1. Introduction and Objective

At the request of JrCruz Corp. and on behalf of the New York City Department of Design and Construction (DDC), Applemon Corporation (Applemon), developed the Public Participation Plan (plan) for the Reconstruction of Brooklyn Waterfront Greenway in Brooklyn, NY (NYCDDC Project ID HWK1048D) to comply with the New York State Department of Environmental Conservation (DEC) Commissioner Policy-29, Environmental Justice and Permitting (CP-29). The purpose of the plan was to address environmental justice concerns and ensure public participation in the DEC environmental permit review process by the impacted community. This Summary Report documents the implementation and completion of all activities pursuant to the plan which had been approved by the DEC on October 29, 2021 in support of DEC Application ID: 2-6102-00682/00001, 2, (NY0277126).

2. Project Description

The construction site consists of existing roadway and lawn area on the sidewalks or roadside. Land use in the vicinity of the corridor is primarily characterized by commercial facilities and a few multi-family residences and municipal facilities. The construction area is comprised of the following street segments in the Sunset Park section of Brooklyn:

- 3rd Avenue from 29th Street to 19th Street (on southbound side of road)
- Hamilton Avenue from 19th Street to Smith Street
- 17th Street from Hamilton Avenue to 3rd Avenue
- Intersection of Smith Street and Lorraine Street

The corridors are approximately one mile in length. Approximately 2.5 acres will be disturbed during the construction period. The topography of the project area consists of flat surfaces associated with small hills flattened during urbanization or regarding of the area. The site elevations range approximately from 9 feet to 16 feet. The site exhibits a downward slope toward the Gowanus Canal at the end of the side streets that intercept

with 3rd Avenue and Hamilton Avenue. The project site has a relatively flat topography with slopes generally ranging from 0% to 1%.

The site is now mostly paved with asphalt and concrete. The general excavation depth for the sewers and water mains is ranging approximately from 5 to 24 feet below grade surface (ftbg) and mostly between 5 and 9 ftbg. Excavation will expose fill deposits or pass through silty sands with some gravel. Based on the topographic elevations along the corridor and the results of a previous investigation, groundwater was encountered across the site at approximately from 7 to 15 feet below grade surface.

During construction, temporary dewatering to facilitate the installation of the sewers and water mains will be required for three segments located on 3rd Avenue (see Figure 1). The pumped and treated groundwater will be directed from a temporary construction dewatering and groundwater treatment system, consisting of sedimentation, filtration and carbon adsorption via three Points of Discharge (POD1, POD2 and POD3). POD1 and POD2 will lead to the New York City Department of Environmental Protection (NYCDEP) Outfall OH-006 and Outfall OH-617 requiring a New York State Pollutant Discharge Elimination System (SPDES) permit. The SPDES permit will not be required for POD3 since the discharge leads to a combined sewer that will be treated at an off-site wastewater treatment plant. See Figures 2 and 3 for more details about the dewatering activities.

3. Stakeholders and Contact List

Per New York State Department of Environmental Conservation's recommendations and in collaboration with the New York City Department of Design and Construction, a contact list of interested and affected parties was developed (see Appendix A). The list included local government and elected officials; businesses, organizations, schools, residents and occupants who live or work within a 1-2 block distance (approximately 1000 feet) of the project area. This list was used to communicate and disseminate information about the project with the affected community and stakeholders.

4. Public Outreach Activities

In order to inform the public about the current phase of the project and to address the applicability of Commissioner Policy-29, Environmental Justice and Permitting, the following outreach activities were planned and conducted: 1) prepared and disseminated a fact sheet about the project; 2) prepared and circulated a public meeting notice/invitation encouraging the affected community and stakeholders to attend an online public meeting; 3) conducted an online public meeting. See sections 4.1, 4.2 and 4.3 for more details. Since the project is located in an area with a sizable Hispanic-American population, the public meeting notices and fact sheets were made available and disseminated in both English and Spanish.

Furthermore, the DDC's appointed Community Construction Liaison (CCL), Tara Figueroa, has been located in the vicinity of construction for the duration of the construction. The CCL has been available to the community at all times for questions, comments and requests related to the construction of the project. The CCL could be contacted by phone at (914)970-2550, by email at Hamiltonavecccl@gmail.com or at Resident Engineer's office located at 474 Smith Street, Brooklyn, NY 11356.

4.1 Fact Sheet

JrCruz Corp mailed the fact sheet (both English and Spanish as shown in Appendix C) to the community organizations, elected officials, schools, media, etc. listed on the project stakeholders and contact list (Appendix A). Additionally, the fact sheet has been available through the online repository via the following website:

<https://www1.nyc.gov/site/ddc/contracts/public-participation-plan.page>

4.2 Public Meeting Notice/Invitation

Two weeks in advance of the public meeting of November 16, 2021, JrCruz mailed the public meeting notice/invitation in both English and Spanish (Appendix B) to the community organizations, elected officials, schools, media, etc. listed on the project stakeholders and contact list (Appendix A). The public meeting notices (both English and Spanish) were also posted in some public areas visible to the community and/or hand delivered by the CCL throughout the construction site (see Appendix D). The public meeting notice (Appendix B) was also published on November 5, 2021 in the print edition of Courier Life (see Appendix D), a local paper distributed widely throughout the community. Additionally, the public meeting notice has been available in the online repository via the following website:

<https://www1.nyc.gov/site/ddc/contracts/public-participation-plan.page>

4.3 Public Meeting

In collaboration and coordination with NYCDDC, JrCruz Corp., and the Office of Resident Engineer, Applemon Corporation facilitated and presented a public informational tele/videoconference meeting on Tuesday November 16, 2021 at 6:00 pm

At the public tele/videoconference meeting, representatives from NYCDDC, JrCruz Corp., Office of Resident Engineer and Applemon Corporation presented an overview of the construction project, project background, scope of dewatering work, community impact, SPDES permit application, and contact information. Fuad Adib of Applemon Corporation was the lead speaker at the meeting who explained the reason for dewatering, SPDES permit process, and how the impact of dewatering can be monitored. Ten people attended the meeting. Please see Appendix E for a recorded list of attendees and participants.

An in-meeting chat line was available throughout the meeting so the attendees could submit their questions and concerns during the meeting. There was also a dedicated Q&A

section at the end of the meeting for public questions, comments and concerns. No concerns or comments were raised about the project and its proposed dewatering activities during the public meeting. Only one attendee with late appearance had a couple of general questions about the meaning and location of dewatering. Applemon responded to the questions pointing out to the project dewatering location (Figure 1) where three separate excavation dewatering trenches will be needed on 3rd Avenue to manage groundwater during the sewer construction. The CCL also responded to these questions through the in-meeting chat and provided her contact information as well (see Appendix E for a copy of the meeting chat). Furthermore, attendees were informed of how they may submit formal comments on the permit application to the NYSDEC and obtain answers to questions after the meeting has concluded. Since the public meeting, DDC and contractor have not received any additional substantive concerns, questions or issues about the dewatering.

5. Document Repository

An online document repository has been established for the community to access and review information about the project. The established online repository available at the <https://www1.nyc.gov/site/ddc/contracts/public-participation-plan.page> provides information and documents relating to the project and the SPDES permit application such as public notices and fact sheets related to the plan, the draft SPDES permit and statement of basis, and the Notice of Complete Application provided by the NYSDEC. NYCDDC continues maintaining the online repository.

6. Certification

“I hereby certify that DDC has complied with all requirements of the plan in accordance with DEC issued Commissioner Policy-29 Environmental Justice and Permitting (CP-29) to address environmental justice concerns and ensure community participation in the DEC environmental permit review process. DDC has completed all activities pursuant to the plan. DDC understands that certifying false, incorrect or inaccurate information is a violation of CP-29 and of the referenced permit.”

YOU ARE INVITED

Public Tele/Videoconference Meeting Tuesday November 16, 2021 at 6:00pm

Reconstruction of Brooklyn Waterfront Greenway

The New York City Department of Design and Construction (NYCDDC) has submitted an application to the New York State Department of Environmental Conservation (NYSDEC) for a State Pollution Discharge Elimination System (SPDES) permit for the **Reconstruction of Brooklyn Waterfront Greenway (NYCDDC Project ID: HWK1048D)**. A Public Participation Plan has been developed in accordance with NYSDEC Commissioner Policy 29, Environmental Justice and Permitting (CP-29). The purpose of this meeting is to inform the public about the project and to involve the community during the SPDES permit application review process.

To Call In Using a Phone

Dial in using the following number

(929) 205-6099

When prompted, enter the Meeting ID: **878 3073 9493**

Agenda:

- 🕒 **Project Overview**
- 🕒 **Background**
- 🕒 **Scope of work**
- 🕒 **Project schedules**
- 🕒 **Community Impacts**
- 🕒 **Proposed Mitigation Measures**
- 🕒 **Questions**

Your Attendance is Important!

Project personnel will be available to answer any questions from the community. For additional information on the proposed project,

Visit the repository at: <https://www1.nyc.gov/site/ddc/contracts/public-participation-plan.page>

If you have any questions, concerns, or would like to learn more about this DDC Project, please call the Community Construction Liaison:

CCL: Tara Figueroa
Phone: 917-970-2550
Email: Hamiltonavecl@gmail.com
"In an effort to practice social distancing, field office is handling emails or phone calls, only."

During non-construction hours please contact 311 for non-emergency city services.

PLEASE NOTE: Due to unforeseen conditions (weather, field conditions, etc) it may become necessary to change some scheduled work locations and operations.

USTED ESTA INVITADO

Reunión en Videoconferencia Comunitaria Martes 16 de noviembre de 2021 a las 6:00 pm

Reconstrucción de Brooklyn Waterfront Greenway

El Departamento de Diseño y Construcción de la ciudad de Nueva York (NYCDDC) ha presentado una solicitud al Departamento de Conservación Ambiental del Estado de Nueva York (NYSDEC) para obtener un permiso del Sistema de Eliminación de Descargas Contaminantes del Estado State Pollution Discharge Elimination System (SPDES) para llevar a cabo de la Reconstrucción de Brooklyn Waterfront Greenway (NYCDDC Project ID: HWK1048D). Se ha desarrollado un Plan de participación pública en concordancia con NYSDEC Commissioner Policy 29, Environmental Justice and Permitting (CP-29). El objetivo de esta reunión es informar al público sobre el proyecto e involucrar a la comunidad durante el proceso de revisión de la solicitud del permiso de SPDES.

Cuando se le solicite, ingrese el ID de la reunión: **878 3073 9493**

Agenda:

- 🕒 Descripción del Proyecto
- 🕒 Fondo
- 🕒 Ambito de Trabajo
- 🕒 Cronogramas del Proyecto
- 🕒 Impacto a la Comunidad
- 🕒 Medidas de Mitigación
- 🕒 Preguntas

¡Su asistencia es importante!

Un representante del proyecto estará disponible para responder cualquier pregunta de la comunidad. Para información adicional sobre el proyecto: Visita la página web del proyecto:

<https://www1.nyc.gov/site/ddc/contracts/public-participation-plan.page>

If you have any questions, concerns, or would like to learn more about this DDC Project, please call the Community Construction Liaison:

CCL: Tara Figueroa
Phone: 917-970-2550
Email: Hamiltonaveccl@gmail.com
"In an effort to practice social distancing, field office is handling emails or phone calls, only."

During non-construction hours please contact 311 for non-emergency city services.

PLEASE NOTE: Due to unforeseen conditions (weather, field conditions, etc) it may become necessary to change some scheduled work locations and operations.

City of New York - Department of Design and Construction
JrCruz Corp.
Reconstruction of Brooklyn Waterfront Greenway
Borough of Brooklyn

APPENDIX C

Fact Sheet

(English and Spanish)

Reconstruction of Brooklyn Waterfront Greenway

Fact Sheet

What is the Proposed Project? The Proposed Project will: improve approximately one mile of streets and sidewalk to current New York City Department of Transportation (NYCDOT) standards; install a new drainage collection system; and upgrade and replace existing sanitary sewers and water mains. To implement the proposed project, the New York City Department of Design and Construction (NYCDDC) has submitted an application to the New York State Department of Environmental Conservation (NYSDEC) for dewatering and groundwater pumping operations, which requires a New York State Pollutant Discharge Elimination System (SPDES) permit. This permit is to construct the Brooklyn Waterfront Greenway Infrastructure Upgrades (NYCDDC Project ID: HWK1048D) on 3rd Avenue/Hamilton Avenue and surrounding area, Brooklyn. A Public Participation Plan has been developed in accordance with NYSDEC Commissioner Policy 29, Environmental Justice and Permitting (CP-29). The purpose of this fact sheet is to inform the public about the project and to involve the community during the SPDES permit application review process.

Why does NYCDDC need to upgrade the infrastructure in Brooklyn Neighborhood? The existing infrastructure is old and insufficient. This project will provide much needed street drainage for the Proposed Project Area. The reconstructed streets and new infrastructure will improve vehicular and pedestrian conditions, while reducing the potential for future flooding impacts and will support neighborhood resiliency with respect to coastal storms, while providing enhanced infrastructure that will support post-storm recovery efforts.

How might the upgrades affect the surrounding community? Community impacts will be temporary in nature and all related to construction. NYCDDC and its contractors propose to control all dust, rodent, noise and vibration during the construction period. NYCDDC will be available to answer all questions for any issues related to special needs access, service delivery coordination (e.g. trash collection), and any property damage. Water service interruptions will only be during the day, and advance notice will be provided to all affected homeowners. Traffic impacts are expected during construction; however, NYCDDC will take all the necessary measures to minimize disruptions to property access, schools, as well as access to transportation facilities, community facilities, and emergency services.

How can I participate in the permit review process?

- Attend the upcoming video/teleconference scheduled for November 16, 2021, at 6:00 pm to learn about the project, submit comments, ask questions and/or express concerns about the project.
- Submit comments in writing, by phone or email to the NYCDDC Community Construction Liaison identified below.

Where can I get more information about the proposed expansion?

- Visit the online document repository at: <https://www1.nyc.gov/site/ddc/contracts/public-participation-plan.page> to obtain application materials, relevant documents, and information about the project.
- Contact the Community Construction Liaison, Tara Figueroa: Phone at (914)970-2550, email Hamiltonavecl@gmail.com for information on the project, instructions on how to attend the video/teleconference.

Who is responsible for reviewing the Permit Application? NYSDEC Region 2 Headquarters, 47-40 21st St., Long Island City, NY 11101, is responsible for reviewing and issuing the required permits. Tel: (718) 482-4997; email: DEP.R2@dec.ny.gov

Reconstrucción de Brooklyn Waterfront Greenway

Hoja de Datos

¿Cuál es el proyecto propuesto? El proyecto propuesto: mejorará aproximadamente una milla de calles y aceras según los estándares actuales del NYCDOT; instalar un nuevo sistema de recolección de aguas residuales; y, actualizar y reemplazar las alcantarillas sanitarias y las tuberías de agua existentes. Para implementar el proyecto propuesto, el Departamento de Diseño y Construcción de Nueva York (NYCDDC) presentó una solicitud al Departamento de Conservación Ambiental del Estado de Nueva York (NYSDEC) para operaciones de desagüe y bombeo de aguas subterráneas, lo que requiere el permiso del Sistema de Descarga de Contaminantes de la ciudad de Nueva York (SPDES). Este permiso es para llevar a cabo el Mejoramiento de la Infraestructura de Reconstrucción de Brooklyn Waterfront Greenway (NYCDDC Project ID: HWK1048D) en 3rd Avenue/Hamilton Avenue y sus alrededores en Brooklyn. Se ha desarrollado un Plan de participación pública en concordancia con la poliza 29 del NYSDEC, Environmental Justice and Permitting (CP-29). El objetivo de hoja de datos es informar al público sobre el proyecto e involucrar a la comunidad durante el proceso de revisión de la solicitud del permiso de SPDES.

¿Por qué NYCDDC necesita actualizar la infraestructura en Brooklyn Waterfront Greenway? La infraestructura existente es antigua e insuficiente. Este proyecto proporcionará el muy necesitado drenaje de calles para el área del proyecto propuesto. Las calles reconstruidas y la nueva infraestructura mejorarán las condiciones vehiculares y peatonales, mientras que reducirán el potencial del futuro impacto de inundaciones y respaldarán la resistencia del vecindario con respecto a las tormentas costeras, a la vez que proporcionará una infraestructura mejorada que respaldará los esfuerzos de recuperación posteriores a una tormenta.

¿Cómo pueden las actualizaciones afectar a la comunidad circundante? Los impactos de la comunidad serán de naturaleza temporal y todos estarán relacionados con la construcción. NYCDDC y sus contratistas proponen controlar todo el polvo, los roedores, el ruido y la vibración durante el período de construcción. NYCDDC estará disponible para responder todas las preguntas relacionadas con necesidades especiales de acceso, la coordinación de provisión de servicios (por ejemplo, recolección de basura) y cualquier daño a la propiedad. Las interrupciones del servicio de agua solo serán durante el día y se dará un aviso por adelantado a todos los propietarios afectados. Se esperan impactos de tráfico durante la construcción; sin embargo, NYCDDC tomará todas las medidas necesarias para minimizar las interrupciones en el acceso a las propiedades, las escuelas, así como el acceso a las instalaciones de transporte, instalaciones comunitarias y servicios de emergencia.

¿Cómo puedo participar en el proceso de revisión de permisos?

- Asista a la próxima video / teleconferencia programada para el 16 de noviembre de 2021 a las 6:00 pm para conocer el proyecto, enviar comentarios, hacer preguntas y / o expresar inquietudes sobre el proyecto.
- Envíe sus comentarios por escrito, por teléfono o correo electrónico al enlace de construcción de la comunidad de NYCDDC que se identifica a continuación.

¿Dónde puedo obtener más información sobre la expansión propuesta?

- Visite el repositorio de documentos en línea en: <https://www1.nyc.gov/site/ddc/contracts/public-participation-plan.page> para obtener materiales de solicitud, documentos relevantes e información sobre el proyecto.
- Comuníquese con el enlace de construcción de la comunidad, Tara Figueroa: teléfono al (914) 970-2550, envíe un correo electrónico a Hamiltonavecc1@gmail.com para obtener información sobre el proyecto, instrucciones sobre cómo asistir a la video / teleconferencia.

¿Quién es responsable de revisar la Solicitud de Permiso? NYSDEC Region 2 Headquarters, 47-40 21st St., Long Island City, NY 11101, es responsable de revisar y emitir los permisos requeridos. Tel: (718) 482-4997; email: DEP.R2@dec.ny.gov

JOB INFORMATION

JUMAANE WILLIAMS WARNS CONSUMERS ABOUT CLASSIFIED ADS

Toll numbers may be a direct line to trouble. Classified ads are intended to help people by facilitating communication and advertising available services; however, some of the hotlines & service numbers in classifieds actually hurt the people who rely on them by cheating them of their hard-earned dollars. "Most newspapers print a disclaimer in their classified ad section to warn readers about numbers that are a direct line to trouble. Any number starting with 900, 540, 595 or 871 charges a fee beyond a local call. In some instances, ads initially advertise calls to a local number, but then direct callers to a second number starting with one of the paid exchanges. "Consumers must also question the legitimacy of vague classifieds because they too could be a scam. Before responding to an ad, consumers should verify the source of all information & always be wary about sending money or signing a contract with an unknown party." Office of the Public Advocate
