity; each has observed and will observe all applicable corporate procedures and formalities, including, where applicable, the holding of regular periodic and special meetings of governing bodies, the recording and maintenance of minutes of such meetings, and the recording and maintenance of resolutions, if any, adopted at such meetings; and all transactions and agreements between and among the Authority, the City and the Trustee have reflected and will reflect the separate legal existence of each entity and have been and will be formally documented in writing. (b) Neither the Authority nor the City has commingled or will commingle any of its assets, funds or liabilities with the assets, funds or liabilities of any other person or entity. Each of them has conducted and will conduct all business between itself and third parties in its own name and separate and distinct from the other.

Project Fund. A Project Fund is established to be held by the Authority. Money shall be deposited therein as provided in the Indenture. The money and investments in the Project Fund shall be held in trust and, except as otherwise provided in the Agreement, shall be applied by the Authority as described below.

The Authority shall pay from the Project Fund the Costs of Issuance, including any expenses of the City in connection with the issuance of the Bonds and Notes that are approved by the Authority, and disburse funds to the City to finance, by payment or reimbursement, Project Capital Costs. When all Costs of Issuance and Project Capital Costs have been paid or reimbursed, as evidenced by Officer's Certificates of the Authority and the City, any excess in the Project Fund shall promptly be paid to the Trustee for deposit in the Collection Account.

The Authority and the City shall develop, and may from time to time modify, procedures for the disbursement, at least monthly, of money to the City from the Project Fund, upon terms, conditions and

documentation providing for compliance with the Act, appropriate provisions of the LFL, the Transitional Capital Plan, the Agreement, the Indenture, and the advice of Counsel as to the application of proceeds of Tax-Exempt Notes and Tax-Exempt Bonds. The City shall pay Costs out of Note and Bond proceeds under such contracts as shall be awarded by the City or make a capital contribution of such proceeds as City funds to another entity for the payment or reimbursement of such Costs.

Money in the Project Fund shall be invested and reinvested in accordance with the Act. Earnings thereon shall be transferred to the Collection Account as Building Aid or Tax Revenues, or otherwise applied in accordance with the Tax Code pursuant to an Officer's Certificate.

Indemnity. The City shall indemnify the Authority and hold it harmless against any claim, demand, action, liability, damages, cost, loss or expense (including, without limitation, legal fees and disbursements) that the Authority incurs arising out of or in relation to any Project.

Limited Purpose of Agreement. The Agreement provides for the issuance and payment of the Authority's obligations and the financing and refinancing of Project Capital Costs. Except as specified in the Agreement, the Authority, the City, and the Trustee shall have no liability to each other or to the Beneficiaries for the construction, reconstruction, acquisition, installation, physical condition, ownership or operation of any Project. The specific Project Capital Costs to be paid or reimbursed by the Authority shall be determined by the City in accordance with the Act.

Covenants of the City. The City covenants with the Authority, and consents to the pledge and assignment to the Trustee of its covenants, that:

(A) The City will at all times do and perform all acts and things permitted by law and necessary or desirable in order to assure that interest paid by the Authority on Tax-Exempt Bonds and Tax-Exempt Notes shall be excludable from gross income for federal income tax purposes pursuant to § 103(a) of the Code; and no funds of the City shall at any time be used directly or indirectly to acquire securities or obligations the acquisition or holding of which would cause any Tax-Exempt Bond or Tax-Exempt Note to be an arbitrage bond as defined in the Code and any applicable Regulations issued thereunder.

(B) The City in its papers and in the statements of its officials has referred and will refer to the Authority as a separate and distinct legal entity; and the City will take no action that is inconsistent with the Agreement and that would give any creditor of the City cause to believe either that any such obligations incurred by the City would be not only the obligation of the City, but also of the Authority, or that the City were not or would not continue to remain an entity separate and distinct from the Authority.

(C) To implement the State Covenant, an Authorized Officer of the City shall, not less than 30 days prior to the beginning of each fiscal year, and as often as he deems necessary but at least quarterly thereafter, certify to the Authority and the Trustee the Mayor's projection of Personal Income Taxes payable to the Authority each month during such fiscal year; and if the projected Personal Income Taxes are insufficient to meet at least 150% of maximum annual debt service on the Bonds, as certified by the Chairperson of the Authority pursuant to the Indenture, then (1) the Mayor shall so notify the State Comptroller, and (2) an Authorized Officer of the City shall, not less than 30 days prior to the beginning of each fiscal year in which such projected Personal Income Taxes are insufficient to meet at least 150% of such maximum annual debt service, and as often as he deems necessary but at least quarterly thereafter, certify to the Authority and the Trustee (in addition to other required matters) the City's projection of Sales Taxes available to be paid to the Authority each month during such fiscal year.

Statutory Pledge and Agreement ("City Covenant"). The City pledges and agrees with the Holders of the Outstanding Bonds and Notes that the City will not limit or alter the rights vested in the Authority by the Act to fulfill the terms of any agreements made with such Holders pursuant to the Act, or in any way impair the rights and remedies of such Holders or the security for such Bonds and Notes until such Bonds and Notes, together with the interest thereon and all costs and expenses in connection with any action or proceeding by or on behalf of such Holders, are fully paid and discharged. This pledge and agreement shall not be deemed to restrict any right the City may have to amend, modify or otherwise alter local laws imposing or relating to the Personal Income Taxes so long as, after giving effect to such amendment, modification or other alteration, the amount of Tax Revenues projected by

the Mayor to be available to the Authority during each of its fiscal years following the effective date of such amendment, modification or other alteration shall be not less than 150% of maximum annual debt service on the Bonds.

Statutory Requirement. To the extent required by the Act, the City agrees that it shall require every contract entered into by the City, or another entity receiving funds from the City, for projects or costs to be financed in whole or in part by the Authority to be subject to the provisions of the City Charter and other applicable laws governing contracts of the City or such entity, as the case may be.

Transfers to City. Subject to the provisions of the Act and the Agreement, all money received by the Authority which, together with other money available for the purposes of the Indenture, exceeds the amount required for such purposes shall be transferred to the order of the City daily or as soon as practicable but not later than the last day of each month.

City Acknowledgments. (a) The City acknowledges that its covenants and pledge and agreement for the benefit of the Holders constitute important security provisions of the Bonds and Notes, and to the fullest extent permitted by applicable federal and State law, waives any right to assert any claim to the contrary and agrees that it will neither in any manner directly or indirectly assert, nor in any manner directly or indirectly support any assertion of any claim to the contrary.

(b) By acknowledging that its covenants and pledge and agreement for the benefit of the Holders constitute important security provisions of the Bonds and Notes, the City also acknowledges, to the fullest extent permitted by applicable federal and State law, that, in the event of any failure or refusal by the City to comply therewith, the Holders of the Bonds or Notes may have suffered monetary damages, the extent of the remedy for which may be, to the fullest extent permitted by applicable federal and State law, determined, in addition to any other remedy available at law or in equity, in the course of any action taken pursuant to the Agreement; and to the fullest extent permitted by applicable federal and State law, the City waives any right to assert any claim to the contrary and agrees that it will neither in any manner directly or indirectly assert, nor in any manner directly or indirectly support any assertion of any claim to the effect that no such monetary damages have been suffered.

(c) The City further acknowledges that the acknowledgments and agreements described in paragraphs (a) and (b) above have been included as a result of negotiations with the underwriters of the first series of Bonds and the first Series of School Bonds and may further acknowledge if and the extent to which any provision of the Agreement has been amended, or any provision of a Series Resolution has been included therein, as a result of the same or similar negotiations.

Amendment. (A) The Agreement may be (1) supplemented by delivery to the Trustee of an instrument certified by an Authorized Officer of the Authority and executed or approved by the City to the extent required by the Agreement and the Act, to (a) update the Transitional Capital Plan or (b) add to the covenants and agreements of the City or the Authority for the benefit of the Holders or surrender or limit for the benefit of the Holders any right or power of the City or the Authority; or

(2) amended by the parties with notice to the Trustee but without Bondholder or Noteholder consent to (a) cure any ambiguity or defect or (b) add provisions that are not prejudicial to the Holders of the Bonds and Notes, including provisions that do not take effect unless and until (i) no Bonds or Notes Outstanding prior to the adoption of such amendment remain Outstanding or (ii) such amendment is consented to by Holders in accordance with the further provisions of the Agreement.

(B) Except as described in the foregoing paragraph (A), the Agreement may be amended only by the City and the Authority with the written consent of a Majority in Interest of the Senior Bonds, the Recovery Bonds and Bonds issued as Parity Debt, the School Bonds and the Notes of each category (each acting as a separate class) to be Outstanding at the effective date thereof and affected thereby; but only with the unanimous written consent of the affected Holders to reduce the percentage of the Bonds and Notes required to be represented by the Holders giving their consent to any amendment. If their interests differ materially, the Holders of the Pre-07 S-1 Senior Bonds and Pre-07 S-1 Parity Debt shall vote as separate classes from the Holders of Post-07 S-1 Senior Debt and Post-07 S-1 Parity Debt.

(C) Any amendment of the Agreement shall be accompanied by a Counsel's Opinion to the effect that the amendment is permitted by law and does not adversely affect the exclusion of interest on the Tax-Exempt Bonds and Tax-Exempt Notes from gross income for federal income tax purposes.

Beneficiaries. The Agreement is not intended for the benefit of and shall not be construed to create rights in parties other than the City, the Authority, the Fiduciaries, the Holders of Notes and Senior Bonds, and the other Beneficiaries to the extent specified in the Agreement and the Indenture.

INDEPENDENT AUDITORS' REPORT

To the Board of Directors of the
New York City Transitional Finance Authority

We have audited the accompanying financial statements of the governmental activities of the New York City Transitional Finance Authority (the "Authority"), a component unit of The City of New York, as of and for the years ended June 30, 2010 and 2009, as listed in the table of contents. These financial statements are the responsibility of the Authority's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the governmental activities of the Authority as of June 30, 2010 and 2009 and the respective changes in financial position thereof for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

The accompanying management's discussion and analysis on pages 2 – 8 is not a required part of the basic financial statements but is supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2010 AND 2009**

MANAGEMENT'S DISCUSSION AND ANALYSIS

The following is a narrative overview and analysis of the financial activities of the New York City Transitional Finance Authority (the "Authority") for the fiscal years ended June 30, 2010 and 2009. It should be read in conjunction with the Authority's government-wide financial statements, governmental fund financial statements and the notes to the financial statements.

The annual financial statements consist of three parts: (1) management's discussion and analysis (this section); (2) the government-wide financial statements; and (3) the governmental fund financial statements.

The government-wide financial statements of the Authority, which include the statements of net assets (deficits) and the statements of activities, are presented to display information about the reporting entity as a whole, in accordance with Governmental Accounting Standards Board ("GASB") standards.

The government-wide financial statements are prepared using the economic resources measurement focus and the accrual basis of accounting. Accordingly, revenue is recognized when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows.

The Authority's governmental fund financial statements (capital and debt service funds) are presented using the current financial resources measurement focus and the modified accrual basis of accounting. Revenue is recognized when it becomes susceptible to accrual, which is when it becomes both measurable and available to finance expenditures in the current fiscal period. Revenues are considered available if received within two months after the fiscal year end. Expenditures are recognized when the related liability is incurred, except for interest on bonds payable, which is recognized when due.

The reconciliations of the statements of revenues, expenditures and changes in fund balances of the governmental funds to the statements of activities, and the balance sheets of the governmental funds to the statements of net assets are presented to assist the reader in understanding the differences between government-wide and fund financial statements.

The Authority's authorizing legislation limited the amount of Authority bonds and notes issued for The City of New York's (the "City's") general capital purposes ("Future Tax Secured Bonds" or "FTS Bonds") to \$13.5 billion, (excluding Recovery Bonds, discussed below) as of June 30, 2009. On July 11, 2009 authorizing legislation was enacted under Chapter 182 of the Laws of New York, 2009, which permits the Authority to have outstanding \$13.5 billion of FTS Bonds, (excluding Recovery Bonds). In addition, Chapter 182 permits the Authority to issue additional Future Tax Secured Bonds provided that the amount of such additional bonds, together with the amount of indebtedness contracted by the City, does not exceed the debt limit of the City. As of July 1, 2010, the City's and the Authority's combined debt-incurring capacity was approximately \$26.3 billion. In fiscal year 2010, the Authority issued \$5.35 billion of FTS Bonds. The Authority had FTS Senior Bonds outstanding of \$6.59 billion and \$8.44 billion and Subordinate bonds (excluding Recovery Bonds) of \$7.82 billion and \$2.70 billion as of June 30, 2010 and 2009, respectively.

In April 2010, Moody's Investors Service upgraded its rating on the Authority's FTS Senior Bonds from Aa1 to Aaa and upgraded its rating on the Authority's FTS Subordinate Bonds from Aa2 to Aa1. Fitch Ratings upgraded its bond rating on FTS Bonds from AA+ to AAA. Standard & Poor's Ratings Services maintained its AAA rating on the Authority's FTS Bonds.

The Authority is also authorized to have outstanding \$2.5 billion of bonds and notes to pay costs related to or arising from the World Trade Center attack on September 11, 2001 ("Recovery Bonds"). The Authority had Recovery Bonds outstanding as of June 30, 2010 and 2009 of \$1.47 billion and \$1.52 billion, respectively.

Of the \$5.35 billion FTS Bonds issued in fiscal year 2010, \$1.73 billion were Build America Bonds ("BABs") and \$250.0 million were Qualified School Construction Bonds ("QSCBs"). The BABs and the QSCBs were created under the American Recovery and Reinvestment Act of 2009 ("ARRA" or "Stimulus Act"). The BABs and QSCBs are taxable bonds for which the Authority receives a cash subsidy payment from the United States Treasury. In fiscal year 2010, the Authority earned subsidy payments of \$13.88 million on its BABs and \$1.0

million on its QSCBs. The proceeds of the BABs are used to finance general City capital expenditures and the QSCBs proceeds are used to finance the City's educational facilities.

In fiscal year 2010 and 2009, the changes in FTS Bonds payable were as follows:

The Authority is also authorized to have outstanding up to \$9.4 billion of Building Aid Revenue Bonds, notes or other obligations ("BARBs"), secured by building aid from New York State ("State") that is received by the Authority pursuant to the assignment to the Authority by the City in fiscal year 2007 (the "Assignment"). The City assigned its building aid, which is subject to annual appropriation by the State, to the Authority for the purpose of funding costs of the five-year educational facilities capital plan for the City school system and to pay its administrative expenses. The Authority had BARBs outstanding as of June 30, 2010 and 2009 of \$4.22 billion and \$4.25 billion, respectively.

In accordance with GASB Statement No. 48, *Sales and Pledges of Receivables and Future Revenues and Intra-Entity—Transfers of Assets and Future Revenues* ("GASB 48"), the building aid revenue is treated, for reporting purposes, as City revenue pledged to the Authority, as discussed below. The implementation of GASB 48 changed the accounting and financial reporting for the Authority's disbursements of BARBs proceeds to the City and receipt of building aid from the State to the Authority pursuant to the Assignment. The Authority retains sufficient building aid revenue to service the BARBs debt and to pay its administrative expenses. Under the criteria established by GASB 48 the assignment of building aid revenue by the City to the Authority is considered a collateralized borrowing, due to the City's continuing involvement necessary for collection of the building aid. The Authority reports as an asset (Due from New York City—future State building aid) the cumulative amount it has distributed to the City for the educational facilities capital plan, net of the cumulative amount of building aid it has retained. On the fund financial statements the distributions to the City for its educational facilities capital program are reported as an other financing use of funds. Building aid retained by the Authority is treated as an other financing source as the amount retained is accounted for as a repayment of the amounts loaned to the City.

The Authority did not issue BARBs in fiscal year 2010 and issued \$2.27 billion in fiscal year 2009. There was approximately \$279 thousand of fiscal year 2009 BARBs proceeds and interest earnings remaining in fiscal year 2010 which was distributed to the City in fiscal year 2010. In fiscal year 2009, the Authority distributed \$2.31 billion of the BARB proceeds to the City.

Total expenses increased due to the Authority issuing \$3.56 billion in new money FTS Bonds in fiscal year 2010 of which \$3.15 billion was distributed to the City for its capital programs. Due to the timing of the bond issuances and the City's incurrence of capital expenditures, the remaining FTS Bond proceeds will be distributed to the City in fiscal year 2011.

In fiscal year 2007, as the Authority had reached its statutory debt limitation, no additional new money FTS Bonds were issued in fiscal years 2009 and 2008. The distributions to the City in fiscal years 2009 and 2008 were the remaining bond proceeds from the fiscal year 2007 bond issuances and the related interest earnings on these proceeds.

Other expenses consist primarily of amortization of costs of issuance related to the Authority's issuance of debt and the Authority's administrative expenses.

**NEW YORK CITY TRANSITIONAL FINANCE AUTHORITY
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2010 AND 2009**

In fiscal year 2010, Personal Income Tax ("PIT") increased \$1.02 billion or 16.58% over fiscal year 2009 due to the City's improving economy. In fiscal year 2009, PIT decreased by \$2.54 billion or 29.25% from fiscal year 2008. The decrease in PIT in fiscal year 2009 can be attributed to the recession. The Authority received \$7.18 billion, \$6.16 billion and \$8.70 billion of PIT in fiscal years 2010, 2009 and 2008, respectively.

The Authority received City grants of \$370.52 million, \$645.75 million and \$545.75 million in June 2010, 2009 and 2008, respectively. The receipt of City grants reduces the amount of PIT needed to be retained by the Authority in future fiscal years for its debt service payments on FTS Bonds and its administrative expenses.

As previously discussed, the Authority issued BABs and QSCBs for the first time in fiscal year 2010. As a result of the issuance of these taxable bonds, the Authority earned \$14.88 million in Federal interest subsidies.

The continuing decrease in investment earnings is due to the lower interest rate environment and the timing of the distributions to the City for its capital programs, which reduces the amount available for the Authority to invest.

The following summarizes the Authority's assets, liabilities, and net assets (deficits) as of June 30,

Total assets increased in fiscal year 2010 primarily due to the PIT receivable from the State of \$313.75 million. In fiscal year 2009, a receivable of \$12.24 million was due from the City for projected PIT refunds due to taxpayers at fiscal year 2009 year end.

The amount Due from New York City—future State building aid decreased in fiscal year 2010 as the Authority did not issue any BARBs in fiscal year 2010 and therefore no bond proceeds were transferred to the City, except for \$279 thousand remaining from the fiscal year 2009 bond proceeds and related interest earnings, while the Authority retained \$380.27 million in fiscal year 2010 for its debt service and administrative expenses. The effect of this activity is reflected as a net decrease in amount Due from New York City—future State building aid in fiscal year 2010 over fiscal year 2009.

Liabilities increased primarily due to the issuance of \$5.35 billion of FTS Bonds, \$3.57 billion of new money bonds and \$1.78 billion in refunding bonds, in fiscal year 2010 compared to issuing no new money FTS Bonds in fiscal years 2009 and 2008, as discussed previously.

In fiscal years 2009 and 2008, the Authority distributed \$2.31 billion and \$1.24 billion, respectively, to the City for its capital educational facilities program and retained \$226.71 million and \$213.05 million, respectively, for its debt service and administrative expenses. The effect of this activity is reflected as a net increase in amount Due from New York City—future State building aid in fiscal year 2009 over fiscal year 2008.

MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2010 AND 2009**

Below is a table summarizing the total building aid revenues from the State, remittances to the City and the balances retained by the Authority for the fiscal years ending June 30,

Total retained for BARBs debt service and operating expenses	<u>\$ 380,274</u>	<u>\$ 226,709</u>	<u>\$ 213,047</u>

The changes in the amount due to the City for reimbursement of its capital expenses is a result of timing differences between the City's incurrence of the capital expenditures and requesting reimbursement from the Authority.

FINANCIAL HIGHLIGHTS AND OVERALL ANALYSIS - GOVERNMENTAL FUNDS FINANCIAL STATEMENTS

The Authority reports governmental activity using four funds, comprised of two capital projects funds and two debt service funds: (1) a building aid revenue bonds capital project fund ("BARBs CPF"), (2) a future tax secured capital project fund ("FTS Bonds CPF"), (3) a building aid revenue bonds debt service fund ("BARBs DSF") and (4) a future tax secured debt service fund ("FTS Bonds DSF").

**NEW YORK CITY TRANSITIONAL FINANCE AUTHORITY
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2010 AND 2009**

The Authority's bond proceeds and distributions to the City are reported as other financing sources (uses) in the governmental funds. As previously discussed, the Authority did not issue any BARBs in fiscal year 2010. The remaining fiscal year 2009 BARBs proceeds and related interest earnings were distributed to the City in fiscal year 2010. In fiscal years 2009 and 2008, the Authority issued \$2.27 billion and \$700 million, respectively, of BARBs and distributed \$2.31 billion and \$1.24 billion, respectively, in BARB proceeds to the City to finance its educational facilities capital program.

Expenditures consist of costs of issuances related to the BARBs issued in fiscal years 2009 and 2008.

The following summarizes the FTS Bonds CPF activities of the Authority for the years ended June 30,

Expenditures increased in fiscal year 2010 due to the Authority's distribution of \$3.15 billion to the City for its capital programs. These distributions were financed from the Authority's issuance of \$3.56 billion of new money FTS Bonds which are recorded as an other financing source. The remaining balance of bonds proceeds are available to be transferred to the City in fiscal year 2011.

No new money FTS Bonds were issued in fiscal years 2009 and 2008, as the Authority had reached its statutory debt limit in fiscal year 2007. The remaining balance from fiscal year 2007 bond issuances and interest earnings on this balance were transferred to the City in fiscal years 2009 and 2008.

The FTS Bonds DSF revenue consists primarily of grants from the City and PIT retained by the Authority. The Authority received unrestricted grants from the City of \$370.52 million, \$645.75 million and \$545.75 million in fiscal years 2010, 2009 and 2008, respectively. These grants and the PIT retained are used to service the Authority's FTS Bonds debt service and its administrative expenses.

Other financing sources (uses) consist primarily of the proceeds from FTS Bonds issued for the refunding of prior years' FTS Bonds and the payment to the escrow agent for the refunded bonds.

Expenditures increased in fiscal year 2010 over fiscal year 2009 due to the increase in debt service payments on the FTS Bonds. Expenditures decreased in fiscal year 2009 over fiscal year 2008 due to the retirement of approximately \$200 million of economic defeased bonds.

This financial report is designed to provide a general overview of the Authority's finances. Refunding bond proceeds and payments to refunded bond escrow holder are reported as other financing sources and uses in the governmental funds, but increase and decrease long-term liabilities in the statements of net assets (deficit).	145,857	13,579
Governmental funds report costs of bond refundings as expenditures. However, in the statements of activities, the costs of bond refundings are amortized over the shorter of the life of the bonds refunded or the life of the bonds issued to advance refund the bonds.	(188)	(16,083)
Repayment (including defeasance) of bond principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net assets (deficit).	356,900	175,600
Governmental funds report the costs of debt issuance as expenditures. However, in the statements of activities, the cost of debt issuance is amortized over the life of the related debt.	10,624	9,621
Governmental funds report bond premiums/discounts as other financing sources/uses. However, in the statements of activities, bond premiums/discounts are amortized over the lives of the related debt as interest expense.	(141,481)	29,613
Distributions to the City's educational facilities capital program from BARBs proceeds are reported as an other financing use in governmental funds. **NEW YORK CITY TRANSITIONAL FINANCE AUTHORITY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2010 AND 2009**

NOTE 1 – ORGANIZATION AND NATURE OF ACTIVITIES

The New York City Transitional Finance Authority (the “Authority”) is a corporate governmental entity constituting a public benefit corporation and an instrumentality of the State of New York (the “State”). The Authority is governed by a Board of five directors, consisting of the following officials of The City of New York (the “City”): the Director of Management and Budget (who also serves as Chairperson), the Commissioner of Finance, the Commissioner of Design and Construction, the City Comptroller and the Speaker of the City Council. Although legally separate from the City, the Authority is a financing instrumentality of the City and is included in the City’s financial statements as a blended component unit, in accordance with the Governmental Accounting Standards Board (“GASB”) standards.

The Authority was created by State legislation enacted in 1997 to issue and sell up to \$7.5 billion in bonds and notes (“Future Tax Secured Bonds” or “FTS Bonds”) to fund a portion of the capital program of the City, the purpose of which is to maintain, rebuild and expand the infrastructure of the City and to pay the Authority’s administrative expenses.

In June 2000, the State Legislature increased to \$11.5 billion the Authority’s capacity to issue bonds and notes for general City capital purposes. Within the \$11.5 billion, the State Legislature increased the amount of FTS Bonds which may be issued as variable rate debt from \$750 million to \$2.3 billion. In July 2006, the statutory capacity to issue bonds and notes for general capital purposes of the City was increased by \$2 billion; as of June 30, 2007, the Authority had issued its statutory limit of \$13.5 billion of FTS Bonds. In July 2009 authorizing legislation was enacted under Chapter 182 of the Laws of New York, 2009 which permits the Authority to have outstanding \$13.5 billion of FTS Bonds. In addition, Chapter 182 permits the Authority to issue additional Future Tax Secured Bonds provided that the amount of such additional bonds, together with the amount of indebtedness contracted by the City, does not exceed the debt limit of the City. As of July 1, 2010, the City’s and the Authority’s combined debt-incurring capacity was approximately \$26.3 billion.

On September 13, 2001, the State Legislature authorized the Authority to have outstanding an additional \$2.5 billion of bonds and notes (“Recovery Bonds”) to fund the City’s costs related to and arising from events on September 11, 2001 at the World Trade Center, notwithstanding the limits discussed above.

Legislation enacted in April 2006 additionally enables the Authority to have outstanding up to \$9.4 billion of Building Aid Revenue Bonds (“BARBs”), notes or other obligations for purposes of funding costs of the five-year educational facilities capital plan for the City school system and the Authority’s administrative expenses.

The Authority does not have any employees; its affairs are administered by employees of the City and of another component unit of the City, for which the Authority pays a management fee and overhead based on its allocated share of personnel and overhead costs.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

- A. The government-wide financial statements of the Authority, which include the statements of net assets (deficit) and the statements of activities, are presented to display information about the reporting entity as a whole, in accordance with GASB standards. The statements of net assets (deficit) and the statements of activities are prepared using the economic resources measurement focus and the accrual basis of accounting.

The Authority’s governmental fund financial statements (Capital and Debt Service Funds) are presented using the current financial resources measurement focus and the modified accrual basis of accounting. Revenue is recognized when it becomes susceptible to accrual, which is when it becomes both measurable and available to finance expenditures in the current fiscal period. Revenues are considered available if received within two months after the fiscal year end. Expenditures are recognized when the related liability is incurred, except for interest on bonds payable, which is recognized when due.

**NEW YORK CITY TRANSITIONAL FINANCE AUTHORITY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2010 AND 2009**

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The governmental funds consist of four funds: (1) a building aid revenue bonds capital project fund (“BARBs CPF”), (2) a future tax secured bonds capital project fund (“FTS Bonds CPF”), (3) a building aid revenue bonds debt service fund (“BARBs DSF”) and (4) a future tax secured bonds debt service fund (“FTS Bonds DSF”). The two capital project funds account for resources to be transferred to the City’s capital programs in satisfaction of amounts due to the City and the two debt service funds account for the accumulation of resources for payment of principal and interest on long-term debt and certain interest on short-term debt, and to support the operations of the Authority.

- B. To maintain the exemption from Federal income tax of interest on bonds issued by the Authority, the Authority will fund amounts required to be rebated to the Federal government pursuant to Section 148 of the Internal Revenue Code of 1986, as amended (the “Code”). The Code requires the payment to the United States Treasury of the excess of the amount earned on all obligations over the amount that would have been earned if the gross proceeds of the issue were invested at a rate equal to the yield on the issue, together with any earnings attributable to such excess. Construction funds, debt service funds or any other funds or accounts funded with proceeds of such bonds, including earnings, or pledged to or expected to be used to pay interest on such bonds are subject to this requirement. Payment is to be made after the end of the fifth bond year and after every fifth bond year thereafter, and within 60 days after retirement of the bonds.

The Authority was not required to make an arbitrage rebate payment in fiscal year 2010 and made an arbitrage payment of \$177 thousand in fiscal year 2009.

- C. Bond and bond anticipation note premiums, discounts and issuance costs are capitalized and amortized over the lives of the related debt using the interest method in the government-wide financial statements. The governmental fund financial statements recognize the premiums and discounts, as well as debt issuance costs, during the current period. The face amount of debt issued and premium received are reported as other financing sources, while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.
- D. Deferred bond refunding costs represent the accounting loss incurred in advance refunding of outstanding bonds. The deferred bond refunding costs are amortized over the shorter of the remaining life of the old debt or the life of the new debt. In the debt service funds, costs of the bond refundings are reported as expenditures when incurred.
- E. Interest expense is recognized on the accrual basis in the government-wide financial statements. Interest expenditures are recognized when bond interest is due in the governmental fund financial statements.
- F. The Authority receives City personal income taxes, imposed pursuant to State law and collected on behalf of the Authority by the State, to service its future tax secured debt and pay a portion of its administrative expenses. Funds for FTS Bonds debt service are required to be set aside prior to the due date of the principal and interest. Personal income taxes in excess of amounts needed to pay debt service and administrative expenses of the Authority are available to be remitted to the City. During the years ended June 30, 2010 and 2009, the Authority retained \$190.65 million and \$138.27 million, respectively of personal income tax to be used for FTS Bonds debt service and its administrative expenses. During fiscal years 2010 and 2009, unrestricted grants were received from the City, as described in Note 6.

**NEW YORK CITY TRANSITIONAL FINANCE AUTHORITY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2010 AND 2009**

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

G. The Authority receives building aid payments by the State, subject to State annual appropriation, pursuant to the assignment by the City of the building aid payments to the Authority to service its building aid revenue bonds and pay a portion of its administrative expenses. Funds for building aid revenue bond debt service are required to be retained when the projected remaining building aid to be received by the Authority reaches 110% of the unfunded debt service for the next fiscal year. Unused building aid is available to be remitted to the City. During the years ended June 30, 2010 and 2009, the Authority retained of \$380.27 million and \$226.71 million, respectively of building aid to be used for BARBs debt service and its administrative expenses.

H. Newly Adopted Standards and Standards Issued But Not Yet Effective.

As a Component Unit of the City, the Authority implements new GASB standards in the same fiscal year as they are implemented by the City. The following are discussions of the new standards which will or may impact the Authority.

In June 2007, GASB issued Statement No. 51, *Accounting and Financial Reporting for Intangible Assets* ("GASB 51"). The statement requires all intangible assets not specifically excluded by its scope provisions to be classified as capital assets. Accordingly, existing authoritative guidance related to the accounting and financial reporting for capital assets should be applied to these intangible assets, as applicable. The requirements for GASB 51 was effective for financial statements for periods beginning after June 15, 2009, and was thus implemented by the City for its fiscal year ended June 30, 2010. There was no impact on the Authority's financial statements as a result of implementation of GASB 51.

In June 2008, GASB issued Statement No. 53, *Accounting and Financial Reporting for Derivative Instruments* ("GASB 53"). The statement establishes guidance on the recognition, measurement and disclosures related to derivative instruments entered into by governmental entities. GASB 53 requires that most derivative instruments be reported at fair value, and requires governmental entities to determine if derivatives are effective hedges of risks associated with related hedgeable items. Generally, for derivatives that are effective hedges, changes in fair values are deferred whereas for others the changes in fair value are recognized in the current period. The requirements for GASB 53 were effective for financial statements for periods beginning after June 15, 2009, and was thus implemented by the City for its fiscal year ended June 30, 2010. There was no impact on the Authority's financial statements as a result of implementation of GASB 53.

Pronouncement to be Implemented

In February 2009, GASB issued Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions* ("GASB 54"). The statement affects the display of fund balances in the financial statements and requires that governments disclose their fund balance classifications, policies and procedures in the Notes. Fund balances will be classified as nonspendable, restricted, committed, assigned, and/or unassigned, depending on the definitions provided in the statement. Additionally, GASB 54 refines the definitions of each of the governmental fund types, such as debt service and capital projects funds. The requirements for GASB 54 are effective for periods beginning after June 15, 2010. GASB 54 will not have any financial impact on the Authority but will change the Authority's governmental fund financial statement presentation.

I. The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Authority's management to make estimates and assumptions in determining the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities as of the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

NOTE 5 – BONDS PAYABLE (Continued)

On June 30, 2010 and 2009, the Authority had \$3.15 billion and \$2.89 billion, respectively, of FTS Bonds variable rate bonds outstanding, consisting of \$.22 billion of Auction Rate Securities (ARSs) and \$2.93 billion and \$2.67 billion, respectively, of Variable Rate Demand Bonds (VRDBs). The interest rate on the ARSs is established weekly by an auction agent at the lowest clearing rate based upon bids received from broker dealers. The interest rate on the ARSs cannot exceed 12%. In fiscal years 2010 and 2009, the interest rate on the ARSs averaged .79% and 3.27%, respectively. The VRDBs bear a daily rate, a two-day rate or a weekly rate and represent the lowest rate of interest that would cause the adjustable rate bonds to have a market value equal to the principal amount. The rates cannot exceed 9% on tax exempt bonds and 12% on taxable bonds. In fiscal years 2010 and 2009, the VRDB rates averaged .23% and 1.33%, respectively, on tax exempt bonds and .36% and 2.85%, respectively, on taxable bonds.

Included in bonds payable on June 30, 2010 and 2009 were \$0.5 million and \$32 million, respectively, of FTS Bonds that were economically defeased on March 24, 2004, and the escrow deposited with the Authority's Trustee is recorded as an asset. These amounts were funded from the proceeds of the sale of Fiscal 2004 Series D FTS Bonds.

On August 27, 2009, the Authority issued \$800 million, Fiscal 2010 Series B FTS Bonds and together with the premium received of \$79.6 million and an equity contribution from current revenue of \$42.9 million, current and advanced refunded \$876.8 million of its outstanding FTS Bonds. This refunding resulted in an accounting loss of \$ 30.8 million, which is recorded as deferred bond refunding costs on the statement of net assets (deficit). The Authority in effect reduced the aggregate debt service by \$65.9 million and obtained an economic benefit of \$56.1 million.

On January 26, 2010, the Authority issued \$500 million, Fiscal 2010 Series D and E FTS Bonds and, together with the premium received of \$47.2 million and an equity contribution from current revenue of \$22.3 million, current and advanced refunded \$523.2 million of its outstanding FTS Bonds. This refunding resulted in an accounting loss of \$30.6 million, which is recorded as deferred bond refunding costs on the statement of net assets (deficit). The Authority in effect reduced the aggregate debt service by \$39.0 million and obtained an economic benefit of \$30.1 million.

On June 4, 2010, the Authority issued \$399.99 million, Fiscal 2010 Series H and I FTS Bonds and together with premium of \$38.87 million and an equity contribution from current revenue of \$6.04 million, current and advanced refunded \$408.9 million of its outstanding FTS Bonds. This refunding resulted in an accounting loss of \$23.3 million, which is recorded as deferred bond refunding costs on the statement of net assets (deficit). The Authority in effect reduced its aggregate debt service by \$32.02 million and obtained an economic benefit of \$25.11 million.

On April 2, 2009, the Authority issued \$219.3 million of Fiscal 2009 Series A and B FTS Bonds and together with the premium received of \$15.39 million, advanced refunded \$228.17 million of its outstanding FTS Bonds. This advance refunding resulted in an accounting loss of \$5.0 million, which is recorded as deferred bond refunding costs on the statement of net assets (deficit). The Authority in effect reduced the aggregate debt service by \$13.1 million and obtained an economic benefit of \$10.94 million.

Bonds economically defeased remain a liability and the escrow deposited with the Authority's Trustee is an asset on the Authority's records. The bonds refunded with Defeasance Collateral have been removed from the financial statements as a liability of the Authority. As of June 30, 2010 and 2009, the Authority had FTS Bonds refunded with Defeasance Collateral totaling \$7.11 billion and \$5.30 billion, respectively, of which \$1.49 billion and \$2.43 billion, respectively, are still to be paid from the Defeasance Collateral held in the escrow accounts on deposit with the Authority's escrow Trustee.

BONDS TO BE REDEEMED

The Authority expects to redeem Bonds, at or prior to maturity, by applying the proceeds of the Series 2011 E and F Bonds, with other funds of the Authority, to provide for, at or prior to maturity, the payment of the principal of and interest and redemption premium, if any, on such Bonds (the “Refunded Bonds”) to the extent and to the payment dates set forth below. The refunding is contingent upon the delivery of the Series 2011 E and F Bonds.

Refunded Bonds that are to be paid at maturity which are redeemable by their terms, if any, may be called for redemption at the option of the Authority if the escrow account is hereafter restructured to provide for their redemption. Any such restructuring must preserve (a) the sufficiency of the escrow account to pay the principal, interest to maturity or redemption, and any redemption premium on all the Refunded Bonds and (b) the exclusion from the gross income for federal income tax purposes of interest on the Series 2011 E and F Bonds and the Refunded Bonds.

The Refunded Bonds are being provided for in whole or in part as indicated in the footnotes hereto.

PROPOSED FORM OF BOND COUNSEL OPINION

April 25, 2011

New York City Transitional Finance Authority

We have acted as bond counsel to the New York City Transitional Finance Authority (the “Authority”), a public benefit corporation organized under the laws of the State of New York (the “State”), in the Authority’s issuance of its Future Tax Secured Subordinate Bonds, Fiscal 2011 Series E and Series F (the “New Bonds”). The New Bonds are being issued pursuant to Charter 16, Laws of New York, 1997, as amended (the “Act”), to the Amended and Restated Original Indenture, as restated December 1, 2010, and as supplemented (the “Indenture”), between the Authority and The Bank of New York Mellon, as Trustee, and to a Financing Agreement dated October 1, 1997, as amended (the “Agreement”), between the Authority and The City of New York (the “City”). Terms not defined herein are used as defined in the Indenture. We assume the parties will perform their respective covenants in the Indenture and the Agreement in all material respects.

The New Bonds are dated, bear interest, mature, and are subject to redemption and are secured as set forth in the Indenture. The New Bonds are Subordinate Bonds and Parity Debt payable from the Tax Revenues on a parity with the Authority’s Recovery Obligations and other Parity Debt. The Authority is authorized to issue additional bonds (together with such bonds heretofore issued and the New Bonds, the “Bonds”) on the terms and conditions set forth in the Indenture and all such Bonds shall be entitled to the benefit, protection and security of the Indenture in the order of priority set forth therein.

In rendering the opinions set forth herein, we reviewed certificates of the Authority and the City and such other agreements, documents and matters to the extent we deemed necessary to render our opinions. We have not undertaken an independent audit or investigation of the matters described or contained in the foregoing certificates, agreements and documents. We have assumed, without undertaking to verify, the genuineness of all documents and signatures presented to us; the due and legal execution and delivery thereof by, and validity against, any parties other than the Authority and the City; and the accuracy of the factual matters represented, warranted or certified therein.

Based on the foregoing and our examination of existing law, we are of the opinion that:

1. The Authority is a public benefit corporation duly organized and existing under the laws of the State, and is authorized under the laws of the State, particularly the Act, to enter into the Indenture and the Agreement and to issue the New Bonds. Under the laws of the State, including the Constitution of the State, and under the Constitution of the United States, the Act is valid in all respects material to the security and sources of payment for the New Bonds.

2. The New Bonds have been duly authorized, executed, and delivered by the Authority and are valid and binding obligations of the Authority payable from the Tax Revenues pledged and the other collateral provided therefor in the Indenture. The Bonds do not constitute a debt of the State or the City, and neither the State nor the City shall be liable thereon, nor shall the Bonds be payable out of any funds other than those of the Authority.

3. The Act validly provides for (a) the payment to the Authority (i) of the taxes so payable pursuant to § 1313 of the Tax Law (the “Personal Income Taxes”), and (ii) to the extent specified in the Act, of sales and compensating use taxes that the City is authorized by the State to impose and taxes imposed by the State pursuant to § 1107 of the Tax Law (the “Alternate Revenues,” and to the extent so payable, with the Personal Income Taxes and such other revenues, if any, as the Authority may derive directly from the State from taxes imposed by the City or the State and collected by the State, the “Tax Revenues”), (b) the Authority’s pledge to the Trustee of the Tax Revenues and all aid, rents, fees, charges, payments and other income and receipts paid or payable to the Authority or the Trustee (the “Revenues”), and (c) the application of proceeds of the Bonds to purposes of the City.

4. The Personal Income Taxes are subject neither to appropriation by the City or the State, nor to prior claims in favor of other obligations or purposes of the City or the State except as specified in §1313 of the Tax Law with respect to overpayments and the State’s reasonable costs in administering, collecting and distributing such taxes. Alternative Revenues consisting of sales and compensating use taxes imposed by the City, if payable to the Authority pursuant to the Act, are not subject to appropriation by the City or the State. Upon any failure of the State

Legislature to make required appropriations for State debt obligations, the Tax Revenues would not constitute revenues applicable to the General Fund of the State; hence Article 7, Section 16 of the State Constitution does not mandate such money to be set apart by the State Comptroller for the payment of State obligations.

5. The Indenture (a) has been duly and lawfully authorized, executed and delivered by the Authority, (b) creates the valid pledge of Tax Revenues and other collateral that it purports to create and (c) is a valid and binding agreement, enforceable in accordance with its terms, of the Authority, and to the extent specified in the Act, the State. The Act does not restrict the right of the State to amend, modify, repeal or otherwise alter statutes imposing or relating to the taxes payable to the Authority pursuant to § 1313 of the Tax Law, nor does it obligate the State to make any payments not specified in the Act or impose any taxes to satisfy the obligations of the Authority.

6. The lien of the Indenture on the Tax Revenues for the security of the Senior Bonds and other instruments to the extent specified in the Indenture is, and pursuant to the covenant of the Authority in the Indenture will be, prior to all other liens thereon. The pledge of Tax Revenues and other collateral made by the Authority in the Indenture is valid, binding and perfected without any physical delivery of the collateral or further act, and the lien thereof is valid, binding and perfected against all parties having claims of any kind in tort, contract or otherwise against the Authority irrespective of such parties' notice thereof.

7. The Agreement has been duly and lawfully authorized, executed and delivered by the Authority and the City pursuant to the Act, and is a valid and binding agreement of each of them.

8. The Authority is not eligible for protection from its creditors pursuant to Title 11 (the "Bankruptcy Code") of the United States Code. If the debts of the City were adjusted under the Bankruptcy Code, and the City or its creditors asserted a right to the Tax Revenues superior or equal to the rights of the holders of the Bonds, such assertion would not succeed.

9. No registration with, consent of, or approval by any governmental agency or commission that has not been obtained is necessary for the execution and delivery of the New Bonds. The adoption and compliance with all of the terms and conditions of the Indenture and the New Bonds, and the execution and delivery of the New Bonds, will not result in a violation of or be in conflict with any existing law.

10. Interest on the New Bonds is exempt from personal income taxes imposed by the State or any political subdivision thereof, including the City.

11. The Authority and the City have covenanted to comply with applicable provisions of the Internal Revenue Code of 1986, as amended (the "Tax Code"), relating to the exclusion from gross income of the interest on the New Bonds for purposes of federal income taxation. Assuming compliance by the Authority and the City with such provisions of the Tax Code, interest on the New Bonds will not be included in the gross income of the owners thereof for purposes of federal income taxation. Failure by the Authority or the City to comply with such applicable requirements may cause interest on the New Bonds to be includable in the gross income of the owners thereof retroactive to the date of the issue of the New Bonds. Further, we render no opinion as to the effect on the exclusion from gross income of interest on the New Bonds of any action taken or not taken after the date of this opinion without our approval.

12. Interest on the New Bonds is not a specific preference item for purposes of the federal individual or corporate alternative minimum tax. The Code contains other provisions that could result in tax consequences, upon which we render no opinion, as a result of (i) ownership of such New Bonds or (ii) the inclusion in certain computations (including without limitation those related to the corporate alternative minimum tax) of interest that is excluded from gross income.

13. The excess, if any, of the amount payable at maturity of any maturity of the New Bonds over the initial offering price of such bonds to the public at which price a substantial amount of such maturity is sold represents original issue discount, which is excluded from gross income for federal income tax purposes to the same extent as interest on the New Bonds. The Tax Code provides that such original issue discount excluded as interest accrues in accordance with a constant yield method based on the compounding of interest, and that a holder's adjusted basis for purposes of determining a holder's gain or loss on disposition of the New Bonds with original issued discount will be increased by the amount of such accrued interest.

The rights of the holders of the Bonds and the enforceability thereof may be subject to bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors' rights heretofore or hereafter enacted, to the

extent constitutionally applicable and except as specifically stated above, and may also be subject to the exercise of the State's police powers and of judicial discretion in appropriate cases.

The opinions expressed herein are based on an analysis of existing laws, regulations, rulings and court decisions. Such opinions may be adversely affected by actions taken or events occurring, including a change in law, regulation or ruling (or in the application or official interpretation of any law, regulation or ruling) after the date hereof. We have not undertaken to determine, or to inform any person, whether such actions are taken or such events occur and we have no obligation to update this opinion in light of such actions or events.
