Re: CSO Order on Consent (DEC Case No.CO2-20110512-25, modification to DEC Case No. CO2-20000107-8) Appendix A, V. Flushing Bay CSO, M. Drainage Basin Specific LTCPs, 2. Submit Approvable Drainage Basin Specific LTCP for Flushing Creek

Dear Mr. DiMura:

The New York City Department of Environmental Protection (DEP) is in receipt of the New York State Department of Environmental Conservation's (DEC) March 23, 2015 letter containing your review comments on the Flushing Creek LTCP submitted to DEC on December 31, 2014, in accordance with the 2012 CSO Order on Consent.

DEP's responses to the DEC comments are contained in the attached document entitled: *Combined Sewer Overflow Long Term Control Plan for Flushing Creek Appendix F: Supplemental Documentation*. The Supplement shall be considered Appendix F to the *December 2014 Combined Sewer Overflow Long Term Control Plan for Flushing Creek*.

In addition to containing responses to specific comments, the document also includes the following:

- Attachment 1, Revised Executive Summary
- Attachment 2, Revised Appendix E, Use Attainability Analysis

It should be noted that in addition to responding to specific comments in the above reference letter, the revised ES and revised UAA also reflect modifications that DEP and DEC agreed upon relative to the reference to attainment of DO criteria.

DEP looks forward to DEC's review of the attached Supplemental Documentation. Please feel free to contact me at (718) 595-5009 should you have any questions regarding this submittal.

Sincerely,

Keith W. Beckmann, P.E.
LTCP Program Manager
Bureau of Wastewater Treatment
