Safer Pedestrian Crossings

Improve Accessibility

31st St. and 37th Ave. Bus Stop Under the El
Safety Improvements

Improve Bus Rider Experience

Improve Roadway Organization

NYC DOT will install concrete bus boarding islands at the intersection of 31st St. and 37th Ave.:

- Install two concrete bus boarding islands at the intersection of 31st St. and 37th Ave., enabling bus riders to board and exit the Q102 bus safely and bringing the bus stop into compliance with ADA
- Add painted pedestrian space and vertical delineators to improve pedestrian safety
- Upgrade pedestrian ramps to improve accessibility

Implementation begins October 2024
