

INTERACTIVE BOARDS

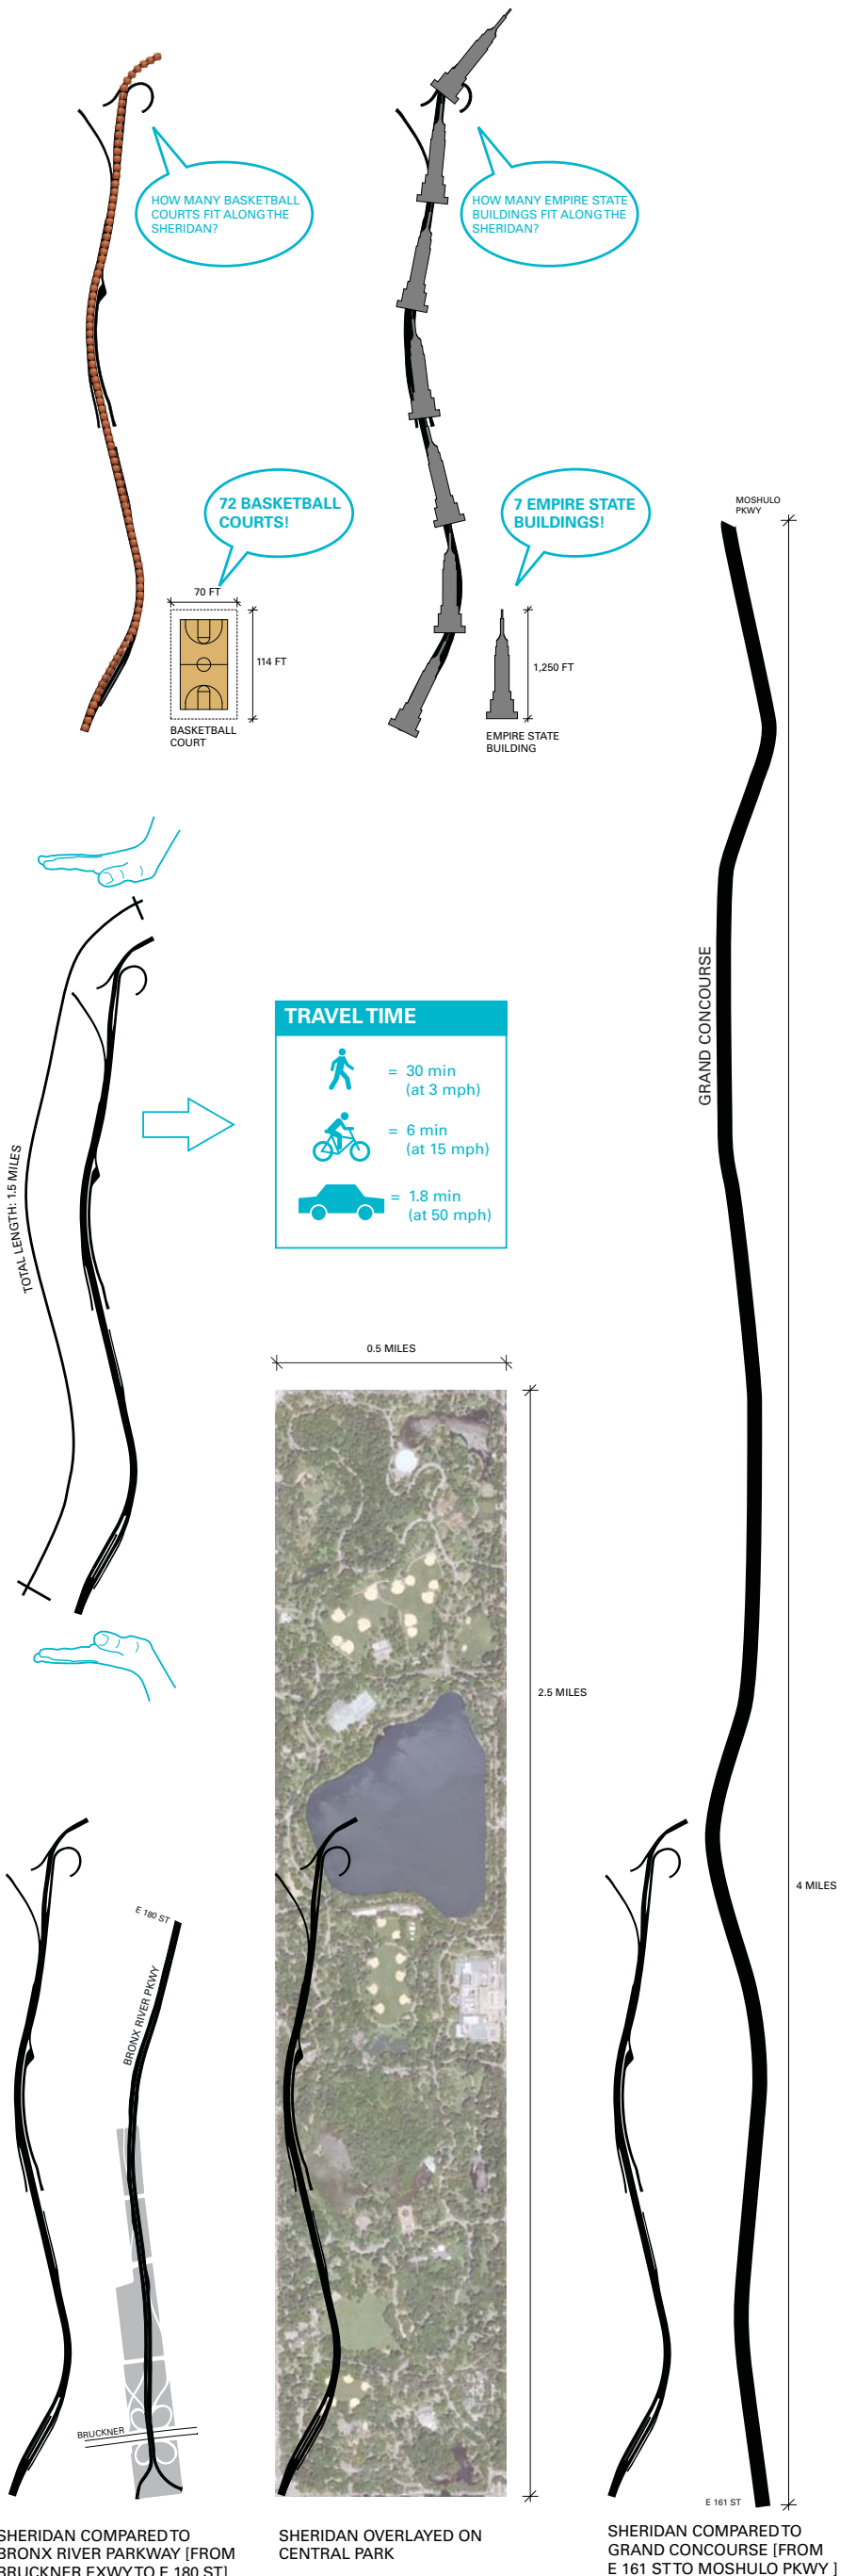

These interactive boards were a component of the “virtual tour” that took place during the Open House portion of the planning workshop day. The interactive boards accompanied the model of the Sheridan. The “What Fits on the Sheridan” board gave participants an idea of the scale of possibilities for land use in the area. The other boards allowed participants to indicate where they live/work, what they use, and what they want to see in their neighborhood.

WHAT FITS?

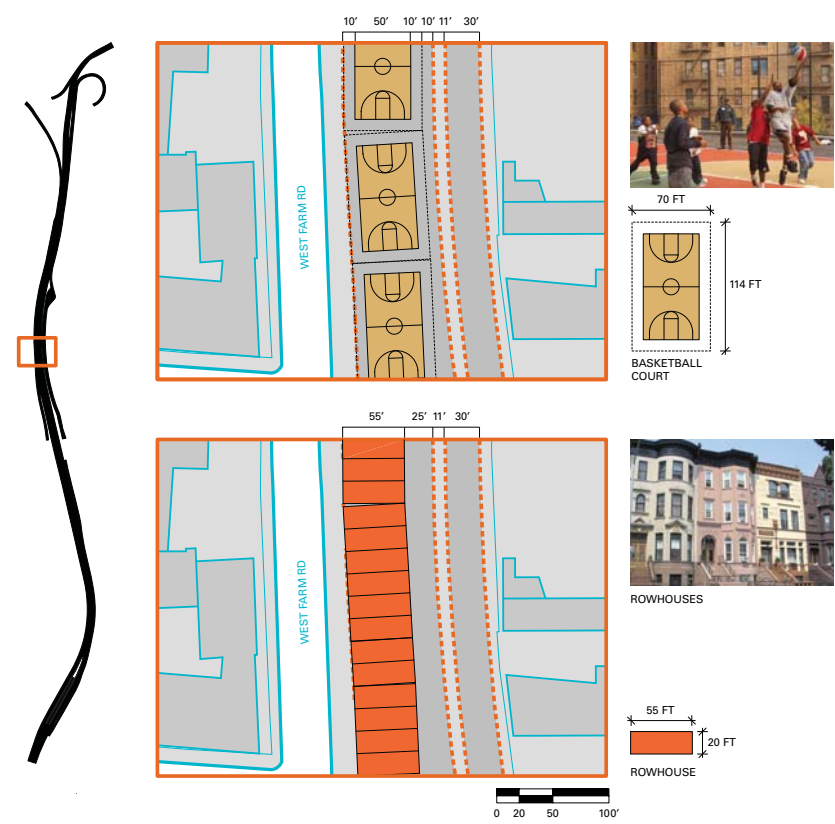

CONTEXT

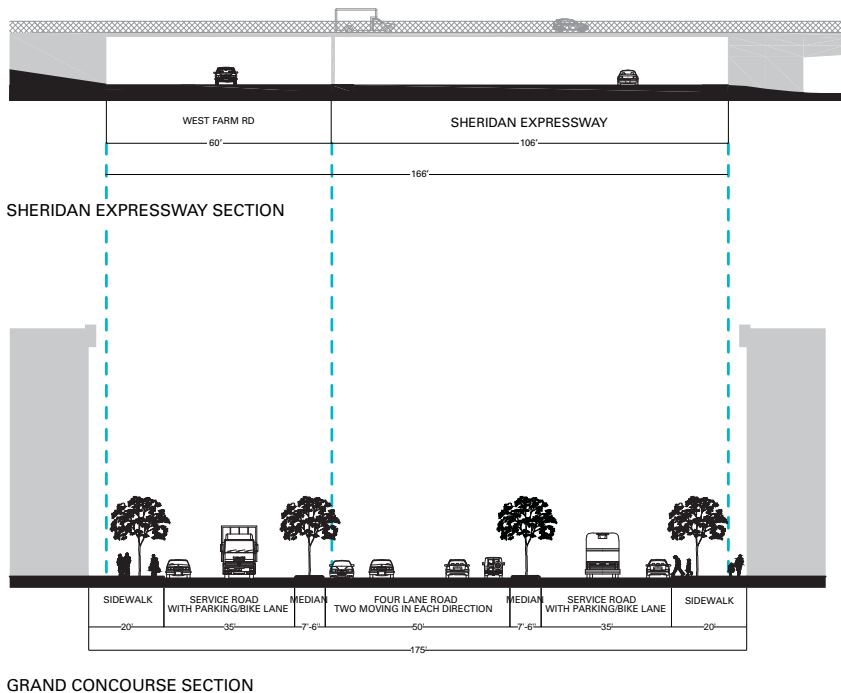

UNDERSTANDING LENGTH

UNDERSTANDING FOOTPRINT AND WIDTH

SHERIDAN WIDTH COMPARED TO GRAND CONCOURSE WIDTH

WHERE DO YOU LIVE/WORK?

INSTRUCTIONS: Place a pin on the location where you live and on the location where you work.

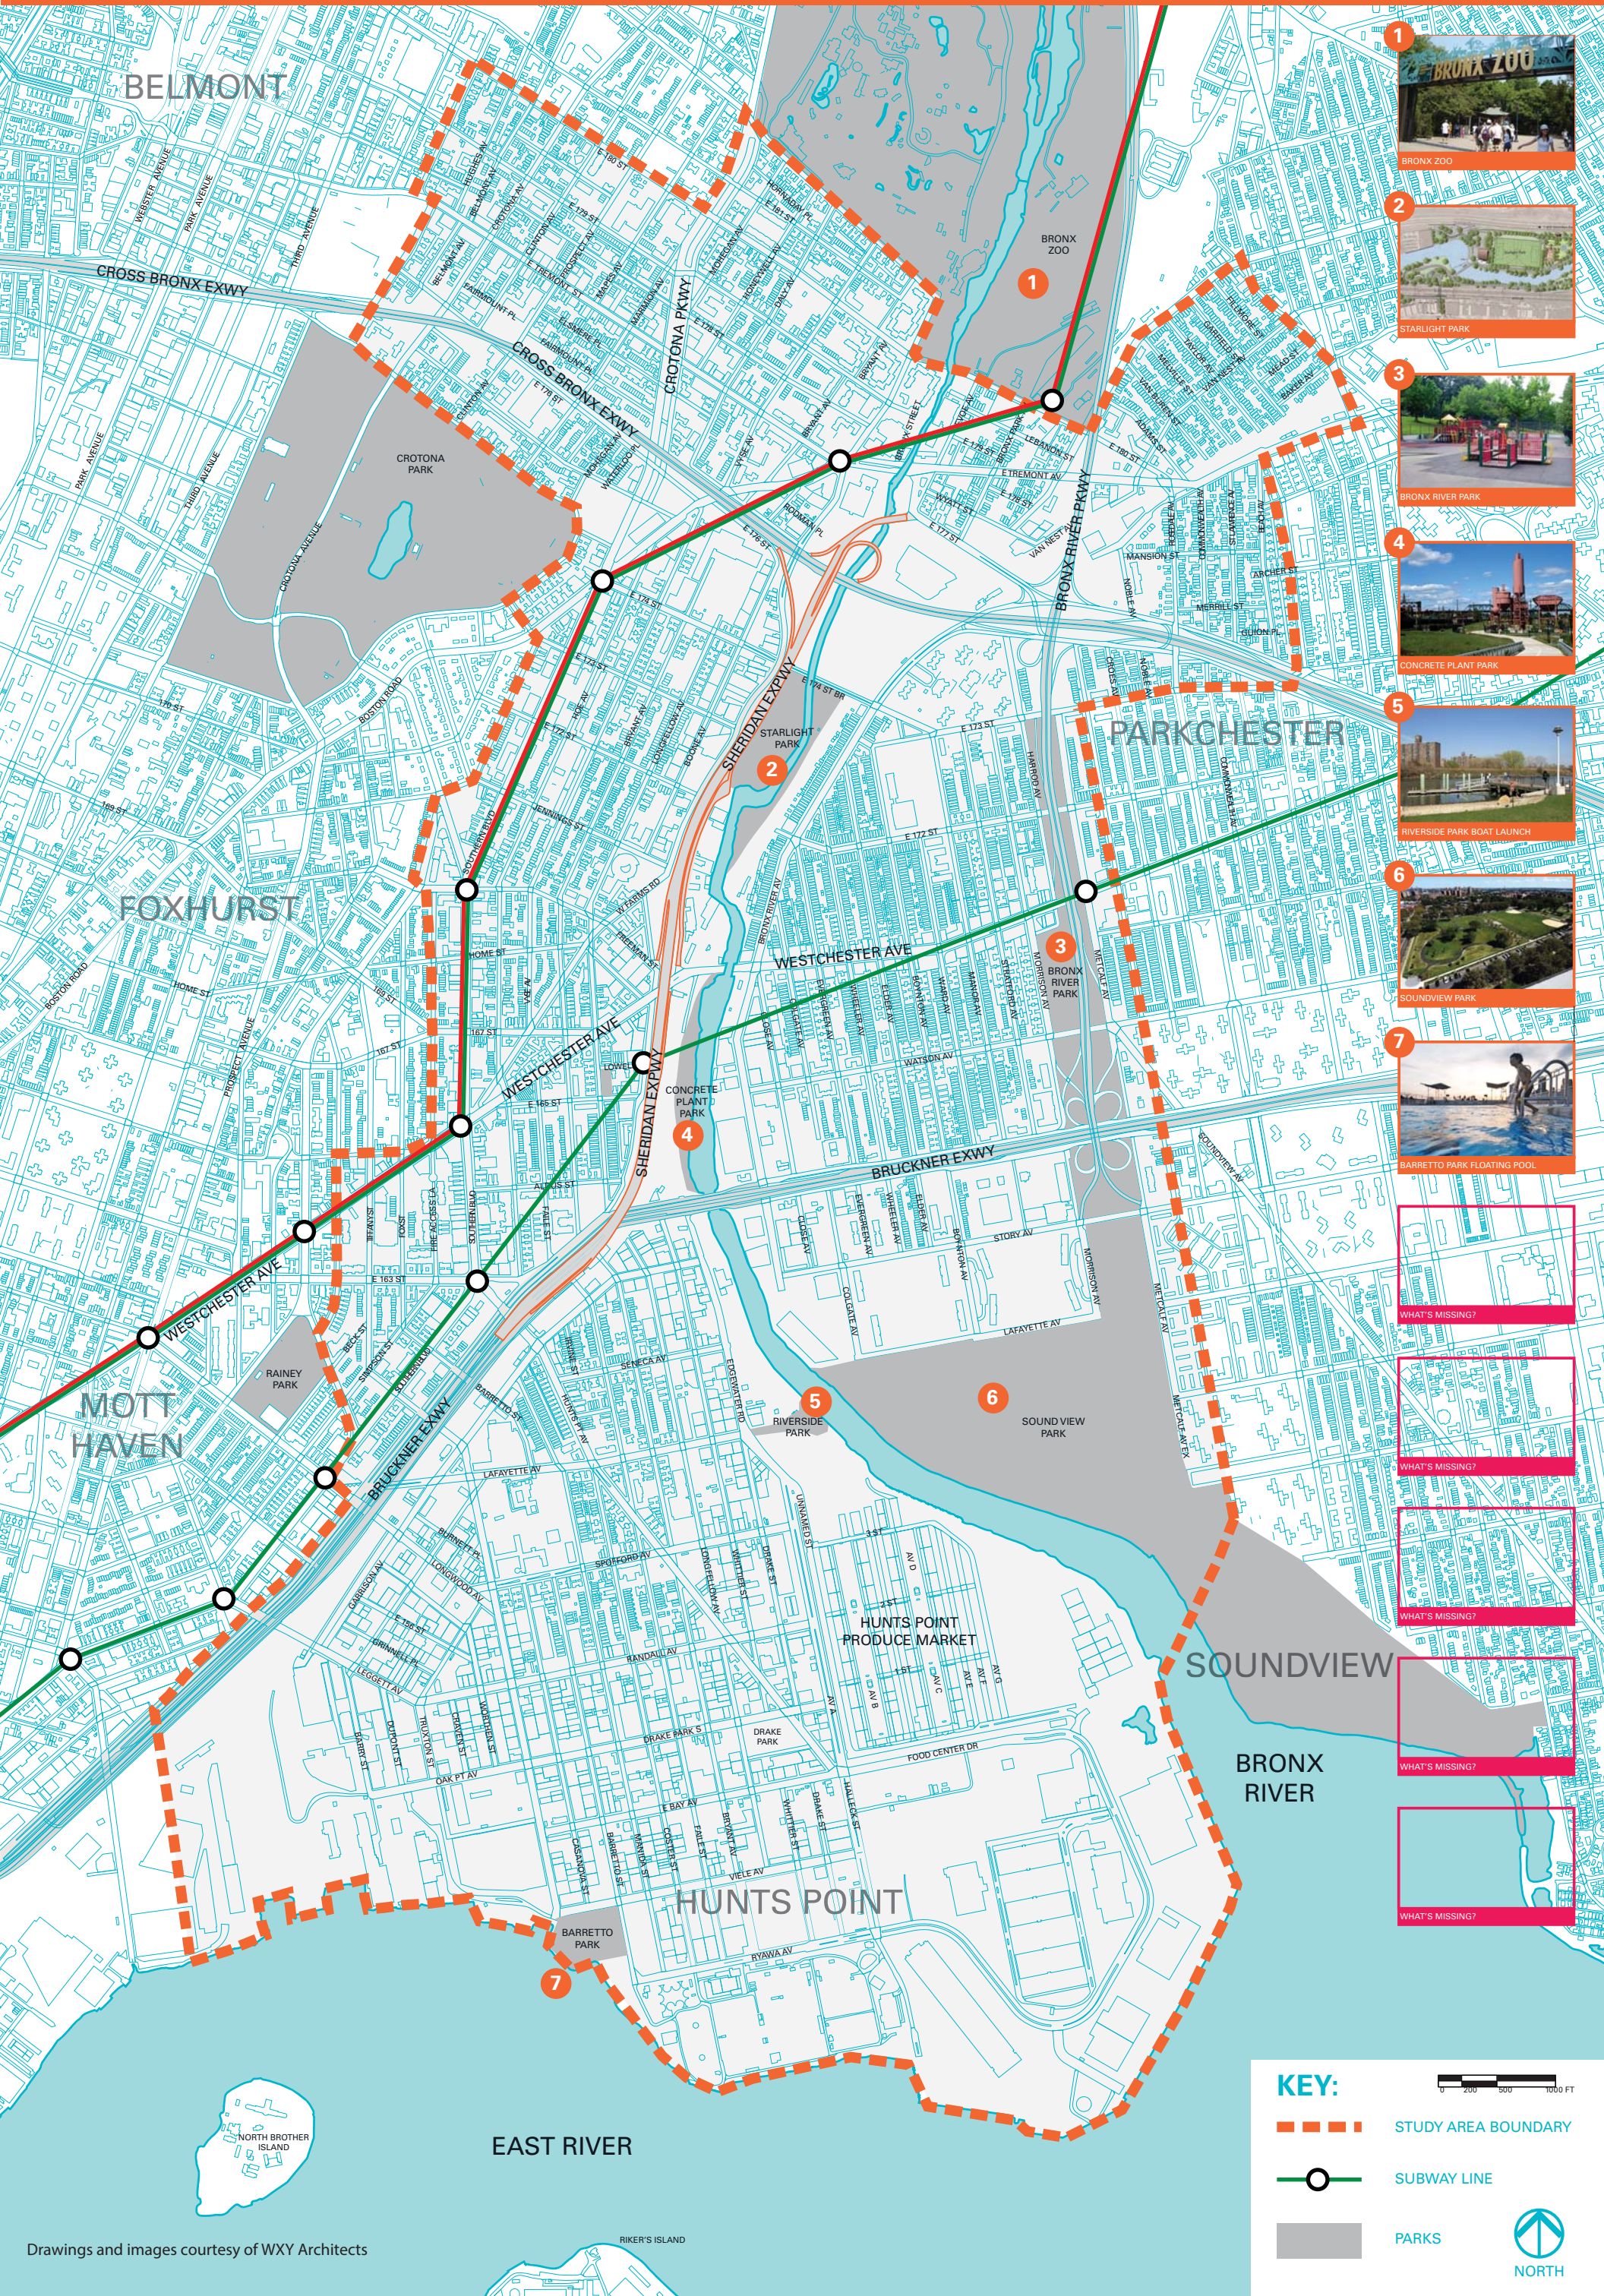

Drawings and images courtesy of WXY Architects

DESTINATIONS

INSTRUCTIONS: Place the "Where Do You Go?" card on the map where the destination shown on the card is located. Tell us the name of this destination and how you get there.

Place the "What's Missing?" card on the map where you would like to have the destination shown on the card. Describe this destination and why you placed it there. If you don't know where it should go, place the card on the "What's Missing?" box.
