Preface

The City of New York proposes to substantially amend its previously-approved 2019 Consolidated Plan One-Year Action Plan to reflect the additional CARES Act funding the City is receiving through the U.S. Department of Housing and Urban Development's Community Development Block Grant (CDBG). Additionally, the City proposes additional amendments to programs funded with Federal Fiscal Year 2019 CDBG Entitlement funds to better address citywide needs due to coronavirus.

Executive Summary

AP-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)

1. Introduction

The *2019 Consolidated Plan One-Year Action Plan* is the City of New York's annual application to the United States Department of Housing and Urban Development (HUD) for the four Office of Community Planning and Development entitlement programs: Community Development Block Grant (CDBG), HOME Investment Partnerships (HOME), Emergency Solutions Grant (ESG) and Housing Opportunities for Persons with AIDS (HOPWA).

In addition, the Proposed Action Plan serves not only as the City's application for the Entitlement funds, but also as the HOPWA grant application for the New York HOPWA Eligible Metropolitan Statistical Area (HOPWA EMSA). The EMSA is comprised of the five boroughs of the City of New York plus three upstate New York jurisdictions (the counties of Westchester, Rockland and Orange), as well as three counties in central New Jersey (Middlesex, Monmouth and Ocean).

The 2019 Action Plan represents the sixth and final year of a six-year strategy for New York City's Consolidated Plan years 2015 through 2020. The six-year strategy was articulated in Volume 3 of the amended 2015 Consolidated Plan.

For the 2019 Program Year, the City received \$294,129,949 from the four HUD formula grant programs: \$166,843,617 for CDBG; \$69,126,329 for HOME; \$44,033,544 for HOPWA; and \$14,126,459 for ESG.

The first known case of SARS-CoV-2 (aka coronavirus) in the United States was reported in the United States in January 2020. New York City had its first confirmed case on March 1, 2020, soon becoming the early epicenter of the COVID-19 crisis in the U.S. On March 7, 2020, New York State Governor Andrew Cuomo declared a state of emergency. On March 12, 2020, New York City Mayor Bill de Blasio declared a state of emergency specific to NYC. On March 13, 2020, President Donald Trump declared a national state of emergency, followed by a New York State specific disaster declaration on March 20, 2020. Also, on March 20th, Governor Cuomo issued a statewide stay-at-home order, known as the "New York State on PAUSE" Executive Order, which went into effect on March 22, 2020.

In order to prevent, prepare for, and respond to COVID-19, supplemental grant funds authorized under the CARES Act are to be used as additional funding to maintain operations, and for rental assistance, supportive services, and other necessary actions.

At the end of March 2020, Congress passed, and President Trump signed into law the Coronavirus Aid, Relief, and Economic Security Act or the “CARES Act” in order to prevent, prepare for, and respond to COVID-19. Supplemental grant funds authorized under the CARES Act are to be used to support state and local efforts to respond to the emergency, such as rental assistance, supportive services, economic development, access to health care, and other necessary actions.

Coronavirus’s impact on NYC was swift and unprecedented. For example, within six weeks of Mayor de Blasio declaring a state of emergency, the number of NYC residents filing for unemployment had increased 1,893% over the same six-week period in 2019, the entire public school system switched to remote learning, and approximately one-third of the City’s food banks were forced to close as demand for free or affordable food exploded.

HUD announced the City’s first CARES Act allocations in April and the City developed its plan for these funds during the spring and summer. By the end of the summer, the spread of the virus in NYC and NYS had slowed and the economy had slowly started to reopen. However, the City’s unemployment rate was still hovering near 20 percent. It was unclear when schools would reopen, thousands of food-insecure New Yorkers were still utilizing free food programs, and contact tracers began their work to reduce the threat of a second wave in NY. The City chose to direct its CARES Act allocations to activities that would address those needs.

In August, the City of New York substantially amended its 2019 Consolidated Plan One-Year Action Plan to incorporate CARES Act funding. (Please note this was the second substantial amendment to the 2019 Plan.) At the time of the second amendment’s release, HUD had allotted New York City \$490,081,989 CARES Act supplemental funding for Federal Fiscal Year (FFY) 2020, with each allocation having the suffix -CV: \$102,084,020 for CDBG-CV1; \$6,351,063 for HOPWA-CV; \$50,507,036 for ESG-CV1; and \$331,859,870 ESG-CV2. The HOME Program did not receive a CARES Act allocation. Although these funds were awarded in FFY 2020, HUD encouraged grantees to amend their most recently approved Consolidated Plan in order to program the funds quickly. In that amendment, the City also reallocated \$146,366,000 in FFY 2019 CDBG Entitlement funds to new programs aimed at preparing for and responding to the effects of coronavirus. HUD approved the previous 2019 amendment on October 26, 2020.

Since that amendment, HUD awarded two additional CDBG-CV allocations: CDBG-CV2, which HUD awarded to states, and CDBG-CV3, which HUD distributed based on a formula intended to direct funds to the areas most impacted by coronavirus. On September 11, 2020, HUD announced New York City’s CDBG-CV3 allocation is \$122,279,413.

In this third substantial amendment to the 2019 Consolidated Plan One-Year Action Plan, the City proposes to allocate those funds and make further changes to its 2019 plan. The proposed allocations address both recent needs and those that originated early in the pandemic. Since the previous substantial amendment, the City’s public school system has partially reopened, yet more than half of the students continue to attend classes remotely full-time. For those that attend classes or child care sessions in

person, the City has had to develop plans to increase ventilation to reduce further spread of the virus among students and staff. Finally, the unprecedented increase in the need for free or affordable meals has persisted throughout the crisis.

The City realizes these are just a few of the many needs created or exacerbated by COVID-19. Many more remain, and the cost of addressing them far exceeds the CDBG-CV awards. The programs proposed for CDBG funding do not constitute the entirety of the City’s priorities, but instead reflect the City’s intention to design and implement programs that address high priority, unmet needs and match them with the most appropriate funding sources. The City remains steadfast in its commitment to serve all of its residents impacted by the pandemic and continue advocating for additional assistance.

2. Summarize the objectives and outcomes identified in the Plan

Through the addition of the CDBG-CV funds to the 2019 Consolidated Plan, New York City intends to achieve its CDBG-funded strategic objectives in the following manner:

HUD Strategic Objectives Table – CDBG Only			
DH-1: Accessibility for the purpose of providing Decent Affordable Housing			
4 programs focused on accessible housing for persons with disabilities, ensuring safety of public housing residents, and providing safe housing for persons displaced by fires or other emergencies.			
<i>Allocation</i>	\$23,692,000	<i>Amount Allocated to COVID-19:</i>	\$0
DH-2: Affordability for the purpose of providing Decent Affordable Housing			
1 program that provides grants to owners of multiple dwellings to address lead-based paint and other health-related housing concerns.			
<i>Allocation</i>	\$412,000	<i>Amount Allocated to COVID-19:</i>	\$0
DH-3: Sustainability for the purpose of providing Decent Affordable Housing			
8 programs focused on improving housing quality by addressing violations of the Housing Code, perform emergency repairs, and/or performing moderate rehabilitation.			
<i>Allocation</i>	\$90,041,000	<i>Amount Allocated to COVID-19:</i>	\$0
EO-1: Accessibility for the purpose of creating Economic Opportunities			
1 program focused on revitalizing commercial districts in low- and moderate-income areas and building the capacity of local development corporations and merchant organizations.			
<i>Allocation</i>	\$2,268,000	<i>Amount Allocated to COVID-19:</i>	\$0
EO-2: Affordability for the purpose of creating Economic Opportunities			
1 program that provides free literacy instruction and basic education classes to adults.			
<i>Allocation</i>	\$1,561,000	<i>Amount Allocated to COVID-19:</i>	\$0

SL-1: Accessibility for the purpose of creating Suitable Living Environments			
15 programs offering recreational activities, community gardens, services for homeless individuals, improvements and equipment for public schools, renovation of senior centers, services for victims of domestic violence and other crimes, operation of community centers, and coronavirus activities such as costs necessary to ensure students can learn effectively and safely during the pandemic and resource navigators to connect those required to quarantine with necessary services.			
<i>Allocation</i>	\$247,454,366	<i>Amount Allocated to COVID-19:</i>	\$224,771,366
SL-2: Affordability for the purpose of creating Suitable Living Environments			
7 programs offering free food to the food insecure (including those whose food insecurity has been caused or exacerbated by COVID-19), early education services for low- and moderate-income families, minor home repairs for seniors, and equipment (air conditioners and tablets) to ensure the safety of seniors during the pandemic.			
<i>Allocation</i>	\$148,871,067	<i>Amount Allocated to COVID-19:</i>	\$145,358,067
SL-3: Sustainability for the purpose of creating Suitable Living Environments			
5 programs focused on correcting or preventing violations in homeless shelters, day care centers, and schools; demolishing hazardous structures; cleaning and improving the Bronx River; and improving historic properties.			
<i>Allocation</i>	\$17,139,000	<i>Amount Allocated to COVID-19:</i>	\$0
Not Applicable - Planning / Administration			
11 programs categorized as either Planning or Administration activities, which are not required to meet a HUD Strategic Objective, but offer benefits such as furthering fair housing, evaluating and designating properties for historic status, studying housing vacancy and affordability, integrating arts and culture into area zoning plans, supporting area-wide planning studies, and carrying out various coronavirus-related activities.			
<i>Allocation</i>	\$38,708,000	<i>Amount Allocated to COVID-19:</i>	\$600,000
Total			
<i>Allocation</i>	\$570,146,433	<i>Amount Allocated to COVID-19:</i>	\$370,729,433

3. Evaluation of past performance

Regarding New York City's past performance in its use of formula entitlement funds, please refer to the City's 2018 Consolidated Plan Annual Performance Report (APR), the most recent HUD-approved APR available. The 2018 Performance Report can be accessed on the New York City Department of City Planning's website at: <https://www1.nyc.gov/site/planning/about/consolidated-plan-apr.page>

The City has not yet submitted its 2019 CAPER. Due to the pandemic, HUD issued a nationwide extension on the deadline for submission. On June 5, 2020, HUD also granted NYC an individual extension to August 31, 2020. In advance of the August 31 deadline, NYC applied for an additional 60-day extension due to delays caused by the pandemic and the need to work on multiple Consolidated Plan documents at once.

The 2019 CAPER has been released for a 15-day public comment review period concurrently with this document. It has been published on New York City Department of City Planning's website at: <https://www1.nyc.gov/site/planning/about/consolidated-plan-apr.page>.

For New York City's evaluation of past performance of HOPWA formula entitlement funds, please refer to the City's 2019 HOPWA CAPER, the most recent data available on HOPWA performance for the jurisdiction, found in the 2019 CAPER Appendices.

* * * * *

4. Summary of Citizen Participation Process and consultation process

The Amendment Public Comment Review Period

The City used diverse notification methods to inform the public of the substantially amended 2019 Action Plan's release for public review as it did for the release of its Proposed 2019 Action Plan. Over 500 notifications were emailed and about 2,000 were mailed to New York City residents, organizations and public officials inviting comments during the public review period. Furthermore, the notice was posted on the Department of City Planning website. The respective notice included relevant plan-related information so that informed comments are facilitated.

Copies of the substantially amended 2019 Action Plan are obtainable by the public for download. An Adobe Acrobat version of the Action Plan will be posted on DCP's website (<http://www.nyc.gov/planning>) for public review.

New York City implemented a **15-day** notice and comment period. A dedicated email address is provided along with a webpage that allow citizens to provide comments. Publication of amended and proposed documents will be posted on DCP's dedicated webpage that linked documents to the language translation tool.

The public comment period began **December 24 2020** and extends for **15 days** ending **January 7, 2021**. The public was instructed to submit their written comments on the substantially amended 2019 Action Plan that includes the CARES Act funds by close of business, **January 7, 2021** to: Lisa Rambaran, New York City Consolidated Plan Program Manager, Department of City Planning, 120 Broadway 31st Floor, New York, New York 10271, email: Con-PlanNYC@planning.nyc.gov.

Comments received will be summarized and agencies' responses incorporated into the version submitted to HUD.

Expected Resources

AP-15 Expected Resources – 91.220(c)(1,2)

Introduction

The *2019 Consolidated Plan One-Year Action Plan* is the City of New York's annual application to the United States Department of Housing and Urban Development (HUD) for the four Office of Community Planning and Development entitlement programs: Community Development Block Grant (CDBG), HOME Investment Partnership (HOME), Emergency Solutions Grant (ESG) and Housing Opportunities for Persons with AIDS (HOPWA).

In addition, the Action Plan serves not only as the City's application for the entitlement funds, but also as the HOPWA grant application for the New York HOPWA Eligible Metropolitan Statistical Area (HOPWA EMSA). The EMSA is comprised of the five boroughs of the City of New York plus three upstate New York jurisdictions (the counties of Westchester, Rockland and Orange), as well as three counties in central New Jersey (Middlesex, Monmouth and Ocean).

The 2019 Action Plan represents the sixth and final year of a six-year strategy for New York City's Consolidated Plan years 2015 through 2020. The six-year strategy was articulated in Volume 3 of the amended 2015 Consolidated Plan.

At the end of March 2020, Congress passed and President Trump signed into law the Coronavirus Aid, Relief and Economic Security Act (CARES Act), which makes available funding for grants to prevent, prepare for, and respond to coronavirus.

New York City was previously allotted \$490,081,989 CARES Act Supplemental funding for FFY 2020, with each allocation having the suffix -CV: \$102,084,020 for CDBG-CV1; \$6,351,063 for HOPWA-CV; \$50,507,036 for ESG-CV1; and \$331,859,870 for ESG-CV2.

Additionally, HUD had previously awarded the City \$166,843,617 in CDBG Entitlement funds. Combined with program income and prior year resources, the City had developed a 2019 CDBG program in the amount of \$345,783,000, which was identified in previous versions of the Consolidated Plan. As a result of the COVID-19 crisis, the City previously reallocated \$146,366,000 from four existing programs within the 2019 CDBG program to new programs aimed at preparing for and responding to the effects of coronavirus.

On September 11, 2020, HUD announced the City would receive a CDBG-CV3 allocation in the amount of \$122,279,413. Combined with the CDBG-CV1 allocation, HUD has awarded the City \$224,363,433 in CDBG-CV funding. The following chart reflects the addition of these funds to the plan.

Please note the AP-20 table does not include CDBG funds allocated to general administrative activities (\$3,029,000). While creating Strategic Plan goals during the preparation of the 2015 Consolidated Plan, the City felt that CDBG-funded general administrative activities supported all of its CDBG goals. As a result,

the City did not create a goal specifically for administration. The City has notified HUD of this issue and will create a goal for general administration in its next Five-Year Consolidated Plan.

Projects

AP-35 Projects – 91.220(d)

Introduction

The Department of Homeless Services (DHS) is the recipient of the City's Emergency Solutions Grant (ESG). These funds support efforts to serve homeless and at-risk of homelessness individuals and families.

The Department of Health and Mental Hygiene (DOHMH) administers the Housing Opportunities for Persons with AIDS (HOPWA) grant.

The Department of Housing Preservation and Development (HPD) administers the City's HOME Investment Partnership (HOME) Grant. Proposed projects funds affordable housing new construction, affordable housing rehabilitation, first-time homebuyers homeownership assistance, and tenant-based rental assistance.

The Office of Management and Budget has oversight responsibility for the Community Development Block Grant (CDBG) program.

For 2019, this amended Action Plan's listing of projects is limited to those that are newly-created or have allocation changes related to coronavirus. The list order corresponds with the associated One-Year Goal(s) as found in section AP-20, Annual Goals and Objectives. It should be noted that the order of the One-Year Goals in AP-20 are automatically sorted alphabetically by HUD's eConPlanning software suite and therefore, should not be misinterpreted as the City's order of priority.

Describe the reasons for allocation priorities and any obstacles to addressing underserved needs

Community Development Block Grant (CD)

Amendment 1 – December 2019

The City's citizen participation process is integrated into its Charter-mandated budget process, which begins with community board consultations in September and ends with adoption of the budget by the City Council in June. The City's CDBG program released a proposed City Fiscal Year (CFY) 2020 budget for review and public comment in April (CFY 2020 began July 1, 2019 and ended June 30, 2020). As a result of the citizen participation process, the City added the Food Pantry Services program with a CFY 2020

allocation of \$375,000 (\$188,000 in Calendar Year 2019). This addition is considered a substantial amendment to the 2019 Consolidated Plan.

Additionally, the City made the following changes to its CDBG program. These changes did not constitute a substantial amendment to the 2019 Consolidated Plan and were thus not the subject of a formal public comment period.

1. The DCP Comprehensive Planning program will be renamed DCP Comprehensive Planning, Data, and Tools. The DCP Information Technology program's functions and the remainder of its 2019 allocation will be combined into DCP Comprehensive Planning, Data, and Tools. The individual program entry for DCP Information Technology will be discontinued.
2. The Senior Resident Advisor program's functions and full 2019 allocation will be combined into the Elderly Safe-at-Home program. The individual program entry for Senior Resident Advisor will be discontinued.
3. The Housing Policy Analysis and Statistical Research program has been renamed Housing Research and Evaluation.

Finally, the amendment incorporated budget increases to four programs resulting from collective bargaining agreements between unions and the City. The programs are the Alternative Enforcement Program (\$39,000), Emergency Repair Program (\$12,000), HPD Emergency Shelters (\$29,000), and Targeted Code Enforcement (\$937,000).

Amendment 2 – August 2020

Substantial Amendment #2 to the 2019 One-Year Annual Action Plan CDBG Appendix to AP-35

Through this amendment, the City proposes to allocate \$248,450,020 to programs that address COVID-19 related needs. Of this value, \$102,084,020 comes from CDBG CARES Act funding (CDBG-CV) and \$146,366,000 is from 2019 CDBG Entitlement funds proposed for reallocation. Below, the City first explains its rationale for reallocating funds and, secondly, summarizes the new COVID-related programs.

2019 Program Reallocations

To fund urgent coronavirus-related activities, the City is proposing to reallocate funds from four existing programs: two programs would see their entire 2019 budgets eliminated, and two would face budget reductions. These changes have been proposed for the following reasons:

1. The City has opted to redirect funds from programs with longer spending timelines due to the immediate need for a COVID-19 response; and
2. Through the CARES Act, Congress waived the 15 percent Public Service cap for both the CDBG-CV and 2019 CDBG Entitlement allocations. All four proposals below would reallocate funds from rehabilitation-related programs to COVID-focused Public Service activities.

Program Cancellations

- The Accessibility Improvements in City Schools program's 2019 allocation will be reduced by the entire \$66,241,000. The City will use future alternate funding sources to make the required accessibility improvements.

- The Shelter Modernization Program's 2019 allocation will be reduced by the entire \$307,000. This program was scheduled to end in 2019 and will not use this remaining balance.

Budget Reductions

- The Emergency Repair Program's 2019 allocation will be reduced from \$42,480,000 to \$12,214,000, a reduction of \$30,266,000.
- NYCHA's Public Housing Rehabilitation Program's 2019 program allocation will be reduced from \$50,647,000 to \$1,095,000, a reduction of \$49,552,000.

Although the Emergency Repair and Public Housing Rehabilitation programs' 2019 CDBG budgets have been reduced, the City proposed an amendment to the 2018 Consolidated Plan to reallocate funds *within* the 2018 program year to ensure these programs will remain fully operational (to the extent possible within COVID-19 health and safety restrictions).

New COVID-19 Programs

- The DOE Remote Learning Program will provide students with resources so they can access remote classes, educational materials, and educators and peers while school buildings are closed or in limited use. The City proposes to fund this program with CDBG-CV for \$97,663,453 and \$35,906,000 of reallocated 2019 funds, for a total of \$133,569,453.
- Connected NYCHA: Older Adults will provide internet-enabled tablets, support, and training to 10,000 senior NYCHA residents to combat social isolation, access benefits and critical health information, and remain engaged with services/resources during the COVID-19 emergency. The City proposes to fund this program with CDBG-CV funds for \$4,420,567.
- The GetCool Program addresses seniors being directed to remain at home to prevent exposure to and spread of the virus. The program provides air conditioner units and installation to older adults without existing units to mitigate prolonged exposure to extreme heat, including heat stroke and other forms of hyperthermia. The City proposes to fund this program with reallocated 2019 funds for \$30,460,000.
- The New York City Food Reserve will allow the City to increase its emergency food reserves to coincide with the increased demand that would result in case of an emergency. The City proposes to reallocate \$50,000,000 of 2019 CDBG funding to this effort.
- The Test and Trace Resource Navigators Program will help quarantined residents access necessities while they're unable to leave the home. The City proposes to fund this program with \$30,000,000 in reallocated 2019 CDBG funds.

Summary Table of CDBG Changes in the 2019 Action Plan Amendment

Program Name	2019 Allocation Pre-COVID Amendment	Increase / (Reduction)	Final 2019 Allocation
<i>Decreases of CDBG Entitlement Funds</i>			
Accessibility Improvements in City Schools	66,241,000	(66,241,000)	0
HPD Shelter Modernization Program	307,000	(307,000)	0
Emergency Repair Program	42,480,000	(30,266,000)	12,214,000
Public Housing Rehabilitation Program	50,647,000	(49,552,000)	1,095,000
<i>Subtotal - Program Reductions</i>	<i>159,675,000</i>	<i>(146,366,000)</i>	<i>13,309,000</i>
<i>Proposed Uses of Reallocated CDBG Funds</i>			
DOE Remote Learning - CV ¹	0	35,906,000	35,906,000
GetCool Air Conditioning Program	0	30,460,000	30,460,000
New York City Food Reserve	0	50,000,000	50,000,000
Test and Trace Resource Navigators	0	30,000,000	30,000,000
<i>Subtotal - COVID Allocations</i>	<i>0</i>	<i>146,366,000</i>	<i>146,366,000</i>
Net Effect of Changes To 2019 CDBG Budget	159,675,000	0	159,675,000

<i>Total Allocation of CDBG-CV Funds</i>	<i>0</i>	<i>102,084,020</i>	<i>102,084,020</i>

¹Total allocation for DOE Remote Learning - CV is \$133,569,453.

Amendment 3 – December 2020

Substantial Amendment #3 to the 2019 One-Year Annual Action Plan CDBG Appendix to AP-35

Through this amendment, the City proposes to allocate its most recent and final CDBG CARES Act allocation, known as CDBG-CV3, to programs that prepare for, prevent, and respond to coronavirus. The City also proposes further amendments to its Federal Fiscal Year (FFY) 2019 CDBG Entitlement funding.

Allocation of the CDBG-CV3 Award

New York City's CDBG-CV3 award is \$122,279,413. With these funds, the City proposes to increase the allocations of two existing COVID-related programs and newly fund two programs as described below:

- The DOE Remote Learning Program provides students with resources so they can access remote classes, educational materials, and educators and peers during periods of remote learning. This is an existing program that received \$133,569,453 in a previous amendment. The City proposes to use \$56,171,913 of CDBG-CV3 funds to increase the number of children served through the program, and to expand technical support offerings to all students participating in remote learning. Please see the program entry for a full description of services that will be offered.

- The GetCool Air Conditioner Program addresses seniors being directed to remain at home to prevent exposure to and spread of the virus. The program provided air conditioner units and installation to older adults without existing units to mitigate prolonged exposure to extreme heat, including heat stroke and other forms of hyperthermia. The City previously allocated \$30,460,000 to this program based on early estimates of total program cost. The City proposes to allocate \$2,750,000 of its CDBG-CV3 allocation to cover the program’s unmet funding need based on actual costs and accomplishments, which were greater than previous expected.
- The DOE Community Meals Program offers free daily meals to households experiencing food insecurity, which has been greatly exacerbated by the pandemic. The City proposes to use \$57,727,500 of its CDBG-CV3 allocation to partially cover the cost of this program.
- DOE Reopening Costs is a new program to ensure that safe air ventilation is maintained for children and staff at educational facilities throughout the city. The City proposes to use \$5,630,000 of its CDBG-CV3 allocation to purchase air purifiers for various sites.

Amendments Related to Previous Allocations of FFY 2019 CDBG Entitlement Funds

The City is also proposing the following changes to two existing COVID-related programs:

- The name of the New York City Food Reserve program has been changed to Pandemic Food Reserve Emergency Distribution (P-FRED). Additionally, the program will no longer be limited to food purchase and distribution. The City may use up to \$1,500,000 of the program’s \$50,000,000 allocation to provide capacity building grants to food pantries participating in the program and technology upgrades to apps used to monitor and facilitate food distribution. Please see the program entry for a full description of these changes.
- The City will reallocate \$600,000 from the Test and Trace Resource Navigators program to the new COVID-19 Technical Support Program. Through the new program, the City will provide administrative support to CDBG-eligible activities that respond to the pandemic. Please see the program entry for a more detailed description of activities. The Test and Trace Resource Navigators program’s allocation has been reduced from \$30,000,000 to \$29,400,000.

The following table summarizes the allocations and funding sources for all of New York City’s CDBG-funded COVID programs:

Program Name	FFY 2019	CDBG-CV1	CDBG-CV3	Total
DOE Remote Learning - CV	35,906,000	97,663,453	56,171,913	189,741,366
Connected NYCHA: Older Adults - CV	0	4,420,567	0	4,420,567
GetCool Air Conditioner Program - CV	30,460,000	0	2,750,000	33,210,000
Pandemic Food Reserve Emergency Distribution - CV	50,000,000	0	0	50,000,000
Test and Trace Resource Navigators - CV	29,400,000	0	0	29,400,000
DOE Reopening Costs - CV	0	0	5,630,000	5,630,000
DOE Community Meals Program - CV	0	0	57,727,500	57,727,500
COVID-19 Technical Support Program - CV	600,000	0	0	600,000
Total	146,366,000	102,084,020	122,279,413	370,729,433

AP-38 Project Summary

Project Summary Information

Table AP-5 – Project Summary
Project Summary Information

51	Project Name	Connected NYCHA: Older Adults - CV
	Target Area	
	Goals Supported	Independent living for the elderly and disabled
	Needs Addressed	Public Housing
	Funding	CDBG: \$4,420,567
	Description	CDBG funds will be used to provide tablets and related support and training services to elderly NYCHA residents.
	Estimate the number and type of families that will benefit from the proposed activities	Tablets and support services will be provided to 10,242 senior NYCHA residents.
	Location Description	Various NYCHA Developments citywide
	Planned Activities	<p>In response to the COVID-19 crisis, Mayor Bill de Blasio announced a plan that will assist senior residents of NYCHA developments throughout the city to safely and successfully navigate the pandemic and its effects.</p> <p>A central part of the Mayor’s plan was to distribute free internet-connected tablets to 10,000+ senior NYCHA residents and to provide immediate and sustained follow-up support and training on how to use the devices to combat social isolation, access critical health information, improve financial security and access to benefits, and remain engaged with government services and local community resources during the COVID-19 emergency and its aftermath.</p> <p>The scope of services ensures that the 10,242 low-income and increasingly isolated older adults who received the tablets are supported to effectively understand the device and how it can be used for a variety of emergency-related purposes, such as to connect with family, friends, health resources, and government services and community assistance programs. CD funds will be used for training and practical support services provided by a community-based nonprofit. These services will include printed and online materials</p>

		<p>that will be designed especially for older learners and the specific device, and oriented towards emergency response needs, and will provide tutoring, troubleshooting, and recommended resources.</p> <p>The City funded this program with CDBG-CV1 funds for \$4,420,567. This program is not receiving additional funds through this amendment, but the City is including the program in the amendment to ensure the public is aware of all CDBG-funded programs that were created to prevent, prepare for, and respond to COVID-19.</p>
52	Project Name	DOE Remote Learning - CV
	Target Area	
	Goals Supported	Provide enrichment activities to low/mod areas
	Needs Addressed	Non-Housing Community Development/Pub. Services
	Funding	CDBG: \$189,741,366
	Description	CD funds will be used to support the education of public school students throughout the city while they attend class remotely during COVID-related school closures or through the blended learning model.
	Estimate the number and type of families that will benefit from the proposed activities	For 2020, the City expects 461,000 iPads to be distributed to students throughout NYC with additional support provided through paper materials.
	Location Description	CD funds will be used to assist DOE students throughout the city.
Planned Activities	<p>On March 17, 2020, the New York City Public School System closed with an unknown date to re-open due to the COVID-19 pandemic. Due to the closure, all students took classes remotely for the remainder of the 2019-20 school year.</p> <p>After reopening for eight weeks during the 2020-21 school year in a “blended learning” model, public school buildings closed again. Due to the closure, students began taking exclusively remote classes. The City will re-open schools for students who opt for full-time in-person learning, however, a large portion of the student body is still partaking in blended and primarily remote learning. The City school system has the potential to fluctuate between opening and closing as well as specific schools closing due to an outbreak at any given time.</p> <p>The City has already distributed, and continues to distribute, hundreds of thousands of iPad units to students. However, the iPads themselves will not be CD-funded. CD funds will support ongoing product support (AppleCare), accessories (such as cases and keyboards), staging and distribution of the devices, broadband (LTE service), learning software, and security features. This also includes</p>	

		<p>platform enhancements for students and parents, additional help desk supports, device monitoring, and recall support.</p> <p>DOE also provided CD-funded paper materials for additional support to public school students during the first weeks of school closure to ensure learning could continue until all iPads could be distributed.</p> <p>The City proposes to fund this program with CDBG-CV1 for \$97,663,453, CDBG-CV3 for \$56,171,913 as well \$35,906,000 of reallocated Entitlement funds from 2019, for a total program budget of \$189,741,366.</p>
53	Project Name	Test and Trace Resource Navigators - CV
	Target Area	
	Goals Supported	Independent living for the elderly and disabled
	Needs Addressed	Non-Housing Community Development/Pub. Services
	Funding	CDBG: \$29,400,000
	Description	CD funds will be used to connect New York City residents who have been diagnosed with or exposed to COVID-19 with resources to safely isolate at home.
	Estimate the number and type of families that will benefit from the proposed activities	The City expects to reach 40,000 persons living in NYC.
	Location Description	Citywide
	Planned Activities	<p>The Resource Navigator Program connects New York City residents who are diagnosed with or exposed to COVID-19 to the critical resources they need to safely isolate at home and avoid spreading the disease. The City anticipates directly partnering with community-based organizations (CBOs) and with additional specialized CBOs subcontracted to support. The City University of New York's (CUNY) School of Public Health will also serve as a partner.</p> <p>Services provided include assisting clients with obtaining food delivery, medication pickup, referral to social benefits such as Medicare or Medicaid, domestic violence prevention services, and more as capacity increases. CD funds may also be used to purchase and deliver immediate necessities including, but not limited to, baby formula, diapers, baby food, feminine hygiene products, etc.</p> <p>Through this amendment, the City is reallocating \$600,000 of the program's funds to the new COVID-19 Technical Support Program -</p>

		CV. Please see that program's entry for a description of funded activities.
54	Project Name	Pandemic Food Reserve Emergency Distribution (P-FRED) - CV
	Target Area	
	Goals Supported	Reduce Hunger
	Needs Addressed	Non-Housing Community Development/Pub. Services
	Funding	CDBG: \$50,000,000
	Description	To prevent against a food supply chain disruption coupled with the impacts of COVID-19, the Office of Emergency Management and Human Resources Administration are preparing a food reserve to deploy in the event of a food shortage.
	Target Date	
	Estimate the number and type of families that will benefit from the proposed activities	The program will provide 18 million units of service (meals). The City will also provide technology related upgrades at pantries across the city as well as capacity building resources to up to 40 pantries in underserved neighborhoods to up to 40 pantries in underserved neighborhoods
	Location Description	Citywide
Planned Activities	<p>As part of the "Feeding New York" plan, Mayor Bill de Blasio allocated \$50 million to create a Food Reserve to provide 18 million calorie-dense, nutritious meals. The reserve is a prudent planning measure in response to the COVID-19 pandemic in the event of a future supply chain disruption. As the City relies heavily on food production supply chains that are largely outside its borders, the City is taking this proactive step to prevent further food insecurity during the COVID-19 crisis that is exacerbated by a supply chain disruption.</p> <p>The Food Reserve is being established by the COVID Food Czar Team and will be managed in coordination with New York City Emergency Management (NYCEM) and the Human Resources Administration (HRA). Over the life of the program, 18 million meals will be distributed to low- and moderate- income persons throughout New York City. This reserve will supplement the current NYCEM reserve of 300,000 ready-to-eat meals stored in warehouses around New York City and New Jersey.</p> <p>As a result of the COVID-19 pandemic and resulting economic crisis, food pantries across the city are seeing record numbers of patrons seeking assistance. In order to respond to the increased demand and prepare for a potential supply chain disruption and subsequent necessity for an emergency food distribution through P-FRED, the City may use up to \$1.5 million of the program's allocation to enhance and support integration to the FeedNYC reporting system, provide</p>	

		grants for technology related upgrades at pantries across the city, and offer capacity building resources to up to 40 select pantries in underserved neighborhoods.
55	Project Name	GetCool Air Conditioner Program - CV
	Target Area	
	Goal Supported	Independent living for the elderly and disabled
	Needs Addressed	Non-Housing Community Development/Pub. Services
	Funding	CDBG: \$33,210,000
	Description	Provide air conditioners and installation services to low- and moderate-income older adults (60 and above) that are at increased risk of heat-related illness due to the limited availability of cooling centers throughout the city due to the COVID-19 crisis.
	Estimate the number and type of families that will benefit from the proposed activities	49,275 Households
	Location Description	Citywide
Planned Activities	<p>As a result of the COVID-19 pandemic, the NYS PAUSE measures to reduce the virus transmission focused on physical distancing, thus eliminating non-essential congregate settings. With the heightened risk of mortality that COVID-19 poses for older adults (60 and above), the City needed to ensure the risk of remaining inside and social distancing did not mean risk of death by heat-related illness. Therefore, the Office of Emergency Management is using CD funds to provide low/mod older adults with air conditioning units and installation services through the GetCool Air Conditioner Program (GetCool). The beneficiaries are often participants of existing service programs offered by one or more of the following agencies: the Department for the Aging (DFTA), the Human Resources Administration (HRA), the Department of Housing Preservation and Development (HPD), and the Department of Health and Mental Hygiene.</p> <p>In order to ensure that participants are aware of the program, administrative staff conducted outreach with existing contact information, as well as provided information through the City's 311 service.</p> <p>In response to the need to remain physically distant during COVID-19, the entire application intake process, and any necessary follow-up, occurred over the phone. Installers were required to wear proper Personal Protective Equipment (PPE) when inside an applicant's home. Furthermore, as the program intake process occurred through various City agencies, CD funds paid for the buildout of a tracking and</p>	

		<p>intake system to prevent any duplication of services or invoice submission.</p> <p>The City previously funded this program with 2019 CDBG Entitlement funds for \$30,460,000. At the time of the previous amendment, the City estimated it would serve 33,000 clients. However, the program served over 49,000 CD-eligible clients. Through this amendment, the City proposes to allocate \$2,750,000 of CDBG-CV3 funding to cover the unmet costs of the program.</p>
56	Project Name	DOE Community Meals Program - CV
	Target Area	
	Goals Supported	Reduce Hunger
	Needs Addressed	Non-Housing Community Development/Pub. Services
	Funding	CDBG: \$57,727,500
	Description	The NYC Department of Education will use CD funds to provide free meals at City schools for persons in need of food.
	Estimate the number and type of families that will benefit from the proposed activities	CD funds will fund an estimated 32,024,800 meals to food insecure persons.
	Location Description	<p>CD funding will be used for meals distributed at school sites throughout the City. DOE is directing adults to a specific subset of 260 grab-and-go meal locations.</p> <p>For specific sites please see DOE's website https://www.schools.nyc.gov/school-life/food/community-meals</p>
	Planned Activities	<p>At onset of COVID-19, NYC DOE transitioned from a USDA Child Nutrition Program to a USDA Summer Feeding program, which allows meal service during a closure. Subsequently, NYC DOE expanded its emergency meal service to adults, for which the City does not receive reimbursement from the federal government.</p> <p>Starting with costs from July 1, CD funds will be applied to the adult grab-and-go portion of the effort. DOE is able to leverage existing food supply and distribution points to provide this service. Menu items for the program come from DOE's existing product basket and are purchased through DOE's contracted food distributors. Expanded service to adults ensures access to healthy, free food for all New Yorkers.</p>

		The City will use \$57,727,500 in CDBG-CV3 funding for food and supply costs for the adult portion of the overall feeding program at 260 adult-focused sites. However, approximately 1,688 school locations are open to all persons in need of food with 1,075 available for a grab-and-go meal service. DOE food distribution sites will not turn away anyone in need.
57	Project Name	DOE Reopening Costs - CV
	Target Area	
	Goals Supported	Provide safe learning environment in City schools
	Needs Addressed	Non-Housing Community Development - Public Services
	Funding	CDBG: \$5,630,000
	Description	CD funds will be used to support reopening costs for educational facilities throughout the city.
	Estimate the number and type of families that will benefit from the proposed activities	Units are expected to eventually benefit the entire public school system, up to 1.1M students
	Location Description	CD funds will benefit education facilities throughout the City, primarily at public school buildings but may also be used at additional DOE-owned/leased locations including Early Childhood and Learning Bridges sites.
	Planned Activities	<p>The NYC Department of Education will use CD funds for costs associated with ensuring education facilities are safe to reopen. Currently, the City expects CD funds to primarily be used to purchase air purifiers, which will aid DOE's efforts to provide a safe learning environment during and beyond the COVID-19 pandemic. The air purifiers utilize a four-stage filtration system, which captures and reduces ultrafine particles in the air, reducing airborne microorganisms, particulate matter, as well as gases and odors.</p> <p>Learning Bridges is a new program that provides free child care options for children from 3-K through 8th grade on days when they are scheduled for remote learning.</p> <p>Through this amendment, the City proposes to allocate \$5,630,000 of CDBG-CV3 funding to this program.</p>
58	Project Name	COVID-19 Technical Support Program - CV
	Target Area	

	Goals Supported	Independent living for the elderly and disabled
	Needs Addressed	Administration - CDBG
	Funding	CDBG: \$600,000
	Description	CD funds will be used for technical support in the Resource Navigators and GetFood COVID-19 programs.
	Estimate the number and type of families that will benefit from the proposed activities	This program is categorized as an administrative activity and thus is not required to provide accomplishment projections.
	Location Description	Mayor's Office of Housing Recovery Operations 250 Broadway, New York, NY, 10007
	Planned Activities	The COVID-19 Technical Support Program will provide administrative support for the Test and Trace Resource Navigators and GetFoodNYC Emergency Home Food Delivery COVID-19 response programs. The Mayor's Office of Housing Recovery Operations (HRO) will oversee the program. Funding will cover the cost of software licenses, information technology projects, telecom services, and other such administrative costs. The City proposes to fund this program with \$600,000 of 2019 CDBG Entitlement funds, which will be reallocated from the Test and Trace Resource Navigators program.
101	Project Name	HESG20 EMERGENCY SOLUTIONS GRANT PROGRAM
	Target Area	
	Goals Supported	Homeless Prevention (ESG) Homeless Outreach (ESG) Emergency Shelter & Essential Services (ESG)
	Needs Addressed	Homeless Prevention - ESG Emergency Shelter and Essential Services - ESG Chronic Homelessness - ESG
	Funding	ESG: \$14,647,037 ESG CV: \$382,366,906
	Description	DHS is the recipient for ESG funding. These funds are used to serve persons who are homeless or at-risk of becoming homeless. These funds are used to provide the following services: Emergency Shelter & Essential Services, Street Outreach, and Homeless Prevention.

	Target Date	
	Estimate the number and type of families that will benefit from the proposed activities	
	Location	
	Planned Activities	<p>Through the CARES Act, HUD allocated \$50,507,036 in ESG-CV1 funds to New York City, followed by an allocation of \$331,859,870 in ESG-CV2 funds to New York City. This infusion of \$382,366,906 in dedicated federal funding to serve persons in NYC experiencing homelessness and to prevent homelessness during this unprecedented pandemic will be used for activities focused on addressing the health, well-being, and stability of New Yorkers experiencing homelessness and at-risk of homelessness.</p> <p>The NYC ESG-CV spending plan includes expected use of ESG for the following activities: Emergency Services (Street Outreach) -- Activities in this component include the expansion of Department of Homeless Services street medicine programs for unsheltered homeless individuals, the expansion of street outreach programs for unsheltered homeless New Yorkers in NYC subways, creation of new emergency street homeless drop-in centers, and other mitigation expenses for contracted Homeless Outreach providers, all of which will mitigate COVID transmission amongst and between unsheltered homeless New Yorkers, outreach staff, and others.</p> <p>Emergency Services (Emergency Shelter, ES) -- Activities in this component include efforts across the Department of Homeless Services to use existing ES capacity and create new ES capacity to address the goals of providing appropriate services to individuals experiencing homelessness while reducing density in congregate settings and among unsheltered homeless individuals. Includes added COVID transmission mitigation expenses for contracted ES providers; includes creation of new Safe Haven (low barrier shelter) capacity dedicated to housing chronic unsheltered homeless individuals who are at high risk for COVID; and includes emergency stabilization beds for unsheltered homeless individuals in need of immediate placement and who are at high risk for COVID. Additional ES activities for these populations during the potential recovery period before wide-spread availability of effective vaccines for COVID, include congregate shelter density reduction hotel beds, and hotel</p>

		<p>isolation site beds to continue to prevent the spread of COVID-19 and to serve those who have been exposed to or are ill with COVID-19.</p> <p>Homeless Prevention -- Activities in this component include Homeless Prevention services through the city-wide community-based HomeBase Program, which include enrollment of clients through primary prevention and aftercare services to ensure housing stability for those at-risk of homelessness and to enable households to remain at home in accordance with public health guidance and avoid entering emergency shelter. HomeBase services may include housing relocation and stabilization services. Includes added COVID transmission mitigation expenses for contracted providers.</p> <p>HMIS -- Activities in this component include Information Technology related to coronavirus tracking and mitigation among New Yorkers experiencing homeless and at-risk of homelessness.</p>
102	Project Name	CV-COVID-19 2020-2023 AIDS Center of Queens County, Inc. NYH20FHW002 (ACQC)
	Target Area	
	Goals Supported	Reduce homelessness among low-income PLWHA Increase housing stability among low-income PLWHA Promote access to care among low-income PLWHA
	Needs Addressed	Housing - Affordable Housing for PLWHA (HOPWA) Housing Support Services for PLWHA (HOPWA)
	Funding	HOPWA-CV: \$269,039
	Description	Supplemental grant funds authorized under the CARES Act to maintain HOPWA housing subsidy assistance, supportive services, and other necessary actions to prevent, prepare for and respond to COVID-19.
	Target Date	
	Estimate the number and type of families that will benefit from the proposed activities	Approximately 150 HOPWA households will benefit from supplemental grant funds authorized under the CARES Act.
	Location Description	New York City, NY.
	Planned Activities	CARES Act funding will be used to maintain ongoing facility-based housing subsidy assistance operations for existing HOPWA households, as well as delivery of supportive services such as educating HOPWA households on COVID-19 and providing access to essential services and supplies, including transportation services, and nutrition services, as needed, to prevent, prepare for and respond to coronavirus.
103	Project Name	CV-COVID-19 2020-2023 Bailey House, Inc. NYH20FHW002 (BH)

	Target Area	
	Goals Supported	Reduce homelessness among low-income PLWHA Increase housing stability among low-income PLWHA Promote access to care among low-income PLWHA
	Needs Addressed	Housing - Affordable Housing for PLWHA (HOPWA) Housing Support Services for PLWHA (HOPWA)
	Funding	HOPWA-CV: \$13,460
	Description	Supplemental grant funds authorized under the CARES Act to maintain HOPWA housing subsidy assistance, supportive services, and other necessary actions to prevent, prepare for and respond to COVID-19.
	Target Date	
	Estimate the number and type of families that will benefit from the proposed activities	Approximately 25 HOPWA households will benefit from supplemental grant funds authorized under the CARES Act.
	Location Description	New York City, NY.
	Planned Activities	CARES Act funding will be used to maintain ongoing facility-based housing subsidy assistance operations for existing HOPWA households, as well as delivery of supportive services such as educating HOPWA households on COVID-19 and providing access to essential services and supplies, including transportation services, and nutrition services, as needed, to prevent, prepare for and respond to coronavirus.
104	Project Name	CV-COVID-19 2020-2023 CAMBA, Inc. NYH20FHW002 (CAMBA)
	Target Area	
	Goals Supported	Reduce homelessness among low-income PLWHA Increase housing stability among low-income PLWHA Promote access to care among low-income PLWHA
	Needs Addressed	Housing - Affordable Housing for PLWHA (HOPWA) Housing Support Services for PLWHA (HOPWA)
	Funding	HOPWA-CV: \$187,921
	Description	Supplemental grant funds authorized under the CARES Act to maintain HOPWA housing subsidy assistance, supportive services, and other necessary actions to prevent, prepare for and respond to COVID-19.
	Target Date	
	Estimate the number and type of families that will benefit from the proposed activities	Approximately 100 HOPWA households will benefit from supplemental grant funds authorized under the CARES Act.
	Location Description	New York City, NY.

	Planned Activities	CARES Act funding will be used to maintain ongoing facility-based housing subsidy assistance operations for existing HOPWA households, as well as delivery of supportive services such as educating HOPWA households on COVID-19 and providing access to essential services and supplies, including transportation services, and nutrition services, as needed, to prevent, prepare for and respond to coronavirus.
105	Project Name	CV-COVID-19 2020-2023 Catholic Charities Neighborhood Services, Inc. NYH20FHW002 (CCNS)
	Target Area	
	Goals Supported	Reduce homelessness among low-income PLWHA Increase housing stability among low-income PLWHA Promote access to care among low-income PLWHA
	Needs Addressed	Housing - Affordable Housing for PLWHA (HOPWA) Housing Support Services for PLWHA (HOPWA)
	Funding	HOPWA-CV: \$128,712
	Description	Supplemental grant funds authorized under the CARES Act to maintain HOPWA housing subsidy assistance, supportive services, and other necessary actions to prevent, prepare for and respond to COVID-19.
	Target Date	
	Estimate the number and type of families that will benefit from the proposed activities	Approximately 52 HOPWA households will benefit from supplemental grant funds authorized under the CARES Act.
	Location Description	New York City, NY.
	Planned Activities	CARES Act funding will be used to maintain ongoing facility-based housing subsidy assistance operations for existing HOPWA households, as well as delivery of supportive services such as educating HOPWA households on COVID-19 and providing access to essential services and supplies, including transportation services, and nutrition services, as needed, to prevent, prepare for and respond to coronavirus.
106	Project Name	CV-COVID-19 2020-2023 Gay Men's Health Crisis NYH20FHW002 (GMHC)
	Target Area	
	Goals Supported	Reduce homelessness among low-income PLWHA Increase housing stability among low-income PLWHA Promote access to care among low-income PLWHA
	Needs Addressed	Housing - Affordable Housing for PLWHA (HOPWA) Housing Support Services for PLWHA (HOPWA)
	Funding	HOPWA-CV: \$150,898

	Description	Supplemental grant funds authorized under the CARES Act to maintain HOPWA housing subsidy assistance, supportive services, and other necessary actions to prevent, prepare for and respond to COVID-19.
	Target Date	
	Estimate the number and type of families that will benefit from the proposed activities	Approximately 50 HOPWA households will benefit from supplemental grant funds authorized under the CARES Act.
	Location Description	New York City, NY.
	Planned Activities	CARES Act funding will be used to maintain ongoing facility-based housing subsidy assistance operations for existing HOPWA households, as well as delivery of supportive services such as educating HOPWA households on COVID-19 and providing access to essential services and supplies, including transportation services, and nutrition services, as needed, to prevent, prepare for and respond to coronavirus.
