# Vision Zero

## (Building A Safer City)

### Our Progress (2014-2022)

- Nearly 1,000 Street Improvement Projects (SIPs)
- Over 1,500 miles of bike lanes throughout the City (preceding VZ program)
- Launched city's first ever busway with 6 installed today
- Added over 70 miles of new bus lanes
- Over 5,100 LPIs installed
- Over 580 turn calming treatments installed

# Vision Zero (Building A Safer City)

---

## Pandemic Changes

- **More speeding:** Fewer vehicles on the roads provided greater opportunity for speeding
  - **Increased fatality risk:** Fewer injuries, but those that happened were more deadly
- Increased driver/passenger deaths:** Record low pedestrian fatalities in 2020, but spike in deaths of motor vehicle occupants and motorcyclists in 2020-2022
- **Behavior change is persistent:** Vehicle volumes have returned to near baseline, but speeding and reckless behavior persist.

---

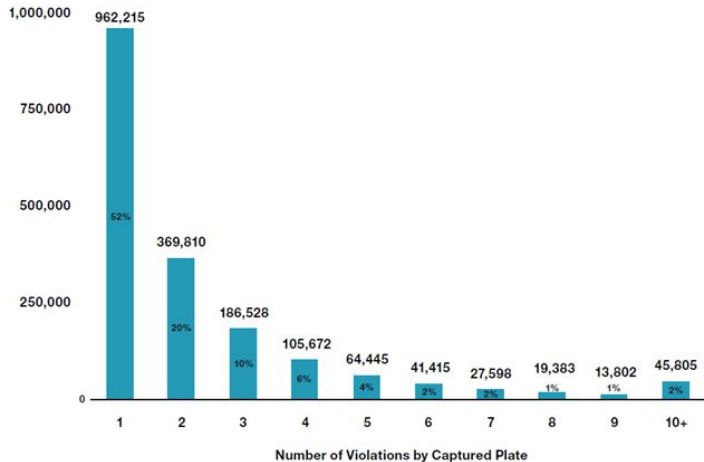

# Tech in Transportation

# Automated Enforcement

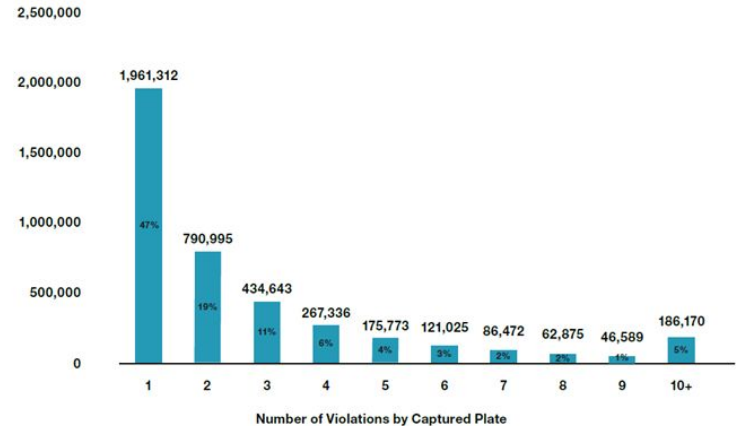

- Worked with Senator Gounardes and Assembly Member Glick to extend speed cameras hours of operation to 24/7
- Speeding violations down an average of 72% at camera locations during hours of operation.

- In seven years of the program, majority of violators received no more than two notices of liability – but five percent are severe recidivists (10+)

Repeat Violators, 2020 Only

Repeat Violators, 2014–2020

# EV Chargers

# Thank You!
